Briefly describe the general nature of the contract: *The San Bernardino County Transportation Authority (SBCTA) applied to the California Transportation Commission (CTC) to secure Trade Corridor Enhancement Program (TCEP) funding for the Baker Boulevard Bridge Replacement Project over the Mojave River (Project). SBCTA and the County are the implementing agencies for the Project. At their June 25-26, 2025 meeting, the CTC notified SBCTA that the application was successful and awarded $18,369,000 (TCEP funds) towards the $29,795,000 estimated cost to construct the Project. A Project Baseline Agreement (Agreement) is required between the participating agencies to receive the TCEP funds ($18,369,000).*

Upon approval of the Agreement, SBCTA will provide the remaining cost of the Project, which is estimated to be $11,426,000. Project construction is anticipated to commence in spring/summer 2026.
