REPORT/RECOMMENDATION TO THE BOARD OF SUPERVISORS
OF THE COUNTY OF SAN BERNARDINO
AND RECORD OF ACTION

June 23, 2020

FROM
JOHN McMAHON, Sheriff/Coroner/Public Administrator

SUBJECT
Purchase of Computer Licenses for West Valley Detention Center Medical Unit Infrastructure Project

RECOMMENDATION(S)
1. Approve the purchase of computer software licenses, unbudgeted capitalized software, in a total amount of $130,000, for the West Valley Detention Center to support live streaming capabilities for remote access to the Courts and healthcare services.
2. Authorize the Auditor-Controller/Treasurer/Tax Collector to post the $130,000 budget adjustment for 2019-20, for the purchase of computer software licenses, as identified in the Financial Impact Section (Four Votes Required).
 (Presenter: John Ades, Captain, 387-0640)

COUNTY AND CHIEF EXECUTIVE OFFICER GOALS & OBJECTIVES
Provide for the Safety, Health and Social Service Needs of County Residents.
Improve County Government Operations.

FINANCIAL IMPACT
Approval of this item will not result in the use of additional Discretionary General Funding (Net County Cost). The Sheriff/Coroner/Public Administrator (Department) received additional funding in the 2019-20 Second Quarter Budget Report for general improvements at the West Valley Detention Center (WVDC) to address the Consent Decree between the Department and the Prison Law Office (PLO).   The Department is requesting to transfer existing appropriation to purchase computer software licenses at WVDC, and the following 2019-20 budget adjustments are requested:

Cost Center	Commitment Item	Description	Action	Amount
4420001000	54404040	Equipment	Decrease	($130,000)
4420001000	54904099	Licensed Software	Increase	$130,000

BACKGROUND INFORMATION
Computer software licenses are needed to support the WVDC Medical Unit infrastructure project. Technological infrastructure is being enhanced due to increased demand necessary to address the Prison Law Office Consent Decree and to respond to the COVID-19 pandemic.

The computer software licenses are needed to increase infrastructure to support live streaming capabilities for the delivery of healthcare services and for remote access to the Courts. The

current state of the WVDC network infrastructure does not support the implementation of high bandwidth consumption or mass video demands. A move toward decentralized network architecture will offer greater localized bandwidth with the potential for secure direct service delivery. This will limit the need for a portion of WVDC's traffic to traverse the County WAN infrastructure. In addition, remote access and live streaming capabilities help reduce the need to transport inmates in and out of jail while mitigating the spread of COVID-19. Increasing remote access to healthcare services allows the department to comply with the Prison Law Office Consent Decree.

PROCUREMENT
Procurement for the equipment listed in Recommendation No.1 will be completed in accordance with the County's procurement procedures.

REVIEW BY OTHERS
This item has been reviewed by County Counsel (Richard D. Luczak, Deputy County Counsel, 387-5455) on June 4, 2020; Purchasing (Michael Candelaria, Lead Buyer, 387-0321) on June 4, 2020; Finance (Carolina Mendoza, Administrative Analyst, 387-0294) on June 4, 2020; and County Finance and Administration (Kelly Welty, Deputy Executive Officer, 387-5423) on June 4, 2020.
