38. THIS AWARD IS BASED ON THE APPLICATION APPROVED BY HRSA FOR THE PROJECT NAMED IN ITEM 14. FEDERAL AWARD PROJECT TITLE AND IS SUBJECT TO THE TERMS AND CONDITIONS INCORPORATED EITHER DIRECTLY OR BY REFERENCE AS:

a. The program authorizing statue and program regulation cited in this Notice of Award; b. Conditions on activities and expenditures of funds in certain other applicable statutory requirements, such as those included in appropriations restrictions applicable to HRSA funds; c. 45 CFR Part 75; d. National Policy Requirements and all other requirements described in the HHS Grants Policy Statement; e. Federal Award Performance Goals; and f. The Terms and Conditions cited in this Notice of Award. In the event there are conflicting or otherwise inconsistent policies applicable to the award, the above order of precedence shall prevail. Recipients indicate acceptance of the award, and terms and conditions by obtaining funds from the payment system.

HRSA Electronic Handbooks (EHBs) Registration Requirements

The Project Director of the grant (listed on this NoA) and the Authorizing Official of the grantee organization are required to register (if not already registered) within HRSA's Electronic Handbooks (EHBs). Registration within HRSA EHBs is required only once for each user for each organization they represent. To complete the registration quickly and efficiently we recommend that you note the 10-digit grant number from box 4b of this NoA. After you have completed the initial registration steps (i.e., created an individual account and associated it with the correct grantee organization record), be sure to add this grant to your portfolio. This registration in HRSA EHBs is required for submission of noncompeting continuation applications. In addition, you can also use HRSA EHBs to perform other activities such as updating addresses, updating email addresses and submitting certain deliverables electronically. Visit <https://grants3.hrsa.gov/2010/WebEPSEExternal/Interface/common/accesscontrol/login.aspx> to use the system. Additional help is available online and/or from the HRSA Call Center at 877-Go4-HRSA/877-464-4772.

Terms and Conditions

Failure to comply with the remarks, terms, conditions, or reporting requirements may result in a draw down restriction being placed on your Payment Management System account or denial of future funding.

Grant Specific Term(s)

1. You will be required to submit a final report. The final report will describe the activities implemented using the FY 2024 Quality Improvement award funding to support your health center's efforts to continue to strengthen HRSA-funded health centers to prepare for and implement programs and technologies to ensure high-quality, patient-level data submissions. Further details about the specific reporting requirement will be provided through separate guidance.
2. The purpose of the Fiscal Year (FY) 2024 Quality Improvement Award: Uniform Data System Patient-Level Submission (QIA: UDS+) one-time grant supplement, as authorized by Section 330 of the Public Health Service Act (42 U.S.C § 254b(d)(1) (Title III, § 330(d)(1) of the Public Health Service Act)), is to support HRSA-funded health centers to prepare for and implement programs and technologies to ensure high-quality, patient-level data submissions.

Health centers must use these funds for allowable costs. Health centers will determine what activities best support enhancing the quality of care at your health center. Allowable activities can include, but are not limited to:

- Supporting UDS+ implementation, including costs to train personnel, purchase new equipment, build the capacity of systems infrastructure, enhance care coordination, secure data exchange, and deidentify patient-level data
- Covering costs related to aligning or upgrading Health Information Technology systems with national interoperability standards
- Supporting and providing training and technical assistance to health center staff overseeing data management/security and quality improvement efforts
- Improving data and technology capabilities to support public health emergency preparedness

FY 2024 QIA: UDS+ funding must be used for costs that are not otherwise supported by other Health Center Program operational grant (H80) or any other Federal grant funding.

Funding Restrictions - Funds may not be used for fundraising, lobbying, incentives (gift cards, food), construction/renovation, facility or land purchases, or vehicle purchases. Pursuant to existing law and consistent with Executive Order 13535 (75 FR 15599), health centers are prohibited from using federal funds to provide abortion services (except in cases of rape or incest, or when the life of the woman would be endangered). This is consistent with past practice and long-standing requirements applicable to grant awards to health centers.

You may budget FY 2024 QIA: UDS+ funding without prior approval, provided that the proposed use of the funding aligns with the purpose and restrictions noted on this Notice of Award and complies with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards available at <http://www.ecfr.gov/cgi-bin/text-idx?node=pt45.1.75>. You are required to request prior approval from HRSA through EHB if some or all of this funding will be used to purchase unit(s) of equipment exceeding \$5,000 (see 45 CFR §75.439).

Funding Period - This award provides one-time funding that will be available for use through the end of your FY 2024 budget period, with carryover under expanded authority or after HRSA prior approval (as applicable) but should be used within 12 months of receipt.

3. The Centers for Medicare and Medicaid Services (CMS) Emergency Preparedness Final Rule outlines the requirements for Medicaid and Medicare providers and suppliers, including federally qualified health centers, to develop and keep an emergency preparedness communication plan, and annual training and testing programs. Health Center Program awardees must follow all applicable Federal statutes and regulations including these CMS requirements.

Health centers should coordinate with their Primary Care Association (PCA) when developing emergency communication plans. PCAs can assist health centers with emergency preparedness, response and recovery planning. During emergencies, health centers should make reasonable efforts to respond to requests for information from their PCA. PCAs collect critical information from health centers during and after an emergency and work to make sure that health centers are included in regional and state emergency response plans and activities. The information collected by PCAs guides what Federal resources or responses may be needed to continue operations. This critical information is also shared with HRSA and other U.S. Department of Health and Human Services offices as needed.

All prior terms and conditions remain in effect unless specifically removed.
