GRC/PROJ/JOB No.	54004113
Internal Order No.	

Briefly describe the general nature of the contract:

This lease agreement commencing upon full execution for a period of approximately 29 years, provides for the continued use of approximately 1.5 acres of Federal lands at Skyline Peak in Crestline for the operation and maintenance of a public safety communication facility including a 12' X 24' concrete block equipment shelter, two 500 gallon propane tanks, a 65 KW back-up generator, a 75' X 30' chain link fence with a rolling gate and a swing gate and the construction of an 80' lattice-work antenna tower. There is no rental cost to the County for this use under current USFS guidelines.

**U.S. DEPARTMENT OF AGRICULTURE
FOREST SERVICE
COMMUNICATIONS USE LEASE**

**AUTHORITY:
Section 501(a)(5) of the Federal Land Policy and Management Act,
43 U.S.C. 1761(a)(5)**

County of San Bernardino of 670 East Gilbert Avenue, San Bernardino, CA 92415-0915

This lease is issued by the United States of America, acting through the United States Department of Agriculture, Forest Service (hereinafter the "United States" or "Forest Service"), as authorized by section 501(a)(5) of the Federal Land Policy and Management Act, 43 U.S.C. 1761(a)(5), to County of San Bernardino, its agents, successors, and assigns (hereinafter the "lessee").

The United States and the lessee are jointly referred to in this lease as the "parties." The term "authorized officer" refers to the Forest Service official having the delegated authority to execute and administer this lease. Generally, unless otherwise indicated, this authority may be exercised by the Forest Supervisor or District Ranger of the San Bernardino National Forest in which the following described lands are located.

The United States, in consideration of the terms and conditions in this lease and the payment to the United States of rent in advance by the lessee, hereby issues the lessee a lease for the following described communications facility in the County of San Bernardino, State of California, NE1/4, Sec. 27, T. 2 N, R. 4 W., San Bernardino Meridian (hereinafter called the "lease area"). The lessee accepts this lease and possession of the lease area, subject to any valid existing rights, and agrees to use the lease area only for construction, operation, maintenance, and termination of a **Private Mobile Radio Service** communications facility. Authorized facilities under this lease include:

Equipment shelters: 12' x 24' concrete block
Antenna support structures: 80' self-supporting steel lattice
Ancillary improvements: ~75' x ~30' chain link fence with rolling gate and swing gate 65 kW generator on concrete slab:
(2) 500 gallon propane tanks
Access as shown or described in **Appendix A**.

The location of the lease area is described or shown generally in the communications site management plan and/or communications site map dated 10/23/2020 for the **Skyland Peak Communications Site**, which is attached as **Appendix A** of this lease. This and any other appendices are hereby incorporated into this lease.

Any additional appendices to this lease are incorporated into and made a part of this instrument as fully and effectively as if they were set forth herein in their entirety.

This lease is issued subject to the following terms and conditions.

I. TENURE, RENEWAL AND TRANSFERABILITY

A. This lease shall terminate at one minute after midnight on 12/31/2049. Termination at the end of the lease term shall occur by operation of law and shall not require any additional notice or documentation by the authorized officer. This lease is not renewable, but the lessee has the right to request a new lease.

B. The lessee shall undertake and pursue with due diligence construction and operation that is authorized by this lease. To the extent specified in **Exhibit B** operation shall commence by 09/30/2022. This lease shall terminate if operation does not commence by that date, unless the parties agree in writing, in advance, to an extension of the commencement date.

C. If the lessee desires a new lease upon termination of this lease, the lessee shall notify the authorized officer accordingly, in writing. The notice must be received by the authorized officer at least one year prior to the end of the lease term. The authorized officer shall determine if the use should continue and, if it is to continue, if a new lease should be issued to the lessee and under what conditions. The authorized officer shall require payment of any amounts owed the United States under any Forest Service authorization before issuance of another authorization.

D. This lease is assignable with prior written approval of the authorized officer, except when rent has been exempted or waived in whole or in part. Renting of space does not constitute an assignment under this clause.

II. RENT

A. The lessee shall pay rent annually in advance as determined by the authorized officer in accordance with law, regulation, and policy. The annual rent shall be adjusted by the authorized officer to reflect changes in fair market value, annual adjustments using the Consumer Price Index-Urban (CPI-U), changes in tenant occupancy, or phase-in rent, if applicable.

B. Rent is due at the close of business on January 1 of each year for which a payment is due. Payments in the form of a check, draft, or money order are payable to USDA, Forest Service. If the due date for the rent falls on a non-work day, the charges shall not apply until the close of business on the next workday. This lease shall terminate if rent is not received by the Forest Service within 90 calendar days of the due date.

C. Pursuant to 31 U.S.C. 3717 et seq., interest shall be charged on any rent not paid within 30 days from the date the rental or rental calculation financial statement specified in this authorization becomes due. The rate of interest assessed shall be the higher of the rate of the current value of funds to the U.S. Treasury (i.e., Treasury tax and loan account rate), as prescribed and published by the Secretary of the Treasury in the Federal Register and the Treasury Fiscal Requirements Manual Bulletins annually or quarterly or at the Prompt Payment Act rate. Interest on the principal shall accrue from the date the rent is due. In addition, an administrative penalty at a percentage rate prescribed by law or regulation will be assessed for failure to pay any portion of the debt that is more than 90 days past due. This paragraph shall survive the termination or revocation of this lease, regardless of cause.

D. Disputed rent is due and payable by the due date. No appeal of rent shall be considered by the Forest Service without full payment of the disputed amount.

III. RESPONSIBILITIES OF THE LESSEE

A. The lessee is authorized to rent space and provide other services to customers and tenants and shall charge each customer and tenant a reasonable rent without discrimination for the use and occupancy of the facilities and services provided. The lessee shall not impose unreasonable restrictions or restrictions restraining competition or trade practices. By October 15 of each year, the lessee shall provide the authorized officer a certified statement listing all tenants and customers by category of use in the authorized facilities on September 30 of that year.

B. All development, operation and maintenance of the authorized facilities, improvements, and equipment located in the lease area shall be in accordance with stipulations in the applicable communications site management plan approved by the authorized officer. If required by the authorized officer, all plans for development, layout, construction, or alteration of improvements in the lease area, as well as revisions of those plans, must be prepared by a licensed engineer, architect, and/or landscape architect. These plans must be approved in writing by the authorized officer before commencement of any work. After completion, as-built plans, maps, surveys, or other similar information shall be provided to the authorized officer and appended to the communications site management plan.

C. The lessee shall comply with applicable federal, state, county, and municipal laws, regulations and standards for public health and safety, environmental protection, siting, construction, operation, and maintenance in exercising the rights granted by this lease. The obligations of the lessee under this lease are not contingent upon any duty of the authorized officer or other agent of the United States to inspect the authorized facilities or lease area. A failure by the United States or other governmental officials to inspect is not a defense to noncompliance with any of the terms and conditions of this lease. The lessee waives all defenses of laches or estoppel against the United States. The lessee shall at all times keep the title of the United States to the lease area free and clear of all liens and encumbrances.

D. Use of communications equipment in the lease area is contingent upon possession of a valid Federal Communication Commission (FCC) license or Director of Telecommunications Management/Interdepartmental Radio Advisory Committee (DTM/IRAC) authorization and operation of the equipment in strict compliance with applicable requirements of the FCC or IRAC. A copy of each applicable license or authorization shall at all times be maintained by the lessee for each transmitter being operated. The lessee shall provide the authorized officer, when requested, with current copies of all FCC licenses and DTM/IRAC authorizations for equipment in or on facilities covered by this lease.

E. The lessee shall ensure that equipment within facilities authorized by this lease (including tenant and customer equipment) operates in a manner that will not cause harmful interference with the operation of existing equipment on or adjacent to the communications site covered by this lease. If the authorized officer or authorized official of the FCC determines that the lessee's use interferes with existing equipment, the lessee will promptly take the necessary steps to

eliminate or reduce the harmful interference to the satisfaction of the authorized officer or FCC official.

F. When requested by the authorized officer, the lessee shall furnish technical information concerning the equipment located in the lease area.

IV. LIABILITIES

A. The lessee assumes all risk of loss to the authorized facilities and ancillary improvements.

B. The lessee shall comply with all applicable federal, state, and local laws, regulations, and standards, including but not limited to the Federal Water Pollution Control Act, 33 U.S.C. 1251 et seq., the Resource Conservation and Recovery Act, 42 U.S.C. 6901 et seq., the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. 9601 et seq., and other relevant environmental laws, as well as public health and safety laws and other laws relating to the siting, construction, operation and maintenance of any facility, improvement, or equipment in the lease area.

C. The lessee shall indemnify, defend, and hold harmless the United States for any violations incurred under any such laws and regulations or for judgments, claims, or demands assessed against the United States in connection with the lessee's use or occupancy of the lease area. The lessee's indemnification of the United States shall include any loss of personal injury, loss of life or damage to property in connection with the occupancy or use of the lease area during the term of this lease. Indemnification shall include but not be limited to the value of resources damaged or destroyed; the costs of restoration, cleanup, or other mitigation; fire suppression or other types of abatement costs; third-party claims and judgments; and all administrative, interest, and other legal costs. This clause shall survive the termination or revocation of this lease, regardless of cause.

D. The Forest Service has no duty, either before or during the lease term, to inspect the lease area or to warn of hazards and, if the Forest Service inspects the lease area, it shall incur no additional duty nor any liability for hazards not identified or discovered through those inspections. This paragraph shall survive the termination or revocation of this lease, regardless of cause.

E. The lessee has an affirmative duty to protect from damage the land, property, and interests of the United States.

F. In the event of any breach of the lease by the lessee, the authorized officer may, on reasonable notice, cure the breach at the expense of the lessee. If the Forest Service at any time pays any sum of money or does any act which will require payment of money or incurs any expense, including reasonable attorney's fees, in instituting, prosecuting, or defending any action or proceeding to enforce the United States' rights hereunder, the sums paid by the United States, with all interests, costs, and damages, shall at the election of the Forest Service be deemed to be additional rent under this lease and shall be due from the lessee to the Forest Service on the first day of the month following that election.

V. MISCELLANEOUS PROVISIONS

A. Nondiscrimination. The lessee and its employees shall not discriminate against any person on the basis of race, color, sex (in educational and training programs), national origin, age, or disability or by curtailing or refusing to furnish accommodations, facilities, services, or use privileges offered to the public generally. In addition, the lessee and its employees shall comply with the provisions of Title VI of the Civil Rights Act of 1964 as amended, Section 504 of the Rehabilitation Act of 1973, as amended, Title IX of the Education Amendments of 1972, as amended, and the Age Discrimination Act of 1975, as amended.

B. Revocation, Termination and Suspension

1. General. For purposes of this lease, termination, revocation, and suspension refer to the cessation of uses and privileges under the lease.

"Revocation" refers to an action by the authorized officer to end the lease because of noncompliance with any of the prescribed terms, abandonment, or for reasons in the public interest. Revocations are appealable.

"Termination" refers to the cessation of the lease under its own terms without the necessity for any decision or action by the authorized officer. Termination occurs automatically when, by the terms of the lease, a fixed or agreed upon condition, event, or time occurs. For example, the lease terminates at expiration. Terminations are not appealable.

"Suspension" refers to a revocation which is temporary and the privileges may be restored upon the occurrence of prescribed actions or conditions. Suspensions are appealable.

2. This lease may be suspended or revoked upon breach of any of the conditions herein or upon nonuse. Nonuse refers to

a failure to operate the authorized facilities on the property for a period of 1 year.

3. Except in emergencies, the authorized officer shall give the lessee written notice of the grounds for revocation or suspension and a reasonable time, not to exceed 90 days, to complete the corrective action. After 90 days, the Forest Service is entitled to such remedies as provided herein.

4. This lease may be revoked at the discretion of the Forest Service when in the public interest. When revoked in the public interest, the lessee shall be compensated subject to the availability of appropriated funds. Compensation shall be based upon the initial cost of improvements located on the lease, less depreciation as allocated over the life of the authorized facilities, based on the Lessee's federal tax amortization schedules.

5. Written decisions by the authorized officer relating to administration of this lease are subject to administrative appeal pursuant to 36 CFR 214.

6. If upon expiration of this lease the authorized officer decides not to issue a new lease, or the lessee does not desire a new lease, the authorized officer and the lessee shall, within six months prior to the termination date of this lease, agree upon a mitigation plan to restore and stabilize the site lease area.

7. Upon termination or revocation of the authorization, delinquent fees and other charges associated with the authorization will be subject to all rights and remedies afforded the United States pursuant to 31 U.S.C. 3711 *et seq.* Delinquencies may be subject to any or all of the following conditions:

a. Administrative offset of payments due the lessee from the Forest Service.

b. Delinquencies in excess of 60 days shall be referred to United States Department of the Treasury for appropriate collection action as provided by 31 U.S.C. 3711(g)(1).

c. The Secretary of the Treasury may offset an amount due the debtor for any delinquency as provided by 31 U.S.C. 3720 *et seq.*). If this lease is revoked for noncompliance, the lessee shall remove all authorized structures and improvements, except those owned by the United States, within **90** days, and shall restore the site as nearly as reasonably possible to its original condition unless this requirement is waived in writing by the authorized officer.

If the lessee fails to remove all authorized structures or improvements within the prescribed period, they shall become the property of the United States and may be sold, destroyed, or otherwise disposed of without any liability to the United States.

C. No member of or delegate to Congress or resident commissioner shall benefit from this lease whether directly or indirectly, other than to the extent the lease provides a general benefit to a corporation.

D. This lease is issued subject to the following reservations by the United States:

1. The right of the United States to all natural resources now or hereafter located in the lease area unless stated otherwise, and the right to utilize or dispose of those resources insofar as the rights of the lessee are not unreasonably affected.

2. The right of the United States to modify the communications site management plan as deemed necessary.

3. The right of the United States to enter the lease area and inspect all authorized facilities to ensure compliance with the terms and conditions of this lease.

4. The right of the United States to require common use of the lease area and the right to authorize use of the lease area for compatible uses.

E. The Forest Service and the lessee shall keep each other informed of current mailing addresses.

F. This lease supersedes a special use authorization designated **ARW105301**, issued to County of San Bernardino, dated 09/16/1996.

G. If there is any conflict between any of the preceding printed clauses and any of the following clauses the preceding printed clauses shall control.
