DRFIRST FACILITY MASTER SERVICES AGREEMENT

This Facility Master Services Agreement (“MSA”) is entered by and between DrFirst.com, Inc. (“DrFirst”) and the entity identified on the last page of this MSA, including its affiliates and subsidiaries (referred to collectively, as “County”), as of December 17, 2019 (the “Effective Date”). This MSA is intended to operate together with one or more product addendums (each, an “PA”) and, statements of work (each, an “SOW”). This MSA, any PAs, SOWs, and any exhibits incorporated therein are hereinafter referred to, collectively, as “the Agreement.” In the event of a conflict between this MSA and a PA the terms of the PA shall govern. Notwithstanding the foregoing, the terms of a PA will only apply to that PA and no PA will constitute an amendment to the terms of this MSA.

- I. DrFirst Services. DrFirst provides software applications, platforms, and services for electronic prescribing, medication management, secure texting, and related products (“the Applications”) for use by Authorized End Users. As used herein, the term Authorized End User means an individual who (i) has registered with DrFirst as a user of an Application; (ii) is authorized by virtue of such individual’s relationship to, or permissions from, County to access DrFirst Applications pursuant to the PA; and (iii) has executed the terms of use agreement applicable to the Application. Access to Applications provided by DrFirst shall be subject to the terms of this Agreement.
- II. County Obligations for all Applications. County shall identify an individual employee or representative, who shall register with DrFirst as the “Application Administrator”, to administer each Application described in a PA. After the initial registration, County shall be responsible for granting and revoking access to the Application through its administrative features. County shall obtain consents or authorizations from patients to allow County to use and disclose patient information and records through the Applications. County shall ensure that County’s use of the Application, and access by Authorized End Users, complies with applicable laws and regulations. To the extent applicable, County shall ensure that its Authorized End Users use the most up to date version of the Applications and will be responsible for any failure to do so. County’s Authorized End Users must execute DrFirst’s terms of use, as updated from time to time, prior to use of any Application. Detailed County obligations are established in the PA. The parties agree to abide by the terms of the Business Associate Agreement attached hereto as Exhibit A and incorporated herein.
- III. Ownership of Software, Products and Intellectual Property. Subject only to the limited rights expressly granted to County in an PA, DrFirst has sole and exclusive rights to the DrFirst Brand, the Application, the software associated with the Application, including interface software, and all related materials, including all copies thereof in any form or medium, whether now known or existing or hereafter developed, and including all copyrights, patents, trade secrets, trademarks, trade names and intellectual property rights associated therewith. All goodwill arising in or from the DrFirst Brand shall inure solely to DrFirst’s benefit. County shall not: (i) attempt to de-compile, reverse assemble, reverse engineer, or attempt to gain access to the source code of any software furnished by DrFirst; (ii) import, add, modify or create derivative works of any such software or user materials; (iii) delete data in any such software database by any method other than direct data entry through the Application, or through a DrFirst developed interface; or (iv) remove any proprietary notices, labels, or marks from any software or user materials provided by DrFirst. The software, user materials, and other rights granted herein may not be transferred, leased, assigned, or sublicensed without DrFirst’s prior written consent, except to a successor in interest. In the event of any unauthorized transfer, County’s rights under the Agreement shall automatically terminate.
- IV. Confidentiality. During the performance of this Agreement, each party may have access to certain confidential information of the other party or third parties (“Confidential Information”). Both parties agree that all Confidential Information is proprietary to, and shall remain the sole property of, the disclosing party or such third party, as applicable. Except as required by applicable law, each party receiving Confidential Information shall (i) use the Confidential Information only for the purposes described herein; (ii) not reproduce the Confidential Information except as minimally necessary to use under this Agreement; (iii) hold in confidence and protect the Confidential Information from dissemination to, and use by, any third party; (iv) not create any derivative work from Confidential Information; (v) restrict access to the Confidential Information to such of its personnel, agents, and/or consultants, if any, who have a need to have access for purposes of performing said party’s obligations hereunder and who are under an obligation of confidentiality with respect to the Confidential Information; and (vi) to the extent not prohibited by law, return or destroy all Confidential Information in its possession upon termination or expiration of the Agreement. Confidential Information does not include information that is: (i) publicly available or in the public domain, through no fault of the recipient; (ii) already in the recipient’s possession free of any confidentiality obligations with respect thereto at the time of disclosure; (iii) independently developed by the recipient without access or reference to the Confidential Information disclosed by the other Party; (iv) approved for release or disclosure by the disclosing Party without restriction.

- V. Compliance With Privacy Laws. The parties agree to comply with all applicable state and federal laws and regulations governing the protection of protected health information, including, but not limited to the Health Insurance Portability and Accountability Act of 1996, the Health Information Technology for Economic and Clinical Health Act of 2009, all implementing laws and regulations related thereto, and the Business Associate Agreement attached hereto as Exhibit A and incorporated by reference.
- VI. Data Handling. DrFirst may de-identify any and all protected health information and other data provided to it by County. De-identified data may be used for any lawful purpose; provided, however, that the use does not identify County or the Authorized End User. County shall allow DrFirst and Surescripts, without notice, the ability to access, inspect, and review all records related to information and Medication History Information provided by or through the Surescripts network through the Application.
- VII. Use of Medication History Information. County agrees that it will only use medication history information provided by an Application ("Medication History Information") for the purpose of providing direct health care services to a County patient. Certain services are provided over a network operated by Surescripts, LLC ("Surescripts"). County acknowledges that the Medication History Information provided hereunder may not be complete or accurate, and neither DrFirst, Surescripts, nor any pharmacy or other entity providing information under the Medication History Service provides any representations or warranties with respect to the accuracy or completeness of the Medication History Information. County releases and holds harmless DrFirst, Surescripts, and any person or entity providing Medication History Information from any liability, cause of action, or claim related to the completeness or lack thereof of the Medication History Information. County is not required to release and hold harmless any party whose conduct is found to be willfully malicious or reckless or grossly negligent. County agrees to confirm the accuracy of the Medication History Information with the patient prior to providing any medical services based thereon and County agrees that its Authorized End Users shall use their professional judgment in the provision of care. County acknowledges that the Medication History Service shall be used only for those patients from whom County has obtained prior consent of the patient to access such patient's medication history. Other than in the course of treatment for the County's patient, County shall not provide the Medication History Information to any other person or entity for any reason whatsoever, or use the Medication History Information for any other purpose. County shall implement appropriate administrative, technical, and physical safeguards to prevent any use or disclosure of any data provided hereunder for any purpose not authorized by this Agreement. County shall not use any Medication History Information for any reason, whether in aggregated form or otherwise, except for the sole purpose of treating a County patient.
- VIII. Influencing of Providers and Conflict of Interest. County shall not use any means, program, or device to influence or attempt to influence the decision of an Authorized End User to write a prescription for a certain medication or to send the prescription to a certain pharmacy. Information related to formulary and benefit plan design and information from payers or other reputable sources providing clinical information shall be exempt from this prohibition, so long as the Authorized End User can still access all pharmaceuticals and the Authorized End User or patient is not prohibited from selecting a pharmacy. DrFirst shall not offer (either directly or through an intermediary) any improper consideration such as, but not limited to cash, discounts, service, the provision of travel or entertainment, or any items of value to any officer, employee or agent of County in an attempt to secure favorable treatment regarding this MSA. County, by written notice, may immediately terminate this MSA if it determines that any improper consideration as described in the preceding paragraph was offered to any officer, employee or agent of County with respect to the proposal and award process. DrFirst shall immediately report any attempt by a County officer, employee or agent to solicit (either directly or through an intermediary) improper consideration from DrFirst. The report shall be made to the supervisor or manager charged with supervision of the employee or the County Administrative Office. In the event of a termination under this provision, County is entitled to pursue any available legal remedies. DrFirst shall make all reasonable efforts to ensure that no conflict of interest exists between its officers, employees, or subcontractors and County. DrFirst shall make a reasonable effort to prevent employees, DrFirst, or members of governing bodies from using their positions for purposes that are, or give the appearance of being motivated by a desire for private gain for themselves or others such as those with whom they have family business, or other ties. Officers, employees, and agents of cities, counties, districts, and other local agencies are subject to applicable conflict of interest codes and state law. In the event County determines a conflict of interest situation exists, any increase in costs, associated with the conflict of interest situation, may be disallowed by County and such conflict may constitute grounds for termination of the MSA. This provision shall not be construed to prohibit employment of persons with whom DrFirst's officers, employees, or agents have family, business, or other ties so long as the employment of such persons does not result in increased costs over those associated with the employment of any other equally qualified applicant.
- IX. Availability of Data Sources. County acknowledges and agrees that any pharmacy, pharmacy benefit manager, payer or plan may elect not to receive prior authorizations from County or County's Authorized End Users. County acknowledges and agrees that any pharmacy benefit manager, pharmacy, payer, or other source of data may be added or deleted at any time without prior notice to County.

- X. Audit Rights. County shall allow DrFirst, without notice, the ability to access, inspect, and review all records related to the services provided by DrFirst through its application. County, shall have the right to request to review and audit all records, books, paper, documents related to the Services provided under this MSA, no more than once annually. DrFirst will keep a record of such books and records for up to a period of two years after final payment under this MSA.
- XI. WARRANTIES AND DISCLAIMERS. EXCEPT AS EXPRESSLY SET FORTH HEREIN, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, DRFIRST DISCLAIMS ANY AND ALL OTHER PROMISES, REPRESENTATIONS AND WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY FITNESS FOR A PARTICULAR PURPOSE, AND/OR NON-INFRINGEMENT. DRFIRST DOES NOT WARRANT THAT THE APPLICATION WILL MEETCOUNTY'S REQUIREMENTS OR THAT THE OPERATION OF THE APPLICATION WILL BE UNINTERRUPTED OR ERROR-FREE.
- XII. LIMITATION OF LIABILITY. IN NO EVENT SHALL EITHER PARTY, ITS AGENTS OR REPRESENTATIVES BE LIABLE TO THE OTHER FOR ANY SPECIAL, INDIRECT, INCIDENTAL, EXEMPLARY OR CONSEQUENTIAL DAMAGES, LOST PROFITS, OR BUSINESS INTERRUPTION, EVEN IF THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER ON ACCOUNT OF ANY LOSS OR CLAIM CAUSED BY THE FAILURE OF COUNTY OR ANY OF ITS EMPLOYEES, AGENTS, PROVIDERS OR REPRESENTATIVES TO PERFORM ANY OBLIGATIONS UNDER THIS AGREEMENT. THE CUMULATIVE LIABILITY OF DRFIRST TO COUNTY FOR ALL CLAIMS ARISING FROM OR RELATING TO THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, ANY CAUSE OF ACTION SOUNDING IN CONTRACT, TORT, OR STRICT LIABILITY, WILL NOT EXCEED ONE HUNDRED AND EIGHTY THOUSAND DOLLARS (\$180,000). THE FOREGOING LIMITATIONS WILL NOT APPLY TO AMOUNTS ARISING FROM EITHER PARTY'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT.
- XIII. Indemnification and Insurance. DrFirst agrees to hold harmless, indemnify, and, at County's option, defend County from and against any losses, liabilities, costs (including reasonable attorneys' fees) or damages resulting from: (i) misuse of data by DrFirst in violation of Section V; (ii) any breach by DrFirst of Confidentiality obligations in Section IV; and (iii) an Infringement Claim which, for this purpose, means a claim by any third party that an Application, infringes that third party's U.S. patents issued as of the effective date of the applicable PA, or infringes or misappropriates such third party's copyrights or trade secret rights under applicable laws of any jurisdiction within the United States of America. DrFirst's duty to indemnify County under this section does not apply to the extent any claim, actions, or liability of any kind arises out of the acts or omissions of County, its officers, agents, or employees. A party claiming indemnification must promptly notify the indemnifying party, in writing, of a potential claim and must cooperate with the indemnifying party at the indemnifying party's expense. The indemnifying party will not settle any third-party claim against the indemnified party unless such settlement completely and forever releases the indemnified party from all liability with respect to such claim or unless the indemnified party consents to such settlement. Except with respect to Infringement Claims, the indemnified party will have the right, at its option, to defend itself against any such claim, through counsel reasonably acceptable to the indemnifying party or to participate with the indemnifying party in the defense thereof through counsel of its own choice. With respect to Infringement Claims, County will give DrFirst sole control of the defense and settlement of such claim; provided that DrFirst may not settle the claim or suit absent the written consent of County unless such settlement (a) includes a release of all claims pending against County, (b) contains no admission of liability or wrongdoing by County, and (c) imposes no obligations upon County other than an obligation to stop using the goods or services that are the subject of the claim. DrFirst may, in its sole discretion, (i) acquire for County the right to continue use of the Application; (ii) modify or replace any infringing Application to make it non-infringing; or (iii) direct County to cease use of, and, if applicable, return, such materials as are the subject of the Infringement Claim. DrFirst shall reimburse County for all product and service fees necessitated by any such Infringement Claim. DrFirst shall not be obligated to indemnify County for an Infringement Claim if the alleged infringement arises, in whole or in part, from: (i) modification of the Application by County; (ii) combination, operation or use of the Application with other software, hardware or technology not provided by DrFirst, if such infringement would have been avoided by use of the Application alone; or (iii) use of a superseded or altered release of the Application, if such infringement would have been avoided by the use of a then-current release of the Application and if such then-current release has been made available to County. DrFirst agrees to provide insurance in accordance with the requirements set forth in Exhibit B, as attached hereto and incorporated herein.
- XIV. Term and Termination. This MSA will be effective from the Effective Date in accordance with the PA; provided, however that either Party may terminate the MSA as provided herein. Either party may terminate the MSA or any PA if the other party has breached the MSA or PA and failed to cure such breach within thirty (30) days of written notice setting forth, in reasonable detail, the nature of the breach and the action necessary to cure. This Agreement also may be terminated by either

party immediately upon written notice in the event that the other party makes a general assignment for the benefit of creditors or files a voluntary petition in bankruptcy or for reorganization or rearrangement under the bankruptcy laws, or if a petition for involuntary bankruptcy is filed against the other party and is not dismissed within thirty (30) calendar days after the filing, or if a receiver or trustee is appointed for all or any part of the property or assets of such other party. Upon termination, payment will be made to DrFirst for services rendered and expenses reasonably incurred prior to the effective date of termination. Upon receipt of termination notice DrFirst shall promptly discontinue services. The termination or expiration of this MSA will also terminate all outstanding PA's upon the date of expiration or termination.

XV. Notices. All notices given pursuant to the Agreement shall be in writing and delivered either personally, via a nationally recognized overnight carrier, or by certified mail, return receipt requested, postage prepaid to the addresses set forth on the signature page of this MSA or an PA. Either party may change its address by specifying such change in a written notice given to the other in the aforesaid manner. A copy of any notice directed to DrFirst shall be sent to the attention of the DrFirst.com, Inc., Legal Department, 9420 Key West Avenue, Suite 101, Rockville, MD 20850, with a courtesy e-mail to: dfnotice@drfirst.com

XVI. Miscellaneous. This MSA may not be modified except by a written agreement signed by authorized representatives of each party. No waiver of rights hereunder shall be binding unless contained in a writing signed by an authorized representative of the party waiving its rights. The non-enforcement of any provision in a particular instance shall not constitute a waiver of such provision on any other occasion. No rights or obligations of a party may be assigned in whole or in part by either party without the prior written consent of the other. DrFirst may assign this Agreement, in whole as part of a corporate reorganization, consolidation, merger, or sale of all of its assets, provided that DrFirst provides County with ten (10) days' prior written notice of such assignment and County has the right to terminate this Agreement, if required by applicable law. Neither party shall be liable for failure to perform any of its obligations hereunder if such failure is caused by an event outside its reasonable control, including, but not limited to, an act of God, shortage of materials, personnel or supplies, war, or natural disaster. If any provision of this MSA is declared invalid by a court of competent jurisdiction, such provision shall be ineffective only to the extent so declared, so that all remaining provisions of this MSA shall be valid and enforceable to the fullest extent permitted by applicable law. This MSA shall be governed by and interpreted in accordance with the laws of the state of California, without regard to conflicts of law principles thereof. The parties acknowledge and agree that this MSA was entered into and intended to be performed in San Bernardino County, California. The parties agree that the venue of any action or claim brought by any party to this MSA will be the Superior Court of California, County of San Bernardino, San Bernardino District. Each party hereby waives any law or rule of the court, which would allow them to request or demand a change of venue. If any action or claim concerning this MSA is brought by any third party and filed in another venue, the parties hereto agree to use their best efforts to obtain a change of venue to the Superior Court of California, County of San Bernardino, San Bernardino District. Under no circumstances, shall the Agreement or any part thereof be subject to the Uniform Computer Information Transaction Act. If any legal action is instituted to enforce any party's rights hereunder, each party shall bear its own costs and attorney fees, regardless of who is the prevailing party. This paragraph shall not apply to those costs and attorney fees directly arising from a third-party legal action against a party hereto and payable under Indemnification and Insurance Requirements. DrFirst certifies that neither it nor its principals or subcontractors is presently disbarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency. (See the following United States General Services Administration's System for Award Management website <https://www.sam.gov>). DrFirst further certifies that if it or any of its subcontractors are business entities that must be registered with the California Secretary of State, they are registered and in good standing with the Secretary of State. The parties recognize and agree that their obligations under sections III, IV, VI, VII, XII, and XIII above shall survive the cancellation, termination or expiration of this MSA.

IN WITNESS WHEREOF, the Parties hereto have duly executed this MSA.

3. Regulatory References

A reference in this Agreement to a section in the Privacy Rule and Security Rule and patient confidentiality regulations means the section as in effect or as amended.

4. No Third-Party Beneficiaries

Nothing express or implied in the MSA or this Agreement is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

5. Amendment

The parties acknowledge that state and federal laws related to privacy and security of PHI are rapidly evolving and that amendment of the MSA or this Agreement may be required to ensure compliance with such developments. The parties shall negotiate in good faith to amend this Agreement when and as necessary to comply with applicable laws. To the extent an amendment to this Agreement is required by law and this Agreement has not been so amended to comply with the applicable law in a timely manner, the amendment required by law shall be deemed to be incorporated into this Agreement automatically and without further action required by either of the parties. Subject to the foregoing, this Agreement may not be modified, nor shall any provision hereof be waived or amended, except in a writing duly signed and agreed to by BA and CE.

6. Interpretation

Any ambiguity in this Agreement shall be resolved to permit CE to comply with the Privacy and Security Rules, the HITECH Act, and all applicable patient confidentiality regulations.

BUSINESS ASSOCIATE AGREEMENT
ADDENDUM 1 CLOUD SERVICES

This Business Associate Addendum for Cloud Services is in addition to and made a part of the Business Associate Agreement (BAA) entered into between the parties for the purpose of establishing terms and conditions applicable to the provision of hosted cloud computing services from Business Associate (BA) to the Covered Entity (CE). Capitalized terms shall have the same meaning as provided in the BAA.

1. DEFINITIONS

- a) **“Software as a Service (SaaS)”** – The software delivery method that provides CE access to BA’s software and its functions remotely as a Web-based service accessible from various CE devices through a thin client interface. CE does not manage or control the underlying cloud infrastructure including network, servers, operating systems, storage, or even individual application capabilities, with the possible exception of limited user-specific application configuration settings.
- b) **“Data”** - means any information, formulae, algorithms, or other content that CE or CE’s employees, agents and end users upload, create or modify using the SaaS. Data also includes user identification information, PHI, and metadata which may contain Data or from which the Data may be ascertainable. Data does not include data which has been de-identified in accordance with the MSA and the BAA.
- c) **“Data Breach”** - means any access, destruction, loss, theft, use, modification or disclosure of Data by an unauthorized party or that is in violation of BAA terms and/or applicable state or federal law.

2. SaaS and DATA AVAILABILITY: Unless otherwise stated in a Product Addendum (PA):

- a) BA will ensure that the BA servers are available for use by CE or CE’s Authorized End Users twenty-four (24) hours a day, seven (7) days per week. DrFirst servers will be available to CE or CE’s Authorized End Users ninety-nine and ninety-five one hundredths percent (99.9%) of the time on an annual basis, excluding planned downtime for routine maintenance. Notwithstanding the foregoing, in no event shall unplanned downtime exceed one (1) hour per month or twelve (12) hours annually. BA will monitor and report downtime on BA servers and system availability report will be available upon request. Routine maintenance will be performed outside of normal business hours and will not exceed ten (10) hours per month without prior notification to CE or CE’s Authorized End Users. BA may announce up to four (4) weekend outages per year for system maintenance and upgrade. Weekend outages may occur during the hours of 10:00 pm through 6:00 am EST. BA will provide CE with twenty-one (21) days advanced written notice of such planned weekend outages.
- b) To the extent necessary for the Application, BA will ensure that the connections to PBMs and to retail pharmacies will be available for use by CE’s authorized end-users twenty-four (24) hours a day, seven (7) days per week. These connections will be available to CE’s authorized end-users ninety-eight percent (98%) of the time on an annual basis, excluding planned downtime for routine maintenance. Routine maintenance will be performed outside of normal business hours and will not exceed twenty (20) hours per month without prior notification to CE or CE’s end-users. In the event any third party provider of electronic transmission of prescription services to BA is down, BA will reroute prescriptions through the fax service. BA shall ensure that, from the CE’s point of view, the failover to the fax service will be essentially transparent.
- c) If SaaS monthly availability averages less than 99.9% (excluding agreed-upon maintenance downtime), CE shall be entitled to recover damages, apply credits or use other contractual remedies as set forth in the PA.
- d) If SaaS monthly availability averages less than 99.9% (excluding agreed-upon maintenance downtime), for three (3) or more months in a rolling twelve-month period, CE may terminate the contract for material breach.
- e) BA reserves the right to modify these policies and procedures in its discretion. CE will be notified in writing at least ninety (90) day in advance of any revision.

3. DATA SECURITY:

- a) In addition to the provisions set forth in the BAA, BA shall certify to CE:
 - 1) The sufficiency of its security standards, tools, technologies and procedures in providing SaaS;
 - 2) Compliance with the following:
 - i. The California Information Practices Act (Civil Code Sections 1798 et seq.);
 - ii. Undergo an annual Statement on Standards for Attestation Engagements (SSAE) 16 Service Organization Control (SOC) 2 Type II audit. Audit results shall be made available to CE upon CE’s request, no more than once annually.
- b) BA shall implement and maintain all appropriate administrative, physical, technical and procedural safeguards in accordance with section a) above at all times during the term of this Addendum to secure such Data from Breach, protect the Data and the SaaS from hacks, introduction of viruses, disabling devices, malware and other forms of malicious or inadvertent acts that can disrupt CE’s access to its Data.

- c) Solely in the case of a security breach or confirmed security incident, BA shall share SaaS security logs related to the services provided under this Addendum and CE Data, upon CE request and at no cost to CE.
 - d) BA assumes responsibility for the security and confidentiality of the Data under its control.
 - e) No Data shall be copied, modified, destroyed or deleted by BA other than for normal operation or maintenance of SaaS during the Addendum period without prior written notice to and written approval by CE.
 - f) BA shall provide access to Data only to those employees, contractors and subcontractors who need to access the Data to fulfill BA's obligations under this Agreement. BA will ensure that, prior to being granted access to Data, staff who perform SaaS work have all undergone and passed criminal background screenings; have successfully completed annual instruction of a nature sufficient to enable them to effectively comply with all data protection provisions of this Addendum and the associated BAA; and possess all qualifications appropriate to the nature of the employees' duties and the sensitivity of the Data they will be handling.
4. **ENCRYPTION:** BA warrants that all Data will be encrypted in transmission (including via web interface) using Transport Layer Security (TLS) version 1.2 or equivalent and in storage at a level equivalent to or stronger than Advanced Encryption Standard (AES) 128-bit level encryption.
5. **DATA LOCATION:** All Data will be stored on servers located solely within the Continental United States.
6. **RIGHTS TO DATA:** The parties agree that as between them, all rights, including all intellectual property rights, in and to Data shall remain the exclusive property of CE, and BA has a limited, non-exclusive license to access and use the Data as provided to BA solely for performing its obligations under the BAA. Nothing herein shall be construed to confer any license or right to the Data, including user tracking and exception Data within the system, by implication, or otherwise, under copyright or other intellectual property rights, to any third party. Unauthorized use of Data by BA or third parties is prohibited. For the purposes of this requirement, the phrase "unauthorized use" means the data mining or processing of data, stored or transmitted by the service, for unrelated commercial purposes, advertising or advertising-related purposes, or for any other purpose other than security or service delivery analysis that is not explicitly authorized.
7. **TRANSITION PERIOD:**
- a) For ninety (90) days prior to the expiration date of the BAA, or upon notice of termination of the BAA, BA shall assist CE in extracting and/or transitioning all Data in the format determined by CE ("Transition Period").
 - b) The Transition Period may be modified in the PA or as agreed upon in writing by the parties in an amendment.
 - c) During the Transition Period, SaaS and Data access shall continue to be made available to CE without alteration.
 - d) BA agrees to compensate CE for damages or losses CE incurs as a result of BA's failure to comply with this section.
 - e) Unless otherwise stated in the PA, the BA shall permanently destroy or render inaccessible any portion of the Data in BA's and/or subcontractor's possession or control following the expiration of all obligations in this section. Within thirty (30) days, BA shall issue a written statement to CE confirming the destruction or inaccessibility of CE's Data. Notwithstanding the foregoing, BA may retain such Data where destruction would be infeasible, and for regulatory and compliance purposes as required by applicable law. DrFirst will retain such data in compliance with the requirements of the BAA and this Exhibit A.
 - f) CE, at its option, may purchase additional transition services as agreed upon in the PA.
8. **DISASTER RECOVERY/BUSINESS CONTINUITY:** Unless otherwise stated in the SOW:
- a) In the event of disaster or catastrophic failure that results in significant Data loss or extended loss of access to Data, BA shall notify CE by the fastest means available and also in writing. BA shall provide such notification within twenty-four (24) hours after BA reasonably believes there has been such a disaster or catastrophic failure. In the notification, BA shall inform CE of:
 - 1) The scale and quantity of the Data loss;
 - 2) Actions BA has done or will do to recover the Data and mitigate any deleterious effect of the Data loss; and
 - b) Corrective actions BA has taken or will take to prevent future Data loss. If BA fails to respond immediately and remedy the failure, CE may exercise its options for assessing damages or other remedies.
 - c) BA shall restore continuity of SaaS, restore Data, restore accessibility of Data, and repair SaaS as needed to meet the Data and SaaS Availability requirements under this Addendum or an SOW. Failure to do so may result in CE exercising its options for assessing damages or other remedies.
 - d) BA shall conduct an investigation of the disaster or catastrophic failure and shall share the report of the investigation with CE. CE and/or its authorized agents shall have the right to lead (if required by law) or participate in the investigation. BA shall cooperate fully with CE, its agents and law enforcement.
9. **EXAMINATION AND AUDIT:** Unless otherwise stated in the SOW:
- a) Upon advance written request, BA agrees to provide CE with a summary of its most recent SOC II Audit Report findings.
 - b) In the event of a security breach, or a confirmed security incident, CE may request that BA test the controls in place. BA will provide a summary of the results of the requested tests to the CE upon request.

- c) After any significant Data loss or Data Breach or as a result of any disaster or catastrophic failure, BA will at its expense have an independent, industry-recognized, third party perform an information security audit. The audit results shall be shared with CE within seven (7) days of BA's receipt of such results. Upon BA receiving the results of the audit, BA will provide CE with written evidence of planned remediation within thirty (30) days and promptly modify its security measures in order to meet its obligations under this Addendum.
10. **DISCOVERY:** To extent permitted by applicable law, BA shall promptly notify CE upon receipt of any requests by a government agency which in any way might reasonably require access to CE's Data or CE's use of the SaaS. . BA shall not respond to subpoenas, service of process, Public Records Act requests, and other legal requests directed at BA without first notifying CE unless prohibited by law from providing such notification. As permitted by applicable law, BA will make commercially reasonable efforts to provide its intended responses to CE with adequate time for CE to review, revise and, if necessary, seek a protective order in a court of competent jurisdiction. BA shall not respond to legal requests directed at CE unless authorized in writing to do so by CE.
11. **Insurance Requirements:** BA shall, at its own expense, secure and maintain for the term of this contract, Technology Errors and Omissions(Cyber)Insurance with limits of no less than \$1,000,000 for each occurrence or event with an annual aggregate of \$2,000,000 covering claims involving privacy violations, information theft, damage to or destruction of electronic information, unintentional release of private information, alteration of electronic information, extortion and network security. The policy shall cover breach response cost as well as any regulatory fines and penalties.
12. **Data Separation:** Data must be partitioned from other data in such a manner that access to it will not be impacted or forfeited due to e-discovery, search and seizure or other actions by third parties obtaining or attempting to obtain BA's records, information or data for reasons or activities that are not directly related to CE's business.

I. Overview.

This Product Addendum (“PA”) is entered into by and between DrFirst.com, Inc. (“DrFirst”) and the entity identified on the signature page of this PA, including its affiliates and subsidiaries (referred to, collectively, as “County”). This PA is incorporated into a certain Master Services Agreement (“MSA”) entered into by the undersigned parties. In the event of a conflict between this PA and the MSA, the terms of this PA shall govern solely for the services provided under this PA. Unless otherwise defined herein, capitalized terms used in this PA shall have the meanings used in the MSA.

II. EPCS Gold License. Subject to the terms of this PA, the MSA, and applicable law, DrFirst grants to County the number of licenses shown below to access DrFirst’s EPCS Gold Application (“EPCS Gold”). EPCS Gold is for use only by Authorized End Users who are validly licensed and have been properly registered with the Drug Enforcement Administration (DEA) or applicable state agencies (as required by applicable law) (“Authorized EPCS End Users”). The Application allows Authorized EPCS End Users to submit orders for scheduled drugs through DrFirst’s electronic prescribing application (“Rcopia”), to a pharmacy that accepts electronic prescriptions for controlled substances.

III. County Obligations. County, for itself and its Authorized EPCS End Users, shall be responsible for obtaining any necessary state or federal approvals for prescribing or dispensing controlled substances. DrFirst expressly disclaims any liability for any damages or costs occurring as a result of County’s failure to obtain and/or maintain any necessary approvals or certifications required by the relevant provisions of the DEA Regulations applicable to County’s status as an individual practitioner, institutional practitioner, or pharmacy (as applicable). County agrees to remain, and to cause all of its Authorized EPCS End Users to remain, bound by any and all obligations and restrictions set forth in any Business Associate Agreement (“BAA”) executed between the parties and Terms of Use (“TOU”) available at <https://www.drfirst.com/epcs-pdmp-terms-of-use/>.

- d. DrFirst shall provide Web based training tools and Tier 2 support for the EPCS Gold Platform.

V. IDP Management. An Authorized EPCS End User must undergo identity proofing satisfactory to DrFirst. If County has its own credentialing process that meets Level of Assurance (“LOA”) requirements and does not require DrFirst involvement, it may upload its Authorized EPCS End Users through, InfinID, DrFirst’s user and credentialing management application for no additional charge. In such cases, County will manage its own credentialing process. Otherwise, DrFirst can process County’s credentialing through Experian for an additional fee. In the event a token is lost, stolen or damaged and a secondary back-up token (hard or soft) is not registered to the Authorized EPCS End User’s EPCS account, the Authorized EPCS End User must undergo the identity-proofing process again and must pay a token management replacement fee regardless of whether or not the replacement token was issued by DrFirst.

VI. Token Warranty. A complimentary token shall be provided by DrFirst for each license purchased. A free replacement token shall be furnished for any reason within the first three months of issuance. No warranties exist for the token after 3 months of issuance.  - o I determine there is any other potential security problem not described above
7. I understand that in the event of misuse, I am responsible for any controlled substance prescriptions written using my two-factor authentication credential if I do not alert my electronic prescribing or EHR/EMR vendor as required in the provision above, and that I am responsible for any prescription information entered by an agent at my direction upon signing and authorizing any transmission.
