With respect to the "program or activity" funded in whole or part under this award (including any such program or activity of any subrecipient at any tier), throughout the period of performance, no State or local government entity, - agency, or -official may prohibit or in any way restrict (1) any government entity or -official from sending or receiving information regarding citizenship or immigration status as described in 8 U.S.C. 1373(a); or (2) a government entity or -agency from sending, requesting or receiving, maintaining, or exchanging information regarding immigration status as described in either 8 U.S.C. 1373(b) or 1644. Any prohibition (or restriction) that violates this condition is an "information-communication restriction" under this award.			
	2. Certifications from subrecipients. The recipient may not make a subaward to a State, a local government, or a "public" institution of higher education, unless it first obtains a certification of compliance with 8 U.S.C. 1373 and 1644, properly executed by the chief legal officer of the government or educational institution that would receive the subaward, using the appropriate form available at https://ojp.gov/funding/Explore/SampleCertifications-8USC1373.htm. Also, the recipient must require that no subrecipient (at any tier) may make a further subaward to a State, a local government, or a public institution of higher education, unless it first obtains a certification of compliance with 8 U.S.C. 1373 and 1644, properly executed by the chief legal officer of the government or institution that would receive the further subaward, using the appropriate OJP form.

Requirement to collect certain information from subrecipients

The recipient may not make a subaward to a State, a local government, or a "public" institution of higher education, unless it first obtains from the proposed subrecipient responses to the questions identified in the program solicitation as "Information regarding Communication with the Department of Homeland Security (DHS) and/or Immigration and Customs Enforcement (ICE)." All subrecipient responses must be collected and maintained by the recipient, consistent with regular document retention requirements, and must be made available to DOJ upon request. Responses to these questions are not required from subrecipients that are either a tribal government/organization, a nonprofit organization, or a private institution of higher education.

	The recipient agrees to submit a signed certification that all law enforcement agencies receiving body armor purchased with funds from this award have a written "mandatory wear" policy in effect. The recipient must keep signed certifications on file for any subrecipients planning to utilize funds from this award for ballistic-resistant and stab-resistant body armor purchases. This policy must be in place for at least all uniformed officers before any funds from this award may be used by an agency for body armor. There are no requirements regarding the nature of the policy other than it be a mandatory wear policy for all uniformed officers while on duty.

SUPPLEMENTAL STATEMENT

It is our understanding pursuant to the lawsuit filed by the California Attorney General challenging the imposition of immigration enforcement requirements that were added to the FY 2018 JAG funding, that the U.S. District Court for the Northern District of California found the immigration enforcement requirements unconstitutional and enjoined the enforcement of those requirements (California v. Sessions II). The 2018 JAG Grant Award documents include the immigration enforcement requirements in paragraphs 41, 42, 43, 44, 45, 46 and 47 of those documents. Please note that acceptance of the award for 2018 does not constitute acceptance of the immigration enforcement requirements. While the U.S. DOJ requires that as a recipient of the grant, we must initial every page of the award, the initialing of the pages is only an acknowledgement of receipt, nor a certification of action or acceptance of any particular immigration enforcement requirement or condition on an initialed page. Also, please note that we are not submitting the "State or Local Government: FY 2018 Certification of Compliance with 8 U.S.C. 1373 and 1644" referenced in paragraphs 41 and 42 or the "State or Local Government: FY 2018 Certification Relating to 8 U.S.C. 1226(a) and (c), 1231(a), 1324(a), 1357(a), and 1366(1) and (3)." In addition, we are striking paragraphs 7 and 8 that refer to those two certifications in the "Certification and Assurances by the Chief Executive of the Applicant Government." Additionally, please note we will not execute or require our subrecipients to execute the Certification of Compliance with 8 U.S.C. 1373 and 1644.

Subrecipient Monitoring Procedures County of San Bernardino Law and Justice Group

Grant Award/Sub-Award Process

When the Law and Justice Group (L&JG) has been notified that it has been awarded a grant, a Board Agenda Item to accept the grant will be prepared and submitted to the Board of Supervisors (BOS) for approval. Where there is a sub-award to be granted, a Sub-Award Agreement will be prepared by the L&JG (recipient) and approved by the BOS and the subrecipient. The appropriate officials will sign the sub-award documents. The Sub-Award Agreement will identify the federal award information and applicable compliance requirements, including applicable special conditions for each federal sub-award. The Sub-Award Agreement will include the Grant Award Number, Award Date, Catalog of Federal Domestic Assistance (CFDA) number, Project Title, Project Period, Award Amount, and all applicable Special Conditions for the sub-award. The L&JG's Subrecipient Monitoring Procedures will be included in the Sub-Award Agreement.

Grant Revenue

When notified that a grant award has been made, the Grant Coordinator requests a budget code for the grant award from the Auditor-Controller/Treasurer/Tax Collector (ATC), and submits appropriate budget documents for the Board of Supervisors approval. Once the budget is established, the Grant Coordinator requests a drawdown of grant funds and deposits the funds into the applicable special revenue fund. Timeframes for the drawdown requests will be accomplished in accordance with award requirements specified by the awarding agency. The Grant Coordinator maintains a record of revenues requested and received and reconciles the account.

Disbursement of Funds to Subrecipients

When disbursing sub-award funds to subrecipients, the Grant Coordinator will prepare the appropriate payment document. The payment document is reviewed and approved by the Chair of the L&JG. The ATC processes payments and disbursement of funds.

To notify subrecipients of the federal award number, CFDA number, and the amount of federal funds at the time of the disbursement of funds, the following steps will be followed:

- The payment documents will reference the federal award number, CDFA number, and the amount of federal funds.
- Correspondence will be sent to subrecipients at the time of disbursement identifying the payment and detailing the required federal information.

Subrecipient Monitoring Requirement

Sub-awards will be monitored in accordance with all applicable statutes, regulations, the Uniform Grant Guidance, OMB Circulars, and guidelines, including the Office of Justice Programs Financial Guide. The recipient will include the applicable conditions of this award in any sub-award. The recipient is responsible for the following:

- Ensure that every sub-award is clearly identified to the subrecipient as a sub-award and includes applicable conditions of the federal award.
- Evaluate each subrecipient's risk of noncompliance with federal statutes, regulations and the terms and conditions of the sub-award for purposes of determining the appropriate subrecipient monitoring procedures.
- Oversight of subrecipient spending and monitoring of specific outcomes and benefits attributable to the use of funds.
- Review financial and performance reports.
- Follow-up and ensure that subrecipients take timely and appropriate action on all deficiencies pertaining to the federal award provided to the subrecipient from the pass-through entity detected through audits, on-site monitoring visits, and other means.
- Issue a management decision for audit findings pertaining to the federal award provided to the subrecipient from the pass-through entity as required by 2 CFR 200.521 Management Decision.
- Verify that every subrecipient who is expected to expend \$750,000 or more is audited as required by 2 CFR 200 Subpart F Audit Requirements.
- Consider whether the results of the subrecipient's audits, on-site monitoring visits or other monitoring indicate conditions that necessitate adjustments to the pass-through entity's own records.
- Consider taking enforcement against noncompliant subrecipients as described in 2 CFR 200.338 Remedies.

Subrecipient Monitoring Process

On-site monitoring of grant-funded projects may be conducted by the U.S. Department of Justice or the County of San Bernardino. At that time, the identified subrecipient agency will be required to provide documentation supporting expenditures, and/or a physical review of items funded through the grant may be requested.

To ensure full compliance with this legislative mandate, all grant related documentation to include timesheets, invoices, purchase orders, canceled checks, and contracts must be maintained in a location accessible to the person responsible for managing the sub-award, and the agency's chief executive.

If it is determined funds are not being used for approved purposes, or if proper documentation is not maintained, the amount in question must be returned to the U.S. Department of Justice. The subrecipient agency may also be deemed ineligible for future federal funding.

On-Site Monitoring

The County of San Bernardino L&JG may conduct on-site monitoring. The monitoring will be based upon performance and reported expenditure of funds. The monitoring will be based upon performance, tracked through reports and regular correspondence. This method will ensure the subrecipient in greatest need for assistance in managing their award is provided the necessary tools to be in full compliance with U.S. Department of Justice requirements.

If selected for monitoring, the subrecipient will be notified at least 20 days prior to the monitoring. The staff person responsible for managing the sub-award, the staff person assigned to managing fiscal operations, the chief executive of the subrecipient agency, and any other applicable persons directly involved in the oversight of grant funds will be asked to attend. Appropriate documentation will also be requested for review. During the monitoring, the following items will be reviewed and/or discussed:

invoices, timesheets, canceled checks, equipment purchased, policies and procedures, financial status reports, performance reports and grant files.

If the subrecipient is non-compliant with award requirements, the following actions will be taken: The County of San Bernardino will assist the subrecipient with the resolution of identified issues, a recommendation to the U.S. Department of Justice for a federal monitoring of the sub-award will be made, future payments will be withheld until all issues are resolved, and closer oversight of the subrecipient by San Bernardino County will be implemented.

Project Accounting and Record Keeping

Adequate control of funds received to ensure compliance with federal and state regulations and grant sub-award conditions will be accomplished. Separate records are maintained for each project to avoid commingling of project funds with other funds.

Obligation and Expenditure of Funds

All Grant funds must be obligated by the termination date of the project.

Grant funds legally obligated by the termination date must be expended within the timeframe specified within the Grant Contract, Agreement, or Sub-Award Agreement. Justice Assistance Grant funds must be expended by the end of the project period.

Reporting Requirements

Submission of financial reports will be accomplished in accordance with the guidelines specified in the Grant Contract, Agreement, or Sub-Award Agreement.

Subrecipient Audits – Uniform Grant Guidance and OMB Circular A-133 Compliance

Subrecipients are required to comply with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR Part 200 (Uniform Grant Guidance) for federal awards made on or after December 26, 2014, or with the OMB Circular A-133 for federal awards made prior to December 26, 2014.

A single or program specific audit is required in any year that a government expends \$750,000 or more a year in federal awards. Both the Uniform Grant Guidance and the OMB Circular A-133 require audits to be completed and submitted to the Federal Audit Clearinghouse (FAC) no later than nine (9) months after the close of each fiscal year during the term of each grant award. As a condition of the sub-award agreement, the Law and Justice Group will require the subrecipient to submit a copy of the audit, including any corrective action plan within 30 days from the date of submission to the FAC. The Grant Coordinator will review and ensure that the subrecipient audit reports are received and that all audit findings have been resolved. Failure of the subrecipient to have audits performed as required may result in the withholding of new discretionary awards and/or withholding of funds.

Project Closeout

The Grant Coordinator will schedule, monitor, and ensure timely completion of all required closeout activities and final financial reports in conformance with the guidelines required by the awarding agency.

Inventory Control

Subrecipients will maintain an inventory of equipment purchased with grant funds and submit inventory records to the Grants Coordinator if requested. Records shall be retained for a period of three years from the date of the disposition or replacement or transfer at the discretion of the awarding agency. As

equipment or other non-expendable property is purchased and received, it will be permanently marked, a property inventory record completed, and the property inventory record will be made part of the permanent grant sub-award file. Disposition of equipment will be done in accordance with the awarding agency's guidelines.

Retention Period

Project records must be maintained for the required period after the awarding agency determines that the grantee has met all the project requirements and the project has been accepted for closeout. Records will be maintained for a minimum of three years. The three-year retention period starts from the date of the submission of the closure of the single audit report which covers the grant period and lasts until completion of any disputes arising prior to the expiration of the three year period, whichever is later.
