1. Cultural and Linguistic Competency

Cultural competence is defined as a set of congruent practice skills, knowledge, behaviors, attitudes, and policies that come together in a system, agency, or among consumer providers and professionals that enables that system, agency, or those professionals and consumer providers to work effectively in cross-cultural situations.

- c. Upon request, Contractor shall provide DBH with culture-specific service options available to be provided by Contractor.
- d. DBH recognizes that cultural competence is a goal toward which professionals, agencies, and systems should strive. Becoming culturally competent is a developmental process and incorporates at all levels the importance of culture, the assessment of cross-cultural relations, vigilance towards the dynamics that result from cultural differences, the expansion of cultural knowledge, and the adaptation of services to meet culturally-unique needs. Providing mental health and substance use disorder treatment services in a culturally appropriate and responsive manner is fundamental in any effort to ensure success of high quality and cost-effective behavioral health services. Offering those services in a manner that fails to achieve its intended result due to cultural and linguistic barriers does not reflect high quality of care and is not cost-effective.

 - ii. Demographic information to Contractor on service area for service(s) planning.
 - iii. Cultural competency training for DBH and Contractor personnel.

 - iv. Interpreter training for DBH and Contractor personnel, when available.
 - v. Technical assistance for Contractor in translating mental health and substance use disorder treatment services information to DBH's threshold language (Spanish). Technical assistance will consist of final review and field testing of all translated materials as needed.

- vi. Monitoring activities administered by DBH may require Contractor to demonstrate documented capacity to offer services in threshold languages or contracted interpretation and translation services.
- vii. Contractor's written organizational procedures must be in place to determine multilingual and competency level(s).
- viii. The Office of Cultural Competence and Ethnic Services (OCCES) may be contacted for technical assistance and training offerings at cultural_competency@dbh.sbcounty.gov or by phone at (909) 386-8223.

K. Access by Public Transportation

Contractor shall ensure that services provided are accessible by public transportation.

L. Accessibility/Availability of Services

Contractor must establish and maintain effective internal control over the County Fund to provide reasonable assurance that the Contractor manages the County Fund in compliance with Federal, State and County statutes, regulations, and terms and conditions of the Contract.

Fiscal practices and procedures shall be kept in accordance with Generally Accepted Accounting Principles and must account for all funds, tangible assets, revenue and expenditures. Additionally, fiscal practices and procedures must comply with the Code of Federal Regulations (CFR), Title II, Subtitle A, Chapter II, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

N. Site Inspection

Contractor shall permit authorized County, State, and/or Federal Agency(ies), through any authorized representative, the right to inspect or otherwise evaluate the work performed or being performed hereunder including subcontract support activities and the premises which it is being performed. Contractor shall provide all reasonable assistance for the safety and convenience of the authorized representative in the performance of their duties. All inspections and evaluations shall be made in a manner that will not unduly delay the work.

O. Disaster Response

Contractor shall maintain adequate disaster response plans, including contingency preparation for continued patient care and transition; as well as continuous administrative practices, including patient treatment record access and maintenance. P. Collections Costs

Should the Contractor owe monies to the County for reasons including, but not limited to, Quality Management review, cost-settlement, and/or fiscal audit, and the Contractor has failed to pay the balance in full or remit mutually agreed upon payment, the County may refer the debt for collection. Collection costs incurred by the County shall be recouped from the Contractor. Collection costs charged to the Contractor are not a reimbursable expenditure under the Contract.

Q. Damage to County Issued/Loaned Equipment (If Applicable)

1. Contractor shall repair, at its own cost, all damage to County equipment issued/loaned to Contractor for use in performance of this Contract. Such repairs shall be made immediately after Contractor becomes aware of such damage, but in no event later than thirty (30) days after the occurrence.
2. If the Contractor fails to make timely repairs, the County may make any necessary repairs. The Contractor shall repay all costs incurred by the County, by cash payment upon demand, or County may deduct such costs from any amounts due to the Contractor from the County.

R. Strict Performance

Failure by a party to insist upon the strict performance of any of the provisions of this Contract by the other party, or the failure by a party to exercise its rights upon the default of the other party, shall not constitute a waiver of such party's right to insist and demand strict compliance by the other party with the terms of this Contract thereafter.

- A. The Aggregate Maximum Obligation of San Bernardino County for services provided in accordance with all agreements for dementia-related care secondary to behavioral health and medical conditions during the term of this Agreement are as specified on the Referenced contract provisions of this Agreement. This specific Agreement with Contractor is only one of two agreements to which this Aggregate Maximum Obligation applies. It therefore is understood by the parties that reimbursement to Contractor will be only a fraction of this Aggregate Maximum with the appropriate authorization.
- B. This Agreement shall be subject to any restrictions, limitations, or conditions imposed by State, County or Federal governments which may in any way affect the provisions or funding of this Agreement, including, but not limited to those contained in the Schedules A and B. This Agreement is also contingent upon sufficient funds being made available by State, County or Federal governments for the term of the Agreement. Funding is by fiscal year period July 1 through June 30. Costs and services are accounted for by fiscal

year. Any unspent fiscal year allocation does not roll over and is not available in future years. Each fiscal year period will be settled to Federal and/or State cost reporting accountability.

- C. The maximum financial obligation of the County under this Agreement shall not exceed the sum referenced in the Schedules A and B. The maximum financial obligation is further limited by fiscal year, funding source and service modalities as delineated on the Schedules A and B. Contractor may not transfer funds between funding sources, modes of services, or exceed 15% of a budgeted line item without the prior written approval from DBH. Budget line items applicable to the 15% rule are: (1) Total Salaries & Benefits and (2) Individual Operating Expense items. The County has the sole discretion of transferring funds between funding sources or modes of services.
 - 1. It is understood between the parties that the Schedules A and B are budgetary guidelines. Contractor must adhere to the budget by funding outlined in the Schedule A of the Contract as well as track year-to-date expenditures. Contractor understands that costs incurred for services not listed or in excess of the funding in the Schedule A shall result in non-payment to Contractor for these costs.
- D. Contractor agrees to renegotiate the dollar value of this Contract, at the option of the County, if the annualized projected units of service (minutes/hours of time/days) for any mode of service based on claims submitted through March of the operative fiscal year, is less than 90% of the projected minutes/hours of time/days for the modes of service as reported in the Schedules A and B.
- E. If the annualized projected units of service (minutes/hours of time/days) for any mode of service, based on claims submitted through March of the operative fiscal year, is greater than/or equal to 110% of the projected units (minutes/hours of time/days) reported in the Schedules A and B, the County and Contractor agree to meet to discuss the feasibility of renegotiating this Agreement. Contractor must timely notify the County of Contractor's desire to meet.
- F. County will take into consideration requests for changes to Contract funding, within the existing contracted amount. All requests must be submitted in writing by Contractor to DBH Fiscal no later than March 1 for the operative fiscal year. Requests must be addressed to the Fiscal Designee, written on organizational letterhead, and include an explanation of the revisions being requested.
- G. A portion of the funding for these services includes Federal Funds. The Federal CFDA number(s) is (are) 98.958.
- H. If the Contractor provides services under the Medi-Cal program and if the Federal government reduces its participation in the Medi-Cal program, the County agrees to meet with Contractor to discuss renegotiating the total minutes/hours of time required by this Agreement.
- I. Contractor Prohibited From Redirections of Contracted Funds:
 - 1. Funds under this Agreement are provided for the delivery of mental health services to eligible beneficiaries under each of the funded programs identified in the Scope of Work. Each funded program has been established in accordance with the

requirements imposed by each respective County, State and/or Federal payer source contributing to the funded program.

2. Contractor may not redirect funds from one funded program to another funded program, except through a duly executed amendment to this Agreement.
 3. Contractor may not charge services delivered to an eligible beneficiary under one funded program to another funded program unless the recipient is also an eligible beneficiary under the second funded program.
- J. Contractor must establish and maintain effective internal controls over all funding awarded to Contractor by County to provide reasonable assurance that Contractor complies with Federal, State, and County statutes, regulations, and terms and conditions of the Contract.
- K. The maximum financial obligation under this contract shall not exceed \$1,551,250 for the contract term as referenced in Schedules A and B.

V. Provisional Payment

- A. County shall reimburse Contractor, at the rates specified on Schedules A and B of this agreement; provided, however, the total of all payments to Contractor and other contract provider of skilled nursing care specializing in dementia-related care secondary to behavioral health and medical conditions shall not exceed County's Aggregate Maximum Obligation.
- B. The Contractor agrees to collect the mandated base SNF bed rate from the Medi-Cal/ Medi-Care system as set forth by the State/Federal regulations, and the County will pay to Contractor a patch rate for equipment and transportation services as specified for consumers who have behavioral problems that require more specialized services and whose functioning level is too low to be maintained in a lower level of care. The SNF care levels will divide the available bed days under this Agreement for fiscal years (FY) 2019/20 through (FY) 24/25 accordingly:
1. **Level A:** \$70.00 per day
 2. **Level B:** \$140.00 per day
 3. **Level C:** \$180.00 per day
 4. **Bed-hold:** First seven days of a bed hold will be covered by the State. DBH Program Manager II or designee will evaluate the need of a bed hold on a case by case basis if approved, DBH Program Manager II or designee will sign the Room Reserve Request to Extend Bed-hold Form (**Attachment IV**) which will cover the bed at \$209.77 per day or the current DHCS rate.
 5. **Room Reserve** DBH Program Manager II or designee will evaluate the need of a room reserve on a case by case basis and if approved, DBH Program Manager II or designee will sign the Room Reserve Request to Hold Bed Form (**Attachment IV**) at \$218.12 per day.

Care Levels A, B, C, Bed-hold and Room Reserve are further defined in Addendum I. Contract to be an aggregate across the entirety of the contract term, not an annual allocation. Therefore, not to exceed a total of \$1,551,250 for the 5 year contract.

- C. County may approve client absence from the Contractor's facility for hospital care or for therapeutic visits. County may also request Contractor to hold a vacant bed, for which Contractor shall be reimbursed the approved rate during the period of absence.
- D. The minimum base reimbursement rate for the SNF beds corresponds to the base rate for SNF beds established by the State of California Department of Health Care Services (DHCS) for the beds in Santa Clara County. If DHCS modifies this base rate, reimbursement will be based on the new base bed rate, effective the date of the rate change established by DHCS. If DBH modifies the DHCS base bed rate, it must be approved in writing, by DBH Administration and Contractor. The reimbursement rate for any additional services remains the same for the duration of this Agreement regardless of any base SNF rate change.
- E. County shall have responsibility to collect all SSI/SSP revenue due to each consumer. Contractor shall have the responsibility to collect all share of cost which the consumer is eligible to receive. Share of Costs include, but are not limited to:
 - 1. Co-payments from Medi-Cal;
 - 2. Medicare funds;
 - 3. Insurance payments;
 - 4. Private funds.
- F. Contractor shall bill the County Project Liaison monthly in arrears on claim forms provided by County. All claims submitted should clearly reflect all required information specified regarding the services for which claims are made. Claims for Reimbursement shall be completed and forwarded to the County Project Liaison within 10 days after the close of the month in which services were rendered. Within a reasonable period of time following receipt of a complete and correct monthly claim, County shall make payment in accordance with the rates set out in the Payment Article, Paragraph A. and B.
- G. County payments to Contractor for performance of eligible services hereunder are provisional until the completion of all settlement activities.
- H. County's adjustments to provisional payments to Contractor will be based upon State adjudication of Medi-Cal claims, contractual limitations of this Agreement, annual cost report, application of various County, State and/or Federal reimbursement limitations, application of any County, State and/or Federal policies, procedures and regulations and/or County, State or Federal audits, all of which take precedence over monthly claim reimbursement. State adjudication of Medi-Cal claims, annual cost report and audits, as such payments, are subject to future County, State and/or Federal adjustments.

As this contract may be funded in whole or in part with Mental Health Services Act funds signed into law January 1, 2005, Contractor must verify client eligibility for other categorical funding, prior to utilizing MHSA funds. I. DEFINITION OF RECOVERY, WELLNESS, AND RESILIENCE AND REHABILITATIVE MENTAL HEALTH SERVICES

Mental health recovery, wellness, and discovery is an approach to helping the individual to live a healthy, satisfying, and hopeful life despite limitations and/or continuing effects caused by his or her mental illness. "Rehabilitation" is a strength-based approach to skills development that focuses on maximizing an individual's functioning. Services will support the individual in accomplishing his/her desired results. Program staffing should be multi-disciplinary and reflect the cultural, linguistic, ethnic, age, gender, sexual orientation and other social characteristics of the community, which the program serves. Families, caregivers, human service agency personnel and other significant support persons should be encouraged to participate in the planning and implementation process in responding to the individual's needs and desires, and in facilitating the individual's choices and responsibilities. Programs may be designed to use both licensed and non-licensed personnel who are experienced in providing mental health services.

It is believed that all clients can recover, even if that recovery is not complete. The recovery, wellness, and discovery approach involves collaborating with the client to facilitate hope and empowerment, with the goals of counteracting internal and external "stigma," improving self-esteem, encouraging client self-management of his/her life and making his/her own choices and decisions, re-integrating the client back into his/her community as a contributing member, and achieving a satisfying and fulfilling life.

Skilled Nursing Facilities (SNF) specialize in serving consumers with a serious behavioral health condition who additionally have critical medical concerns. These facilities are licensed to provide specialized services which include dementia care to consumers whose

needs require a locked setting for their psychiatric and medical care. The appropriate level of placement for consumers will be agreed to by the Contractor and DBH depending on the level of functioning. The DBH Centralized Hospital Aftercare Services (CHAS) Long Term Care Case Manager (LTC Case Manager) will conduct admissions, discharges and will approve the treatment to be provided each consumer. The Contractor will be required to establish "Discharge Groups" for all consumers admitted to the facility. The "Discharge Group" will include the LTC Case Manager, facility treatment staff, family members and any other organization representative(s) who can contribute information regarding consumer's needs.

The audit trail must be date and time stamped, must log both successful and failed accesses, must be read only, and must be restricted to authorized users. If DBH PHI or PI is stored in a database, database logging functionality must be enabled. Audit trail data must be archived for at least ten (10) years from the final date of the contract period or from the date of completion of any audit, whichever is later.
12. Access Controls. The system providing access to DBH PHI or PI must use role based access controls for all user authentications, enforcing the principle of least privilege.
13. Transmission Encryption. All data transmissions of DBH PHI or PI outside the secure internal network must be encrypted using a FIPS 140-2 certified algorithm which is 128bit or higher, such as AES. Encryption can be end to end at the network level, or the data files containing DBH PHI can be encrypted. This requirement pertains to any type of DBH PHI or PI in motion such as website access, file transfer, and E-Mail.
14. Intrusion Detection. All systems involved in accessing, holding, transporting, and protecting DBH PHI or PI that are accessible via the Internet must be protected by a comprehensive intrusion detection and prevention solution.

C. Audit Controls

1. System Security Review. Contractor must ensure audit control mechanisms that record and examine system activity are in place. All systems processing and/or storing DBH PHI or PI must have at least an annual system risk assessment/security review which provides assurance that administrative, physical, and technical controls are functioning effectively and providing adequate levels of protection. Reviews should include vulnerability scanning tools.
2. Log Review. All systems processing and/or storing DBH PHI or PI must have a routine procedure in place to review system logs for unauthorized access.
3. Change Control. All systems processing and/or storing DBH PHI or PI must have a documented change control procedure that ensures separation of duties and protects the confidentiality, integrity and availability of data.

D. Business Continuity/Disaster Recovery Controls

1. Emergency Mode Operation Plan. Contractor must establish a documented plan to enable continuation of critical business processes and protection of the security of DBH PHI or PI held in an electronic format in the event of an emergency. Emergency means any circumstance or situation that causes normal computer operations to become unavailable for use in performing the work required under this Agreement for more than 24 hours.
2. Data Backup Plan. Contractor must have established documented procedures to backup DBH PHI to maintain retrievable exact copies of DBH PHI or PI. The plan must include a regular schedule for making backups, storing backups offsite, an inventory of backup media, and an estimate of the amount of time needed to restore DBH PHI or PI should it be lost. At a minimum, the schedule must be a weekly full backup and monthly offsite storage of DBH data.

E. Paper Document Controls

1. Supervision of Data. DBH PHI or PI in paper form shall not be left unattended at any time, unless it is locked in a file cabinet, file room, desk or office. Unattended means that information is not being observed by an employee authorized to access the information. DBH PHI or PI in paper form shall not be left unattended at any time in vehicles or planes and shall not be checked in baggage on commercial airplanes.
2. Escorting Visitors. Visitors to areas where DBH PHI or PI is contained shall be escorted and DBH PHI or PI shall be kept out of sight while visitors are in the area.
3. Confidential Destruction. DBH PHI or PI must be disposed of through confidential means, such as cross cut shredding and pulverizing.
4. Removal of Data. Only the minimum necessary DBH PHI or PI may be removed from the premises of Contractor except with express written permission of DBH. DBH PHI or PI shall not be considered "removed from the premises" if it is only being transported from one of Contractor's locations to another of Contractor's locations.
5. Faxing. Faxes containing DBH PHI or PI shall not be left unattended and fax machines shall be in secure areas. Faxes shall contain a confidentiality statement notifying persons receiving faxes in error to destroy them. Fax numbers shall be verified with the intended recipient before sending the fax.
6. Mailing. Mailings containing DBH PHI or PI shall be sealed and secured from damage or inappropriate viewing of such PHI or PI to the extent possible.

Mailings which include 500 or more individually identifiable records of DBH PHI or PI in a single package shall be sent using a tracked mailing method which includes verification of delivery and receipt, unless the prior written permission of DBH to use another method is obtained.
