WHEREAS, in determining "change in the cost of living" pursuant to Section 8(e)(2) of Article XIII B of the California State Constitution, an entity of local government other than a school district or a community college district has the option to select either (A) the percentage change in California per capita personal income from the preceding year, or (B) the percentage change in the local assessment roll from the preceding year due to the addition of local non-residential new construction; and

WHEREAS, the appropriations limits in Attachment "A" represent the limits based on Option (A) the percentage change in California per capita personal income from the preceding year as this is the most beneficial information available at this time.
