 - F.8.4.** Charge costs directly (Direct Charge) as long as those costs are charged the same consistently across the federal awards. Administrative and clerical salaries should be treated as indirect costs. Direct charging of these costs may be appropriate only if all of the following conditions are met: 1) services are integral to a project or activity; 2) individuals involved can be specifically identified with the project or activity; 3) costs are explicitly included in the budget or have the prior written approval of awarding agency; and 4) the costs are not also recovered as indirect costs.

The ten percent (10%) rate is not an additional amount over and above the total awarded contract dollar amount.

The rate shall be based off the MTDC, meaning all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and subcontracts up to the first twenty-five thousand (\$25,000).

MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, and participant support costs.

The Contractor shall request a budget amendment, in writing, in advance of expenditures: 1) when aggregate expenditures are expected to exceed an approved budgeted line item; or 2) to add a new budget line item. 3) expenditures are expected to exceed the budgeted amount for an object class category (e.g. personnel); or 4) requesting a transfer of funds from one line item to another line item. No budget revision may result in an increase in the maximum dollar amount stated in Paragraph 1 of this Section. The written request must specify the changes requested, by line item and amount, and must include justification. Prior to implementation of a budget revision, the County shall approve (or deny) the budget revision request. The County has the authority to approve line-item budget changes to the budget herein, as long as these changes do not exceed the total contract amount. County shall notify the Contractor in writing of the status of the budget revision request within fourteen (14) calendar days of receipt of the Contractor's written request. The County reserves the right to deny the Contractor's invoice for expenditures in excess of the approved budgeted line-item amount.

F.12. For every approved budget modification, the Contractor shall, within ten (10) calendar days, prepare and submit revised budgets and scopes of work to the County incorporating the effects of the approved budget modification. In addition, the County may initiate budget amendments by written or electronic communication with the Contractor specifying the required amendment. The Contractor shall respond by providing revised scope(s) of work and budgets as required to accomplish the requested amendment within the timeframe specified by the County.

F.13. County may withhold payment and/or require the return of funds for RWP expenditures for services delivered to clients for which RWP eligibility was not clearly established and documented per HRSA and local policies.

G. INDEMNIFICATION AND INSURANCE REQUIREMENTS

G.1. Indemnification –

The Contractor agrees to indemnify, defend (with counsel reasonably approved by County) and hold harmless the County and its authorized officers, employees, agents and volunteers from any and all claims, actions, losses, damages and/or liability arising out of this Contract from any cause whatsoever, including the acts, errors or omissions of any person and for any costs or expenses incurred by the County on account of any claim except where such indemnification is prohibited by law. This indemnification provision shall apply regardless of the existence or degree of fault of indemnities. The Contractor indemnification obligation applies to the County's "active" as well as "passive" negligence but does not apply to the County's "sole negligence" or "willful misconduct" within the meaning of Civil Code section 2782.

G.2. Additional Insured – All policies, except for Worker's Compensation, Errors and Omissions and Professional Liability policies shall contain additional endorsements naming the County and its

officers, employees, agents and volunteers as additional named insured with respect to liabilities arising out of the performance of services hereunder. The additional insured endorsements shall not limit the scope of coverage for the County to vicarious liability but shall allow coverage for the County to the full extent provided by the policy. Such additional insured coverage shall be at least as broad as Additional Insured (Form B) endorsement form ISO, CG 2010.11 85.

- G.3. Waiver of Subrogation Rights** – The Contractor shall require the carriers of required coverages to waive all rights of subrogation against the County, its officers, employees, agents, volunteers, contractors and subcontractors. All general or auto liability insurance coverage provided shall not prohibit the Contractor and Contractor's employees or agents from waiving the right of subrogation prior to a loss or claim. The Contractor hereby waives all rights of subrogation against the County.
- G.4. Policies Primary and Non-Contributory** – All policies required herein are to be primary and non-contributory with any insurance or self-insurance programs carried or administered by the County.
- G.5. Severability of Interests** – The Contractor agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and there will be no cross liability exclusions that preclude coverage for suits between the Contractor and the County or between the County and any other insured or additional insured under the policy.
- G.6. Proof of Coverage** – The Contractor shall furnish Certificates of Insurance to the County Department administering the Contract evidencing the insurance coverage at the time the Contract is executed, additional endorsements, as required shall be provided prior to the commencement of performance of services hereunder, which certificates shall provide that such insurance shall not be terminated or expire without thirty (30) days written notice to the Department, and Contractor shall maintain such insurance from the time Contractor commences performance of services hereunder until the completion of such services. Within fifteen (15) days of the commencement of this contract, the Contractor shall furnish a copy of the Declaration page for all applicable policies and will provide complete certified copies of the policies and endorsements immediately upon request.
- G.7. Acceptability of Insurance Carrier** – Unless otherwise approved by Risk Management, insurance shall be written by insurers authorized to do business in the State of California and with a minimum "Best" Insurance Guide rating of "A- VII".
- G.8. Deductibles and Self-Insured Retention** – Any and all deductibles or self-insured retentions in excess of \$10,000 shall be declared to and approved by Risk Management.
- G.9. Failure to Procure Coverage** – In the event that any policy of insurance required under this contract does not comply with the requirements, is not procured, or is canceled and not replaced, the County has the right but not the obligation or duty to cancel the contract or obtain insurance if it deems necessary and any premiums paid by the County will be promptly reimbursed by the Contractor or County payments to the Contractor will be reduced to pay for County purchased insurance.
- G.10. Insurance Review** – Insurance requirements are subject to periodic review by the County. The Director of Risk Management or designee is authorized, but not required, to reduce, waive or suspend any insurance requirements whenever Risk Management determines that any of the required insurance is not available, is unreasonably priced, or is not needed to protect the interests of the County. In addition, if the Department of Risk Management determines that heretofore unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the Director of Risk Management or designee is authorized, but not required, to change the above insurance requirements to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against the County, inflation, or any other item reasonably related to the County's risk.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this contract. Contractor agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of the County to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of the County.

G.11. Contractor and County are authorized self-insured public entities for purposes of Professional Liability, General Liability, Automobile Liability, Worker's Compensation and Property Damage and warrant that through their respective programs of self-insurance, they have adequate coverage or resources to protect against liabilities arising out of the performance of the terms, conditions or obligations of this Contract.

H. RIGHT TO MONITOR AND AUDIT

Technical program data shall be retained locally and made available upon the County's reasonable advanced written notice or turned over to County. If said records are not made available at the scheduled monitoring visit, Contractor may, at County's option, be required to reimburse County for expenses incurred due to required rescheduling of monitoring visit(s). Such reimbursement will not exceed fifty dollars (\$50) per hour (including travel time) and may be deducted from the following month's claim for reimbursement.

H.3. Contractor shall cooperate with County in the implementation, monitoring, and evaluation of this Contract and comply with any and all reporting requirements established by this Contract.

H.4. Contractor shall provide all reasonable facilities and assistance for the safety and convenience of County's representatives in the performance of their duties. All inspections and evaluations shall be performed in such a manner as will not unduly delay the work of the Contractor.

H.5. Upon County request, Contractor shall hire a licensed Certified Public Accountant, approved by the County, who shall prepare and file with County, within sixty (60) days after the termination of the Contract, a certified fiscal audit of related expenditures during the term of the Contract and a program compliance audit.

H.6. Pursuant to Code of Federal Regulations (CFR) – Title 2 CFR 200.501, contractors expending seven hundred fifty thousand dollars (\$750,000) or more in federal funds within the Contractor's fiscal year must have a single audit or program-specific audit performed. RYAN WHITE GRIEVANCE PROCESS

Section 1 – Requirements

The Ryan White Program requires Recipients to develop grievance procedures related to funding decisions, including procedures for submitting grievances that cannot be resolved to binding arbitration. The legislation requires that these procedures be consistent with model grievance procedures developed by HRSA, which address grievances with respect to Ryan White funding. HRSA expects Recipient and Planning Council grievance procedures to be coordinated.

Section 2 – Definitions

Definitions used in these procedures are provided in RWP Grievance Exhibit G-1 of this document.

Section 3 – Purpose

The Recipient's grievance policy is designed to provide a process that:

- A. Enables eligible individuals or entities to exercise their rights to file an informal complaint or a formal grievance about specific Recipient policies and procedures and their implementation,
- B. Prevents avoidable grievances and resolves complaints at the informal level whenever possible,
- C. Ensures that each complaint or grievance is addressed and resolved fairly and quickly, and
- D. Meets HRSA requirements and represents sound practice for a TGA.

Section 4 – Who May File a Grievance

Entities and individuals within the Riverside/San Bernardino, CA TGA who are directly affected by the outcome of a decision related to funding ("affected parties") are eligible to file a grievance. This may include:

- A. Providers of HIV-related services that are eligible to receive Ryan White funds, including Minority AIDS Initiative funds,
- B. The Planning Council.

Section 5 – Eligible Grievances

- A. Directly affected parties may file a grievance with regard to either of the following:
 1. Deviations from the Recipient's established selection, awards, and contracting process and
 2. Deviations from the established process for any subsequent changes to the selection of contractors or awards.

Section 6 – Prospective Implementation of Settlements

Any settlement reached through mediation or arbitration shall involve prospective (future) change. It shall not require reversal of procurement decisions already made. For example, if a mediation or arbitration agreement requires changes in the Recipient's procurement process, the Recipient must use the new process in future procurement activities but is not required to re-do the prior procurement process.

Section 7 – Informal: Early Grievance Resolution

- A. The Recipient recognizes that the best way to deal with grievances is to prevent them. The Recipient shall make all reasonable efforts to prevent circumstances or situations within the procurement processes that could give rise to a grievance.
- B. Dispute prevention efforts shall include at least the following:
 1. Availability of a written description of the Recipient's procurement policies and procedures.
 2. Training for new Recipient staff and for all independent review panel members each year, to ensure that they understand and are prepared to follow established review policies, processes, and procedures, including related policies and procedures such as conflict of interest.
 3. Discussion of the procurement process and related policies at a bidder's conference, if one is held.
 4. Specific opportunities for interested parties, including bidders and review panel members, to provide feedback on the procurement process and its implementation.
- C. When potential grievances arise, the first steps shall involve informal conflict resolution efforts before the concern becomes a grievance. This informal process includes the following:
 1. The Ryan White Program Coordinator or a designee identified by the Public Health Director shall serve as the Recipient's designated point of contact for an affected party with concerns about procurement or

related processes that might become a grievance. An affected party that appears to have standing to file a grievance and has concerns regarding adherence to established processes that are covered by these grievance procedures shall be encouraged to express these concerns to the Recipient representative at the earliest opportunity. The contact must be made within five (5) business days after the disputed situation occurred or after the decision was announced.

2. In any situation where the assigned Recipient representative has a real or perceived conflict of interest or is unable to play a neutral role, the next highest ranking Recipient representative shall handle that situation.
3. The Recipient representative shall log all such contacts and discussions, recording the date, affected party name and contact information, concerns expressed, and the date of the event that led to the concerns.
4. The Recipient representative shall meet with the affected party to review the expressed concerns. The discussion will occur within five (5) business days after the concerns are brought to the attention of the Recipient representative. The Recipient representative shall be prepared to explain the procurement process used and clarify how it works, and to provide other information as appropriate. The Recipient representative may involve other County staff, as needed. Where possible, the affected party's concerns will be resolved through this discussion. The Recipient representative will summarize the discussion in writing and provide the report to the Public Health Administration.
5. If these efforts do not resolve the concerns, the Recipient representative will ensure that the affected party receives written information about the grievance process, timeframes, and how to file a formal grievance.

Section 8 – Formal Grievance

A. Filing a Grievance

1. The affected party must submit a written Grievance Intake Form within five (5) business days after the attempt at informal dispute resolution. If no Grievance Intake Form is submitted within this period, the affected party will lose the right to file a grievance.
2. The completed form may be submitted to the Recipient office by U.S. mail with return receipt requested, electronic mail (with electronic signature), or personal delivery during normal business hours.
3. The Recipient representative will log the grievance, and within two (2) business days after receipt will inform the grievant that the grievance has been received and provide a written summary of the grievance process, including steps, forms, and timelines.
4. The Recipient representative will also provide copies of the grievance to the Ryan White Program Coordinator/Designee and Public Health Administration within two (2) business days after receipt.

B. Determination of Standing

The Public Health Administration shall review the grievance, determine whether the affected party is an eligible grievant, and determine whether the situation described represents an eligible grievance. The grievant will be informed of the decision within five (5) business days after the Public Health Administration receives copies of the grievance.

If the grievance is rejected, the letter must explain the reasons for the rejection and inform the grievant that they have five (5) days after the date of the letter of rejection to contact the Recipient office to appeal the decision. The grievant will be required to submit additional information to support their appeal prior to Formal Resolution.

1. If the grievant and grievance are determined to have standing, or the grievant files a notice of appeal, the Public Health Administration will contact the grievant to arrange a meeting. A meeting must occur within five (5) business days after determination of standing or receipt of appeal.

C. Formal Resolution

1. If a meeting is arranged, the Public Health Administration shall collect the circumstances, facts, and information available regarding the grievance and provide the grievant with an opportunity to provide additional information and answer questions posed by Public Health Administration. Public Health Administration shall make their judgment regarding the grievance and how it should be resolved. The decision shall be made and sent to the grievant by certified mail, within three (3) business days after the date of the meeting.

2. If the grievant finds the report and proposed resolution satisfactory, the grievant will indicate acceptance by signing one copy of the report and returning it to the Recipient Office.
3. If the grievant's complaint is denied or if the grievant is not satisfied with the resolution in the report, the grievant may request formal non-binding mediation.

Section 9 – Non-Binding Mediation

- A. The grievant shall have five (5) business days from the date of receipt of the written report from the Public Health Administration to request mediation, using a Request for Non-Binding Mediation Form (See RWP Grievance Attachment 3 for a copy of the form [Contract Attachment D-2]). The form may be delivered to the Recipient via U.S. mail, return receipt requested, electronic mail (with electronic signature), or personal delivery during normal business hours.
- B. If the Recipient does not receive a Request for Non-Binding Mediation Form from the Grievant within five (5) days, the Grievant will waive all further rights to grieve the issue and all associated issues.
- C. The Recipient representative shall log the request for mediation, and within two (2) business days after receiving receipt, inform the grievant that the request has been received.
- D. The Recipient representative's office shall seek a mediator with County Counsel's assistance. Within ten (10) business days after receipt of the request for mediation, Recipient representative shall provide the grievant the name of a neutral person who is skilled in mediation and lives in the TGA. This neutral person shall not have been involved with the decision that is the subject of the grievance and shall have no direct interest in the outcome of the grievance process. The grievant and the Recipient shall both have the opportunity to request a different mediator if the grievant or any Recipient staff involved in the prior review of the grievance is acquainted with the mediator or feels s/he is not neutral.
- E. Upon appointment, the mediator shall, within three (3) business days, contact the grievant and Recipient and agree on a day, time, and location of the initial mediation meeting. Public Health Administration or designee shall represent the Recipient in the mediation. However, other County staff may also attend. The mediation meeting shall be scheduled within ten (10) business days after this first contact with the mediator. The mediator shall review the written report and other information on the circumstances and information available regarding the grievance. The mediator may ask each of the two parties to provide a brief memorandum setting forth its position with regard to the issue(s) that need to be resolved. The mediator may share the memorandum with the other party with the consent of the party that prepared the memorandum.
- F. The mediator will facilitate a meeting between the parties to assist them in obtaining a resolution of the grievance. If the grievance is resolved, the mediator will prepare, and both parties will indicate acceptance by signing a statement of resolution. If the mediator is unable to help the parties reach a resolution or determines that an impasse has been reached, both parties will be so informed in writing. The written statement of resolution or impasse will be provided to the grievant and Recipient within three (3) business days after the mediation meeting.
- G. At this point either party may request binding arbitration, with the understanding that the decision of the arbitrator will be final and binding on both parties.

Section 10 – Binding Arbitration

- A. The grievant may submit a Request for Binding Arbitration Form to the Recipient office (Attachment D-3). The completed form must be received by the Recipient representative within five (5) business days after the mediation ends. It may be submitted to the office in writing via U.S. mail, return receipt requested, electronic mail (with electronic signature), or personal delivery during normal business hours.
- B. If the Recipient representative does not receive a written form requesting arbitration from the grievant within the specified period, the grievant will waive all further rights to grieve the situation.
- C. The Recipient representative shall log the request for arbitration, and within two (2) business days after receipt, shall inform the Grievant, the Ryan White Program Coordinator/Designee and Public Health Administration that the request has been received. Public Health Administration or designee may represent the Recipient in the arbitration process.
- D. The Recipient representative shall request a neutral arbitrator through the American Arbitration Association (AAA), or through a service identified appropriate by County Counsel and the arbitration will be in accordance with the standards of the AAA. The AAA (or other arbitration services) will provide the name of a disinterested person who is skilled in the process of arbitration to the Recipient designee and grievant within five (5) business days after the Request for Binding Arbitration Form is received. This neutral person

shall have had no involvement in the process that is the subject of the grievance, nor will s/he have any direct interest in the outcome of the grievance process. The grievant and the Recipient representative shall each approve the arbitrator or request a different arbitrator if the grievant or Recipient representative grievance is acquainted with the arbitrator or questions their selection.

- E. Once the arbitrator has been accepted by both parties, they shall within three (3) business days contact the grievant and Recipient representative and agree on the date, time, and location for an arbitration meeting. A meeting will be scheduled within fifteen (15) business days.
- F. The arbitrator will review correspondence, records, or documentation related to the process that is the subject of the grievance, including materials from the mediator. The arbitrator may ask the two parties to provide additional information related to the grievance, either before or after the meeting
- G. Within seven (7) business days after the arbitration meeting, the arbitrator will deliver to the grievant and the Recipient an arbitration summary and decision, signed by the arbitrator. This decision will resolve the grievance.
- H. Within three (3) days of receipt of the arbitrator's decision, all parties shall be required to sign one copy of the decision, which shall be binding on both parties.

Section 11 – Costs

The costs for grievances shall be as follows:

- A. There shall be no cost for an informal discussion or for the internal review process.
- B. A fee of \$50 shall be charged for filing a Request for Non-Binding Mediation, to contribute to the cost of mediation.
- C. A fee of \$100 will be charged for filing a Request for Binding Arbitration, to contribute to the cost of arbitration.
- D. In exceptional circumstances, the Recipient may waive either or both fees.
- E. Both parties will be responsible for costs related to their own participation in the grievance resolution process, including costs related to any witnesses or documents they choose to bring forward.

Section 12 – Recipient Action Following Resolution of Grievances

Following any agreement reached regarding a grievance against the Recipient, Public Health Administration, Ryan White Program Coordinator/Designee and Recipient representative will meet to discuss the nature of the grievance and the settlement. This meeting will include discussion to clarify whether the agreement was made through internal dispute resolution efforts, mediation, or binding arbitration. The focus will be on ensuring an understanding of the terms of the agreement and all required or desirable actions to be taken by the Recipient to fully meet these terms and to avoid similar situations in the future. The Recipient will take action to ensure clear responsibility for ensuring that all provisions of the agreement are met within the time specified in the agreement or, if no time is included in the agreement, within a time period determined at the meeting.

Section 13 – Confidentiality and Protections

- A. Confidentiality:
 - 1. Mediators and arbitrators shall not divulge confidential information disclosed to them by the parties during mediation or arbitration, or share related records, reports, or other documents received, except that the mediator may provide such information to the arbitrator.
 - 2. The Recipient and the Grievant will be asked to maintain similar confidentiality.
 - 3. Agreements on confidentiality may be made as part of the written settlement signed by the Recipient representative and the grievant.
- B. Protections: A grievant shall not be discriminated against nor suffer retaliation as a result of filing a grievance in good faith or participating in the investigation of a grievance.

Section 14 – Involvement of County Counsel and Recipient

- A. County Counsel: The Recipient representative shall keep the County Counsel, as a representative of the CEO, informed about all active grievances. At their discretion, County Counsel may receive copies of written documents related to a grievance and be present at meetings held at each level of the formal grievance process, including internal meetings, mediation, and arbitration. For instance, if an older married couple, their daughter and her husband and two children, and the older couple’s nephew all lived in the same house or apartment, they would all be considered members of a single family.
