Article XIII B of the California Constitution was amended by Proposition 111 to change the price and population factors used by the county in setting the appropriations limits.

CHANGE FACTOR COMPONENTS

PRICE FACTOR: The County has the option to select either (A) the Percentage Change in California Per Capita Personal Income or (B) the Percentage Change in the Local Assessment Roll Due to the Addition of Local Non-Residential New Construction.

POPULATION FACTOR: The County may choose the percentage change in one of the following: (1) the population within its jurisdiction, (2) the population within its jurisdiction combined with the population within all county borders contiguous to the County, or (3) the change in population within the incorporated portion of the County.  
For 2021-22, 2022-23, 2023-24, and 2024-25 the County selected to use option (3).

NOTES

- The general fund base year adjustments, listed below, were made in 1988-89 to correct errors and incorporate omissions and interpretations by the Courts, County Counsel and the State Controller's Office:

- \* \$600,000 increase for cigarette tax revenue, inadvertently omitted as other state revenue.
- \* \$2,551,240 increase due to the addition of County Library's base year limit.

\* \$95,000 decrease due to aid for agriculture included as tax proceeds.

\* \$1,442,444 decrease due to the exclusion of federally restricted Public Assistance Revenues included in the base year as tax proceeds.

2. The base year limit of \$2,551,240 for the Library was established and separated from that of the General Fund in 1996-97 due to each fund having separate percentage change in the local assessment roll due to the addition of local non-residential new construction.
3. General Fund and Library appropriation limit for FY 2022-23 were decreased by \$49 and \$37 respectively due to the reorganization to include annexations to the City of Rancho Cucamonga, Cucamonga Valley Water District, Rancho Cucamonga Fire Protection District, and West Valley Mosquito and Vector Control District, and detachments from Fontana Fire Protection District and County Service Area 70 (Speedway Commerce Center), per LAFCO 3256. BAI #28 09/27/22.
4. The General Fund was decreased by \$428,100,000 for FY 2022-23 and FY 2023-24 pursuant to subdivision (b) of Government Code Section 7903 which requires each county to include the full value of specified state subventions within their appropriations limits. In March 2023, the State Department of Finance (DOF) informed counties to utilize the same subvention information for FY 2021-22 for the use in both 2022-23 and 2023-24 fiscal year appropriation limit calculations.
5. The General Fund appropriation limit for 2023-24 was decreased by \$193 due to the reorganization to include annexation to the City of Fontana and detachment from County Service Area 70, per LAFCO 3261. BAI #26 02/28/23. Effective on 05/23/23 per Resolution No. 3374.
6. The General Fund appropriation limit for 2023-24 was increased by \$814, and the San Bernardino County Fire Protection District was decreased by \$6,926. The changes were due to the reorganization to include annexation to the City of Loma Linda and detachment from the San Bernardino County Fire Protection District, its Valley Service Zone and its Zone FP-5, and County Service Area 70, per LAFCO 3259. BAI #31 11/15/22. Effective on 11/02/23 per Resolution No. 3388.
7. The General Fund was decreased by \$393,600,000 for FY 2024-25 pursuant to subdivision (b) of Government Code Section 7903 which requires each county to include the full value of specified state subventions within their appropriations limits.
