Exclusion from Governmental Programs:

Osteomed certifies that neither it nor its principals or subcontractors is presently disbarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency. (See the following United States General Services Administration's System for Award Management website <https://www.sam.gov>). Osteomed further certifies that if it or any of its subcontractors are business entities that must be registered with the California Secretary of State, they are registered and in good standing with the Secretary of State. Osteomed shall immediately notify the County in the event Osteomed or any Osteomed personnel becomes debarred or suspended from any governmental program during the term of this Agreement. In the event that Osteomed or any of its personnel is or becomes debarred from any governmental program, the County may, at its sole option, immediately terminate this Agreement after giving notice.

Compliance with Laws, Accreditation and Other Requirements:

Osteomed warrants that all Products conform to applicable federal and state laws, rules, regulations and standards, including any applicable standards of the Centers for Medicare and Medicaid Services and the Joint Commission.

Indemnification:

Each party shall indemnify, defend, and hold harmless the other party, and its directors, officers, agents, employees, and credentialed clinicians against any and all losses, claims, liabilities, lawsuits, costs, damages, and expenses whatsoever, including reasonable attorneys' fees and court costs, arising out of, incident to, or in any manner occasioned by or attributable to: (a) the indemnifying party's breach of any representation, warranty, covenant, or obligation set forth in this Agreement; (b) any intentional or negligent act or omission by the indemnifying party, its directors, officers, agents, employees, and credentialed clinicians in the performance of this Agreement; or (c) any third party claims arising out of death, bodily injury or property damage to the extent that such claim is the result of negligent acts, negligent omission to act, or willful misconduct by the indemnifying party, its directors, officers, agents, employees, and credentialed clinicians.

Osteomed will also indemnify, defend (with counsel reasonably approved by County), and hold harmless County and its officers, employees, agents and volunteers, from any and all third party claims, costs (including without limitation reasonable attorneys' fees), and losses for infringement of any United States patent, copyright, trademark or trade secret (Intellectual Property Rights) by any Product in Appendix B. If a credible claim is made or threatened, including without limitation the filing of a lawsuit against County, or County receives a demand or notice claiming actual or potential infringement or misappropriation of any Intellectual Property Rights, County will use reasonable efforts to notify Osteomed promptly of such lawsuit, claim or election. However, County's failure to provide or delay in providing such notice will relieve Osteomed of its obligations only if and to the extent that such delay or failure materially prejudices Osteomed's ability to defend such lawsuit or claim. County will give Osteomed sole control of the defense (with counsel reasonably acceptable to County) and settlement of such claim; provided that Osteomed may not settle the claim or suit absent the written consent of County unless such settlement (a) includes a release of all claims pending against County, (b) contains no admission of liability or wrongdoing by County, and (c) imposes no obligations upon County other than an obligation to stop using the Product(s) that are the subject of the claim. In the event that Osteomed fails to or elects not to defend County against any claim for which County is entitled to indemnity by Osteomed, then Osteomed shall reimburse County for all reasonable attorneys' fees and expenses within thirty (30) days from date of invoice or debit memo from County. After thirty (30) days, County will be entitled to deduct any unpaid invoice or debit memo amount from any amounts owed by County to Osteomed. This shall not apply to any judgment or settlement amount, which amounts County shall be entitled to notify, invoice or debit Osteomed's account at any time; and County, at its sole discretion, may settle the claim or suit.

If, in Osteomed's opinion, any Product(s) in Appendix B become, or are likely to become, the subject of a claim of infringement of Intellectual Property Rights, Osteomed may, at its option: (i) procure for County the right to continue using the Product(s); (ii) replace or modify the Product(s) to be non-infringing, without incurring a material diminution in performance or function; or (iii) if neither of the foregoing is feasible, in the reasonable judgment of Osteomed, County shall cease use of the Product(s) upon written notice from Osteomed, and Osteomed shall provide County with a pro-rata refund of the unearned fees paid by County to County for such goods or services.

Insurance:

Without in any way affected the indemnification obligations under this Agreement, OsteoMed shall obtain and maintain for the entire term of the Agreement all proper and necessary insurance to guard against all applicable risk at its sole cost and expense, including, but not limited to, the following:

1. Commercial General Liability Insurance with limits of \$1,000,000 per occurrence and \$10,000,000 in the aggregate.
2. Workers' Compensation or Employers Liability Insurance as required by the laws of the State in which the work is being performed, and Employers' Liability Insurance with limits of \$1,000,000 Per Accident/\$1,000,000 Per Disease/\$1,000,000 Disease Policy Limit.
3. Automobile Liability Insurance in an amount not less than \$1,000,000 combined single limit.
4. Products Liability Insurance with minimum limits of \$5,000,000 per occurrence \$5,000,000 aggregate.

If insurance coverage is provided on a "claims made" policy, the "retroactive date" shall be shown and must be before the start date of the agreement. The claims made insurance shall be maintained or "tail" coverage provided for a minimum of three (3) years after expiration of the agreement.

All policies, except for Worker's Compensation, shall contain additional endorsements naming the County and its officers, employees, agents and volunteers as additional named insured with respect to liabilities arising out of the performance of services hereunder. The additional insured endorsements shall not limit the scope of coverage for the County to vicarious liability but shall allow coverage for the County to the full extent provided by the policy. Such additional insured coverage shall be at least as broad as Additional Insured (Form B) endorsement form ISO, CG 2010.11 85.

Osteomed shall, at County's request, on the Effective Date and thereafter furnish to the County the certificates of insurance required under this Agreement. Osteomed shall maintain such coverage in full force and effect, during the term of this Agreement. The certificates of insurance shall state that OsteoMed will endeavor to provide County with 30 days advance written notice in the event of policy cancellation.

All policies, except for the Worker's Compensation, required herein are to be primary and non-contributory with any insurance or self-insurance programs carried or administered by the County. OsteoMed Worker's Compensation insurance is for OsteoMed employees only and will not be applicable for the County.

Osteomed agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and there will be no cross liability exclusions that preclude coverage for suits between Osteomed and County or between County and any other insured or additional insured under the policy.

Any failure, actual or alleged, on the part of County to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of County.
