2022-23 RECOMMENDED BUDGET							

## 2022-23 RECOMMENDED BUDGET

\* For 2022-23 Total Requirements include Contributions to Reserves/Net Position for Non-General Funds. For budgetary purposes, a Contribution to Reserves is considered a Requirement as it represents an allocation of available sources.

\*\* This amount excludes General Fund contributions to reserves that are detailed in Attachment C.

To accommodate actual fund balance as determined by the Auditor-Controller/Treasurer/Tax Collector at year end, technical balancing adjustments to appropriation, revenue and available reserves are authorized.

## Final fund balance adjustments:

For the general fund, upward or downward adjustments are to be made in the appropriation for contingencies, except for the following:

1. Fund balance adjustments related to revenues associated with Prop 172 are to be placed in the applicable Prop 172 restricted fund for each of the participants.

2. Fund balance adjustments related to revenues associated with Realignment are to be placed in the applicable restricted fund.

3. Fund balance adjustments related to expenditures associated with the Automated Systems Development budget unit are to be placed within that budget unit.

4. Any savings from variable rate debt, pursuant to County Budget Policy 05-01, shall be placed into the Capital Facilities Lease budget unit and utilized to pay down outstanding principal on existing debt.

5. Appropriation will be increased or decreased in the 2022-23 Board Priorities budget unit based on the amount of unspent appropriation available from the previous year.

For all special revenue funds, adjustments will be made to appropriation, revenue or available reserves as appropriate. No adjustments will be made to increase fixed asset appropriation units.

For all capital projects funds, adjustments will be made to appropriation, revenue or available reserves as appropriate.

For ARMC capital projects fund, adjustments will be made to either appropriation or revenue as appropriate.
