A budget is required for each matter in which Contractor has been retained. The budget is intended to be an estimate of the scope, cost and duration of the matter, and used as a planning tool by the County. Amended or corrected budgets should be provided immediately to the County if the Contractor becomes aware of changes in the estimation of matter costs and fees.

Contractor is responsible for assessing liability exposure as soon as practicable and for recommending timely resolution strategies.

a. Settlement Demands

All settlement demands and offers to mediate must be immediately reported to the County.

b. Settlement Authority

- Contractor shall not enter into negotiation, agreement or binding settlement without first obtaining appropriate prior authorization from the County. Proposals for negotiations shall be made to the County, who will coordinate a discussion with appropriate personnel of the County. The Contractor Evaluation must be provided to all discussion participants at least 72 hours before the scheduled discussion.
- Settlement authority may be provided during the discussion, but any settlement is contingent on approval by the County, and this shall be communicated during any settlement negotiations. In cases involving statutory attorneys' fees, all settlement offers including statutory offers to compromise should be structured to resolve all claims including attorneys' fees.

Contractor is encouraged to explore the settlement of cases informally with opposing counsel after obtaining the appropriate authorization. The County also encourages mediations and participation in voluntary settlement in appropriate cases. Approval to mediate a case must be given by the County to Contractor. A representative of the County will be present at all mediations. If a proposed settlement is reached, Contractor shall emphasize that recommendations for all settlements are subject to approval by the County and/or the Board of Supervisors.

Contractor is responsible for assuring that the Settlement Agreement and Release ("Release") is accurate and legally enforceable. Upon execution of the Release by the opposing party and his/her/its counsel, the same shall be mailed by Contractor to the County to secure the necessary County signatures.

- B.7** Contractor agrees that all work product including motions, writs, exposure identification, legal research, opinion letters, etc., may be copied and provided by the County to attorneys either employed or retained by the County and/or County's insurance carrier. To assist the Contractor in doing the work, the County shall provide lists of approved vendors. Only these contracted vendors shall be used. - B.9** Contractor agrees and understands that the County is paying on an hourly basis and will not pay for items that are charged on a "Value Billing" basis. For purposes of this Agreement, value billing is defined as billing time or fees for a task on any basis other than the actual time that was worked by the biller, measured in tenths of an hour.
- B.10** Contractor agrees and understands that the Contractor is responsible for any expenses resulting from the errors or omissions made by Contractor. The County will not be responsible or invoiced for such expenses.

- B.13** Upon case resolution, Contractor agrees to submit final case analysis and reasons for disposition to County. This submission will include copies of pertinent documents evidencing the disposition.
- B.14** Should either party choose to terminate this contract, Contractor shall continue to provide legal services as to any case referred to them prior to the notice of cancellation and shall

be compensated, therefore, on the same terms and conditions as hereinbefore set forth until the conclusion of such case. However, the County retains the option of withdrawing any pending cases from further handling by Contractor and shall compensate Contractor for legal services provided to date of termination of this contract. Contractor will promptly return any cases that are withdrawn or transferred including any and all case files, work product and work in progress that have been generated.

B.15 Contractor shall not undertake any action(s), without Risk Management's concurrence, which could foreseeably result in Court-imposed sanction(s). The policy of the County is not to pay sanction(s) unless Risk Management intentionally caused the underlying action(s) and/or fully understood that sanctions could result from those actions.

B.16 This contract is with the Contractor named above; should the Contractor experience a name change during the contract period that requires any official name change, necessitating a new contract signature and/or Board of Supervisors approval, the Contractor shall be charged time and expense for such changes. Payment for such changes shall be paid in advance of the contract modification.

- a. Penalties caused by the Contractor will be paid by the firm
- b. Penalties assessed will be reviewed by the Director of Risk Management and Principal Assistant County Counsel.
- c. If the County Adjuster is at fault or the adjuster's delay caused the penalty, the Contractor would not be expected to pay the penalty.
- d. If the penalty was clearly caused by the Contractor, then the firm will be billed for the penalty and expected to pay the penalty.
- e. The Director of Risk Management and Principal Assistant County Counsel will resolve appeals.

B.20 Monitoring of Service/Quality

The County considers efficiency in delivery of legal services as a critical component of successful legal representation and closely scrutinizes the invoices of all counsel. The County reserves the right to require backup documents to support charges and/or require that they be submitted in a format that permits the invoice information to be electronically analyzed. By representing the County, Contractor agrees to comply with the request and at the firm's expense. Payment of any invoice by the County, at any time, does not constitute a waiver of the County's rights to subsequently question, dispute, obtain reimbursement of, compromise or request repayment or future credit, or any bill or invoice previously paid. **Invoices received by the County not including a Status Report will not be paid until the Status Report is received.**

Unless due to exigent circumstances, bills submitted after the final bill will not be paid. Expenses must be substantiated with receipts.

b. Billing Format

Invoices shall identify and describe each item of service in sufficient detail to identify the persons involved and the work performed by date and time billed and the person providing the services (including the hourly rate for each person). Statements must accurately itemize in detail all work performed on a matter in a task or activity based format. Attorneys and paralegals are to bill actual time incurred. If an activity warrants a minimum billing entry, it should not exceed 1/10th (.10) of an hour. Minimum charges for any activity in any amount above 1/10th (.10) of an hour are not acceptable.

Unnecessary duplication of work is to be avoided. Without prior approval from the County, there will be no more than two (2) attorneys and one (1) paralegal doing most of the work and billing most of the time on a case. These personnel must be identified on the initial evaluation of the matter. On occasion, firm personnel may have to work on a case due to vacations, illnesses, etc.; however, this is the exception, not the rule.

All billers at your firm working on County cases must be members, full-time employees, or of counsel attorneys at Contractor's firm. The firm will produce any individual that has submitted billing on behalf of the firm, as well as any firm personnel who would have knowledge or information regarding any billing, and the firm shall produce such persons to answer any and all questions regarding the billings. Parts 160 and 164, Subparts A and E.

19. Assistance in Litigation or Administrative Proceedings
