Sending Hospital hereby waives all rights of subrogation against the County.
- D. Policies Primary and Non-Contributory – All policies required above are to be primary and non-contributory with any insurance or self-insurance programs carried or administered by the County.

- I. Failure to Procure Coverage – In the event that any policy of insurance required under this Agreement does not comply with the requirements, is not procured, or is canceled and not replaced, the County has the right but not the obligation or duty to cancel the Agreement or obtain insurance if it deems necessary and any premiums paid by the County will be promptly reimbursed by Sending Hospital.
- J. Insurance Review – Insurance requirements are subject to periodic review by the County. The County Director of Risk Manager or designee is authorized, but not required, to reduce, waive or suspend any insurance requirements whenever Risk Management determines that any of the above insurances is not available, is unreasonably priced, or is not needed to protect the interest of the County. In addition, if the Department of Risk Management determines that heretofore unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the Director of Risk Management or designee is authorized, but not required, to change the above insurance requirements to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against the County, inflation, or any other item reasonably related to the County's risk.

Any change requiring additionally types of insurance coverage or higher coverage limits must be made by amendment to this Agreement. Sending Hospital agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of the County to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of the County.

- A. Sending Hospital agrees to indemnify, defend (with counsel reasonably approved by County) and hold harmless the County and its authorized officers, employees, agents and volunteers from any and all claims, actions, losses, damages and/or liability arising out of this Agreement from any cause whatsoever, including the acts, errors or omissions of any person (including specifically Sending Hospital Residents while training at ARMC), and for any costs or expenses incurred by the County on account of any claim except where such indemnification is prohibited by law. This indemnification provision shall apply regardless of the existence or degree of fault of indemnities. Sending Hospital indemnification obligation applies to the County's "active" as well as "passive" negligence but does not apply to the County's "sole negligence" or "willful misconduct" within the meaning of Civil Code section 2782. This provision of the Agreement will survive expiration or termination of the Agreement, regardless of the cause of such termination.

VI. OSHA Regulation

Sending Hospital and ARMC certify awareness of the Occupational Safety and Health Administration (OSHA) of the U.S. Department of Labor, the derivative Cal/OSHA standards and laws and regulations relating thereto, and shall comply therewith as to all relative elements under this Agreement. Sending Hospital shall be responsible for compliance by Residents with the final regulations issued by the Occupational Safety and Health Administration governing employee exposure to blood borne pathogens in the workplace under Section VI(b) of the Occupational Safety and Health Act of 1970, which regulations became effective March 6, 1992 and as may be amended or superseded from time to time (the "Regulations"), including but not limited to responsibility as "the employer" to provide all employees with (a) information and training about the hazards associated with blood and other potentially infectious materials, (b) information and training about the protective measures to be taken to minimize the risk of occupational exposure to blood borne pathogens, (c) training in the appropriate actions to take in an emergency involving exposure to blood and other potentially infectious materials, and (d) information as to the reasons the employee should participate in hepatitis B vaccination and post-exposure evaluation and follow-up. Sending Hospital's responsibility with respect to the Regulations also shall include the provision of the hepatitis B vaccination in accordance with the Regulations.
