**NOTIFICATION OF
DESIGN-BUILD ENTITIES REQUEST FOR QUALIFICATIONS
FOR
SAN BERNARDINO COUNTY
COUNTY GOVERNMENT CENTER PARKING STRUCTURE
DESIGN-BUILD PROJECT
Project No. 10.10.1379**

NOTICE IS HEREBY GIVEN that San Bernardino County (“County”) will receive sealed and completed Request for Qualifications Questionnaires to compete on an upcoming San Bernardino County Project, County Government Center Parking Structure Design-Build Project (“Project”), up to, but not later than, **4:00 p.m. (PST) March 27, 2023**. Only Design-Build Entities (“D-B Entity”) with a General Building Contractor License (“B” License) and who have been approved through this Request for Qualifications process will be eligible to compete for the Project. The County’s competitive selection process will proceed in two steps.

- Step 1 is the Request for Qualifications phase of the D-B Entity.
- Step 2 is the technical proposal from the D-B Entity. Only those D-B Entities that are successfully qualified in Step 1 will be allowed to participate in Step 2.

The estimated design and construction cost for the Project, inclusive of the design and all other services to be performed under the design-build contract, is \$65,000,000. The release of Step 2 of his procurement process, the RFP Package for Design-Build Contractors, will commit the County to paying an honorarium, in an amount not to exceed \$15,000 to each of the three eligible proposers, if the proposers submit a Design Proposal in accordance with the terms of the RFP and do not receive the award of the Design-Build Contract.

SUBMISSION OF REQUEST FOR QUALIFICATIONS QUESTIONNAIRES

Request for Qualifications Questionnaires may be obtained from the San Bernardino County Electronic Procurement Network (ePro) website: <https://epro.sbcounty.gov/epro/>. All addenda issued (if any) will be posted on ePro. **It is solely the responsibility of each Design-Build Entity to ensure that they receive any and all addenda; addenda will be uploaded to the ePro website.** Completed Request for Questionnaires must be received by the designated date and time. An electronic Request for Qualifications Questionnaire can be submitted through ePro. Submittals in ePro will be opened from the system’s “encrypted lock box” after the deadline and evaluated as stated in this solicitation or any addenda. If the Request for Qualifications Questionnaire is submitted

through ePro, D-B Entity shall also submit the following hard copies to County (in a sealed envelope with the name and number of the project marked on the outside) as required in this solicitation: one (1) original and five (5) paper copies for a total of six (6) complete Request for Qualifications Questionnaires and (1) copy on a flash drive (**except for the Disclosure of Potential Conflict of Interest Form which should be in a separately sealed and labeled envelope and only one copy provided**). Paper Request for Qualifications Questionnaires will be accepted at the location identified in the solicitation and can be withdrawn at any time prior to the scheduled deadline for submission of a Request for Qualifications Questionnaire. If the Request for Qualifications Questionnaire is submitted through ePro, the D-B Entity acknowledges that its electronic signature is legally binding. **ADDITIONAL NOTE: All Proposers must register with the ePro system prior to the date and time to receive the Request for Qualifications Questionnaire or they will be disqualified. Late or incomplete Request for Qualifications Questionnaires will not be accepted.** System-related issues in ePro shall be directed to Vendor support at ePro.Vendors@buyspeed.com or at (855) 800-5046. For procurement questions involving ePro, please contact the Purchasing Department at (909) 387-2060.

Requests for Clarification of the process or the documents may be submitted by email, Brenton.Rankin@res.sbcounty.gov, no later than 5:00 p.m. (PST), Friday, February 24, 2023.

Submit one (1) copy on a flash drive and one (1) original and five (5) paper copies for a total of six (6) complete Request for Qualifications Questionnaires and related information via mail to:

Request for Qualifications Questionnaires must be received by **4:00 p.m. (PST) on Monday, March 27, 2023**, at the above address.

By order of the Board of Supervisors of San Bernardino County, dated at San Bernardino, California, January 24, 2023.

DONALD DAY, Director
Project and Facilities Management

Published in the Daily Press on January 27, 2022 **GENERAL DESCRIPTION OF THE PROJECT**

This Design-Build Project will provide a new 2,000 minimum stall, multi-story, County-owned parking structure to be located on County owned lots at the southeast quadrant of the County Government Center (CGC) bordered by North Mountain View Avenue on the west, West 3rd Street on the south, North Sierra Way on the east and West 4th Street on the north in the City and County of San Bernardino. The parking structure will support parking needs for the entire CGC, including County employees, parking for members of the public doing business with the County and the Courts. The parking structure is the first phase of a CGC expansion which will add 300,000+/- square feet of office space to the CGC and renovate 49,000 square feet of office space within the CGC. The goal of the Project is to provide needed parking at the CGC to minimize disruptions to County business during the construction of the CGC Consolidated Master Plan buildout. The structure should be sited in a manner to provide the safest and shortest pedestrian route from the structure to the CGC, maximize the remainder of the site for future surface parking layout and/or ability/flexibility for future potential uses of the site. The structure shall have aesthetically enhanced exterior elevations to complement the future CGC Consolidated Master Plan building(s) and campus. The RFP for the Project will include a Basis of Design package for proposers use.

DESCRIPTION OF THE PROCUREMENT PROCESS

On September 30, 2014, Governor Brown signed Design-Build Legislation SB785 which authorized local agencies, including counties, to use the design-build procurement process for specified public works projects. The County has elected to use the design-build method as outlined in Public Contract Code (PCC) section 22160 et seq. for this Project. Within the context of this law, PCC section 22164 states that “[t]he local agency shall prepare and issue a request for qualifications in order to prequalify or short-list the design-build entities whose proposals shall be evaluated for final selection.” The County has developed this Request for Qualifications Questionnaire to comply with this requirement.

The approval of this Request for Qualifications Package is the first step of a two-step procurement process for the selection of a Design-Build Entity for this Project. The purpose of the Request for Qualifications Package is to solicit preliminary information from interested Design-Build Entities. The information submitted will be evaluated by a committee that includes representatives from the Project and Facilities Management (PFMD). The evaluation process is intended to identify three (3) D-B Entities who, in the opinion of the County, are best qualified to successfully execute the design and construction of the Project based on the criteria identified in the Request for Qualifications Package.

Following selection of the three finalists, PFMD will return to the Board of Supervisors (Board) to seek approval to proceed on to the second step of the procurement process. The second step will provide significantly more detail regarding the Project requirements and expectations, allowing the three D-B Entities to submit a Best and Final Proposal. The selection of the successful D-B Entity will be based on “best value to the County”, as determined by the evaluation committee.

PROJECT MILESTONE SCHEDULE

The County currently anticipates conducting the procurement of the Project in accordance with the following milestones, leading to award of a design-build contract. This schedule is subject to revision and the County reserves the right to modify this schedule as it finds necessary.

1. Approve Request for Qualifications Package	01/24/2023
2. Request for Qualifications Package Available	01/27/2023
3. Deadline to Submit Questions for RFQ	02/24/2023
4. Request for Qualifications Questionnaire Due	03/27/2023
5. Shortlist Notification to Successful Firms	04/14/2023
6. Request For Proposal (RFP) Document Available to Short-listed Firms	06/27/2023
7. Final Proposals Package Due	08/10/2023
8. Evaluation of Short-listed Firms Proposal Packages	09/12/2023
9. Cost Reconciliation and Negotiations Finalized	10/20/2023
10. Contract Award/Notice to Proceed	12/22/2023
11. Project Substantial Completion	09/03/2025

NOTICE OF REQUEST FOR QUALIFICATIONS REQUIREMENTS

Notice is hereby given that the County has determined that all proposers on the Project to be undertaken by the County must be prequalified prior to submitting a proposal on the Project. It is mandatory that all D-B Entities who intend to submit a proposal fully complete the Request for Qualifications Questionnaire, provide all materials requested herein, and be approved by the County in order to be on the final qualified Proposers list. No proposal will be accepted from a D-B Entity that has failed to comply with these requirements.

While it is the intent of the Request for Qualifications Questionnaire and supporting information required therewith to assist the County in determining proposer responsibility prior to submission of final proposals, neither the fact of prequalification, nor any prequalification rating, will preclude the County from a post-proposal consideration and determination of whether a proposer has the quality, fitness, capacity and experience to satisfactorily perform the proposed work and has demonstrated the requisite trustworthiness.

A D-B Entity will be evaluated based upon how well the entity meets the County's requirements. A D-B Entity may be found not qualified for: (1) Omission of requested information; (2) Falsification of information; or (3) Failure to meet minimum qualifications.

MINIMUM BONDING REQUIREMENTS

The Design-Build Entity, individually or as a team, must have the capacity to obtain performance and payment bonds for the full value of the design-build contract, subject to any change orders or contract amendments, in an amount not less than the estimated design and construction cost of \$65,000,000, and inclusive of the design and all other services to be performed under the design-build contract. Cost is considered in the Best Value evaluation, in addition to other factors. The prospective D-B Entities that cannot provide bonding at that amount will not be considered qualified even though they may be qualified otherwise.

CALIFORNIA PUBLIC RECORDS ACT

Public Contract Code section 22164(b)(4)(B) states “[i]nformation required under this subdivision that is not otherwise a public record under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) shall not be open to public inspection.” All information submitted in the Request for Qualifications Questionnaire or in response to requests for additional information may be subject to disclosure under the provisions of the California Public Records Act, Government Code Section 6250 et seq. and the following. Request for Qualifications Questionnaires may contain financial or other data that constitutes a trade secret. To protect such data from disclosure, D-B Entity should specifically identify the pages that contain confidential information by properly marking the applicable pages and inserting the following notice on the front of its response:

NOTICE

The data on pages _____ of this Proposal response, identified by an asterisk (*) or marked along the margin with a vertical line, contains information which are trade secrets. We request that such data be used only for the evaluation of our response but understand that disclosure will be limited to the extent that San Bernardino County determines is proper under federal, state, and local law.

The proprietary or confidential data shall be readily separable from the Request for Qualifications Questionnaire in order to facilitate eventual public inspection of the non-confidential portion of the Request for Qualifications Questionnaire.

The County assumes no responsibility for disclosure or use of unmarked data for any purpose. In the event disclosure of properly marked data is requested, the D-B Entity will be advised of the request and may expeditiously submit to the County a detailed statement indicating the reasons it has for believing that the information is exempt from disclosure under federal, state and local law. This statement will be used by the County in making its determination as to whether or not disclosure is proper under federal, state and local law. The County will exercise care in applying this confidentiality standard but will not be held liable for any damage or injury which may result from any disclosure that may occur.

SAN BERNARDINO COUNTY RIGHTS

The County reserves the right to waive minor irregularities and omissions in the information contained in the Request for Qualifications Questionnaire (RFQ) submitted, to make all final determinations, and to determine at any time that the Request for Qualifications procedures will not be applied to a specific future project.

The County may refuse to grant prequalification where the requested information and materials are not provided, or not provided by the date specified above. There is no appeal from a refusal for an incomplete or late Questionnaire, but re-application for a later project is permitted. The closing time for the submission of Request for Qualifications Questionnaires will not be changed in order to accommodate supplementation of incomplete submissions, or late submissions.

The County reserves the right to adjust, increase, limit, suspend or rescind the prequalification rating based on subsequent learned information. D-B Entities whose rating changes sufficiently to disqualify them will be notified and given an opportunity for a hearing consistent with the hearing procedures described for appealing a prequalification rating.

In connection with this procurement, the County reserves to itself all rights (which rights shall be exercisable by the County in its sole discretion) available to it under applicable law, including without limitation, the following, with or without cause and with or without notice:

The right to cancel, withdraw, postpone or extend this RFQ or the subsequent Request for Proposals in whole or in part at any time prior to the execution by County of a design-build contract, without incurring any obligations or liabilities.

The right to issue a new RFQ.

The right to reject any and all submittals, responses and proposals received at any time.

The right to modify all dates set or projected in this RFQ.

The right to terminate evaluations of responses received at any time.

The right to suspend and terminate the procurement process for the Project, at any time.

The right to revise and modify, at any time prior to the RFP/RFQ submittal date, factors it will consider in evaluating responses to this RFQ and the subsequent RFP and to otherwise revise its evaluation methodology.

The right to waive or permit corrections to data submitted with any response to this RFQ until such time as the County declares in writing that a particular stage or phase of its review of the responses to this RFQ has been completed and closed.

The right to issue addenda, supplements, and modifications to this RFQ, including but not limited to modifications of evaluation criteria or methodology and weighting of evaluation criteria.

The right to permit submittal of addenda and supplements to data previously provided with any response to this RFQ until such time as the County declares in writing that a particular stage or phase of its review of the responses to this RFQ has been completed and closed.

The right to hold meetings and conduct discussions and correspondence with one or more of the Design-Build Entities responding to this RFQ to seek an improved understanding and evaluation of the responses to this RFQ.

The right to seek or obtain data from any source that has the potential to improve the understanding and evaluation of the responses to the RFQ, including the right to seek clarifications from Design-Build Entities.

The right to permit Design-Build Entities to add or delete firms and/or key personnel until such time as the County declares in writing that a particular stage or phase of its review has been completed and closed.

The right to add or delete Design-Build Entity responsibilities from the information contained in this RFQ or the subsequent RFP.

The right to appoint and change appointees of the Evaluation Committee.

The right to use assistance of outside technical and legal experts and consultants in the evaluation process.

The right to waive deficiencies, informalities and irregularities in a Proposal, accept and review a non-conforming Proposal or seek clarifications or supplements to a Proposal.

The right to disqualify any Design-Build Entity that changes its submittal without County approval.

County Not Obligated for Costs of Request for Qualifications Questionnaire

The County assumes no obligations, responsibilities, and liabilities, fiscal or otherwise, to reimburse all or part of the costs incurred or alleged to have been incurred by parties considering a response to and/or responding to this RFQ, or the subsequent Request for Proposals (RFP). All of such costs shall be borne solely by each Design-Build Entity and its team members.

County's Obligations

Except as set forth in the following paragraph, in no event shall the County be bound by, or liable for, any obligations with respect to the Project until such time (if at all) a design-build contract, in form and substance satisfactory to the County, has been executed and authorized by the County and, then, only to the extent set forth therein.

Requirement to Keep Team Intact

The team proposed by D-B Entity, including but not limited to the lead contractor, the designer-of-record, Key Personnel, and other individuals identified by the D-B Entity, shall remain on D-B Entity team for the duration of the procurement process and, if the D-B Entity is awarded the design-build contract, the duration of the contract. If extraordinary circumstances require a proposed change, it must be submitted in writing to the Director of the County's Project and Facilities Management Department who, at his sole discretion, will determine whether to authorize a change. Unauthorized changes to the D-B Entities team at any time during the procurement process may result in the elimination of the D-B Entity from further consideration.

Notwithstanding the above, the County will consider providing Shortlisted D-B Entities with a limited opportunity to add or remove consultants, subcontractors and/or key personnel to address deficiencies identified by the County in the Proposal. This opportunity will only be allowed in writing during the RFP process.

APPEAL PROCESS

Where the scoring of a timely and completed Request for Qualifications Questionnaire results in a rating below that necessary to prequalify a D-B Entity, or a disqualification due to a conflict of interest, an appeal can be made provided the following stipulations are met:

1. Appeal must be in writing.
2. Must be submitted within seven (7) calendar days of the date of the shortlist notification to successful firms, denial of shortlist notification letters, or notification of disqualification due to a conflict of interest.

An appeal can only be brought on the following grounds:

1. Failure of the County to follow the selection procedures and adhere to requirements specified in the RFQ or any addenda or amendments.
2. There has been a violation of conflict of interest as provided by California Government Code Section 87100 et seq.
3. A violation of State or Federal law.

Appeals will not be accepted for any other reasons than those stated above. All appeals must be sent to:

Pete Mendoza, Interim Director
San Bernardino County
Purchasing Department
777 E. Rialto Avenue
San Bernardino, CA 92415-0760

The County Purchasing Agent shall make a decision concerning the appeal, and notify the D-B Entity making the appeal, within a reasonable timeframe prior to the tentatively scheduled date for returning to the Board to release the RFP to the shortlisted firms. The decision of the County Purchasing Agent shall be deemed final.

Without a timely appeal, the D-B Entity waives any and all rights to challenge the decision of the County regarding selection and prequalification of D-B Entity for this Project, whether by administrative process, judicial process or any other legal process or proceeding.

INSTRUCTIONS AND OVERVIEW OF THE REQUEST FOR QUALIFICATIONS PROCESS

The Request for Qualifications Questionnaire seeks information about the contractor and design professionals that comprise the D-B Entity. The Questionnaire must be signed under penalty of perjury in the manner designated on the Certifications page by authorized person(s) on behalf of **each** of the entities (or persons) that is a constituent member of the D-B Entity that is seeking to be prequalified by the County, including an individual(s) who has the legal authority to bind the D-B Entity on whose behalf that person is signing.

If any information provided by a D-B Entity becomes inaccurate, the D-B Entity must immediately notify the County and provide updated accurate information in writing, under penalty of perjury.

DEFINITION OF WHAT COMPRISES A DESIGN-BUILD ENTITY

A D-B Entity is defined by Public Contract Code 22161 as, “a corporation, limited liability company, partnership, joint venture, or other legal entity that is able to provide appropriately licensed contracting, architectural, and engineering services as needed pursuant to a design-build contract.”

Although that definition allows wide latitude in the composition of the D-B Entity, San Bernardino County requires the D-B Entity to identify and list certain core member organizations that will comprise the D-B Entity. Those core organizations must individually complete the appropriate scored question portion of the Request for Qualifications Questionnaire and obtain a passing score to be considered qualified. The core members that are required to be listed in the D-B Entity are:

- General Contractor

- Architect
- Structural Engineer
- Mechanical Engineer
- Electrical Engineer
- Civil Engineer

The core members of the D-B Entity identified in response to this Request for Qualifications Document must be selected on qualifications. Public Contract Code section 22166 provides as follows:

“Following award of the design-build contract, the design-build entity shall proceed as follows in awarding construction subcontracts with a value exceeding one-half of 1 percent of the contract price allocable to construction work:

- (1) Provide public notice of availability of work to be subcontracted in accordance with the publication requirements applicable to the competitive bidding process of the local agency, including a fixed date and time on which qualifications statements, bids, or proposals will be due.
- (2) Establish reasonable qualification criteria and standards.
- (3) Award the subcontract either on a best value basis or to the lowest responsible bidder. The process may include prequalification or short-listing. The foregoing process does not apply to construction subcontractors listed in the original proposal. Subcontractors awarded construction subcontracts under this subdivision shall be afforded all the protections of Chapter 4 (commencing with Section 4100) of Part 1.”

If the D-B Entity chooses to use a core member organization with the capability of performing both design and construction services (i.e. a subcontractor with a licensed engineer and design staff), then that member must successfully qualify as both the sub-consultant and subcontractor for the listed discipline.

SCORING APPROACH

The rating of the D-B Entity will result from consideration of the scores attained in all parts of the questionnaire. The evaluation process is intended to identify three (3) D-B Entities who, in the opinion of the County, are best qualified to successfully execute the design and construction of the Project based on the criteria identified in the Request for Qualifications Package.

PART I: INFORMATION ABOUT THE D-B ENTITY AND EACH OF ITS MEMBERS

This part applies to the D-B Entity as a whole and to each of its Members, and is for identification purposes only. There is no scored value to Part I.

Part I will be the only information of the Request for Qualifications Document provided to the public, unless disclosure is required by law.

PART II: ESSENTIAL REQUIREMENTS FOR THE DESIGN-BUILD ENTITY AS A WHOLE

This part applies to the D-B Entity as a whole and is a qualify-don't qualify series of questions. All questions must be answered correctly or the D-B Entity will be disqualified. This is the first step in rating the D-B Entity in the Request for Qualifications process. If the D-B Entity is able to correctly respond to each of these questions, its ultimate rating will be dependent upon the scored questions.

If the D-B Entity is unable to correctly respond to each of these questions, it will be disqualified regardless of the results of the scored questions.

PART III: SCORED QUESTIONS FOR INDIVIDUAL MEMBERS OF THE D-B ENTITY

Subpart A: Scored Questions for the General Contractor Member

This part applies to the general contractor member. It consists of a series of questions that must be answered. Each group of questions will be scored and given a weighted value. The total score attained establishes the rating for the general contractor and will be combined with the scores of the other parts to determine the total score for the D-B Entity.

Subpart B: Scored Questions for the Architect Member

This part applies to the architect member. It consists of a series of questions that must be answered. Each group of questions will be scored and given a weighted value. The total score attained establishes the rating for the architect member and will be combined with the scores of the other parts to determine the total score for the D-B Entity.

Subpart C: Scored Questions for the Sub-consultant Member(s) – Principal Engineers

This part applies to each Sub-Consultant Member. It consists of a series of questions that must be answered for each sub-consultant member of the D-B Entity. Each group of questions will be scored and given a weighted value. The total score attained establishes the rating for the Sub-Consultant Member and will be combined with the scores of the other parts to determine the total score for the D-B Entity.

San Bernardino County requires that the architectural, structural, mechanical, electrical, and civil engineer consultants be listed as member firms.

Subpart D: Questions for the Sub-Contractor Member(s), including Mechanical and Electrical Subcontractors

This part applies to each Sub-Contractor Member including, but not limited to, Mechanical and Electrical Sub-Contractor(s), who is a partner, general partner, or association member of the D-B Entity. It consists of a series of questions that must be answered for each Sub-Contractor Member.

PART IV: SCORED QUESTIONS FOR RELEVANT PROJECT EXPERIENCE

This part applies to the D-B Entity as a whole and to each of its Members. It consists of a series of questions that must be answered and the total score attained will be combined with the scores of the other parts to determine the total score for the D-B Entity.

Section II is the first step in scoring the Design-Build Entity. It seeks information about various members of the Design-Build Entity, and consists of questions that must be answered correctly (per the table at the end of this Section) or the Design-Build Entity will be disqualified.

Definitions:

- The term “Design-Build Entity” as used in this Section II means Design-Build Entities wishing to be considered for receipt of the County’s Request for Proposal for the design and construction of the Project.
- The term “Associates” as used in this Section II means all of the following:
 - The current qualifiers for all current Contractors State License Board contracting licenses held by the General Contractor.
 - All current officers of the General Contractor if it is a corporation.
 - All current partners of the General Contractor if it is a partnership.
 - All current joint venturers of the joint venture contractor which is seeking prequalification.
- “Sub-consultant Member” shall mean any member of the Design-Build Entity which provides professional services.
- The term “Proposed Subcontractor” as used in this Section II means a Subcontractor Member including Mechanical and Electrical Subcontractors who are a partner, general partner, or association member of the Design-Build Entity.

ESSENTIAL REQUIREMENTS FOR THE CONTRACTOR AND SUBCONTRACTOR MEMBER(S) OF THE D-B ENTITY.

NOTE: D-B Entity will be automatically disqualified if the answer to any of the questions 1 through 8 is “no”.

1. Does the General Contractor and each Proposed Subcontractor Member possess a current California contractor’s license for the Project for which it intends to submit a proposal?

Yes No

2. Does the General Contractor have a liability insurance policy with a policy limit of at least the amount shown on the table below, which correlates with the proposed construction budget for this Project from a California admitted company?

Yes No

If "yes," on a separate page identify the claim by providing the name of claimant, the project name, date of the claim, name of the entity (or entities) against whom the claim was filed, a brief description of the nature of the claim, the court and case number, and a brief description of the status of the claim (pending, or if resolved, a brief description of the resolution).

D-24 In the last ten (10) years has any insurance carrier, for any form of insurance, refused to renew the insurance policy for the Sub-contractor Member or any of its Associates due to non-payment or contractor losses?

Yes No

If "yes," on a separate page give name of the insured, name the insurance carrier, the form of insurance, and the year of the refusal.

D-25 During the last ten (10) years, has there ever been a period of time when the Sub-contractor Member or any of its Associates had no surety bond in place during a public construction project when one was required?

Yes No

If "yes", on a separate page indicate the period during which no surety bonds were in place, name of entity without surety bond, the name of project owner, and if coverage was denied the date coverage was denied and the name of the company that denied coverage.

D-26 Has CAL OSHA cited and assessed penalties against the Sub-contractor Member or any of its Associates for any “serious,” “willful” or “repeat” violations of its safety or health regulations in the past ten (10) years?

NOTE: If you have filed an appeal of a citation, and the Occupational Safety and Health Appeals Board has not yet ruled on your appeal, you need not include information about it.

Yes No

If “yes,” on separate page describe the citations, the party against whom the citation was made, date of citation, nature of the violation, project on which the citation was issued, owner of project, and the amount of penalty paid, if any. State the case number and date of any OSHAB decision.

D-27 Has the Federal Occupational Safety and Health Administration cited and assessed penalties against the Sub-contractor Member or any of its Associates in the past ten (10) years?

NOTE: If an appeal of the citation has been filed and the Appeals Board has not yet ruled, or if there is a court appeal pending, you need not include information about the citation.

Yes No

If “yes,” on separate page describe the citations, the party against whom the citation was made, date of citation, nature of the violation, project on which the citation was issued, owner of project, and the amount of penalty paid, if any. State the case number and date of any decision.

D-28 Has the EPA or any Air Quality Management District or any Regional Water Quality Control Board cited and assessed penalties against either the Subcontractor Member, any of its Associates, or the owner of a project during the time in which the preceding parties were performing under a contract in the past ten (10) years?

NOTE: If an appeal of the citation has been filed and there is no ruling yet, or if there is a court appeal pending, you need not include information about the citation.

Yes No

If “yes,” on separate page describe the citations, the party against whom the citation was made, date of citation, nature of the violation, project on which the citation was issued, owner of project, and the amount of penalty paid, if any. State the case number and date of any decision.

D-29 Does the Sub-contractor Member require documented safety meetings to be held for construction employees and field supervisors during the course of a project?

Yes No

If "yes", identify how often the meetings are required.

Weekly Bi-Weekly Monthly Less Frequent

D-30 List the Sub-contractor Member's Experience Modification Rate (EMR) (California workers' compensation insurance) for each of the past three premium years:

(NOTE: An Experience Modification Rate is issued to your firm annually by your workers' compensation insurance carrier.)

Year: _____ EMR: _____
Year: _____ EMR: _____
Year: _____ EMR: _____

(If your EMR for any of these three years is or was 1.00 or higher you may attach a letter of explanation)

D-31 List the General Contractor's injury or illness rate for the most recent three-year period:

Year: _____ Injury or Illness Rate: _____
Year: _____ Injury or Illness Rate: _____
Year: _____ Injury or Illness Rate: _____

State the applicable statistical standard for the injury or illness rate for General Contractor's business category:

Business Category: _____

Applicable Statistical Standard: _____

D-32 List the General Contractor's lost work rate for the most recent three-year period:

Year: _____ Lost Work Rate: _____
Year: _____ Lost Work Rate: _____
Year: _____ Lost Work Rate: _____

State the applicable statistical standard for the lost work rate for General Contractor's business category:

Business Category: _____

Applicable Statistical Standard: _____

D-33 Is the General Contractor a party to an alternative dispute resolution system as provided for in Section 3201.5 of the Labor Code?

Yes No

NOTE: Attach to the qualification questionnaire evidence that General Contractor is a party to the identified alternative dispute resolution system.

D-34 Within the last ten (10) years has there ever been a period when the Sub-contractor Member or any of its Associates had employees but was without workers' compensation insurance or state-approved self-insurance?

Yes No

If "yes," please explain the reason for the absence of workers' compensation insurance on a separate page. If "No," please provide a statement by your current workers' compensation insurance carrier that verifies periods of workers' compensation insurance coverage for the Sub-contractor Member for the last ten (10) years. (If the Sub-contractor Member has been in business for less than ten (10) years, provide a statement by your workers' compensation insurance carrier verifying continuous workers' compensation insurance coverage for the period that your firm has been in business.)

D-35 Has there been more than one occasion during the last ten (10) years in which the Sub-contractor Member or any of its Associates was required to pay either back wages or penalties for failure to comply with the California state prevailing wage laws?

Yes No

If "yes," attach a separate page, describing the violator, nature of each violation, name of the project, date of its completion, the public agency for which it was constructed; the number of employees who were initially underpaid and the amount of back wages and penalties that were assessed.

D-36 During the last ten (10) years, has there been more than one occasion in which the Sub-contractor Member or any of its Associates have been penalized or required to pay back wages for failure to comply with the Federal Davis-Bacon prevailing wage requirements?

Yes No

If "yes," attach a separate page, describing the violator, nature of each violation, name of the project, date of its completion, the public agency for which it was constructed; the number of employees who were initially underpaid and the amount of back wages and penalties that were assessed.

D-37 If the Sub-contractor Member operates its own State-approved apprenticeship program, provide the following information on a separate page:

- (a) Identify the craft or crafts in which you provided apprenticeship training in the past year.
- (b) State the year in which each such apprenticeship program was approved, and attach evidence of the most recent California Apprenticeship Council approval(s) of your apprenticeship program(s).
- (c) State the number of individuals who were employed by your firm as apprentices at any time during the past three years in each apprenticeship and the number of persons who, during the past three years, completed apprenticeships in each craft while employed by your firm.

D-38 At any time during the last ten (10) years, has the Sub-contractor Member or any of its Associates been found to have violated any provision of California apprenticeship laws or regulations, or the laws pertaining to use of apprentices on public works?

Yes No

If "yes," provide the date of the findings and attach a copy of the final decision.

Date of Findings

D-39 Do agreements exist between the Sub-contractor Member and registered apprenticeship programs which have been approved by the California Apprenticeship Council, and have such programs graduated apprentices in the preceding five years, for all apprenticable crafts which may be employed by the Sub-contractor Member on this project?

Yes No

(This graduation requirement shall not apply to programs providing apprenticeship training for any craft that has not been deemed by the Department of Labor and the Department of Industrial Relations to be an apprenticable craft within the period of October, 1999 to October, 2001.)

PART IV RELEVANT PERSONNEL AND PROJECT EXPERIENCE

RELEVANT EXPERIENCE – Weight 55%

PART IV SUBPART A: PERSONNEL

SCORING: Each of the following Questions shall be scored and included in the calculation of the D-B Entity's total score. D-B Entity shall provide sufficient information to enable the County to understand and evaluate the experience of the D-B Entities team on similar projects.

1. List the following key personnel who will be assigned to this Project for the Design-Build Entity:

**Architect Principal-in-Charge of Project
Architect Project Manager
Architect of Record
Structural Engineer of Record
Civil Engineer of Record
Mechanical Engineer of Record
Electrical Engineer of Record
General Contractor Executive-in-Charge of Project
General Contractor Project Manager
General Contractor Superintendent**

2. For each of the above provide a resume containing the individual's overall experience, education, licensing and other general information as well as the individual's prior experience to perform his/her required functions relevant to the scope associated with the Project. These individuals are to be committed to the roles indicated for the project and may not be subject to substitution without prior written approval by the County. Any persons so substituted must possess qualifications equal to or better than the individuals who may be prequalified.

3. Provide an Organization Chart for the project indicating, at a minimum, the roles and relationships of the above named individuals.

4. Provide an explanation of the history and business relationship, if any, between the D-B Entity's lead contractor and architect-of-record.

5. Provide an explanation of the prior working relationship that the D-B Entity has had with any other proposed member of its team, including any specialty sub-consultants or major sub-contractors.

PART IV RELEVANT PERSONNEL AND PROJECT EXPERIENCE

PART IV SUBPART B: PROJECT EXPERIENCE

SCORING: Each of the following Questions shall be scored and will be included in the calculation of the D-B Entity's total score. D-B Entity shall provide sufficient information to enable the County to understand and evaluate the experience of the D-B Entity's team on similar projects.

1. D-B Entity, D-B Entity's Lead Contractor (if different from D-B Entity) and Architect-of-Record (if different from D-B Entity) shall each describe a minimum of (1) one project and a maximum of four (4) projects (following guidelines set forth in Schedule A - Project Summary) that said entity has managed, designed, and/or constructed during the last ten (10) years that were projects located in California with a construction contract value in excess of \$4M.
2. D-B Entity, D-B Entity's Lead Contractor (if different from D-B Entity) and Architect-of-Record (if different from D-B Entity) shall each describe a minimum of (1) one project and a maximum of four (4) projects (following guidelines set forth in Schedule A - Project Summary) that said entity has managed, designed, and/or constructed during the last ten (10) years, related to Design-Build Projects with a total contract value in excess of \$4M.
3. Identify any projects where Design-Build Entity, Design-Build Entity's lead contractor (if different from D-B Entity) and Architect-of-Record (if different from D-B Entity) have worked together in a design-build relationship. If applicable, describe a minimum of (1) one project and a maximum of four (4) such projects (following guidelines set forth in Schedule A - Project Summary) completed during the last ten (10) years, focusing on those projects that D-B Entity considers most relevant in demonstrating its qualifications to serve as the design-builder for this Project.
4. Identify any projects where Design-Build Entity, Design-Build Entity's lead contractor (if different from D-B Entity), and Architect-of-Record (if different from D-B Entity) have worked together on the same project, for the same owner, in a non-design-build relationship; including, but not limited to projects delivered on an at-risk construction management or design-bid-build basis. If applicable, describe a minimum of (1) one project and a maximum of four (4) such projects (following guidelines set forth in Schedule A - Project Summary) completed during the last ten (10) years, focusing on those projects that D-B Entity considers most relevant in demonstrating its qualifications to serve as the design-builder for this Project.

PART IV RELEVANT PERSONNEL AND PROJECT EXPERIENCE

PART IV SUBPART C: REFERENCE INTERVIEWS

Part IV Subpart C is comprised of a series of questions relating to the D-B Entity's performance on three completed projects. The three projects will be selected by the County from the total list of projects submitted. The questions will be asked by the County's staff and answered by an owner's representative for each subject project. Each question has a possible score value ranging from 1 to 5.

Project: _____

Project Owner: _____

Contractor: _____

Project Brief Description: _____

1. Are there any outstanding stop notices, liens, or claims by the Contractor that are currently unresolved on contracts for which notices of completion were recorded more than 120 days ago?

Yes No

If "yes" how many separate instances? _____

2. On a scale of 1-5, with 5 being the best, did the Contractor provide adequate personnel? Rating: _____

3. On a scale of 1-5, with 5 being the best, did the Contractor provide adequate supervision? Rating: _____

4. On a scale of 1-5, with 5 being the best, was there adequate equipment provided on the job? Rating: _____

5. On a scale of 1-5, with 5 being the best, was the Contractor timely in providing reports and other paperwork, including change order paperwork and scheduling updates? Rating: _____

6. On a scale of 1-5, with 5 being the best, did the Contractor adhere to the project schedule that your agency or business approved? Rating: _____

7. Was the project completed on time?

Yes (5 points) No

If "no", on a scale of 1-5, with 5 being the best, rate Contractor responsibility: Rating: _____

8. On a scale of 1-5, with 5 being the best, rate the Contractor on the timely submission of reasonable cost and time estimates to perform change order work. Rating: ____
9. On a scale of 1-5, with 5 being the best, rate the contractor on how well they performed the work after a change order was issued, and how well they integrated the change order work into the existing work. Rating: ____
10. On a scale of 1-5, with 5 being the best, rate how has the Contractor been performing in the area of submitting Operation & Maintenance manuals, completing as-built drawings, providing required training, and taking care of warranty items? Rating: ____
11. On a scale of 1-5, with 5 being the best, rate the Contractor on whether there were an unusually high number of claims, given the nature of the project, or unusual difficulty in resolving them. Rating: ____
12. On a scale of 1-5, with 5 being the highest, rate the Contractor with respect to timely payments by them to sub-contractors and/or suppliers. Rating: ____
13. On a scale of 1-5, with 5 being the best, rate the quality of the work overall. Rating: ____
14. On a scale of 1-5, with 5 being the best, was the contractor cooperative with the owner and the architect? Rating: ____
15. On a scale of 1-5, with 5 being the best, did the contractor try to resolve disputes in a fair and equitable manner? Rating: ____

DESIGN-BUILD CONFLICT OF INTEREST PACKAGE

The following is the Conflict of Interest Policy as stated in County Policy No. 11-13.

POLICY STATEMENT AND PURPOSE

The purpose of this policy is to provide guidelines, as required by Public Contract Code section 22162, for the conflict of interest policy for consultants or contractors that submit a proposal as a Design-Build Entity, or seek to join a Design-Build Team, for a Design-Build project procured pursuant to Public Contract Code section 22160 et seq.

Organizational conflicts of interest can occur when, because of existing or planned activities or because of relationships with other persons, a Proposer is unable or potentially unable to render impartial assistance or advice to the County, the Proposer's objectivity in performing the contract work is or might be otherwise impaired, or the Proposer has an unfair competitive advantage.

DEPARTMENTS AFFECTED

All County agencies, departments, and Board-governed Special Districts utilizing the Design-Build procurement for a project under Public Contract Code section 22160 et seq.

DEFINITIONS

County means all County departments, agencies, and Board-governed Special Districts.

Design-Build means a project delivery process in which both the design and construction of a project are procured from a single entity.

Design-Build Entity means a corporation, limited liability company, partnership, joint venture, or other legal entity that is able to provide appropriately licensed contracting, architectural, and engineering services as needed pursuant to a Design-Build contract.

Design-Build Team means the Design-Build Entity itself and the individuals and other entities identified by the Design-Build Entity as members of its team. Members shall include the general contractor and, if utilized in the design of the project, all electrical, mechanical, and plumbing contractors.

Proposal means a Proposer's response to the County's Design-Build RFQ and RFP.

Proposer means any consultant or contractor that seeks to submit a proposal as a Design-Build Entity or to join a Design-Build Team.

Related Entity means an organization in which:

- (1) The same person or a majority of the same persons direct or control each entity; or
- (2) The same person or a majority of the same persons have a 50 percent or greater ownership interest in each business entity.

For purposes of this definition, “person” shall mean an individual, proprietorship, firm, partnership, joint venture, syndicate, business trust, company, corporation, limited liability company, association, committee, and any other organization or group of persons acting in concert.

Request for Proposals (RFP) is the process of inviting prequalified or short-listed entities to submit competitive sealed Proposals for a Design-Build project.

Request for Qualifications (RFQ) is the process to prequalify or short-list the Design-Build Entities whose Proposals shall be evaluated for final selection.

Sub-consultant and Subcontractor means an individual or business seeking to join a Design-Build Team or provide services to a Design-Build Team, on a County Design-Build project.

POLICY AMPLIFICATION

Based upon the guidance of Federal, State and local laws, codes, regulations and policies, the following conflict of interest approach will apply:

1. Consultants will NOT be allowed to participate as a Proposer or to join a Design-Build Team if any of the following is applicable:
 - a. The consultant is the County’s general engineering or architectural consultant to the Design-Build project. Sub-consultants to the general engineering or architectural consultant that have not yet performed work on the contract to provide services for the Design-Build project may participate as a Proposer or join a Design-Build Team if they terminate the agreement to provide work and provide no work for the County’s general engineering or architectural consultant on the Design-Build project.
 - b. The consultant has assisted or is assisting the County in the management of the Design-Build project, including the preparation of the RFP language or evaluation criteria.
 - c. The consultant has conducted preliminary design services for the Design-Build project such as conceptual layouts, preliminary design, or preparation of bridging documents.
 - d. The consultant performed design work related to the Design-Build project for other stakeholders in the Design-Build project.
 - e. The consultant has performed work on a previous contract that specifically excludes them from participating as a Proposer or joining a Design-Build Team for the Design-Build project.

- f. The consultant is under contract with any other entity or stakeholder to perform oversight on the Design-Build project.
 - g. The consultant has obtained any advice from, or discussed any aspect relating to, the project or procurement of the project with any person or entity with an organizational conflict of interest, including but not limited to, the consultants of any entity who have provided technical support on the Design-Build project.
2. Consultants who may have potential conflicts of interest in relation to the Design-Build project and wish to participate as a Proposer must:
 - a. Conform to federal, state and local conflict of interest rules and regulations.
 - b. Disclose all relevant facts relating to past, present or planned interest(s) of the Proposer's team (including the Proposer, Proposer's proposed consultants and Sub-consultants and/or Subcontractors and their respective chief executives, directors and key personnel) which may result in, or could be viewed as, an organizational conflict of interest in connection with any Design-Build procurement, including present or planned contractual or employment relationships with any current County employee.
 - c. Disclose in the response documents to a Design-Build RFQ and RFP, all the work performed in relation to the Design-Build project.
 - d. Provide all records of work performed in relation to the Design-Build project to the County so that all information can be evaluated and made available to all potential Design-Build Teams, if necessary.
 - e. Ensure that the consultant's contract, with any other entity or stakeholder in the Design-Build project, to perform services related to the Design-Build project has expired or has been terminated.
 - f. In cases where consultants on different consultant teams belong to the same parent company, each consultant should describe how the Sub-consultants and/or Subcontractors would avoid conflicts through the qualification and bid phases of the Design-Build project.
3. The Design-Build Conflict of Interest Package ("Package") is attached to the standard practice and includes the Conflict of Interest Policy, Conflict of Interest Checklist Instructions, Conflict of Interest Checklist ("Checklist"), and Disclosure of Potential Conflict of Interest Form ("Disclosure Form"). The Package will be provided to and is to be used by all Proposers, including Sub-consultants and Subcontractors, to assist in screening for potential organizational conflicts of interest. If a Proposer determines a potential conflict of interest exists that is not covered by the Checklist, that potential conflict must still be disclosed.

4. If the Proposer determines a potential conflict of interest exists, it must disclose the potential conflict of interest to the County; however, such a disclosure will not necessarily disqualify a Proposer from being awarded a contract. The Proposer shall propose measures to avoid, neutralize or mitigate all potential conflicts. Proposer will provide the Disclosure Form separate from the Proposal and it will not be provided to the RFQ/RFP selection committee members. Separate County staff, with the assistance of County Counsel, will review the Disclosure Form and the appropriateness of the proposed mitigation measures to determine if the Proposer may be awarded the contract notwithstanding the potential conflict. The County reserves the right to cancel or amend the resulting contract if the successful Proposer failed to disclose a potential conflict, which it knew or should have known about, or if the Proposer provided information on the Disclosure Form that is false or misleading.
5. Upon review of the information provided by Proposer, the County will determine, in its sole discretion, if the Proposer has a conflict of interest.
6. After contract award, the consultant has an ongoing obligation to monitor its conflicts or potential conflicts of interest. The County has a right to ongoing enforcement of this Policy. If an organizational conflict of interest is discovered after contract award, the consultant must make an immediate and full written disclosure to the County that includes a description of the action that the consultant has taken or proposes to take to avoid or mitigate such conflicts. If an organizational conflict of interest is determined to exist and the consultant was aware of an organizational conflict of interest prior to award of the contract and did not disclose the conflict, the County may terminate the contract. If a new conflict of interest arises after contract award, and consultant's proposed measures to avoid or mitigate the conflict are determined by the County to be inadequate to protect the County, the County may terminate the contract. If the contract is terminated, the County assumes no obligations, responsibilities and liabilities to reimburse all or part of the costs incurred or alleged to have been incurred by consultant and is entitled to pursue any available legal remedies.
7. For other potential conflicts of interest not mentioned specifically above (e.g. employee changing companies, merger/acquisitions of firms, property ownership, business arrangements, financial interest) consultant shall disclose and address any conflicts of interest or potential conflicts of interest when participating as or joining a Design-Build Team. The County will then determine if a conflict of interest exists.
8. The successful Proposer, or Related Entities affiliated with the successful Proposer, are prohibited from competing on any agreement to provide construction inspection services for the Design-Build project. Except for Sub-consultants whose services are limited to providing surveying or material testing information, no Sub-consultants who provided design

services in connection with the Design-Build project shall be eligible to compete for any agreement to provide construction inspection services for the Design-Build project.

9. The County recognizes that Proposers must maintain business relations with other public and private sector entities in order to continue as viable businesses. The County will take this reality into account as it evaluates the appropriateness of proposed measures to mitigate potential conflicts. It is not the intent of the County to disqualify Proposers based merely on the existence of a business relationship with another entity, but rather only when such relationship causes a conflict that potentially impairs the Proposer's ability to provide objective advice to the County. The County would seek to disqualify Proposers only in those cases where a potential conflict cannot be adequately mitigated.
10. This Policy and the accompanying Standard Practice must be referenced in the Design-Build RFQ and RFP documents, and the County's contract with the successful Design-Build Entity.

Conflict of Interest Checklist Instructions

Purpose of the Checklist. A Checklist will be provided to and is to be used by all Proposers to assist in screening for potential organizational conflicts of interest. The Checklist is for the internal use of the Proposers and does not need to be submitted to the County.

Checklist is not Exclusive. This Checklist serves as a guide only. There may be additional potential conflict of interest situations not covered by this Checklist. If a Proposer determines a potential conflict of interest exists that is not covered by this Checklist, that potential conflict must still be disclosed.

Use of the Disclosure Form. After review of the Checklist, the Proposers must complete the Disclosure Form and submit it along with the Proposal in a separate sealed and labeled envelope. If the Proposer determines a potential conflict of interest exists, it must disclose the potential conflict of interest to the County; however, such a disclosure will not necessarily disqualify a Proposer from being awarded a contract. Proposer will provide the Disclosure Form separate from the Proposal, and it will not be provided to the selection committee members. Separate County staff, with the assistance of County Counsel, will review the disclosure and the appropriateness of the proposed mitigation measures to determine if the Proposer may be awarded the contract notwithstanding the potential conflict. Resolution of the conflict of interest issues is ultimately at the sole discretion of the County.

Material Representation. The Proposer is required to submit the attached Disclosure Form either declaring, to the best of its knowledge and belief, that no potential conflict exists, or identifying potential conflicts and proposing remedial measures to mitigate such conflicts. The Proposer is also responsible to update conflict information if such information changes after the submission of the Proposal. Information provided on this Disclosure Form will constitute a material representation as to the award of this contract. The County reserves the right to cancel or amend the resulting contract if the successful Proposer failed to disclose a potential conflict, which it knew or should have known about; if the Proposer provided information on the Disclosure Form that is false or misleading; or if a new conflict of interest arises after contract award and the consultants proposed measures to avoid or mitigate the conflict are determined by the County to be inadequate to protect the County.

Approach to Reviewing Potential Conflicts. The County recognizes that the Proposers must maintain business relations with other public and private sector entities in order to continue as viable businesses. The County will take this reality into account as it evaluates the appropriateness of proposed measures to mitigate potential conflicts. It is not the intent of the County to disqualify Proposers based merely on the existence of a business relationship with another entity, but rather only when such relationship

causes a conflict that potentially impairs the Proposer's ability to provide objective advice to the County. The County would seek to disqualify Proposers only in those cases where a potential conflict cannot be adequately mitigated.

Additional Guidance for Professionals Licensed by the California Board For Professional Engineers and Land Surveyors and the California Architects Board. The California Board For Professional Engineers and Land Surveyors provides additional guidance and has established conflict of interest rules which can be found at California Code of Regulations, title 16, sections 475 and 476. For professionals licensed by the California Architects Board see California Code of Regulations, title 16, article 9, professional conduct.

CONFLICT OF INTEREST CHECKLIST

(For Proposers Internal Use and Information Only – Does **NOT** need to be Provided to County)

An organizational conflict of interest may exist in any of the following cases:

- The Proposer, or its principals, own real property in a location where there may be a positive or adverse impact on the value of such property based on the recommendations, designs or other deliverables required by this contract.
- The Proposer is providing services to another governmental or private entity and the Proposer knows or has reason to believe, that the entity's interests are, or may be, adverse to the County's interest with respect to the specific project covered by this contract. **Comment:** the mere existence of a business relationship with another entity would not ordinarily need to be disclosed. Rather, this focuses on the nature of services commissioned by the other entity. For example, it would not be appropriate to propose on a County project if a City has also retained the Proposer for the purposes of persuading the County to stop or alter the project plans.
- The Proposer is providing design services to a private entity, including but not limited to developers, whom the Proposer knows or has good reason to believe, own or are planning to purchase property affected by the project covered by this contract, when the value or potential uses of such property may be affected by the Proposer's performance of work pursuant to this contract. "Property affected by the project" includes property that is in, adjacent to, or in reasonable proximity to the project. The value or potential uses of the private entity's property may be affected by the Proposer's work pursuant to the contract when such work involves, but is not limited to, providing recommendations for right-of-way acquisitions, access control and traffic flow. **Comment:** this provision does not presume Proposers know nor have a duty to inquire as to all of the business objectives of their clients. Rather, it seeks the disclosure of information regarding cases where the Proposer has a reason to believe that its performance of work under this contract may materially affect the value or viability of a project it is performing for the other entity.
- The Proposer has a business arrangement with a County employee or immediate family member of such employee, including promised future employment of such person, or a subcontracting arrangement with such person, when such arrangement is contingent on the Proposer being awarded this contract. This item does not apply to pre-existing employment of current or former County employees, or their immediate family members. **Comment:** this provision is not intended to supersede any statutes or policies applicable to its own employees accepting outside employment. This provision is intended to focus on identifying situations where promises of employment have been made contingent on the outcome of this particular procurement. It is intended to avoid a situation where a Proposer may have unfair access to "inside" information.
- The Proposer has, in previous work for the County, provided design services and such other professional services that potentially provides the Proposer with an unfair

advantage in preparing a Proposal for this project. **Comment:** this provision will not, for example, necessarily disqualify a Proposer who provided surveying or material testing services for this project, however such work must be disclosed and all work products must be provided.

- The Proposer has, in previous work for the County, been given access to “data” relevant to this procurement or this project that is classified as “private” or “nonpublic” under the California Public Records Act (see GC 6250-6270), and such data potentially provides the Proposer with an unfair advantage in preparing a Proposal for this project. **Comment:** this provision is intended to avoid a situation where a Proposer has been provided information that cannot be provided to other Proposers.
- The Proposer has, in previous work for the County, managed or assisted in the management of the design-build project, performing such work as: helping to create the ground rules for the solicitation, writing the solicitation, or preparing evaluation criteria or evaluation guides for this solicitation.
- The Proposer, or any of its principals, because of any current or planned business arrangement, investment interest, or ownership interest in any other business, may be unable to provide objective advice to the County.
