FINANCIAL IMPACT

This item does not impact Discretionary General Funding (Net County Cost). The increase to the contracts are 100% funded by the California Department of Public Health (CDPH), Office of Acquired Immunodeficiency Syndrome (AIDS) and includes Ryan White Part B Human Immunodeficiency Virus (HIV) Care and Part B Minority AIDS Initiative (MAI). Adequate appropriation and revenue have been included in the Department of Public Health's (DPH) 2019-20 budget and will be included in DPH's 2020-21 future recommended budget.

BACKGROUND INFORMATION

The Office of AIDS is the State grantee for Ryan White Part B (Part B) and allocates funds for the administration of the HIV Care Program (HCP) and MAI through local health jurisdictions, such as San Bernardino County. DPH, acting as the designee, administers these funds. Part B funds provide support services to those affected by HIV/AIDS while MAI funds are intended to specifically improve HIV-related health outcomes for racial/ethnic minority communities and reduce HIV-related health disparities. Under the terms of the recommended amendments, DPH will continue to contract with providers to provide HCP support services, which include, case management, outreach, food services and medical transportation. Part B MAI services will include outreach to specific targeted populations of African American and Latino minorities
