BACKGROUND INFORMATION

Lease Agreement No. 16-510 (Lease) with Wohl/Westport, LLC will be extended for the period of September 1, 2023 through August 31, 2028, following a permitted two-month holdover for the period of July 1, 2023 through August 31, 2023. Amendment No. 2 to the Lease will adjust the rental rate schedule, add two five-year options to extend the term of the Lease, and update standard Lease language for approximately 11,518 square feet of warehouse space for the Museum, located at 10482 Enterprise Drive in Loma Linda (Premises). The storage space is used to store museum collections including minerals, fossils, and cultural artifacts.

On June 28, 2016 (Item No. 64), the Board of Supervisors (Board) approved the seven-year Lease with one three-year option to extend the term of the Lease for the Premises. The original term of the Lease was from July 1, 2016 through June 30, 2023. In the seven years since the Lease was originally approved, the Board has approved an amendment to reflect a change in property ownership from DRC Industrial CBC I, LP to Wohl/Westport, LLC, and update standard Lease language.

With a continuing need for warehouse space, Museum requested that RESD prepare an amendment to extend the term of the Lease for five years for the period of September 1, 2023 through August 31, 2028, add two five-year options to extend the term of the Lease, and update standard agreement language. Negotiations with Wohl/Westport, LLC regarding the rent at renewal and the term of the Lease have delayed the renewal process, and on June 30, 2023, the Lease went into permitted holdover. The County has continued to occupy the leased premises and abide by the terms of the Lease. All other terms and conditions of the Lease remain unchanged.

The project to approve Amendment No. 2 to the Lease was reviewed pursuant to the California Environmental Quality Act (CEQA) and determined to be categorically exempt under Section 15301 – Existing Facilities (Class 1) because there is no possibility that the leasing of the subject property will have a significant effect on the environment.
