3330004610	40909995	Residual Equity Transfer In	Increase	\$ 171,907

Sufficient appropriation will be included in future recommended budgets as necessary.

**BACKGROUND INFORMATION**

The District was formed on November 19, 2013 (Item No. 83), for the purpose of providing sewer service to an area of Bloomington along the north side of Interstate 10, near the cities of Fontana and Rialto. The Project will be designed and constructed in several phases as funding becomes available and consists of improving the environment and public health by installing

infrastructure for the conversion from septic-to-sewer in the Bloomington area. Improvements are expected to include up to three miles of new sewer pipeline to capture sewer flows from over 350 parcels within the District.

The Project will provide an engineered sewer master plan that will cover a capacity study and coordination with the City of Rialto as the receiving agency. Results of the capacity study will be incorporated into the design of the Bloomington Sewer Expansion Project that will be designed and constructed in several phases.

The Department of Public Works – Special Districts is seeking Board of Supervisors approval of the Project and its related budget adjustments.

**PROCUREMENT**
