BACKGROUND INFORMATION

The Department of Public Health (DPH) currently operates Federally Qualified Health Centers (FQHC) located in Adelanto, Hesperia, Ontario, and San Bernardino. FQHCs are required to follow United States Department of Health and Human Services, Health Resources and Services Administration (HRSA) regulations. For FQHC patient continuity of care, HRSA requires FQHCs to enter into agreements with hospitals to establish procedures for direct patient care, emergency department visit or hospitalization of FQHC patients including hospital admission and discharge planning for patients receiving treatment at such hospitals.

The MOU with Montclair Hospital Medical Center will establish the HRSA required procedures and exchange of information for any DPH FQHC obstetric patient visiting the hospital for direct patient care, emergency department visits or hospitalization to that facility. The MOU will be effective February 15, 2020 for an initial one-year period, includes language for automatic renewals for four successive one-year periods, and may be terminated by either party with or without cause upon 30 days written notice.
