Protection District (District) will result in \$19,227,752 of pooled funds of the San Bernardino County (County) Treasury being unavailable for County use. The funds will begin to be repaid after the first property tax apportionment, with interest, in November 2026, with half being repaid by December 29, 2026, and full repayment by April 26, 2027.

BACKGROUND INFORMATION

The District depends on property tax revenues as a major source of revenue and cash flow. Receipt of these revenues does not begin until late November or early December of each year. In order to meet the cash flow requirements of payroll and other operating expenses, the District requires a TTF in anticipation of the receipt of property tax revenues.

The Auditor-Controller/Treasurer/Tax Collector (ATC) has received a request from the District for a TTF, in accordance with the provisions of Article XVI, Section 6, of the California Constitution and Section 23010 of the California Government Code. These provisions authorize the County Treasurer, upon approval by the Board of Supervisors (Board), to execute a TTF to allow a district to meet its obligations. The provisions require the District to pay interest on all funds borrowed at the same rate that the County applies to funds of the District on deposit with the County, and to maintain all District funds in the County's custody.

The District has requested a TTF to be distributed among its three funds totaling \$19,227,752, as detailed in Attachment A. ATC has considered several factors, including each fund's deepest projected cash deficit and the anticipated property tax revenue that will accrue to each fund in arriving at its recommendation. Upon review of the District's cash needs, ATC finds the District to have satisfactorily demonstrated a reasonable need for and recommends a TTF totaling \$19,227,752, representing approximately 42% of the District's total property tax revenue anticipated among its funds for 2026-27. The District has previously requested and received a TTF in the amount of \$50,082,458 for 2025-26. This request was approved by the Board on June 10, 2025 (Item No. 127), and the payment was made in full on April 27, 2026.

In addition to approving the requested TTF, this item authorizes temporary borrowing between District funds and authorizes the Fire Warden/Fire Chief or Deputy Chief to approve actual inter-fund transfers. This delegated authority provides flexibility to address urgent cash flow needs if there is not sufficient time to return to the Board before action is required.

The authority is limited to transfers made under the Board-adopted Resolution and does not authorize borrowing beyond the approved amount or outside the funds identified in Attachment A. To preserve Board oversight, any actual transfer made under this authority must be ratified by the Board of Directors as soon as practicable. As required by Government Code Section 23010, the recommended TTF does not exceed 85% of the District's anticipated property tax revenue for the year and shall be repaid before any other obligations for the funds are paid. Full repayment shall be made no later than April 26, 2027, from property tax apportionments unless the District initiates payment from another revenue source earlier.
