<p>SUPPLEMENTAL STATEMENT</p> <p>It is our understanding pursuant to the lawsuit filed by the California Attorney General challenging the imposition of immigration enforcement requirements that were added to the FY 2017 JAG funding and in response to a motion filed by the California Attorney General, that the U.S. District Court for the Northern District of California ordered the issuance of the FY 2017 JAG funding that had been withheld from the State of California and political subdivisions within the State and enjoined the enforcement of the immigration enforcement requirements (California v. Sessions I). The 2017 JAG Grant Award documents include the immigration enforcement requirements in paragraphs 52, 53, 54, 55 and 56 of those documents. <b>Please note that acceptance of the award for 2017 does not constitute acceptance of the immigration enforcement requirements. While the U.S. DOJ requires that as a recipient of the grant, we must initial every page of the award, the initialing of the pages is only an acknowledgement of receipt and is not an acceptance of any particular immigration enforcement requirement, certification of action, or condition on an initialed page. Also, please note that we are not submitting the "State or Local Government: FY 2017 Certification of Compliance with 8 U.S.C. 1373" referenced in paragraphs 52 and 53 of the 2017 Grant Award and in addition, we are striking paragraph 7 of the "Certification and Assurances by the Chief Executive of the Applicant Government."</b> Additionally, please note we will not execute or require our subrecipients to execute the Certification of Compliance with 8 U.S.C. 1373.</p>
