Activities include, but are not limited to, staff feedback to beneficiaries on strategies for symptom reduction, increasing adaptive behaviors, and reducing subjective distress.
- 3) Process groups. These groups, facilitated by staff, shall assist each beneficiary to develop necessary skills to deal with his/her problems and issues. The group process shall utilize peer interaction and feedback in developing problem-solving strategies to resolve behavioral and emotional problems. Day rehabilitation may include psychotherapy instead of process groups, or in addition to process groups.

Psychotherapy means the use of psychological methods within a professional relationship to assist the beneficiary or beneficiaries to achieve a better psychosocial adaptation, to acquire a greater human realization of psychosocial potential and adaptation, to modify internal and external conditions that affect individual, groups, or communities in respect to behavior, emotions and thinking, in respect to their intrapersonal and interpersonal processes. Psychotherapy shall be provided by licensed, registered, or waived staff practicing within their scope of practice. Psychotherapy does not include physiological interventions, including medication intervention.
- 2) Mental Health Crisis Protocol. The Contractor shall ensure that there is an established protocol for responding to beneficiaries experiencing a mental health crisis. The protocol shall assure the availability of appropriately trained and qualified staff and include agreed upon procedures for addressing crisis situations. The protocol may include referrals for crisis intervention, crisis stabilization, or other specialty mental health services necessary to address the beneficiary's urgent or emergency psychiatric condition (crisis services). If the protocol includes referrals, the day treatment intensive or day rehabilitation program staff shall have the capacity to handle the crisis until the beneficiary is linked to an outside crisis service.
- 3) Written Weekly Schedule. The Contractor shall ensure that a weekly detailed schedule is available to beneficiaries and as

 - b. The Contractor shall require that at least one staff person be present and available to the group in the therapeutic milieu for all scheduled hours of operation.
 - c. The Contractor shall require day treatment intensive and day rehabilitation programs to maintain documentation that enables Contractor and the Department to audit the program if it uses day treatment intensive or day rehabilitation staff who are also staff with other responsibilities (e.g., as staff of a group home, a school, or another mental health treatment program). The Contractor shall require that there is documentation of the scope of responsibilities for these staff and the specific times in which day treatment intensive or day rehabilitation activities are being performed exclusive of other activities.
- F. If a beneficiary is unavoidably absent and does not attend all of the scheduled hours of the day rehabilitation or day treatment intensive program, the Contractor shall ensure that the provider receives Medi-Cal reimbursement only if the beneficiary is present for at least 50 percent of scheduled hours of operation for that day. The Contractor shall require that a separate entry be entered in the beneficiary record documenting the reason for the unavoidable absence and the total time (number of hours

The documentation shall include the date(s) of service, signature of the person providing the service (or electronic equivalent), the person's type of professional degree, licensure or job title, date of signature and the total number of minutes/hours the beneficiary actually attended the program. For day treatment intensive these standards include daily progress notes on activities and a weekly clinical summary reviewed and signed by a physician, a licensed/waivered/registered psychologist, clinical social worker, or marriage and family therapist, or a registered nurse who is either staff to the day treatment intensive program or the person directing the services.
- H. The Contractor shall ensure that day treatment intensive and day rehabilitation have at least one contact per month with a family member, caregiver or other significant support person identified by an adult beneficiary, or one contact per month with the legally responsible adult for a beneficiary who is a minor. This contact may be face-to-face, or by an alternative method (e.g., e-mail, telephone, etc.). Adult beneficiaries may decline this service component. The contacts should focus on the role of the support person in supporting the beneficiary's community reintegration. The Contractor shall ensure that this contact occurs outside hours of operation and outside the therapeutic program for day treatment intensive and day rehabilitation.
- I. Written Program Description. The Contractor shall ensure there is a written program description for day treatment intensive and day rehabilitation. The written program description must describe the specific activities of each service and reflects each of the required components of the services as described in this section. - K. Continuous Hours of Operation. The Contractor shall ensure that the provider applies the following when claiming for day treatment intensive and day rehabilitation services:

 - c. Although the beneficiary must receive face to face services on any full-day or half-day claimed, all service activities during that day are not required to be face-to-face with the beneficiary.

 - d. The requirement for continuous hours or operation does not preclude short breaks (for example, a school recess period) between activities. A lunch or dinner may also be appropriate depending on the program's schedule. If the Contractor extends the timeline for processing an expedited appeal not at the request of the beneficiary, the Contractor shall make reasonable efforts to give the beneficiary prompt oral notice of the delay, and notify the beneficiary of the extension and the reasons for the extension, in writing, within 2 calendar days of the determination to extend the timeline. The Contractor shall resolve the appeal as expeditiously as the beneficiary's health condition requires and no later than the date the extension expires. (42 C.F.R. § 438.408(c)(2)(i) - (iii); 42 C.F.R. §438.408(b)(3).) The written notice of the extension is not a Notice of Adverse Benefit Determination. (Cal. Code Regs., tit. 9, § 1810.230.5.)
