Application Racial Equity

Racial Equity

CoC Name (If different from Organization Name)

San Bernardino County

It is a Department priority to ensure that ESG programs are implemented in a way that addresses racial disparities in the homeless population and creates equitable outcomes. The following list of questions highlight items that you as the Grantee – either Continuum of Care (CoC) or Administrative Entity (AE) - might be doing to address racial equity. If you have not yet started to address racial equity in your homelessness response system, there is an opportunity to describe what you are planning to do at the end of each section. Answers in this section will not serve to qualify or disqualify applicants but rather will serve as a baseline measure of the current state of each applicant's disparities, efforts and outcomes.

Please select your Continuum of Care from the HUD CoC Racial Equity Analysis Tool (version 2.1) and upload as an attachment. Please refer to the NOFA for your designated CoC number. After downloading the tool, navigate to the 'Dashboard' tab and select your CoC from the highlighted dropdown box. Save the file and upload below..

Formal Partnership Selection: Coe Process for Selection of the Board

The highest tier of formal partnership consists of the partnerships established through the Board of the Coe, The Interagency Council on Homelessness ("ICH"). The ICH includes nineteen (19) seats. Members of the ICH must be able to represent an array of community sectors, special needs populations, and geographic areas throughout the region.

ICH Member selection is pre-designated by terms established in the Bylaws and as recommended by the San Bernardino County Homeless Partnership 10-Year Strategy to End Homelessness ..

Members serve an unlimited term unless the relationship is terminated pursuant to the terms of Article IV of the Bylaws.

ICH Composition is reviewed regularly through the ICH Bylaws and Membership Sub-Committee. Members of the ICH serve as liaisons to other community stakeholders and their Regional Subcommittees. Results of nominations are reviewed by the ICH Bylaws and Membership Sub Committee to ensure that adequate representation is available for each of the required constituencies (community sectors, subpopulations, geography).

San Bernardino County Continuum of Care (CoC) Operations and Governance Manual provides details regarding membership selection. The Coe Program interim rule requires Coe Boards to include representatives from relevant organizations and projects serving homeless subpopulations, such as persons with substance use disorders; persons with HIV/AIDS; veterans; the chronically homeless; families with children; unaccompanied youth; the seriously mentally ill; and victims of domestic violence, dating violence, sexual assault, and stalking (One Board member may represent more than one subpopulation).

The Board must also include at least one homeless or formerly homeless individual. Designation and selection of current Sub Committee members mirrors the general concept of a Coe Board. The Sub-Committee constitutes a moderately small committee that provides expertise on the various homeless subpopulation and regions and provides a viable means for direct input from homeless and formerly homeless persons. A copy of the ICH Sub Committee Policies and Procedures is available under Appendix A.

Recently, after the strategic planning conducted in 2019, the COC moved to a Regional approach due to the immense size of the county of San Bernardino (22,000 square miles). Regional subcommittees have representations on the ICH Board. Each region has an equal number of chairs for non-government and government representation. Therefore, encourage participation of local cities, non-profits- and service providers to ensure collaboration among the stakeholders on a regional basis.

The Coe Process for the selection of the Board contains the following:

•   The ICH serves as the Board of the Coe and includes nineteen (19) seats. Members of the ICH must be able to represent an array of community sectors, special needs populations, and geographic areas throughout the region.

•   ICH Member selection is predesignated by terms established in the Bylaws and as

recommended by the San Bernardino County Homeless Partnership 10-Year Strategy to End Homelessness.

•   ICH Composition is reviewed regularly through the ICH Bylaws and Membership Sub Committee.

•   Members of the ICH serve as liaisons to other community stakeholders and their Regional Subcommittees.

•   Results of nominations are reviewed by the ICH Bylaws and Membership Sub Committee to ensure that adequate representation is available for each of the required constituencies (community sectors, subpopulations, geography).

•   ICH Members serve an unlimited term unless the relationship is terminated pursuant to the terms of Article IV of the Bylaws in San Bernardino County Coe Operations and Governance Manual 12

•   Regular attendance at ICH meetings and participation in Coe activities is required. Members failing to meet the attendance and participation standard are subject to removal and replacement.

•   The HPN serves as an advisory body of the ICH. The HPN is charged with facilitating a joint working approach through collaborations among the HPN members to implement action steps adopted in the 10-Year Strategy.

•   ICH officers are elected to two-year terms. HPN officers are elected to two-year terms.

An additional formal partnership is established through the Community Development and Housing Agency's Notices of Funding Availability ("NOFA") or a Request for Proposals ("RFP") process. NOFAs or RFPs are published on the Community Development and Housing Department's website. An announcement of the NOFA or RFP publication is also provided at the Interagency Council on Homelessness's monthly meetings and various homeless platforms (Homeless RFP email blast with over 700 recipients). Provider's respond to the NOFA or RFP, then submittals are reviewed. The review can have an identified committee who determines applicants to be eligible, accurate information, meet the requested priorities, meet all necessary requirements, and submit requested documentation. Based on results the highest recommended applicants are recommended for funding. The formal partnership or subcontractor selection is established

Please provide a narrative and links for the Informal Partnerships selection: *

Informal partnership selection is established through provider participation in the Interagency Council on Homelessness ("ICH"). The ICH is the policy making body for the Homeless Provider Network ("HPN"). ICH, HPN and the Office of Homeless Services work together to ensure that the recommendations listed in the County's 10-Year Strategy to End Homelessness are realized. The ICH meets monthly and includes elected and County officials and representatives from the HPN.

Please provide a narrative and links for the Coordinated Entry Access Points selection: *

The Coordinated Entry System (CES) is a powerful tool designed to ensure that homeless persons are matched, as quickly as possible, with the intervention that will most efficiently and effectively end their homelessness when programs have availability. The CES system is housed under Inland Empire United Way alongside the 2-1-1 San Bernardino County (SBC) call center. The CES is the San Bernardino County's groundbreaking collaboration between more than 30 agencies within the Homeless Partnership with the express purpose of creating sustainable, cost-effective, client centered pathways out of homelessness and diverting them into community resources or self- resolve. Access points are through the 2-1-1 SBC call center and through various outreach community partnerships who are recipients of State, Federal, and private funds for homeless services.

The Sheriff's HOPE team as well as the outreach team INNRoads spearheaded by the Department of Behavioral Health serve as mobile access points throughout the County providing, onsite engagement and assessments of clients.

Yes

No

Please describe what steps your organization will take to prioritize programs that address the disproportional impacts of homelessness on communities of color in the coming program year:

(Narrative) Describe: *

During the 2019-2020 fiscal year and going forward, the San Bernardino County COC and the San Bernardino County Community Development and Housing Agency anticipate prioritizing how best to implement programs that address the disproportional impacts of homelessness and COVID-19 on communities of color by:

(1)   reviewing the Racial Equity Analysis,

(2)   surveying existing and potential organization partners regarding disproportionalities,

(3)   Ensuring that providers and program administrators are trained in racial equity frameworks and practice, cultural humility/sensitivity, and trauma-informed practice. Undertake continuous quality improvement and self-evaluation of this process, and

(4)   include in the program approval process a review committee comprised of more diverse members representatives.

Are the voices of Black, Latinx, Asian, Pacific Islander, Native and Indigenous communities and those with lived experience of homelessness being centered in a meaningful, sustained way in creating effective approaches to reducing and ending homelessness? Are they involved in the funding decision making process? Please answer the following questions.

What steps has your organization taken to ensure these funds address the organizational capacity of organizations that are led by Black, Latinx, Asian, Pacific Islander, Native and Indigenous people that support the goal of making homelessness rare, brief and non-recurring? *

The voices of the above referenced communities are instrumental as the County creates effective approaches to reducing and ending homelessness. Both the Office of Homeless Services and the Community Development and Housing Agency partner with the Interagency Council on Homelessness ("ICH"). ICH is the governing body of the Coe, it is a racially diverse body that has representation of the most, if not all, of the ethnic groups listed. It is comprised of members who are not only racially diverse but hold positions of authority and influence which are integral to the determination and implementation of decisions made by the governing body. ICH is comprised of two members form the Board of Supervisors, five (5) City Elected Officials or designees, A designee from San Bernardino Law

and Justice Group, Superintendent of San Bernardino County Schools or designee, Director or designee of Community Development and Housing Agency, Director or designee of Human Services, Director or designee of the Department of Behavioral Health, Director of designee of the Housing Authority of the San Bernardino County, five (5) Elected Homeless Provider Network Representative (HPN), as well as Homeless/Formerly Homeless Representative

What steps will your organization take in the coming program year to ensure these funds address the organizational capacity of organizations that are led by Black, Latinx, Asian, Pacific Islander, Native and Indigenous people that support the goal of making homelessness rare, brief, and non-recurring. *

The OHS will consider the following recommendations from the Annie E. Casey Foundation, "Race Equity and Inclusion Action Guide: Embracing equity," document that outlines the steps to advance and embed racial equity into the Coe to support making homelessness rare, brief and non-recurring among these target populations that have been traditionally disenfranchised.

The following are the recommended steps the Coe and ESG are proposing for adoption:

1.   Establish an understanding of race equity and inclusion principles in conjunction with the County Cultural Competency Office

2.   Engage affected populations and stakeholders

3.   Gather and analyze disaggregated data

4.   Conduct systems analysis of root causes of inequities

5.   Identify strategies and target resources to address root causes of inequities

6.   Conduct race equity impact assessment for all policies and decision making

7.   Continuously evaluate effectiveness and adapt strategies to include as part of our policies

Attach communications, memo, resolution, policies, procedures or guidelines your CoC has developed to build capacity for these non-traditional organizations.
