AGREEMENT FOR AUTOMATIC AID AND MUTUAL AID BETWEEN SAN BERNARDINO COUNTY FIRE PROTECTION DISTRICT AND CITY OF RIALTO

This Agreement is made and entered into by and between the San Bernardino County Fire Protection District (herein referred to as "SBCFPD") and City of Rialto (herein referred to as ("CITY")).

WITNESSETH:

WHEREAS, the parties to this Agreement are both legally empowered to provide fire protection and rescue services within their respective jurisdictions; and,

WHEREAS, it is in the best interest of the residents of SBCFPD and CITY to provide the most expeditious response to suppress fires and render other emergency services; and,

WHEREAS, each party is desirous of providing to the other a reasonable and reciprocal exchange of like fire, rescue and emergency medical services on a day-to-day basis; and,

WHEREAS, each party agrees that this Agreement is not intended to supplement, release, or replace each party's obligation to provide fire protection and rescue services within their respective jurisdiction: and,

WHEREAS, this Agreement is authorized by provisions of applicable state and federal law.

NOW, THEREFORE, in consideration of these mutual covenants, the parties agree to undertake aid under the terms, provisions, and conditions hereinafter provided.

A. MUTUAL AID:

1. CITY and SBCFPD agree to provide assistance mutually for emergency incidents that do, or may, exceed the receiving party's capabilities.
2. Mutual Aid responses from either party shall include personnel, equipment, material and supplies such as are usually and customarily used within the sending party's jurisdiction. Responding fire suppression apparatus shall, at a minimum, be staffed with three full-time, paid, professional fire personnel, at least one of which will be a Paramedic. Medic Squad(s) shall be staffed with a minimum of two full-time, paid, professional fire personnel for Emergency Medical Service (EMS) calls, at least one of which will be a Paramedic.
3. SBCFPD will, upon notification from its primary dispatch facility, and with approval of its Duty Officer, respond with the requested type of emergency equipment to an incident within CITY's jurisdictional boundaries. CITY will, upon notification from its primary dispatch facility, and with approval of its Duty Officer, respond with the requested type of emergency equipment to an incident within SBCFPD's jurisdictional boundaries. Resources requested by either SBCFPD or CITY will be priority release as soon as possible by the requesting party.
4. The terms, as listed in Section 3, are conditional upon the availability of resources from the sending agency. Neither SBCFPD nor CITY in rendering aid to the other, shall be obligated to reduce its own resources to the extent that a situation is created that is detrimental to its citizens. The Duty Officer in charge of the assisting agency shall make such determination.
5. It is mutually understood and agreed that this Agreement does not relieve either party hereto from the necessity and obligation for using its own resources for furnishing fire and/or rescue response within any part of its own jurisdiction, and that the assisting fire department's response to a request for aid will be dependent upon the existing emergency conditions within its own jurisdiction and the status of its resources at the time of the request. If an assisting fire department cannot respond under this Agreement, it must immediately notify the requesting communication center.
6. Details as to amounts and types of assistance to be dispatched, area to be assisted, methods of dispatching and communications, methods of requesting aid and positions authorized to send and receive such requests shall be recorded in an Operating Plan that is approved and signed by the Fire Chiefs of SBCFPD and CITY (Attachment "A"). The Parties shall meet annually before July 1st of each year to review and update, if necessary, the Operating Plan. Said Attachment "A" is hereby made a part of this Agreement by this reference.
7. In those instances where an assisting fire department arrives before the jurisdictional fire department, the assisting fire department will take the necessary action dictated by the situation. However, it is assumed that the jurisdictional fire department will arrive shortly after the arrival of the assisting fire department. Thereafter, the responsibility for managing the situation will be immediately assumed by the jurisdictional fire department upon its arrival at the scene. The assisting fire department personnel will be under the direction of the officer-in-charge of the jurisdictional fire department. It is further agreed that the assisting

fire department will be a priority release from the scene as soon as is practical by the jurisdictional fire department.

8. Neither SBCFPD nor CITY shall be obligated to reimburse the other for any action taken or aid rendered hereunder, or for any use of materials, damage to equipment, or liability, or claims incurred which may occur in the course of rendering assistance herein provided unless specified in another binding agreement.
9. Nothing herein shall preclude either party from making claims to signatories of the State of California Cooperative Agreement for Local Government Fire Suppression (Five-Party Agreement), nor any other reimbursement or claim instrument which may arise during the life of this Agreement, if all other criteria for such a claim have been met.
10. When service is rendered, CITY shall have the option to recover costs by participating in SBCFPD's Cost Recovery Program. In turn, SBCFPD shall have the option to recover cost by participating in CITY's Cost Recovery Program. The assisting fire department shall submit the designated forms to the responsible fire department. The responsible fire department shall attempt collection, and if the cost recovery claim is successful, the money collected shall be returned to the assisting fire department, minus the actual cost for processing the claim.

B. AUTOMATIC AID:

1. Automatic aid shall be limited to the CITY's and SBCFPD's jurisdictional boundaries. Responding fire suppression apparatus shall, at a minimum, be staffed with three full-time, paid, professional fire personnel, at least one of which will be a Paramedic. Medic Squad(s) shall be staffed with a minimum of two full-time, paid, professional fire personnel for EMS calls, at least one of which will be a Paramedic.
2. SBCFPD will, upon notification from its primary dispatch facility, respond with the pre-identified type of emergency equipment to an emergency incident within CITY's jurisdictional boundaries. This is to be an immediate response not requiring individual authorization of the Duty Officer and is to be considered an initial attack resource. Should CITY request additional units, the SBCFPD Duty Officer shall be notified and that request shall be classified and handled as a "mutual aid" request.
3. CITY will, upon notification from its primary dispatch facility, respond with the pre-identified type of emergency equipment to an emergency incident within SBCFPD's jurisdictional boundary. This is to be an immediate response not requiring individual authorization of the Duty Officer and is to be considered an initial attack resource. Should SBCFPD request additional units, CITY's Duty Officer shall be notified and that request shall be classified and handled as "mutual aid" request.
4. Details as to amounts and types of assistance to be automatically dispatched, methods of dispatching and communications, shall be recorded in an Operating Plan and signed by the Fire Chiefs of SBCFPD and CITY (Attachment "A"). The Parties shall meet annually before July 1st of each year to review and update, if necessary the Operating Plan.
5. The terms, as listed in Sections 1 through 4 above, are conditional upon the availability of resources from the sending agency. Neither party, in rendering aid to the other, shall be obligated to send resources that are previously committed to incidents in progress or to the extent that a situation is created that is detrimental to its citizens. The Duty Officer in charge of the assisting agency shall make such determination.
6. In those instances where an assisting fire department arrives before the jurisdictional fire department, the assisting fire department will take the necessary action dictated by the situation. However, it is assumed that the jurisdictional fire department will arrive shortly after the arrival of the assisting fire department. Thereafter, the responsibility for managing the situation will be immediately assumed by the jurisdictional fire department upon its arrival at the scene. The assisting fire department personnel will be under the direction of the officer-in-charge of the jurisdictional fire department. It is further agreed that the assisting fire department will be released from the scene as soon as is practical by the jurisdictional fire department.

7. It is mutually understood and agreed that this Agreement does not relieve either party hereto from the necessity and obligation for using its own resources for furnishing fire response within any part of its own jurisdiction, and that the assisting fire department's response to a request for aid will be dependent upon the existing emergency conditions within its own jurisdiction and the status of its resources. If an assisting fire department cannot respond under this Agreement, it must immediately notify the jurisdictional communication center.
8. Neither SBCFPD nor CITY shall be obligated to reimburse the other for any action taken or aid rendered hereunder, or for any use of materials, damage to equipment, or liability, or claims incurred which may occur in the course of rendering assistance herein provided for.
9. When service is rendered, CITY shall have the option to recover costs by participating in SBCFPD's Cost Recovery Program. In turn, SBCFPD shall have the option to recover cost by participating in CITY's Cost Recovery Program. The assisting fire department shall submit the designated forms to the responsible fire department. The responsible fire department shall attempt collection, and if the cost recovery claim is successful, the money collected shall be returned to the assisting fire department, minus the actual cost for processing the claim.

C. BOUNDARY DROP:

1. SBCFPD and CITY agree to participate in boundary drop to adhere as closely as practical to the "closest resource concept" for the agreed upon call types identified in the Operating Plan and signed by the Fire Chiefs of SBCFPD and CITY (Attachment "A"). For purposes of this Agreement, "boundary drop" shall mean the use of the closest most appropriate fire unit regardless of jurisdiction.
2. Details as to amounts and types of assistance to be automatically dispatched under Boundary Drop, methods of dispatching and communications, as well as agreed upon call types shall be recorded in an Operating Plan and signed by the Fire Chiefs of SBCFPD and CITY (Attachment "A"). The Parties shall meet annually before July 1st of each year to review and update, if necessary the Operating Plan.

D. INDEMNIFICATION:

1. CITY agrees to indemnify, defend (with counsel reasonably approved by SBCFPD) and hold harmless SBCFPD and its authorized officers, employees, agents and volunteers from any and all claims, actions, losses, damages, and/or liability arising out of the performance of this Agreement by CITY, and/or its officers, employees, agents, contractors or volunteers, including the acts, errors, or omissions of CITY and for any costs or expenses incurred by SBCFPD on account of any claim except where such indemnification is prohibited by law.
