In the event of breach, neither the United States nor its employees, agents or assigns will be liable for any payments, compensation, or services to any employee, agent, assign, sublessee, tenant, visitor, their employees, agents, or assigns, or to any other entity for any claims of any kind against Lessee or its employees, agents, or assigns.

3. Article 14. EXISTING STRUCTURES; GENERAL DEVELOPMENT AND SITE DEVELOPMENT PLANS. (a), page 10.

Lessee and Lessor agree that the intent of the leave relative to General Development and Site Development Plans are clarified as below. Lessee shall submit for approval or change, and maintain and adhere to a plan of development for the park for the term of the lease. This includes all plans or development of any tenant, contractor, employee, sublessee, or other party. Lessee shall be responsible for the completion of all necessary permitting, environmental clearances, and other requirements prior to final review and approval of development proposals by the United States.

The review and approval by the United States shall be for the purpose of ensuring that development proposals are consistent with the appropriate land uses, Federal statutes and regulations, and lease terms. No tenant, contractor, employee, sublessee, or any other party, having a claim against Lessee, shall have any claim against the United States as a result of any commitments, services rendered, exchange of consideration, or for any other reason involving the implementation of the approved plan of development.

4. Article 15. MISCELLANEOUS CONDITIONS. (i) page 15.

Lessee shall bear sole responsibility for, and shall manager the practices of installing, maintain, selling and renting mobile homes and attendant occupancy of mobile home sites within the lease area. Lessee shall bear sole responsibility and ALL liability for all complaints, claims, judgements or losses by any tenant, visitor, employee, or other entity or employees, agents, or assigns arising out of the use of the leased lands for the duration of the lease.

Lessee agrees and shall ensure that no tenant in, or visitor to, Park Moabi shall remain longer than five months or 150 days in any calendar year. An exception may be made for county staff employed at the facility and their dependents, and sublessees and their employees and dependents. The expressed written permission of the Director of San Bernardino County Parks shall be required in each case, without delegation to any other county agent, employee, or party. The County agrees to develop and institute a program to retire all remaining occupancy in excess of five months or 150 days per calendar year, and to assume all liability and responsibility for its implementation.

Lessee shall make no other claims or carry out any other practices under claim of Federal sovereignty, or attempt to avoid any other county or state laws or regulations based on the status of the land being in Federal ownership, nor permit any of its tenants, agents, employees, sublessees, or their assigns to make any such claim or avoidance.

Notwithstanding the liability clauses of the lease, it is the Lessee's intent to hold harmless and defend the United States and its agents and employees against any claims or judgements arising from the use of the lease lands. The Lessee further agrees that the intent of the lease to provide prudent liability insurance will include providing the authorized officer with proof of insurance in the form of insurance binders naming the United States as additional insured, or by submission of any acceptable statement of the Lessee's provisions for self-insurance.
