**COUNTY AND CHIEF EXECUTIVE OFFICER GOALS & OBJECTIVES**

**Operate in a Fiscally-Responsible and Business-Like Manner.**

**Provide for the Safety, Health and Social Service Needs of County Residents.**

**FINANCIAL IMPACT**

Approval of this item will not result in the use of Discretionary General Funding (Net County Cost) as the Cardinal Health's Source Enhancement Solution Program (Program) with Cardinal Health 110, LLC and Cardinal Health 112, LLC (Cardinal) is non-financial in nature.

**BACKGROUND INFORMATION**

The Health Source Enhancement Solution Enrollment Agreement (Agreement) with Cardinal will enable Arrowhead Regional Medical Center (ARMC) to participate in the Program that will provide ARMC with additional rebates under Contract No. 20-1251 with Cardinal for the purchase of pharmaceuticals and related supplies.

Cardinal is one of the major drug wholesaler companies in the nation. Over the past several years, the quality of service provided to ARMC has been superior. In an era of drug shortages, where many vital medications are subject to allocation, it is important to have a wholesaler such as Cardinal, which maintains a history of ARMC's past usage.

ARMC participation in this Program is voluntary. The Program will focus on data and insights from point-of-sale (POS) activity. By leveraging the insights provided by the Program, pharmacies can make data-driven decisions to optimize their operations, improve inventory management, and enhance overall profitability. Participation in this Program will improve overall rebates in the range of \$18,000 per quarter.

**Non-Financial Agreement with Cardinal Health 110, LLC and Cardinal Health 112, LLC for Participation in the Cardinal Health SOURCESM Enhancement Solution Program

ARMC recommends approval of the Agreement to allow for the expansion of the current pharmaceuticals and supply procurement program in place for a more robust transactional monitoring program to provide for the safety, health and social services needs of County residents.
