Children's Network Conference

Join us for the 2025 Conference!

2023 Children's Network Conference, Double Tree Hotel Event Center, Ontario, CA.

The **Annual Children's Network Conference** remains one of the Inland Empire's premier training events for professionals including those in the fields of social work, mental health, juvenile justice, child development and child welfare. The goal of this conference is to provide the latest research, findings and evidence-based promising practices that will equip local professionals to continue to serve children, families and community members throughout the County. Each year, hundreds of professionals take this opportunity to come together to enhance their education, draw strength from each other's experiences, and look within themselves to find what keeps them doing this important work.

It is our hope that conference attendees will walk away from this experience with a renewed passion to make sure that the interactions they have every day, whether with children, families or colleagues, are positive, as we never know how they may shape the trajectory of someone's life.

Welcome!

Join us for two days of dynamic learning, networking, and inspiration. This year's conference will feature an exciting lineup of **keynote speakers** and expert-led **workshops** designed to support and strengthen those who work with children and families. **Breakfast and lunch are included** each day, giving you time to recharge and connect with colleagues.

Each day, we will also welcome **100 youth** for their own specialized workshops, creating a unique and engaging learning experience tailored just for them. And, new this year, we've added a **Parent/Caregiver Track** designed for parents, kinship caregivers, and foster parents. These sessions will focus on increasing knowledge of youth development and behavior, while building skills to create and strengthen supportive relationships with the children in their care.

In addition to the workshops, be sure to explore our **large exhibit hall**,

filled with vendors, resources, and opportunities to connect with community partners. It's a place to discover new tools, build relationships, and exchange ideas.
