Department of Homeland Security/Federal Emergency Management Agency (FEMA) through the California Governor’s Office of Emergency Services (Cal OES). San Bernardino County has been allocated \$685,313 as determined by Cal OES. The \$685,313 represents an increase of approximately 21% from prior year’s allocation.

The Fiscal Year 2022 EMPG funds will be distributed to the San Bernardino County Operational Area (Operational Area) as reflected in the following table:

Subrecipients	Allocation Amount
County Departments:	
Office of Emergency Services	\$387,982
Jurisdictions:	
Cities and Towns	\$297,331
Total	\$685,313

The distribution of funds reflected in the table above is for the County Office of Emergency Services and participating cities/towns within the Operational Area, for projects that align with the goals of the EMPG. Allocations to the participating cities/towns are based on a per capita formula. A maximum of five percent of the grant funds (\$34,266) will be included in the allocation to the County Office of Emergency Services (OES), as the Operational Area lead agency, for grant management and administration. Revenue and appropriations will be included in future budget reports. This grant requires a dollar-for-dollar match, which can be accomplished through cash or in-kind services.

BACKGROUND INFORMATION

The EMPG, which is overseen by FEMA, provides funding to support comprehensive emergency management programs at the state, tribal and local levels to encourage the improvement of mitigation, prevention, protection, preparedness, response and recovery capabilities for all emergencies and disasters (natural or man-made). Types of projects eligible for funding include emergency preparedness and response equipment, emergency planning and organization, and emergency exercises and training for disaster preparedness.

The Operational Area was established as an immediate level of the State’s emergency services organization to manage and coordinate emergency preparedness efforts within the County. The OES has been receiving EMPG funds since 2006 to assist with these efforts. Board of Supervisors (Board) approval of this item is required to proceed with submitting the application to Cal OES by the January 31, 2023 deadline. The Fiscal Year 2022 EMPG performance period is from July 1, 2022 to June 30, 2024.

Pursuant to County Policy 05-13, Board approval is required because the EMPG application requires the acceptance of assurances/certifications that are binding upon the County and are a required component of the application process. These documents will also serve as the grant award agreement if funds are awarded to the County. Additionally, a resolution delegating the authority for management of the grant process is required by Cal OES.

Implementation of the Fiscal Year 2022 EMPG is contingent upon approval from Cal OES. When funding is awarded, a future item will be presented to the Board for acceptance of the grant funds in accordance with County Policy 05-13.

The application deadline was December 31, 2022; however, CalOES has provided an extension to submit the grant application and the required documentation by January 31, 2023.
