COVID Ambassador Sponsorships	IEHP recently did a similar project with 2 colleges in San Bernardino. We partnered with SB County Public Health to train 8 student covid ambassadors to do peer education and outreach within their respective campuses to encourage their peers to get vaccinated. We would use this same model to recruit, engage and train ambassadors in churches, neighborhoods, housing complexes, communities, etc. These ambassadors would work within their respective communities to answer questions about covid vaccine safely, encourage their communities to get vaccinated, and even share resources on where to get vaccinated and tested.	\$500,000	\$670,000
COVID Education Event Sponsorships)	Event sponsorships include Town Halls, Webinars, community events, and vaccine clinics -- all of these events will have COVID as the focal point. IEHP is also willing to offer up our internal physicians as guest speakers and panelists at these events. These events can be in person or virtual. Ideally we would look to find 10 that are dispersed throughout the vast geography of San Bernardino County, and also some that target specific groups such as Latinos (Spanish), African American, Asian, etc. to help close the gap in ethnic disparities.	\$50,000	\$40,000
