**COUNTY AND CHIEF EXECUTIVE OFFICER GOALS & OBJECTIVES**

**Promote the Countywide Vision.**

**Improve County Government Operations.**

**Operate in a Fiscally-Responsible and Business-Like Manner.**

**Provide for the Safety, Health and Social Service Needs of County Residents.**

**FINANCIAL IMPACT**

The County is anticipated to incur significant costs resulting from the COVID-19 pandemic. These costs, which are not fully determined at this time, may require the use of additional Discretionary General Funding should federal funding or other sources of funding not be available. Originally on March 24, 2020 (Item No. 67), and later extended on May 19, 2020 (Item No. 105), June 23, 2020 (Item No. 124), and July 28, 2020 (Item No. 72), the Board of Supervisors (Board) authorized the Chief Executive Officer (CEO) to use additional Discretionary General Funding (Net County Cost), in response to the COVID-19 pandemic, if necessary. Due to the continued threat of COVID-19, it is being recommended that this authority be extended through September 30, 2020. Should the CEO exercise such authority, a future item will be submitted to the Board for approval of additional Discretionary General Funding.

**BACKGROUND INFORMATION**

The COVID-19 virus originated in Wuhan, China in late 2019 and began spreading, initially, within China and then to other countries. On January 30, 2020, the World Health Organization declared the outbreak to be a "public health emergency of international concern". This was followed on January 31, 2020 by the United States Human Services Secretary declaring a public health emergency. Cases internationally, within the US and within California (as evidenced by the Governor's Proclamation) continue to rise.

On March 4, 2020, the State of California declared a state of emergency as a result of the COVID-19 outbreak due to the rising number of confirmed cases and anticipated complications for those infected, including potential deaths. On March 10, 2020, the County Public Health Officer declared a local health emergency to help ensure county government and the public were prepared for the possibility that COVID-19 would appear within the county. On March 10, 2020 (Item No. 75), San Bernardino County proclaimed the existence of a local emergency resulting from COVID-19, which causes infectious disease resulting in symptoms of fever, coughing and shortness of breath with outcomes ranging from mild to severe illness and in some cases, death.

Recommendation No. 1

On March 19, 2020, the Governor issued a statewide “Stay-at-Home” Order to help prevent the spread of COVID-19. In an effort to slow the spread of COVID-19, County offices were closed to the public during the “Stay-at-Home” Order. Certain County offices offered services online and over the phone during the closure. While this “Stay-at-Home” Order has been lifted, the County and additional entities (all referred to for purposes of this item as “County”) continues to evaluate staffing needs to ensure vital services remain available to the public. Recommendation No. 1 will authorize the CEO to make adjustments to County operations, as necessary through September 30, 2020, to respond to stay-at-home orders and future phases of recovery where such restrictions are eased or lifted. This would provide departments the flexibility to respond to public needs.

Recommendation No. 2

Recommendation No. 2 will continue to authorize the CEO to act on specific lease, purchasing, or finance matters necessary for the continuation of County operations in response to the COVID-19 pandemic, through September 30, 2020, should these matters require a response where time is of the essence. These matters will be presented to the Board for ratification at the next available Board meeting.
