Exhibit K

Attestation of Compliance with the Sexual Health Education Accountability Act of 2007

Agency Name: County of San Bernardino
Agreement/Grant Number: 202036
Compliance Attestation for Fiscal Year: 2020-21

The Sexual Health Education Accountability Act of 2007 (Health and Safety Code, Sections 151000 – 151003) requires sexual health education programs (programs) that are funded or administered, directly or indirectly, by the State, to be comprehensive and not abstinence-only. Specifically, these statutes require programs to provide information that is medically accurate, current, and objective, in a manner that is age, culturally, and linguistically appropriate for targeted audiences. Programs cannot promote or teach religious doctrine, nor promote or reflect bias (as defined in Section 422.56 of the Penal Code), and may be required to explain the effectiveness of one or more drugs and/or devices approved by the federal Food and Drug Administration for preventing pregnancy and sexually transmitted diseases. Programs directed at minors are additionally required to specify that abstinence is the only certain way to prevent pregnancy and sexually transmitted diseases.

In order to comply with the mandate of Health & Safety Code, Section 151002 (d), the California Department of Public Health (CDPH) Maternal, Child and Adolescent Health (MCAH) Program requires each applicable Agency or Community Based Organization (CBO) contracting with MCAH to submit a signed attestation as a condition of funding. The Attestation of Compliance must be submitted to CDPH/MCAH annually as a required component of the Agreement Funding Application (AFA) Package. By signing this letter the MCAH Director or Adolescent Family Life Program (AFLP) Director (CBOs only) is attesting or "is a witness to the fact that the programs comply with the requirements of the statute". The signatory is responsible for ensuring compliance with the statute. Please note that based on program policies that define them, the Sexual Health Education Act inherently applies to the Black Infant Health Program, AFLP, and the California Home Visiting Program, and may apply to Local MCAH based on local activities.

The undersigned hereby attests that all local MCAH agencies and AFLP CBOs will comply with all applicable provisions of Health and Safety Code, Sections 151000 – 151003 (HS 151000–151003). The undersigned further acknowledges that this Agency is subject to monitoring of compliance with the provisions of HS 151000–151003 and may be subject to contract termination or other appropriate action if it violates any condition of funding, including those enumerated in HS 151000–151003.

CALIFORNIA CODES
HEALTH AND SAFETY CODE
SECTION 151000-151003

151000. This division shall be known, and may be cited, as the Sexual Health Education Accountability Act.

151001. For purposes of this division, the following definitions shall apply:

- (a) "Age appropriate" means topics, messages, and teaching methods suitable to particular ages or age groups of children and adolescents, based on developing cognitive, emotional, and behavioral capacity typical for the age or age group.
- (b) A "sexual health education program" means a program that provides instruction or information to prevent adolescent pregnancy, unintended pregnancy, or sexually transmitted diseases, including HIV, that is conducted, operated, or administered by any state agency, is funded directly or indirectly by the state, or receives any financial assistance from state funds or funds administered by a state agency, but does not include any program offered by a school district, a county superintendent of schools, or a community college district.
- (c) "Medically accurate" means verified or supported by research conducted in compliance with scientific methods and published in peer review journals, where appropriate, and recognized as accurate and objective by professional organizations and agencies with expertise in the relevant field, including, but not limited to, the federal Centers for Disease Control and Prevention, the American Public Health Association, the Society for Adolescent Medicine, the American Academy of Pediatrics, and the American College of Obstetricians and Gynecologists.

151002. (a) Every sexual health education program shall satisfy all of the following requirements:

- (1) All information shall be medically accurate, current, and objective.
 - (2) Individuals providing instruction or information shall know and use the most current scientific data on human sexuality, human development, pregnancy, and sexually transmitted diseases.
 - (3) The program content shall be age appropriate for its targeted population.
 - (4) The program shall be culturally and linguistically appropriate for its targeted populations.
 - (5) The program shall not teach or promote religious doctrine.
 - (6) The program shall not reflect or promote bias against any person on the basis of disability, gender, nationality, race or ethnicity, religion, or sexual orientation, as defined in Section 422.56 of the Penal Code.
 - (7) The program shall provide information about the effectiveness and safety of at least one or more drugs and/or devices approved by the federal Food and Drug Administration for preventing pregnancy and for reducing the risk of contracting sexually transmitted diseases.
- (b) A sexual health education program that is directed at minors shall comply with all of the criteria in subdivision (a) and shall also comply with both the following requirements:

Exhibit K

Attestation of Compliance with the Sexual Health Education Accountability Act of 2007

- (1) It shall include information that the only certain way to prevent pregnancy is to abstain from sexual intercourse, and that the only certain way to prevent sexually transmitted diseases is to abstain from activities that have been proven to transmit sexually transmitted diseases.
- (2) If the program is directed toward minors under the age of 12 years, it may, but is not required to, include information otherwise required pursuant to paragraph (7) of subdivision (a).
- (c) A sexual health education program conducted by an outside agency at a publicly funded school shall comply with the requirements of Section 51934 of the Education Code if the program addresses HIV/AIDS and shall comply with Section 51933 of the Education Code if the program addresses pregnancy prevention and sexually transmitted diseases other than HIV/AIDS.
- (d) An applicant for funds to administer a sexual health education program shall attest in writing that its program complies with all conditions of funding, including those enumerated in this section. A publicly funded school receiving only general funds to provide comprehensive sexual health instruction or HIV/AIDS prevention instruction shall not be deemed an applicant for the purposes of this subdivision.
- (e) If the program is conducted by an outside agency at a publicly funded school, the applicant shall indicate in writing how the program fits in with the school's plan to comply fully with the requirements of the California Comprehensive Sexual Health and HIV/AIDS Prevention Education Act, Chapter 5.6 (commencing with Section 51930) of the Education Code. Notwithstanding Section 47610 of the Education Code, "publicly funded school" includes a charter school for the purposes of this subdivision.
- (f) Monitoring of compliance with this division shall be integrated into the grant monitoring and compliance procedures. If the agency knows that a grantee is not in compliance with this section, the agency shall terminate the contract or take other appropriate action.
- (g) This section shall not be construed to limit the requirements of the California Comprehensive Sexual Health and HIV/AIDS Prevention Education Act (Chapter 5.6 (commencing with Section 51930) of Part 28 of the Education Code).
- (h) This section shall not apply to one-on-one interactions between a health practitioner and his or her patient in a clinical setting.

151003. This division shall apply only to grants that are funded pursuant to contracts entered into or amended on or after January 1, 2008.

Section 2 – About Our Community – Health Starts Where We Live, Learn, Work, and Play

Describe the following using brief narratives or bullets: 1) *Geography*, 2) *Major industries and employers (public/private)*, 3) *Walkability, recreational areas*

Geography

With an area of over 20,000 square miles, the County of San Bernardino is the largest County in the contiguous United States. The County is comprised of several distinct regions, including a wide strip of urban development (residential and commercial) along the Interstate 10 corridor, especially in its westernmost section; mountains and lakes; and vast desert expanses in the northern and eastern quadrants. The size of the County, distances between regions, and the physical/topographical features all contribute significantly to the challenge of providing services to residents. Many of the cities in the rapidly growing high desert region are greater than 40 miles from the County seat, San Bernardino, which is the largest city and the central location for most of the jurisdiction's health and community services personnel. The size of the County similarly impacts access to infrastructure, especially public transportation, which is one of the indicated barriers to the County's most in need populations. There are 37 incorporated cities/towns and unincorporated communities in the County.

Major Industries and Employers (public/private)

The major industries in the County are: trade/transportation/utilities, government, education and health, professional and business services, leisure and hospitality, manufacturing, construction, and financial services. The top ten employers in the County are the County of San Bernardino, Stater Bros. Markets, U.S. Army, Loma Linda University, U.S. Marine Corps, United Parcel Service, San Bernardino City Unified School District, Ontario International Airport, Loma Linda University Medical Center, and Kaiser Permanente (Fontana).

Walkability, Recreational Areas

- Approximately 2.5 million acres of recreational land and more than 470 bikeway miles throughout the County
- There are more than 30 wilderness areas within the County (in whole or part)
- National protected areas of note include: Angeles National Forest, Death Valley National Park, Havasu National Wildlife Refuge, Joshua Tree National Park, Mojave National Preserve, and San Bernardino National Forest
- Six (6) ski resorts: Bear Mountain, Lake Arrowhead, Mountain High, Mt. Baldy, Snow Summit, and Snow Valley Mountain Resort
- Eleven (11) regional parks and recreation areas, including Calico Ghost Town, Santa Ana River Trail, and Lake Gregory
- Ten (10) community theaters and/or concert venues, and eight (8) museums and/or historical societies

Section 3 – Health System – Health and Human Services for the MCAH Population

Describe the following using brief narratives or bullets: Strategies/initiatives that address the following: Maternal/Women's Health, Perinatal/Infant Health, Child Health, Adolescent Health, Children with Special Health Care Needs and cross cutting or life course issues (public health issues that impact multiple MCAH population groups).

San Bernardino County Public Health- Maternal, Child, and Adolescent Health (MCAH) Program

The San Bernardino County Department of Public Health (SBCDPH) Maternal, Child and Adolescent Health (MCAH) Program's mission is to improve health outcomes of the County's reproductive age women, infants, children, adolescents and their families. SBCDPH MCAH believes and strives to shape a future San Bernardino County in which:

- All children are wanted, nurtured and provided the assistance they need to mature into healthy, productive adults
- Young adults are involved in health promoting activities and acquire the skills as adults to build strong families and communities
- Women's and families' health, safety and well-being throughout life are a priority
- Health disparities by racial, ethnic, geographic area and economic status have been eliminated

Major priorities of the SBCDPH MCAH Program include:

- Breastfeeding promotion and support
- Increase rate of tobacco cessation among pregnant women
- Improve pregnancy outcomes, including low birth weight and prematurity rates
- Reduce rate of Sudden Infant Death Syndrome (SIDS) and promote a safe sleep environment

San Bernardino County Public Health- Black Infant Health Program

The goal of the SBCDPH Black Infant Health (BIH) Program is to improve African-American infant and maternal health, as well as decrease health and social inequities for women and infants. Within a culturally affirming environment and honoring the unique history of African American women, the SBCDPH BIH Program uses a group-based approach with complementary client-centered case management to help women develop life skills, learn strategies for reducing stress, and build social support. BIH participants participate in weekly group sessions, supported by one-to-one case management, designed to help access their own strengths and set health-promoting goals for themselves and their babies.

March of Dimes- Healthy Babies are Worth the Wait

Healthy Babies are Worth the Wait (HBWW) is a March of Dimes-led, community program aimed at reducing preterm birth. The program convenes the key perinatal stakeholders in a selected community to identify where improvements might be made in areas that impact preterm birth. Model programs have been implemented in Kentucky and Texas, and San Bernardino County (High Desert Region) was selected for implementation of this model. The local MCAH Program is an active member of the HBWW steering committee and workgroups. HBWW have identified three major risk factors to address:

1) tobacco and substance use, 2) access to services/ remote communities, and 3) birth spacing and access to family planning services.

Section 4 – Health Status and Disparities for the MCAH Population

Describe the following using brief narratives or bullets: Key health disparities and how health behaviors, the physical environment and social determinants of health (social/economic factors) contribute to these disparities for specific populations. Highlight areas where progress has been made in improving health outcomes.

Many factors contribute to the existence of health disparities among San Bernardino County's population, including (but not limited to) widely varying socio-demographics, economic characteristics, and geographic features across the County's 2.1 million residents and 20,105 square miles. San Bernardino County (SBC) is ethnically and culturally diverse, with Hispanics comprising fifty-one percent (51%) of the population, Whites accounting for thirty-three percent (33%), and Black and Asian residents accounting for nine percent (9%) and seven percent (7%), respectively. Fifteen percent (15%) of the County's population lives below the federal poverty level, and median income is sixteen percent (16%) less than it is in California. Like income, educational attainment is lower in the County than in the State, with just twenty percent (20%) of the County's population age 25 years and older having a bachelor's degree compared to thirty-three percent (33%) in California. These differences are magnified in outlying areas of the County, where access to resources and services is limited. For example, in the several high desert Cities, where about sixteen percent (16%) of the County's population resides, just eleven percent (11%) of the population age 25 years and older have a bachelor's degree, and approximately twenty-eight percent (28%) live below the federal poverty level.

Several disparities exist for Maternal, Child, and Adolescent Health (MCAH) indicators between San Bernardino County and the State of California. Specifically, the infant mortality rate (IMR) was 5.5 infant deaths per 1,000 live births in San Bernardino County during calendar year 2017 (31% higher than the State of California rate of 4.2), and ranged from 11.4 among Blacks, 6.1 among Hispanics, 3.9 among Whites, and 2.4 among Asian/Pacific Islanders. In 2017, the percentage of low birthweight (percent of live born infants weighing less than 2,500 grams at birth) newborns born to San Bernardino County resident mothers was 7.3% compared to the State of California (6.9%). Additionally, the percentage of preterm newborns (percent of live births less than 37 weeks gestation) born to San Bernardino County resident mothers was 9.3% compared to the State of California (8.7%) in 2017. This disparity has remained consistent as the San Bernardino County preterm birth rate has remained higher than the State of California preterm birth rate since 2009.

Despite current SBC MCAH population health disparities, several SBC MCAH health indicators have improved over the past decade, and several SBC MCAH health indicators have achieved HealthyPeople2020 target objectives. Specifically, the SBC IMR decreased by twenty-seven percent (27%) in San Bernardino County from 2009 (7.5 infant deaths per 1,000 live births) to 2017 (5.5 infant deaths per 1,000 live births), which was a greater percentage decrease than the State of California IMR (14% decline, from 4.9 to 4.2). Further, the HealthyPeople2020 goal of reducing the infant mortality rate to fewer than six infant deaths per 1,000 live births has been achieved for the SBC MCAH population. Additionally, the percent of females receiving prenatal care in the first trimester of pregnancy has gradually increased from 2007 (80.8%) to 2017 (83.2%), and the HealthyPeople2020 benchmarks for the percentage of SBC preterm births and the percentage of SBC low birth weight deliveries have been achieved.

CERTIFICATION OF INDIRECT COST RATE METHODOLOGY

Please list the Indirect Cost Rate (ICR) Percentage and supporting methodology for the contract or allocation with the California Department of Public Health, Maternal Child and Adolescent Health Division (CDPH/MCAH Division).

Date: 6/11/2020

Agency Name: County of San Bernardino

Contract/Agreement Number: 202036

Contract Term/Allocation Fiscal Year: FY 2020-21

1. NON-PROFIT AGENCIES/ COMMUNITY BASED ORGANIZATIONS (CBO)

Non-profit agencies or CBOs that have an approved ICR from their Federal cognizant agency are allowed to charge their approved ICR or may elect to charge less than the agency's approved ICR percentage rate.

Private non-profits local agencies that do not have an approved ICR from their Federal cognizant agency are allowed a maximum ICR percentage of 15.0 percent of the Total Personnel Costs.

The ICR percentage rate listed below must match the percentage listed on the Contract/Allocation Budget.

 % Fixed Percent of:

☐ Total Personnel Costs:

2. LOCAL HEALTH JURISDICTIONS (LHJ)

LHJs are allowed up to the maximum ICR percentage rate that was approved by the CDPH Financial Management Branch ICR or may elect to charge less than the agency's approved ICR percentage rate. The ICR rate may not exceed 25.0 percent of Total Personnel Costs or 15.0 percent of Total Direct Costs. The ICR application (i.e. Total Personnel Costs or Total Allowable Direct Costs) may not differ from the approved ICR percentage rate.

The ICR percentage rate listed below must match the percentage listed on the Allocation/Contracted Budget.

15.45% Fixed Percent of:

☒ Total Personnel Costs:

☐ Total Allowable Direct Costs:

3. OTHER GOVERNMENTAL AGENCIES AND PUBLIC UNIVERSITIES

University Agencies are allowed up to the maximum ICR percentage approved by the agency's Federal cognizant agency ICR or may elect to charge less than the agency's approved ICR percentage rate. Total Personnel Costs or Total Direct Costs cannot change.

 % Fixed Percent of:

☐ Total Personnel Costs (Includes Fringe Benefits)

☐ Total Personnel Costs (Excludes Fringe Benefits)

☐ Total Allowable Direct Costs

CERTIFICATION OF INDIRECT COST RATE METHODOLOGY

Please provide your agency's detailed methodology that includes all indirect costs, fees and percentages in the box below.

ICR percentage rate was certified as to form and methodology by San Bernardino County, Auditor Controller. The costs and cost categories contained in the Indirect Cost Rate of 15.449% of Total Personnel Costs are accurate and consistent with generally accepted accounting principles and prepared in conformance with Office of Management and Budget 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards Final Guidance (78 FR 78589). No costs other than those incurred by the Grantee/Contractor, or allocated to the Grantee/Contractor via an approved central service cost plan, were included in indirect cost pool as finally accepted, and that such incurred costs are legal obligations of the Grantee/Contractor and allowable under the governing principles. The same costs that have been treated as indirect costs have not been claimed as direct costs and similar types of costs have been accorded consistent accounting treatment.

Please submit this form via email to your assigned Contract Manager.

The undersigned certifies that the costs used to calculate the ICR are based on the most recent, available and independently audited actual financials and are the same costs approved by the CDPH to determine the Department approved ICR.

California Department of Public Health

GAVIN NEWSOM
Governor

March 13, 2020

Joshua Dugas
Chief Financial Officer
San Bernardino County
351 N. Mountain View Avenue
San Bernardino, CA, CA 92415-0010

Dear Joshua Dugas:

Thank you for submitting your Indirect Cost Rate (ICR) documentation to the California Department of Public Health (CDPH). CDPH is using a standardized process that allows each Local Health Department (LHD) to use the negotiated ICR for all contracts, unless the ICR is otherwise designated by state or federal statutes, regulations, or specific grant guidelines, with CDPH.

For Fiscal Year 2020-2021, CDPH has accepted the documentation you have provided and, on a one-year basis, will approve your ICR proposal as follows:

15.825% calculated based on Salaries, Wages and Fringe Benefits

Please note, the rate you provided was approved up to the maximum allowed by CDPH policy (up to 25% for ICR calculated based on Salaries, Wages and Fringe Benefits and up to 15% for ICR calculated based on Allowable Total Direct Costs).

We look forward to working with you to document your approved ICR in CDPH contracts with a start date of July 1, 2020 or later.

If you have any questions, contact CDPH at CDPH-ICR-Mailbox@cdph.ca.gov.

Sincerely,

Eric Lau, Accounting Section Chief
California Department of Public Health

**DEPARTMENT OF PUBLIC HEALTH
COUNTY OF SAN BERNARDINO**

**FAMILY HEALTH SERVICES SECTION
ACCOUNTANT II/III (Staff Analyst II, as applicable)**

DUTY STATEMENT

Budget Row 2, 83, 84, 85

SCOPE OF RESPONSIBILITY: Under general direction, prepares budgets, invoices, projections, and other fiscal reports/summaries in support of the MCAH and Children's Screening, Assessment, Referral, and Treatment (CSART) programs, and performs related duties, as requested.

SUPERVISION: The Staff Analyst II/Accountant II/III reports to a centralized support unit within the County of San Bernardino Department of Public Health, but coordinates all work through the MCAH Co-Director/Public Health Nurse Manager or Administrative Supervisor I, as applicable.

DUTY STATEMENT:

1. Plans and coordinates studies of administrative and operational activities, including fiscal operations, budget preparation and control; equipment usage; staff patterns; work flow; space utilization; training plans; develops reports and recommendations for appropriate action based on an analysis of gathered data.
2. Analyzes and makes recommendations in the development of various budgets and fiscal procedures; justifies and presents less complex budgets; controls project related purchases and expenditures; reviews financial data on an on-going basis to ensure conformance with established guidelines; recommends and establishes general fiscal procedures to improve project operations based on cost/benefit studies.
3. Recommends and establishes contract forms and procedures; develops and processes bid proposals and agreements, interprets contract terms and monitors adherence to same; recommends solutions to contractual problems.
4. Researches methods necessary for specific grant proposals; prepares portions of grant applications and subsequent follow up; recommends and monitors procedures for grant implementation.
5. Develops and recommends various policies and procedures upon request; develops written procedures to implement adopted policies or to clarify and describe standard practices; designs or improves forms to expedite procedures and coordinates the publication and dissemination of same.

FAMILY HEALTH SERVICES SECTION
ACCOUNTANT II/III / STAFF ANALYST II
PAGE TWO

6. Under direction, develops departmental training plans; coordinates organizational staff development needs and county requirements; administers training budget.
7. Participates in various meetings and presents requested and independently gathered data to assist management in making administrative and operational decisions.
8. May supervise a small staff; assigns and evaluates their work.
9. Reviews present and pending legislation to determine effect on departmental organizations and presents recommendations in verbal or written form.
10. Prepares a variety of reports, records, correspondence, and other documents.
11. Provides vacation and temporary relief, as required.

**DEPARTMENT OF PUBLIC HEALTH
COUNTY OF SAN BERNARDINO**

**FAMILY HEALTH SERVICES SECTION
ADMINISTRATIVE SUPERVISOR I
DUTY STATEMENT**

Budget Rows 3, 25, 31, 51, 66

SCOPE OF RESPONSIBILITY: The Administrative Supervisor supervises a staff providing general administrative support to the Family Health Service Section; conducts special studies of administrative and operational activities; and recommends, develops, and establishes changes as required.

SUPERVISION: Reports directly to the MCAH Co-Director/Public Health Nurse Manager.

DUTY STATEMENT:

1. Supervises a unit providing support functions for the MCAH, CPSP, FIMR, SIDS, and CSART programs, including services to Medi-Cal beneficiaries and the Medi-Cal eligible population; assigns and reviews work; evaluates work performance; participates in selection and discipline of staff.
2. Plans and coordinates studies of administrative and operational activities (benefitting Medi-Cal beneficiaries and the Medi-Cal population), fiscal operations, and budget preparation and monitoring (including federal Title XIX matching funds); equipment purchase and usage; staffing patterns and work flow; and space utilization. Develops reports and recommendations for appropriate action based on an analysis of gathered data.
3. Recommends and establishes an external and internal contract compliance system, including interpretation of contract terms and monitoring adherence to same; recommends solutions to contractual problems; reviews procurement processes and bid proposals and agreements.
4. Researches availability and requirements for grants; prepares grant applications (including the MCAH Agreement Funding Application) and all subsequent follow-up; recommends and monitors procedures for grant implementation.
5. Develops and recommends various fiscal and operational policies and procedures, including those that impact Medi-Cal beneficiaries and the Medi-Cal eligible population; develops written procedures to implement adopted policy or to clarify and describe standard practices; designs or improves forms to expedite procedures; and coordinates the publication and dissemination of same.

6. Develops section training plans, including monitoring compliance with County, federal, and/or state policies (including Federal Financial Participation time study preparation and review) and change to procedure; coordinates section staff development needs and County requirements.
7. Reviews present and pending legislation to determine its effect on departmental organizations and presents recommendations in verbal or written form.

**DEPARTMENT OF PUBLIC HEALTH
COUNTY OF SAN BERNARDINO**

**FAMILY HEALTH SERVICES SECTION
AUTOMATED SYSTEMS ANALYST I / AUTOMATED SYSTEMS TECHNICIAN
DUTY STATEMENT**

Budget Row 4, 5, 32, 33

SCOPE OF RESPONSIBILITY: Provides automated systems support, including installation and maintenance of computers, printers, and peripherals; ensure network security; and troubleshooting functions (diagnosis and resolution). Performs related duties, as required.

SUPERVISION: The Automated Systems Analyst I / Automated Systems Technician reports to a centralized support unit within the County of San Bernardino Department of Public Health, but coordinates all work through the MCAH Co-Director (Public Health Nurse Manager) or Administrative Supervisor I, as applicable.

DUTY STATEMENT:

1. Conducts procedural, informational and functional systems analyses for the purposes of automating systems, designing new and/or modified systems and providing statistical and quantitative data to management; identifies problem areas and performs needs assessments; performs cost benefit analysis on proposed systems.
2. Oversees local computer operations; proposes and coordinates the systems configuration, which may include networking systems; develops systems edits and determines the number of fields and screens; develops access codes; determines information required of each screen; supervises or writes and modifies local application programs.
3. Interacts with County Information Services Department (ISD) staff and hardware/software vendors regarding office automation technology and the department's needs; writes detailed specifications; evaluates equipment and software capabilities; performs cost/benefit analysis; makes recommendations to management.
4. Serves as resource consultant for an organization on data analysis and processing, research methodology, and systems development; may document technical data descriptions; analyze program coding requirements, operator instructions, and organizational procedures.
5. Instructs and trains organizational personnel on data processing operations, including distributed and networking computer systems; establishes local procedures for adhering to computer and data security systems; resolves data processing service complaints between organizational users and ISD.

COUNTY OF SAN BERNARDINO**

FAMILY HEALTH SERVICES SECTION

DIVISION CHIEF

DUTY STATEMENT

Budget Row 6, 34

SCOPE OF RESPONSIBILITY: The Chief of the Community and Family Health Division (Division Chief) provides capstone oversight of the MCAH Program, including support and guidance for the Public Health Nurse Manager/MCAH Co-Director.

SUPERVISION: The Division Chief reports directly to the Assistant Director of the San Bernardino County Department of Public Health.

DUTY STATEMENT:

1. The Public Health Division Chief will be responsible for capstone oversight of the MCAH Program, including executive level support and guidance for management and supervisory staff and administration and monitoring of state and local goals and objectives of the program.
2. Represent the department in various community, county, state, and professional venues to advocate for the health needs of the MCAH population, especially underserved and high-risk women and families.
3. Collaborate with the Health Officer, healthcare providers, and Medi-Cal managed care plans to expand and improve availability and community-wide access to medical, dental, and behavioral health services for high-risk, pregnant and postpartum women.
4. Network with healthcare providers, Medi-Cal managed care plans, and other agencies in a planning process to identify and address unmet needs to improve access to Medi-Cal medical, dental, and behavioral health services.
5. Oversee planning, development, coordination, and evaluation of policies and procedures with respect to specialized programs, including those that impact Medi-Cal beneficiaries and Medi-Cal eligible individuals; interpret and explain policies to subordinate personnel and support the Public Health Nurse Manager in implementation of changes, as needed.
6. Engage in policy development, program planning, implementation, and evaluation of MCAH services that are accessible by Medi-Cal beneficiaries and the Medi-Cal eligible population.
7. Recommend program changes, resolve operational difficulties, and engage County Counsel, including administrative and personnel issues, as needed.

**DEPARTMENT OF PUBLIC HEALTH
COUNTY OF SAN BERNARDINO**

**MATERNAL, CHILD AND ADOLESCENT HEALTH PROGRAM
FAMILY HEALTH SERVICES SECTION
EPIDEMIOLOGIST
DUTY STATEMENT**

Budget Row 7, 67

SCOPE OF RESPONSIBILITY: The Epidemiologist conducts epidemiological studies, analysis, and evaluation of data for the MCAH populations.

SUPERVISION: Reports directly to the MCAH Co-Director/Public Health Manager.

DUTY STATEMENT:

1. Plans, develops, and assists with the development of health care implementation strategies for Medi-Cal beneficiaries and the Medi-Cal eligible population with an evaluation component to address identified health needs, access to care, quality and cost-effectiveness of the health care delivery system, and availability of services.
2. Analyzes primary, secondary, and related maternal, child, and adolescent health data sets to identify and prioritize health needs and adverse findings of general and specific MCAH populations, including Medi-Cal and Medi-Cal eligible individuals and families.
3. Works with skilled professional medical professionals to investigate, analyze and monitor MCAH health status indicators.
4. Reviews and monitors fetal, infant and child morbidity and mortality reports, including abstracting data from medical records and interviewing family members. Shares data and collaborates with the SIDS Coordinator.
5. Conducts studies/analysis to determine best practice standards and strategies for improving maternal, child, and adolescent health outcomes.
6. Develops performance measures and evaluation tools to measure maternal, child, and adolescent health project outcomes among Medi-Cal beneficiaries and those eligible for Medi-Cal. Recommends changes to intervention strategies based on analysis of resultant data.
7. Evaluates and analyzes health trends and hazards that contribute to poor pregnancy and child health outcomes within the Medi-Cal eligible population; recommends epidemiological strategies and interventions to improve the health of women, children, and adolescents.

**COUNTY OF SAN BERNARDINO
DEPARTMENT OF PUBLIC HEALTH**

**FAMILY HEALTH SERVICES SECTION
FISCAL ASSISTANT**

DUTY STATEMENT

Budget Row 8, 35, 53, 68

SCOPE OF RESPONSIBILITY: Under general supervision, the Fiscal Assistant (FA) prepares and reviews fiscal documents, time sheet and time study forms, travel reimbursement claims, and provides related support functions for the MCAH, CPSP, SIDS, and FIMR programs.

SUPERVISION: The Fiscal Assistant reports directly to the Supervising Office Assistant.

DUTY STATEMENT:

1. Performs technical review of Federal Financial Participation (FFP) and Title V time studies completed by MCAH staff, following first review by respective supervisory staff, to ensure accurate reconciliation of time sheet data, time study entry, and applicable support documentation, as required by FFP and Title V.
2. Completes a quarterly FFP time study to account and support all work activities related to services provided to Medi-Cal beneficiaries and the Medi-Cal eligible population.
3. Reviews employee travel reimbursement forms for accuracy, collates forms and support documentation, and submits claims to the Department of Public Health's Fiscal and Administrative Services (FAS) unit for processing and payment, in support of MCAH staff performing functions that improve access to care and pregnancy outcomes for Medi-Cal beneficiaries and the Medi-Cal eligible population.
4. Prepares invoices for review and by the Fiscal Specialist and approval by supervisory staff prior to submission to FAS. Ensures all required documentation and transmittal forms accompany invoices.
5. Prepares requisitions for travel, printing and Quick Copy services, and other products and services for the MCAH Program, serving the Medi-Cal and Medi-Cal eligible population.
6. Collects price quotations for products and services to be purchased for the MCAH Program. Ensures Purchasing Department procedures for procurement are followed for all purchases.
7. Under direction, maintains databases to track invoices, travel claims, time studies, and related data for the MCAH Program, helping to ensure appropriate use of federal Title XIX funds.
8. Maintains inventory of the MCAH Program's equipment and resources, as applicable.
9. Provides general clerical and telephone reception support, as necessary.

COUNTY OF SAN BERNARDINO**

**FAMILY HEALTH SERVICES SECTION
HEALTH EDUCATION SPECIALIST I/II**

DUTY STATEMENT

Budget Row 10, 11, 55, 70

SCOPE OF RESPONSIBILITY: Under direction of the MCAH Co-Director/Public Health Nurse Manager and MCAH Coordinator, the Health Education Specialist I/II is responsible for all aspects of health education program services for the MCAH, FIMR, and SIDS programs.

SUPERVISION: The Health Education Specialist I/II reports to a centralized support unit within the County of San Bernardino Department of Public Health, but coordinates all work through the MCAH Co-Director/Public Health Nurse Manager or MCAH Coordinator, as applicable.

DUTY STATEMENT:

1. Coordinates health education materials for the MCAH, FIMR, and SIDS programs, including development, revision, and review of new and existing resources.
2. Performs periodic inventory and evaluation of publications and videos to ensure currency and relevance.
3. Develops educational materials and audio-visual aids to support the MCAH, FIMR, and SIDS programs' scopes of work.
4. Plans, develops, and obtains approval for release of periodic public service announcement (PSAs), news releases, and other media communications to promote awareness of MCAH, FIMR, and SIDS services, projects, and/or events.
5. Provides assistance and advice to community groups, defining health problems, identifying and setting priorities, and carrying out evaluation strategies to improve health services.
6. Provides consultation and technical assistance to public officials, community leaders, health and social service agencies, and community groups for better community health programs.
7. Develops health education protocols and procedures and quality assurance tools in conjunction with specified project objectives.
8. Presents health education information before community groups and assists in planning information and education programs.
9. Performs literature and on-line research in support of education programs.
10. Participates in coordination of staff training and development.
11. Attends and participates in designated meetings, trainings, and in-services.
12. Performs other duties, as assigned.

**DEPARTMENT OF PUBLIC HEALTH
COUNTY OF SAN BERNARDINO**

**FAMILY HEALTH SERVICES SECTION
MCAH Co-Director (Public Health Physician II)/Health Officer**

DUTY STATEMENT

Budget Rows 12, 38, 56

POSITION TITLE: MCAH Co-Director / Health Officer

CIVIL SERVICE JOB SPEC: Public Health Physician II

FTE: 0.50 total (0.48 to MCAH; 0.01 to CPSP; 0.01 to FIMR)

ASSIGNMENT: MCAH

FFP STATUS: This position must be a Skilled Professional Medical Personnel (SPMP).

Program Component

MCAH Medical Director/MCAH Co-Director - Duties and Responsibilities

SPMP Administrative Medical Case Management

- Provide assistance to develop protocols that address clinical and health issues of MCAH population enrolled in or eligible for Medi-Cal.

SPMP Intra/Interagency Coordination, Collaboration

- Collaborate with physicians, physicians groups, Managed Care Plans, community clinics and hospitals administrators in the development and implementation of:
 - Medical guidelines for high risk pregnant women in the Medi-Cal program.
 - Maternal Quality Improvement Toolkits to improve birth outcomes of Medi-Cal clients.
 - Medical strategies that include social determinates of health into the practice of providers serving Medi-Cal clients.
- Use expert medical opinion and knowledge to work with California Children's Services, March of Dimes, Help Me Grow, Inland Regional Center, Managed Care Plans, First 5 San Bernardino County, and other agencies in the development of medical protocols that will improve care coordination for children enrolled in Medi-Cal with special health care needs.
- Identify and interact with local health care providers, key informants in the community, managed care plans, coalitions, etc. for the purpose of identifying gaps in services and community needs and developing shared policies or protocols to address identified needs to better assist underserved and Medi-Cal enrolled and eligible populations.
- Interpret the health care needs of Medi-Cal enrolled and eligible children to the community medical providers, health care plans to improve children health outcomes.
- Co-Chair the monthly Child Death Review Team (CDRT), performing comprehensive medical review of children's deaths, and summarizing findings to guide the development of medical protocols and interventions that will improve the health and safety of children in San Bernardino County, especially the Medi-Cal enrolled and eligible population.
- Provide expert medical consultation to other agencies/programs that interface with and serve the health care needs of the Medi-Cal enrolled and eligible population.
- Provide medical consultation to Medi-Cal providers and Managed Care Plans related to medical protocols and treatment guidelines for high risk conditions (e.g., prenatal screening requirements for syphilis, syphilis treatment for pregnant women allergic to penicillin, gestational diabetes, etc.)
- Use medical expertise to participate in Fetal/Infant Mortality Review (FIMR) case review process.
- Travel related to any of the above meetings.

Non-SPMP Intra/Interagency Coordination, Collaboration, and Administration

- Meet with other Public Health programs to discuss collaborative activities to better serve the Medi-Cal enrolled or eligible population.
- Work with the perinatal community, including providers, managed care plans and human service providers, to reduce barriers to care, avoid duplication of services and improve communications for the Medi-Cal eligible MCAH population.
- Attend interagency meetings to discuss and develop ways to reduce barriers and increase participation in Medi-Cal funded services by the Medi-Cal eligible population.
- Facilitate MCAH local Advisory Board meetings to improve coordination of healthcare services for the Medi-Cal population.
- Represent MCAH at various meetings, tasks forces, organizations and agencies with the purpose of improving access and quality of health services, especially for Medi-Cal clients.
- Assist in health care planning and resource development with other agencies, which will improve the access, quality, and cost-effectiveness of the health care delivery system and availability of Medi-Cal medical and dental referral sources.
- Assess the effectiveness of interagency coordination in assisting Medi-Cal eligible clients to access services in a seamless delivery system.
- Travel related to any of the meetings or collaborations above.

Program Specific Administration

- Participate in Medi-Cal trainings related to eligibility of the MCAH population [Presumptive Eligibility, Comprehensive Perinatal Services Program (CPSP), Child Health and Disability Prevention Program (CHDP), CCS, and Family Pact (FPACT)].
- Participate in meetings with MCAH Director and MCAH Coordinator to identify/address areas of concern related to MCAH health care access, resources, and training needs.
- Input time study data, including secondary documentation, to ensure accurate accounting of Title XIX Federal Financial Participation (FFP) matching funds.
- Provide professional medical consultation to maternal, child, and adolescent programs (CPSP, FPACT, CHDP, CCS, etc.), as required.
- Improve collaboration with CSS, CHDP, CPSP, and other Medi-Cal programs; coordinate and convene stakeholder meetings, as needed.
- Prepare reports or correspondence related to functions performed, to describe and/or record activities related to serving the Medi-Cal enrolled and eligible population.
- Keep up and disseminate up-to-date medical literature as related to MCAH population and Medi-Cal services.
- Maintain a working knowledge of the programs in the Department of Public Health affecting women, children and/or adolescents, especially for the Medi-Cal enrolled and eligible population.
- Provide community Sudden Infant Death Syndrome (SIDS) risk reduction education and intervention for medical providers.
- Attend required MCAH Medical Director Meetings.
- Review literature and research articles to apply up-to-date knowledge in the delivery of health care services to Medi-Cal clients.
- Analyze the need for Medi-Cal provider training and develop community resources to meet identified needs.
- Evaluate the need for new modalities of medical treatment and care for pregnant women in Medi-Cal.
- Develop, implement, and monitor MCAH program implementation and outcome data for quality assurance related to services provided to the Medi-Cal enrolled and eligible population.
- Develop medical strategies needed to incorporate access to prenatal care services for high risk pregnant women enrolled in Medi-Cal.
- Draft, analyze, and/or review reports, documents, correspondence, and legislation.

SPMP Training

- Conduct or attend professional training for health care providers on new treatment modalities that will improve quality of care received by the MCAH population, including those eligible or enrolled in Medi-Cal, (e.g., hypertension, diabetes, mental health, risk factors for prematurity, low birthweight (LBW), infant mortality, and obesity).
- Travel related to any of the above trainings.

Non-SPMP Training

- Provide or facilitate training to health care providers in areas of health topics related to the MCAH population and methods to assist Medi-Cal clients access health care services (Presumptive Eligibility (PE) program for pregnant women, FPACT, CHDP, CCS, etc.)
- Receive training on infant/maternal mortality, LBW, and prematurity to facilitate client enrollment and linkage to appropriate Medi-Cal services.
- Receive instruction/training related to completion of FFP forms and secondary documentation to ensure accurate accounting of Title XIX Federal Financial Participation (FFP) matching funds.
- Provide SIDS risk reduction education and intervention for Medi-Cal providers.
- Travel related to any of the above trainings.

SPMP Program Planning and Policy Development

- Assist Medi-Cal providers in developing strategies and clinical protocols for high-risk conditions to decrease adverse birth outcomes.
- Perform and complete the Title V Needs Assessment every five years to assess the health status and system capacity for the entire maternal, child, and adolescent population in the County of San Bernardino, with added focus on expanding and strengthening access to Medi-Cal services for the highest risk population(s), as identified in the needs assessment.
- Develop professional educational materials for medical providers and their staff that will improve the quality of health care and support services to women enrolled in Medi-Cal.
- Assist Medi-Cal providers and Managed Care Plans in the development of medical protocols to ensure the implementation of developmental screening and referrals as required by the American Academy of Pediatrics.
- Use medical expertise to prepare, analyze, and/or review reports, documents, and correspondence to expand and improve health care access and services to the Medi-Cal and Medi-Cal eligible population.
- Use professional medical knowledge to lead the preparation of the county child death annual report, which identifies root causes, gaps in care/services, and patterns contributing to child morbidity and mortality; and use the report and data to generate preventive plans to address services for the Medi-Cal and Medi-Cal eligible population.
- Use expert medical opinion to implement processes to identify and perform comprehensive medical review of maternal deaths, and summarize findings to guide the development of medical protocols and interventions that will decrease maternal deaths in San Bernardino County.

SPMP Quality Management by Skilled Professional Medical Personnel

- Schedule, coordinate, and conduct peer review activities with Medi-Cal providers to assess and improve the quality of care.
- Use expert medical opinion to develop and or implement standards for resolving clinical practice issues related to prenatal and postpartum services provided to Medi-Cal eligible women.
- Assess and review the capacity of Medi-Cal providers to deliver medically appropriate health assessment, preventive health services and medical care, and respond to appeals on medical quality of care issues.

Non- Program Specific General Administration

- Review departmental or section procedures and rules.
- Attend non-program related staff meetings.
- Provide and/or attend non-program specific in-service and other staff development activities.

**DEPARTMENT OF PUBLIC HEALTH
COUNTY OF SAN BERNARDINO**

**FAMILY HEALTH SERVICES SECTION
MCAH CO-DIRECTOR/NURSE MANAGER
DUTY STATEMENT**

Budget Rows 13, 39, 57, 71, 86, 87, 88

SCOPE OF RESPONSIBILITY: The MCAH Co-Director/Public Health Nurse Manager manages all aspects of the MCAH Program, including program planning and development, fiscal administration, personnel management, and community relations.

SUPERVISION: Reports directly to the Department of Public Health's Chief of Community and Family Health.

DUTY STATEMENT:

1. Develops and implements MCAH Program goals, objectives, and implementation activities to serve the maternal, child, and adolescent population, including Medi-Cal recipients and Medi-Cal-eligible individuals and families.
2. Evaluates the progress toward successfully attaining the components of the MCAH Program scopes of work, including MCAH, CPSP, FIMR, SIDS and Children's Screening, Assessment, Referral, and Treatment (CSART); takes corrective steps, as necessary, to ensure the program is performing effectively and responding to the needs of clients in the local jurisdiction.
3. Establishes service delivery protocols and procedures.
4. Deploys staff and resources to ensure optimal utilization of MCAH Program resources.
5. Ensures compliance with all MCAH Program and State policies and procedures.
6. Represents the Family Health Services Section and MCAH Program within the community while serving on task forces, planning bodies, and committees.
7. Develops, manages, and monitors budgets for the MCAH Program.
8. Gauges and assesses the need for services in the community and develops strategies to manage the quality of service delivery, including services to the Medi-Cal and Medi-Cal-eligible populations.
9. Engages community partners in the process of maintaining a network of perinatal and supportive services to address the needs of the residents of the local jurisdiction, including the Medi-Cal and Medi-Cal-eligible populations.
10. Consults with the coordinator(s) of the FIMR and SIDS programs.

**DEPARTMENT OF PUBLIC HEALTH
COUNTY OF SAN BERNARDINO**

**FAMILY HEALTH SERVICES SECTION
MCAH Coordinator (PH Clinic Supervisor)**

DUTY STATEMENT

Budget Row 14, 76

POSITION TITLE: MCAH Coordinator

CIVIL SERVICE JOB SPEC: Public Health Clinic Supervisor

FTE: 0.64 MCAH; 0.005 Fetal/Infant Mortality Review (FIMR); 0.005 Sudden Infant Death Syndrome (SIDS)

ASSIGNMENT: MCAH, FIMR, and SIDS

FFP STATUS: This position must be a Skilled Professional Medical Personnel (SPMP)

Program Component

MCAH Coordinator Duties and Responsibilities

Outreach

Under the direction of the MCAH Director (Public Health Manager):

- Ensure distribution of community resource guides, including Medi-Cal services and provider inventory to increase access to care of the MCAH population, especially Medi-Cal and Medi-Cal eligible individuals.

SPMP Administrative Medical Case Management

Under the direction of the MCAH Director (Public Health Manager), use skilled professional medical expertise and program knowledge to:

- Provide assistance to develop protocols that address clinical and health issues and medical, dental and mental health services for the Medi-Cal and Medi-Cal eligible MCAH population.

SPMP Intra/Interagency Coordination, Collaboration

Under the direction of the MCAH Director (Public Health Manager), use skilled professional medical expertise and program knowledge to:

- Participate in collaborative meetings (including conference calls) with other agencies to better serve Medi-Cal and Medi-Cal eligible participants to improve access to Medi-Cal services to high risk, pregnant and postpartum clients.
- Monitor the health status of the MCAH population including disparities and social determinants of health and work with local leadership to address identified issues, especially for those eligible or enrolled in Medi-Cal.
- Work with community collaboratives, Medi-Cal and Medi-Cal Managed Care Plans/providers to decrease barriers to drug and mental health treatment services for Medi-Cal enrolled pregnant and parenting women and their partners.
- Work with California Children's Services (CCS), Help Me Grow, or other collaboratives to improve care coordination for children with special health care needs, including those eligible for or enrolled in Medi-Cal.
- Identify and interact with local health care providers, key informants in the community, managed care plans, coalitions, etc., for the purpose of:
 1. Identifying gaps and services to better assist underserved populations and needs in the community.
 2. Sharing data and analysis based on findings.
 3. Developing shared policies or protocols to address identified needs.
- Assist community collaboratives to develop a quality assurance (QA) or quality improvement (QI) plan to

ensure the effectiveness of their activities geared toward service delivery to Medi-Cal and Medi-Cal eligible clients.

- Attend interagency meetings to discuss and develop ways to reduce barriers and increase participation in Medi-Cal funded services.
- Collaborate with physician groups, health department staff (e.g., public health nurses, nutritionists), MCAH Action, Women, Infants, and Children (WIC), school nurses, hospitals, and managed care professional staff to improve the availability, use and quality of obstetrical services offered to Medi-Cal clients.
- Travel related to any of the meetings above.

Non-SPMP Intra/Interagency Coordination, Collaboration, and Administration

Under the direction of the MCAH Director (Public Health Manager):

- Meet with other Public Health programs to discuss collaborative activities to better serve the Medi-Cal or Medi-Cal eligible population.
- Participate in meetings and conference calls to encourage providers to increase the number of Medi-Cal clients they accept and educate them on Presumptive Eligibility (PE).
- Coordinate logistics for MCAH collaborative groups whose purposes includes improving access to Medi-Cal services for the Medi-Cal or Medi-Cal eligible population.
- Work with the perinatal community, including providers, managed care plans and human service providers to reduce barriers to care, avoid duplication of services and improve communications for the Medi-Cal eligible MCAH population.
- Contact and coordinate with the County's Oral Health Initiative program to develop a resource directory of services provided to Medi-Cal and Denti-Cal clients.
- Facilitate MCAH local Advisory Board meetings to improve coordination of healthcare services in a seamless delivery system for MCAH population enrolled in Medi-Cal.
- Identify and interact with local health care providers, key informants in the community, managed care plans, coalitions, etc., for the purpose to better assist Medi-Cal eligible MCAH population in the community.
- Collaborate with San Bernardino County Local Oral Health Initiative in the development of a resource directory for Medi-Cal/Denti-Cal eligible pregnant and postpartum women.
- Represent MCAH at various meetings, tasks forces, organizations and agencies with the purpose of improving access and quality of health services, especially for Medi-Cal clients.
- Assist in health care planning and resource development with other agencies, which will improve the access, quality and cost-effectiveness of the health care delivery system and availability of Medi-Cal medical and dental referral sources.
- Assess the effectiveness of interagency coordination in assisting Medi-Cal eligible clients to access services in a seamless delivery system.
- Collaborate planning with other agencies to address unmet needs to improve access to Medi-Cal health and dental services and decrease barriers to care.
- Travel related to any of the above meetings.

Program Specific Administration

Under the direction of the MCAH Director (Public Health Manager):

- Participate in Medi-Cal trainings related to eligibility of MCAH population [Presumptive Eligibility, Comprehensive Perinatal Services Program (CPSP), Child Health and Disability Prevention Program (CHDP), CCS, and Family Pact (FPACT)].
- Lead and conduct supervision meetings with CPSP Health Education Specialist (HES) and PHN to identify/address areas of concern in CPSP service delivery, access, resources, and provider training needs.
- Train and orient staff in the use of Federal Financial Participation (FFP) for non-SPMP staff to ensure compliance with FFP policies for Title XIX matching.
- Input time study data and review staff time studies to ensure compliance with FFP policies for Title XIX matching.
- Improve collaboration with CSS, CHDP, CPSP and other Medi-Cal programs; coordinate and convene stakeholder meetings as needed.

- Prepare reports or correspondence related to functions performed to describe and/or record activities related to serving the Medi-Cal and Medi-Cal eligible population.
- Keep up and disseminate up-to-date medical/nursing literature as related to MCAH population and Medi-Cal services.
- Attend required MCAH Coordinator meetings.
- Review literature and research articles to apply up-to-date knowledge in delivery of health care services to Medi-Cal clients.
- Apply MCAH administrative policies.

SPMP Training

Under the direction of the MCAH Director (Public Health Manager), use skilled professional medical expertise and program knowledge to:

- Conduct and/or attend professional training on new treatment modalities that will improve quality of care received by the MCAH population, including those eligible or enrolled in Medi-Cal (e.g., hypertension, diabetes, mental health, risks factors for prematurity, low birthweight (LBW), infant mortality, and obesity).
- Attend expert training and professional education in-services relevant to the role of the MCAH Coordinator and the administration of MCAH program with the purpose to facility access and quality of health, dental and mental health services offered to MCAH population, including those eligible or enrolled in Medi-Cal.
- Travel related to any of the above trainings.

Non-SPMP Training

Under the direction of the MCAH Director (Public Health Manager):

- Provide/facilitate training to ensure the MCAH population in the County, who may be eligible for Medi-Cal, are informed of the available services.
- Conduct and attend educational programs relevant to the scope of MCAH services to facilitate client enrolment in Medi-Cal and linkage to quality health services.
- Provide or facilitate training to health care providers in areas of health topics related to the MCAH population and methods to assist Medi-Cal clients access health care services (Presumptive Eligibility (PE) program for pregnant women, FPACT, CHDP, CCS, etc.).
- Receive training on infant/maternal mortality, LBW, and prematurity to facilitate client enrollment and linkage to appropriate Medi-Cal services.
- Review and update policies and procedures, including Medi-Cal enrollment eligibility, referral process, and barriers to access care.
- Provide staff training related to completion of FFP forms and secondary documentation to ensure accurate accounting of Title XIX FFP matching funds.
- Travel related to any of the above trainings.

SPMP Program Planning and Policy Development

Under the direction of the MCAH Director (Public Health Manager), use skilled professional medical expertise and program knowledge to:

- Develop standards for Medi-Cal providers to resolve clinical practice issues for women with high risk factors for adverse birth outcomes.
- Assist Medi-Cal providers in developing strategies to increase appropriate utilization of medical services for their clients.
- Develop professional educational materials for providers' staff training that would improve quality of medical and support services to women enrolled in Medi-Cal.
- Review medical literature and research articles to apply up-to-date knowledge in the delivery of health care services to Medi-Cal eligible patients.
- Develop medical strategies to incorporate access to prenatal care services for high risk pregnant women enrolled in Medi-Cal.
- Participate in the planning, implementation, and evaluation of MCAH services that relate to the Medi-Cal programs.
- Evaluate and determine the capability of providers serving MCAH population to meet services requirements

of Medi-Cal programs.

SPMP Quality Management by Skilled Professional Medical Personnel

Under the direction of the MCAH Director (Public Health Manager), use skilled professional medical expertise and program knowledge to:

- Develop and or implement standards for resolving clinical practice issues related to prenatal and postpartum services provided to Medi-Cal eligible women.
- Review local perinatal statistics to identify gaps in services and develop strategies to address adequacy of services related to birth outcomes of Medi-Cal eligible women.
- Evaluate the need for new modalities of medical treatment and care for pregnant women in Medi-Cal.
- Assess and review the capacity of Medi-Cal providers to deliver medically appropriate health assessment, preventive health services and medical care, and respond to appeals on medical quality of care issues.
- Analyze the need for Medi-Cal provider training and develop community resources to meet identified needs of the Medi-Cal and Medi-Cal eligible population.
- Develop, implement, and monitor MCAH program implementation and outcome data for quality assurance.

Non- Program Specific General Administration

- Review departmental or section procedures and rules.
- Attend non-program related staff meetings.
- Provide and/or attend non-program specific in-service and other staff development activities.

**DEPARTMENT OF PUBLIC HEALTH
COUNTY OF SAN BERNARDINO**

**FAMILY HEALTH SERVICES SECTION
Public Health Nurse II**

DUTY STATEMENT

Budget Row 17, 60

POSITION TITLE: Public Health Nurse II

CIVIL SERVICE JOB SPEC: Public Health Nurse II

FTE: 0.05 MCAH; 0.01 FIMR

ASSIGNMENT: MCAH

FFP STATUS: This position must be a Skilled Professional Medical Personnel (SPMP)

Program Component

MCAH PHN Duties and Responsibilities

Outreach

- Ensure distribution of community resource guides, including Medi-Cal services and provider inventory, to increase access to care of the MCAH population, especially Medi-Cal and Medi-Cal eligible individuals.
- Provide information and assistance on transportation related to accessing Medi-Cal services.
- Help clients review Medi-Cal related documents for medical and mental health providers that accept Medi-Cal.
- Assist clients to schedule appointments that are related to Medi-Cal health services.
- Help clients review Medi-Cal related documents for enrolling in Medi-Cal.

SPMP Administrative Medical Case Management

Use skilled professional medical expertise and program knowledge to:

- Provide case management of Medi-Cal clients regarding a medical problem such as hypertension, gestational diabetes, pre-term labor etc. (including home visits and related activities such as chart reviews, visit preparation, charting, travel time, appointment confirmation, data collection, etc.) and referral to specialists, as needed.
- Provide assistance to develop protocols that address clinical and health issues and medical, dental and mental health services of Medi-Cal clients.
- Consult with Medi-Cal clients to assist them in understanding and identifying health problems and recognizing the need for and value of preventive health care.
- Assess Medi-Cal clients whose conditions indicate need for further screening and referral to a Medi-Cal provider.
- Assist Medi-Cal client in contacting her physician for clarifications on a specific medical condition such as gestational diabetes and its effect on her pregnancy.
- Complete assessment form during Life Planning meeting with participants to determine appropriate referrals to Medi-Cal services.
- Consult with Medi-Cal provider(s) in regard to client or infant's health needs.
- Consult with mental health provider(s) with regard to Medi-Cal participants' mental health needs.

SPMP Intra/Interagency Coordination, Collaboration

Use skilled professional medical expertise and program knowledge to:

- Participate in collaborative meetings (including conference calls) with other agencies to better serve Medi-Cal and Medi-Cal eligible participants in order to improve access to Medi-Cal services to high risk, pregnant

and postpartum clients.

- Monitor the health status of the MCAH population including disparities and social determinants of health and work with local leadership to address identified issues, especially for those eligible for or enrolled in Medi-Cal.
- Work with community collaboratives, Medi-Cal and Medi-Cal Managed Care Plans/providers to decrease barriers to drug and mental health treatment services for Medi-Cal enrolled pregnant and parenting women and their partners.
- Assist community collaboratives to develop a quality assurance (QA) or quality improvement (QI) plan to ensure the effectiveness of their activities geared toward service delivery to Medi-Cal and Medi-Cal eligible clients.
- Attend interagency meetings to discuss and develop ways to reduce barriers and increase participation in Medi-Cal funded services.
- Collaborate with physician groups, health department staff (e.g., public health nurses, nutritionists), MCAH Action; Women, Infants, and Children (WIC); school nurses, hospitals, and managed care professional staff to improve the availability, use and quality of obstetrical services offered to Medi-Cal clients.
- Travel related to any of the meetings above.

Non-SPMP Intra/Interagency Coordination, Collaboration, and Administration

- Meet with other Public Health programs to discuss collaborative activities to better serve the Medi-Cal or Medi-Cal eligible population.
- Participate in meetings and conference calls to encourage providers to increase the number of Medi-Cal clients they accept and educate them on Presumptive Eligibility (PE).
- Coordinate logistics for MCAH collaborative groups whose purposes includes improving access to Medi-Cal services for the Medi-Cal or Medi-Cal eligible population.
- Work with the perinatal community, including providers, managed care plans and human service providers to reduce barriers to care, avoid duplication of services and improve communications for the Medi-Cal eligible MCAH population.
- Identify and interact with local health care providers, key informants in the community, managed care plans, coalitions, etc., for the purpose of better assisting Medi-Cal eligible MCAH populations in the community.
- Assist in health care planning and resource development with other agencies, which will improve the access, quality and cost-effectiveness of the health care delivery system and availability of Medi-Cal medical and dental referral sources.
- Assess the effectiveness of interagency coordination in assisting Medi-Cal eligible clients to access services in a seamless delivery system.
- Collaborate planning with other agencies to address unmet needs to improve access to Medi-Cal health and dental services and decrease barriers to care.
- Travel related to any of the above meetings.

Program Specific Administration

- Maintain and monitor program information – entering all clients' data into a program tracking database, including the Medi-Cal and Medi-Cal eligible population.
- Input time study data and secondary documentation to ensure compliance with FFP policies for Title XIX matching.
- Prepare reports or correspondence related to functions performed to describe and/or record activities related to serving the Medi-Cal and Medi-Cal eligible population.
- Participate in Medi-Cal trainings related to eligibility of MCAH population [Presumptive Eligibility, Comprehensive Perinatal Services Program (CPSP), Child Health and Disability Prevention Program (CHDP), CCS, and Family Pact (FPACT)].
- Keep up and disseminate up-to-date medical/nursing literature as related to MCAH population and Medi-Cal services.
- Review literature and research articles to apply up-to-date knowledge in delivery of health care services to

Medi-Cal clients.

SPMP Training

Use skilled professional medical expertise and program knowledge to:

- Attend professional training on new treatment modalities that will improve quality of care received by the MCAH population, including those eligible or enrolled in Medi-Cal (e.g., hypertension, diabetes, mental health, risks factors for prematurity, low birthweight (LBW), infant mortality, and obesity).
- Attend expert training and professional education in-services relevant to the role of the MCAH PHN and to the administration of MCAH program with the purpose of facilitating access and quality of health, dental and mental health services offered to Medi-Cal clients.
- Attend professional education for SPMP Medical Case Management to increase skills of SPMP to better facilitate access to care for Medi-Cal and Denti-Cal services.
- Travel related to any of the above trainings.

Non-SPMP Training

- Provide/facilitate training to ensure the MCAH population in the County, who may be eligible for Medi-Cal, are informed of the available services.
- Attend educational programs relevant to the scope of MCAH services to facilitate client enrolment in Medi-Cal and linkage to quality health services.
- Provide or facilitate training to health care providers in areas of health topics related to the MCAH population and methods to assist Medi-Cal clients access health care services (Presumptive Eligibility (PE) program for pregnant women, FPACT, CHDP, CCS, etc.).
- Receive training on infant/maternal mortality, LBW, and prematurity to facilitate client enrollment and linkage to appropriate Medi-Cal services.
- Attend staff training related to completion of FFP forms and secondary documentation to ensure accurate accounting of Title XIX FFP matching funds.
- Travel related to any of the above trainings.

SPMP Program Planning and Policy Development

Use skilled professional medical expertise and program knowledge to:

- Assist Medi-Cal providers in developing strategies to increase appropriate utilization of medical services for their clients.
- Develop professional educational materials for providers' staff training that will improve quality of medical and support services to women enrolled in Medi-Cal.
- Review medical literature and research articles to apply up-to-date knowledge in the delivery of health care services to Medi-Cal eligible patients.
- Develop medical strategies to incorporate access to prenatal care services for high risk pregnant women enrolled in Medi-Cal.
- Participate in the planning, implementation, and evaluation of MCAH services that relate to the Medi-Cal programs.
- Evaluate and determine the capability of providers serving MCAH population to meet services requirements of Medi-Cal programs.

SPMP Quality Management by Skilled Professional Medical Personnel

Use skilled professional medical expertise and program knowledge to:

- Assess and review the capacity of Medi-Cal providers to deliver medically appropriate health assessment, preventive health services and medical care, and respond to appeals on medical quality of care issues.
- Analyze the need for Medi-Cal provider training and develop community resources to meet identified needs of the Medi-Cal and Medi-Cal eligible population.

Non- Program Specific General Administration

- Review departmental or section procedures and rules.

- Attend non-program related staff meetings.
- Provide and/or attend non-program specific in-service and other staff development activities.

Other Activities

- Client events including workshops, graduation, parenting, health education and domestic violence classes.
- Home visits or portions of them that focus on non-Medi-Cal covered services.
- Collaborates with the FIMR Coordinator
- Travel related to the above activities

**DEPARTMENT OF PUBLIC HEALTH
COUNTY OF SAN BERNARDINO**

FAMILY HEALTH SERVICES SECTION

SECRETARY I

DUTY STATEMENT

Budget Rows 19, 46, 75

SCOPE OF RESPONSIBILITY:

The Secretary I supports the MCAH Co-Director/Public Health Nurse Manager in the efficient implementation of directions and assigned responsibilities of the MCAH, CPSP, and SIDS programs on a daily basis.

SUPERVISION:

Reports directly to the MCAH Co-Director/Public Health Nurse Manager.

DUTY STATEMENT:

1. Screens, date stamps, and directs mail delivered to the MCAH Program Co-Director and the Family Health Services Section.
2. Screens telephone calls and redirects to others, as appropriate; places and makes calls, as required; sends and receives facsimile messages.
3. Tracks MCAH Co-Director/Public Health Nurse Manager's calendar, schedules appointments, reserves conference rooms, and confirms arrangements with attendees; follows up with reminder notices.
4. Assists MCAH Co-Director/Public Health Nurse Manager in monitoring staff attendance and vacation/leave usage.
5. Maintains filing systems, including personnel records, grant applications, workshops and conference information. Sets up new files: types labels and tabs; updates filing system reference information; and purges obsolete/outdated files, prepares list of contents, and routes files to the archive facilities.
6. Files and maintains correspondence generated and received by MCAH Co-Director/Public Health Nurse Manager, and ensures prompt retrieval of items for subsequent reference.
7. Maintains records of the contents of MCAH Co-Director/Public Health Nurse Manager's office, including file cabinets, bookshelves, and other storage areas; retrieves and replaces after use; and updates records upon receipt of new information.
8. Makes travel arrangements for MCAH Co-Director/Public Health Nurse Manager, including air travel, hotel accommodations, and overland transportation. Prepares all documentation in accordance with County regulations, and processes documents to acquire appropriate approval. Makes and maintains copies of all documents. Prepares for review the MCAH Co-Director/Public Health Nurse Manager's claim for mileage, travel, and expense reimbursement.
9. Takes minutes, composes letters, types and edits same, at MCAH Co-Director/Public Health Nurse Manager's request for inter- and outgoing correspondence. Types memoranda of understanding, grant applications, work performance evaluations, and confidential documents; proof reads and edits same.

COUNTY OF SAN BERNARDINO**

**FAMILY HEALTH SERVICES SECTION
HEALTH EDUCATION SPECIALIST I**

DUTY STATEMENT

Budget Row 37

SCOPE OF RESPONSIBILITY:

Under the general direction of the MCAH Co-Director/Public Health Nurse Manager, the Health Education Specialist I will assist the Perinatal Services Coordinator in the performance of wide range of responsibilities that require professional health knowledge and skills.

SUPERVISION:

The Health Education Specialist I reports to a centralized support unit within the County of San Bernardino Department of Public Health, but coordinates all work through the Perinatal Services Coordinator.

DUTY STATEMENT:

- I. Implement the Comprehensive Perinatal Services Program in the County of San Bernardino.
 - A. Identify and recruit providers and support services practitioners within the local health jurisdiction.
 1. Provide information material to potential providers upon request.
 2. Meet with professional groups to discuss and promote the CPSP program.
 3. Meet with individual providers to discuss:
 - a. CPSP goals
 - b. CPSP service requirements
 - c. CPSP model of care including obstetrics, psychosocial, nutrition, and health education needs of the target population.
 - d. Resources and models for implementing the CPSP program.
 4. Provide presentations to groups or individuals regarding technical assistance needs and quality assurance programs.
 5. Provide supplemental updates and mailings on program changes.
 - B. Assist providers in the application process for the Comprehensive Services Program.
 1. Provide application forms to interested providers.
 2. Explain application process to interested providers including information on professional, legal, and service requirements of the CPSP program.

- C. Perform application review and make recommendations to the Department of Public Health for certification.
 - 1. Receive and review applications from potential providers using criteria provided by the state.
 - 2. Evaluate and determine capability of provider to meet service requirements of CPSP.
 - 3. Forward completed application to the Maternal, Child and Adolescent Health Division, California Department of Public Health, with recommendations for approval or disapproval.
- D. Identify local resources and collaboratives that should be knowledgeable regarding CPSP program.
 - 1. Identify and coordinate local perinatal resources essential to the maintenance of CPSP, such as WIC, Black Infant Health Program, Regional Perinatal programs, March of Dimes, First 5, FIMR, Breastfeeding Coalition CHDP, Department of Public Social Services, and Medi-Cal Managed Care programs and contractors.
 - 2. Identify, coordinate, and collaborate with other perinatal resources at state and local levels as appropriate.

II. Provide evaluation of the existing CPSP program.

- A. Provide consultation to local public and private CPSP Providers to assure quality services to Medi-Cal recipients and to assure adherence to program guidelines.
 - 1. Provide site visits to CPSP providers for:
 - a. Staff orientation and training.
 - b. Information updates on new perinatal resources and programs.
 - c. Resolution of problems and issues in the delivery of program requirements.
 - 2. Ensure that CPSP providers have developed and implemented site protocols per CPSP requirements within six months of certification.
 - a. Educate providers and staff on compliance with existing protocols to assure quality patient services.
 - b. Provide quality assurance visits to evaluate compliance and make necessary recommendations.
 - 3. Evaluate facility and office policies to assure quality perinatal services can and are being delivered, to include the following:
 - a. Foreign language capabilities present, including translation and interpretation.
 - b. The physical layout/plan and equipment of the provider's office is conducive to CPSP implementation and client confidentiality.
 - c. How, when, and where the laboratory specimens and tests are taken and performed.
 - d. How and where biologicals are handled, stored, and transported.
 - e. What, who, when, and where vitamins/mineral supplements are dispensed.
 - f. The adequacy and type of history and clinical records kept on file for each woman are compliant with CPSP standards. This includes chart format, overall care plan, assessments and reassessments, weights gain grids, and 24-hour diet recall.

- g. The appointment and scheduling policies, procedures, and protocols for scheduling client visits are compliant with ACOG standards.
 - h. The adequacy of client orientation and education, follow up assessments and interventions, referrals to community resources, and documentation.
 - i. The policies and procedures for referrals are implemented and used appropriately.
 - j. Analyze the need for continuous education and training for office staff and provide the list of available trainings.
 - 4. Develop written recommendations for provider compliance and improvement.
 - 5. Analyze the need for provider training and develop community resources to meet identified needs.
- B. Ensure that each woman's assessments and interventions meet CPSP regulations and are documented in the client's medical records.
- 1. Provide consultation to providers on documentation of findings and methods of evaluation.
 - 2. Find evidence that the following are performed in accordance with CPSP regulations:
 - a. Documentation that client has been fully informed of her rights to participate in the program.
 - b. Client has been fully informed about the nature of the assessments and interventions to be performed.
 - c. The obstetrical history and physical are performed according to ACOG standards.
 - d. Required combined initial, trimester and postpartum assessments including interventions are provided to the clients.
 - e. Individual care plan developed and a case coordinator is assigned to each client.
 - f. Appropriate professional and referral interventions are provided to clients.
 - g. The initial and follow up medical assessments include required laboratory tests, urine dipstick or urinalysis, STD and HIV testing, hepatitis and tuberculosis screening, and follow up on identified conditions.
 - h. Initial and follow up obstetrical assessments are performed according to ACOG standards which includes (but not limited to) the determination of fetal age and wellbeing, fundal size, and fetal heart tones.
 - 3. This CPSP HES I is to provide periodic quality assurance site visits to assess CPSP provider's strengths and deficiencies and provide written recommendations to the provider.
 - 4. Review and approve subsequent changes in CPSP provider certification utilizing required state forms.
 - 5. Identify and develop a list of consultants to assist potential providers with the application process and program implementation.
- III. Attend state, regional, and local trainings/meetings/conferences, as required.
- IV. Perform other duties, as required.

**DEPARTMENT OF PUBLIC HEALTH
COUNTY OF SAN BERNARDINO**

**FAMILY HEALTH SERVICES SECTION
Perinatal Services Coordinator (PH Clinic Supervisor)**

DUTY STATEMENT

Budget Row 41

POSITION TITLE: Perinatal Services Coordinator

CIVIL SERVICE JOB SPEC: Public Health Clinic Supervisor

FTE: 0.05 Comprehensive Perinatal Services Program (CPSP)

ASSIGNMENT: CPSP

FFP STATUS: This position must be a Skilled Professional Medical Personnel (SPMP)

Program Component

PSC - Duties and Responsibilities

Outreach

- Assist uninsured, Medi-Cal eligible, pregnant women to locate and make appointments with Medi-Cal Presumptive Eligibility (PE) providers.
- Inform and provide technical support to prenatal care providers regarding Medi-Cal Presumptive Eligibility for Medi-Cal eligible, pregnant women and indicate how to participate in the program.

SPMP Intra/Interagency Coordination, Collaboration

Use skilled professional medical expertise and program knowledge to:

- Assist Comprehensive Perinatal Services Program (CPSP) providers in developing strategies to increase appropriate utilization of medical services for their Medi-Cal eligible patients.
- Support CPSP providers' quality of care to Medi-Cal eligible, pregnant women by completing technical support activities (electronic, in person and phone support).
- Provide CPSP program consultation and technical support to the medical providers enrolled in the CPSP program, to facilitate improved quality of care to Medi-Cal eligible, pregnant women.
- Participate in select community collaboratives addressing the perinatal health care needs of Medi-Cal and Medi-Cal eligible pregnant women to improve access to quality medical and CPSP enhanced services.
- Collaborate with other agencies in health care planning and resources development to improve the access and quality of the health care delivery system and decrease barriers in accessing CPSP services and other Medi-Cal health and dental services.
- Collaborate with physician groups, health department staff (e.g., public health nurses, nutritionist), Southern Area Perinatal Advocates (SAPA), Women, Infants, and Children (WIC), school nurses, hospitals, and managed care professional staff to improve the availability, use, and quality of CPSP and obstetrical services offered to Medi-Cal pregnant women.
- Collaborate in health care planning and resource development with other Perinatal Services Coordinators (PSC), which will improve the access, quality, and cost-effectiveness of the health care delivery system and availability of CPSP services to pregnant women enrolled in Medi-Cal (SAPA, Annual PSC Meeting, PSC Executive Committee Meeting, etc.).

Non-SPMP Intra/Interagency Coordination, Collaboration, and Administration

- Provide updated lists of CPSP providers to Medi-Cal Managed Care Plans to expand the use of program services for the Medi-Cal and Medi-Cal eligible population.
- Participate in discussions with CPSP providers to encourage them to increase the number of Medi-Cal

clients they accept and educate them on Presumptive Eligibility for Pregnancy.

- Identify and interact with local health care providers, key informants in the community, managed care plans, coalitions, etc., for the purpose of better assisting Medi-Cal eligible pregnant and postpartum women in the community.
- Collaborate with San Bernardino County Local Oral Health Initiative in the development of a resource directory for Medi-Cal/Denti-Cal eligible pregnant and postpartum women to facilitate expansion of services to those populations.
- Collaborate with the Inland Empire Maternal Mental Health Collaborative, mental health, substance abuse, and other agencies to link CPSP eligible women to services.
- Recruit Denti-Cal providers as providers of dental services for CPSP clients.
- Work with community collaboratives, Medi-Cal and Medi-Cal Managed Care plans/providers to decrease barriers to prenatal care and CPSP enhanced services for Medi-Cal enrolled pregnant women.
- Represent CPSP at various meetings, tasks forces, organizations and agencies.

Program Specific Administration

- Keep up and disseminate up-to-date medical/nursing literature as related to pregnant and postpartum women to maintain and increase knowledge to serve the Medi-Cal and Medi-Cal eligible population.
- Participate in Medi-Cal eligibility, Presumptive Eligibility, and CPSP trainings.
- Attend required PSC meetings to discuss, plan, and implement services to the Medi-Cal and Medi-Cal eligible population.
- Review CPSP program standards, regulations, policies and health education materials.
- Review literature and research articles to apply up-to-date knowledge in delivery of health care services to the Medi-Cal and Medi-Cal eligible population.
- Distribute CPSP policy letters to providers, Managed Care Plans and other agencies as needed.
- Formulate and apply CPSP administrative policies.
- Participate in the CPSP multi-year planning process.
- Prepare reports or correspondence related to functions performed to describe and record services provided to the Medi-Cal and Medi-Cal eligible population.
- Provide supervision and guidance to CPSP staff to facilitate quality services are provided to the Medi-Cal and Medi-Cal eligible population.
- Complete time study including secondary documentation and review CPSP staff time study for accuracy and appropriate use of function codes to ensure compliance with Federal Financial Participation (FFP) policies for Title XIX matching.
- Train and orient staff in the use of FFP to ensure compliance with Federal Financial Participation (FFP) policies for Title XIX matching.
- Lead and conduct supervision meetings with CPSP Health Education Specialist (HES) and PHN to identify/address areas of concern in CPSP service delivery, access, resources, and provider training needs.
- Assure comprehensive perinatal services are provided to all Medi-Cal women in both fee-for-service and capitated health systems.
- Facilitate meeting the needs of providers and managed care plans for updated materials, resources and information on CPSP and the needs of the target population.
- Work with the perinatal community including providers, managed care plans, and human service providers to reduce barriers to care, avoid duplication of services, and improve communications for the Medi-Cal eligible pregnant and postpartum women.

SPMP Training

Use skilled professional medical expertise and program knowledge to:

- Attend training on new treatment modalities for Medi-Cal and Medi-Cal eligible pregnant and postpartum women including hypertension, mental health issues, etc.
- Conduct professional training for CPSP providers that will improve quality of care (e.g., risks factors for prematurity, low birthweight (LBW), infant mortality, and obesity).

- Attend expert training and professional education in-services relevant to the role of the PSC and to the administration of CPSP program to facilitate access and quality of CPSP services to Medi-Cal and Medi-Cal eligible pregnant women.
- Provide presentations to groups and individual providers regarding CPSP technical assistance needs and quality assurance tools for the purpose of improving the level of services provided to Medi-Cal and Medi-Cal eligible pregnant women.

Non-SPMP Training

- Provide training to ensure women who may be eligible are informed of CPSP in appropriate language.
- Conduct and attend educational programs relevant to the scope of CPSP services, to facilitate client enrolment to Medi-Cal and linkage to quality CPSP services.
- Train new staff members and CPSP providers to their responsibilities relative to Medi-Cal enrollment, CPSP eligibility and referrals services.
- Provide training to CPSP providers in areas of health related topics and assisting client to access prenatal/postpartum care (Presumptive Eligibility (PE) program for pregnant women, FPACT).
- Educate provider and staff on compliance with existing CPSP protocols to assure quality services provided to CPSP eligible clients.

SPMP Program Planning and Policy Development

Use skilled medical expertise and program knowledge to:

- Develop and or implement standards for resolving clinical practice issues related to prenatal and postpartum services provided to CPSP eligible women.
- Write medical procedures, and protocols for the delivery and coordination of CPSP services.
- Conduct periodic review of protocols to ensure provision of optimal services to the Medi-Cal and Medi-Cal eligible population.
- Review local perinatal statistics to identify gaps in services and develop strategies to address adequacy of services related to birth outcomes of CPSP eligible women.
- Develop professional educational materials for CPSP staff training that will improve the quality of medical and support services to women enrolled in Medi-Cal.
- Review medical literature and research articles to apply up-to-date knowledge in the delivery of health care services to CPSP eligible patients.
- Develop medical strategies needed to incorporate CPSP services into on-going prenatal and postpartum care.
- Identify and recruit prenatal care providers and support services practitioners to provide CPSP services.
- Provide consultation and technical assistance to prenatal care providers including FQHC clinics and managed care plans contractors, in the implementation of Title 22, CCR Section 511170, et seq.
- Meet with professional group and individual prenatal care providers to discuss the CPSP model of care, including obstetrics, psychosocial, nutrition, and health education needs of Medi-Cal eligible pregnant women.
- Assist providers in the CPSP application process, including information on professional and service requirements of the CPSP Program.
- Identify and develop a list of consultants to assist potential providers with the CPSP application process and program implementation.
- Use medical professional expertise to evaluate and determine capability of the provider to meet service requirements of CPSP.
- Perform application review and make recommendations to the CDPH for certification.
- Review, evaluate and approve subsequent changes in CPSP provider certification.

Program Component

PSC - Duties and Responsibilities

SPMP Quality Management by Skilled Professional Medical Personnel

Use skilled medical expertise and program knowledge to:

- Develop and utilize medical criteria to assess provider qualifications and evidence of quality care to participate

in the CPSP Program, thereby striving for quality services to the Medi-Cal and Medi-Cal eligible population.

- Develop and utilize medical criteria to review medical records for the purpose of determining appropriateness of medical care offered to CPSP Clients.
- Identify and implement quality management procedures relating to the medical service aspects of the CPSP program.
- Provide technical support site visits to CPSP providers for staff orientation and training, information updates on new perinatal resources and programs, and resolution of problems and issues in the delivery of program requirements.
- Provide periodic quality assurance site visits to assess each CPSP provider's strengths and deficiencies and provide written recommendations to the provider, thereby striving to improve the quality of services to the Medi-Cal and Medi-Cal eligible population.
- Evaluate the need for new modalities of medical treatment and care in the administration of the CPSP Program.
- Assess and review the capacity of the agency and its providers to deliver medically appropriate health assessment, preventive health services and medical care, and respond to appeals on medical quality of care issues for the purpose of better serving the Medi-Cal and Medi-Cal eligible population.
- Evaluate facility and office policies to assure quality perinatal services can and are being delivered to CPSP eligible clients.
- Analyze the need for provider training and develop community resources to meet identified needs of the Medi-Cal and Medi-Cal eligible population.
- Ensure that each woman's assessments and interventions meet CPSP regulations and are documented in the client's medical records.
- Provide consultation to providers on documentation of findings and methods of evaluation in the provision of CPSP services.
- Find evidence that the obstetrical and physical history are performed according to ACOG standards to ensure quality of care provided by the CPSP Program on the behalf of the Medi-Cal and Medi-Cal eligible population.
- Develop written recommendations for CPSP provider compliance and improvement.

Non- Program Specific General Administration

- Review departmental or section procedures and rules.
- Attend non-program related staff meetings.
- Provide and/or attend non-program specific in-service and other staff development activities.

- Recruit Denti-Cal providers as providers of dental services for CPSP clients to increase the availability of services to the Medi-Cal and Medi-Cal eligible population.
- Work with community collaboratives, Medi-Cal and Medi-Cal Managed Care plans/providers to decrease barriers to prenatal care and CPSP enhanced services for Medi-Cal enrolled pregnant women.
- Represent CPSP at various meetings, tasks forces, organizations and agencies.
- Assist in health care planning and resource development with other agencies, which will improve the access, quality and cost-effectiveness of the health care delivery system and availability of Medi-Cal medical and dental referral sources.
- Assess the effectiveness of interagency coordination in assisting clients to access CPSP services in a seamless delivery system.

Program Specific Administration

- Keep up and disseminate up-to-date medical/nursing literature as related to pregnant and postpartum women to maintain and increase knowledge to serve the Medi-Cal and Medi-Cal eligible population.
- Participate in Medi-Cal eligibility, Presumptive Eligibility and CPSP trainings
- Attend required CPSP- PHN meetings to discuss, plan, and implement services to the Medi-Cal and Medi-Cal eligible population.
- Review CPSP program standards, regulations, policies and health education materials.
- Review literature and research articles to apply up-to-date knowledge in delivery of health care services to the Medi-Cal and Medi-Cal eligible population.
- Distribute CPSP policy letters to providers, Managed Care Plans and other agencies as needed.
- Formulate and apply CPSP administrative policies.
- Prepare reports or correspondence related to functions performed to describe and record services provided to the Medi-Cal and Medi-Cal eligible population.
- Complete time study including supporting documentation to ensure compliance with Federal Financial Participation (FFP) policies for Title XIX matching.
- Train and orient staff in the use of FFP to ensure compliance with Federal Financial Participation (FFP) policies for Title XIX matching.
- Assure comprehensive perinatal services are provided to all Medi-Cal women in both fee-for-service and Managed Care Plan system.
- Facilitate meeting the needs of providers and managed care plans for updated materials, resources and information on CPSP and the needs of the target population.
- Work with the perinatal community including provider, managed care plans and human service providers to reduce barriers to care, avoid duplication of services and improve communications for the Medi-Cal eligible pregnant and postpartum women.

SPMP Training

Use skilled professional medical expertise and program knowledge to:

- Conduct professional training for CPSP providers that will improve quality of care, for example, risk factors for prematurity, low birthweight (LBW), infant mortality, and obesity.
- Attend expert training and professional education in-services relevant to the role of the CPSP PHN and to the administration of CPSP program to facilitate access and quality of CPSP services to the Medi-Cal and

Medi-Cal population.

- Provide presentations to groups and individual providers regarding CPSP technical assistance needs and quality assurance tools for the purpose of improving the level of services provided to Medi-Cal and Medi-Cal eligible pregnant women.
- Attend training on new treatment modalities for Medi-Cal and Medi-Cal eligible pregnant and postpartum women, including hypertension, mental health issues, etc.

Non-SPMP Training

- Provide training to ensure women who may be eligible are informed of CPSP in the appropriate language.
- Conduct and attend educational programs relevant to the scope of CPSP services, to facilitate client enrollment to Medi-Cal and linkage to quality CPSP services.
- Train new staff members and CPSP providers to their responsibilities relative to Medi-Cal enrollment, CPSP eligibility and referrals services.
- Provide training to CPSP providers in the areas of health related topics and assisting client to access prenatal/postpartum care [Presumptive Eligibility (PE) program for pregnant women, Family Pact (FPACT)].
- Educate providers and staff on compliance with existing CPSP protocols to assure quality services provided to CPSP eligible clients.

SPMP Program Planning and Policy Development

Use skilled medical expertise and program knowledge to:

- Develop and or implement standards for resolving clinical practice issues related to prenatal and postpartum services provided to CPSP eligible women.
- Assist CPSP providers in developing strategies to increase appropriate utilization of medical services for their Medi-Cal and Medi-Cal eligible patients.
- Write medical procedures, and protocols for the delivery and coordination of CPSP services.
- Conduct periodic review of protocols to ensure provision of optimal services to the Medi-Cal and Medi-Cal eligible population.
- Develop professional educational materials for CPSP staff training that will improve the quality of medical care and support services to women enrolled in Medi-Cal.
- Review medical literature and research articles to apply up-to-date knowledge in the delivery of health care services to CPSP eligible patients.
- Develop medical strategies needed to incorporate CPSP services into on-going prenatal and postpartum care for the Medi-Cal and Medi-Cal eligible population.
- Identify and recruit prenatal care providers and support services practitioners to provide CPSP services.
- Provide consultation and technical assistance to prenatal care providers including FQHC clinics and managed care plans contractors, in the implementation of Title 22, CCR Section 511170 et seq.
- Meet with professional group and individual prenatal care providers to discuss the CPSP model of care, including obstetrics, psychosocial, nutrition and health education needs of Medi-Cal eligible pregnant women.
- Assist providers in the CPSP application process, including information on professional and service requirements of the CPSP Program.
- Identify and develop a list of consultants to assist potential providers with the CPSP application process and program implementation.
- Evaluate and determine capability of the provider to meet service requirements of CPSP.
- Perform application review and make recommendations to the CDPH for certification.
- Review, evaluate and approve subsequent changes in CPSP provider certification.

SPMP Quality Management by Skilled Professional Medical Personnel

Use skilled medical expertise and program knowledge to:

- Develop and utilize medical criteria to assess provider qualifications and evidence of quality care to participate in the CPSP Program, thereby striving for quality services to the Medi-Cal and Medi-Cal eligible population.
- Develop and utilize medical criteria to review medical records for the purpose of determining appropriateness of medical care offered to CPSP Clients.
- Identify and implement quality management procedures relating to the medical services aspects of the CPSP

program.

- Provide technical support site visits to CPSP providers for staff orientation and training, information updates on new perinatal resources and programs, and resolution of problems and issues in the delivery of program requirements.
- Provide periodic quality assurance site visits to assess each CPSP provider's strengths and deficiencies and provide written recommendations to the provider, thereby striving to improve the quality of services to the Medi-Cal and Medi-Cal eligible population.
- Evaluate the need for new modalities of medical treatment and care for pregnant women in Medi-Cal in the administration of the CPSP Program.
- Assess and review the capacity of the CPSP agency and its providers to deliver medically appropriate health assessment, preventive health services and medical care, and respond to appeals on medical quality of care issues for the purpose of better serving the Medi-Cal and Medi-Cal eligible population.
- Evaluate facility and office policies to assure quality perinatal services can and are being delivered to CPSP eligible clients.
- Analyze the need for CPSP provider training and develop community resources to meet identified needs of the Medi-Cal and Medi-Cal eligible population.
- Ensure that each woman's assessments and interventions meet CPSP regulations and are documented in the client's medical records.
- Provide consultation to CPSP providers on documentation of quality assurance (QA) findings and methods of evaluation in the provision of CPSP services.
- Find evidence in the CPSP record that the obstetrical and physical history are performed according to ACOG standards to ensure quality of care provided by the CPSP Program on the behalf of the Medi-Cal and Medi-Cal eligible population.
- Develop written reports and recommendations for CPSP provider compliance and improvement.

Non- Program Specific General Administration

- Review departmental or section procedures and rules.
- Attend non-program related staff meetings.
- Provide and/or attend non-program specific in-service and other staff development activities.

**DEPARTMENT OF PUBLIC HEALTH
COUNTY OF SAN BERNARDINO**

**FAMILY HEALTH SERVICES SECTION
REGISTERED NURSE II
DUTY STATEMENT**

Budget Rows 43, 44, 45, 74

POSITION TITLE: Registered Nurse II

CIVIL SERVICE JOB SPEC: Registered Nurse II

FTE: 2% CPSP; 0.5% SIDS

ASSIGNMENT: Comprehensive Perinatal Services Program (CPSP) and Sudden Infant Death Syndrome (SIDS)

FFP STATUS: This position must be a Skilled Professional Medical Personnel (SPMP).

Job Duties:

SPMP Administrative Medical and Dental Care Coordination

Use skilled professional medical expertise to:

1. Identify and assesses barriers to maternal mental health services and facilitates access to care for the MCAH service delivery population.
2. Determine the medical rationale to ensure timely referral for medical, mental and/or dental health assessments services for Medi-Cal beneficiaries and Medi-Cal eligible pregnant women.
3. Provide information on specialized medical program services available to medically high-risk and Medi-Cal eligible pregnant women.

SPMP Intra/Interagency Coordination, Collaboration, and Administration

Use skilled professional medical expertise to:

1. Engage health care providers and provides skilled professional medical consultation to health care providers to increase understanding of maternal mental health conditions and the effects on the service delivery population.
2. Collaborate with other agencies in health care planning and resources development to improve the access and quality of the health care delivery system and decrease barriers in accessing CPSP services and other Medi-Cal health and dental services.
3. Support CPSP providers' quality of care to Medi-Cal eligible pregnant women by completing technical support activities (electronic, in person and phone support).
4. Collaborate with physician groups, health department staff (e.g., public health nurses), WIC, school nurses, hospital, and managed care professional staff to improve the availability and use of medical services for the Medi-Cal eligible and beneficiary population.
5. Consult with medical providers, including those not previously enrolled as Medi-Cal providers, to obtain status as a Comprehensive Perinatal Services Provider (CPSP) to enable them to address the psychosocial, nutrition, and health education needs of Medi-Cal eligible pregnant women via the CPSP Program.
6. Review professional literature and research articles to determine eligibility and/or benefits relating to a client's health care services needs and specific medical/mental and dental health conditions.

Program Specific Administration

1. Review literature and research articles to apply up-to-date knowledge in delivery of health care services.
2. Prepare program-related reports, documents, and correspondence.
3. Develop and distribute program specific information including manuals and brochures.

4. Maintain and disseminate up-to-date knowledge of CPSP regulations, and medical/nursing literature as related to CPSP services.
5. Complete quarterly FFP time studies to ensure the correct amount of Title XIX federal matching is claimed in quarterly invoices submitted to the MCAH Division.
6. Complete other activities related to program specific administration for the CPSP Program.

SPMP Training

Use skilled professional medical expertise to:

1. Develop, conduct, and/or participate in provider in-services and/or workshops and state-conducted medical training sessions/meetings that will improve the SPMP staff member to better serve Medi-Cal beneficiaries and the Medi-Cal eligible population.
2. Attend professional education programs relevant to the role of the medical professional and/or medical administration of the program(s) to increase the SPMP's skill and knowledge of CPSP and/or Medi-Cal services.

Non-SPMP Training

1. Develop and conduct provider trainings, workshops and educational programs for Medi-Cal FFS providers focusing on CHDP standards and/or specific provider needs.
2. Arrange/conduct or participate in educational programs related to children's health care needs.
3. Conduct and attend educational programs relevant to the scope of services administered by the program.
4. Participate in training/education programs for Medi-Cal FFS providers to improve the skill level of the individual staff member in meeting and serving the medical needs of their clients.

Quality Management by Skilled Professional Medical Personnel

Use skilled professional medical expertise to:

1. Provide technical support site visits to CPSP providers for staff orientation and training, information updates on new perinatal resources and programs, resolution of problems, and issues in the delivery of program requirements.
2. Provide periodic quality assurance site visits to assess CPSP provider's strengths and deficiencies and provide written recommendations to the provider.
3. Recruit and retain qualified CPSP providers.
4. Provide technical support to CPSP providers on program standards, new/revised state policies, and health issues affecting pregnant women's medical, mental, and oral health.

Non-Program Specific General Administration

1. Attend non-program related staff meetings.
2. Provide and attend non-program specific in-service orientation and other staff development activities.
3. Provide nursing services and coverage to various programs as requested, including performing as an emergency medical service worker during County emergencies.

Sudden Infant Death Syndrome Activities (claimable but not matchable)

1. Locate, contact, and interview women and/or family members eligible for Sudden Infant Death Syndrome (SIDS) services. Obtain consent for interview. Schedule and conduct home visits to interview families to capture program data, identify needs, and provides information and community resources.
2. Provide referral information and support for grieving families, including referrals to appropriate services (e.g., grief support groups, counseling, and family planning services), if requested by client.
3. Complete case review summary information for SIDS, including securing information through interviews, medical record abstraction, and/or other available records. Submit all reports and forms required for each SIDS or potential/presumed SIDS case to the California Department of Public Health.
4. Under the direction of the SIDS Coordinator, disseminate information to heighten community awareness regarding SIDS, SUIDS, and safe sleep.

**DEPARTMENT OF PUBLIC HEALTH
COUNTY OF SAN BERNARDINO**

**FAMILY HEALTH SERVICES SECTION
FIMR COORDINATOR (EPIDEMIOLOGIST)**

DUTY STATEMENT

Budget Row 52

SCOPE OF RESPONSIBILITY: The Epidemiologist oversees the daily operation of the Fetal/Infant Mortality Review (FIMR) Program.

SUPERVISION: Reports directly to the MCAH Co-Director (Public Health Nurse Manager).

DUTY STATEMENT:

1. Oversees extraction of medical records data, preparation of summaries and reports, and synthesis of data for review during FIMR meetings. Coordinates related functions performed by the Health Services Assistant.
2. Facilitates and plans FIMR meetings at the direction of the MCAH Co-Director. Establishes and maintains relationships with a wide array of professional disciplines and community partners/stakeholders to promote and expand attendance/participation in FIMR meetings.
3. Leads and participates in discussions with FIMR meeting participants to address the health-related and/or systematic aspects of cases reviewed by the FIMR team.
4. Assists in health care system review and resource development with other agencies, which will improve the access, quality and cost-effectiveness of the health care delivery system and availability of Medi-Cal medical referral sources.
5. Designs and conducts epidemiological surveys and analyzes data, and maintains the Perinatal Periods of Risk model, as appropriate.
6. Assesses the effectiveness of inter-agency coordination in assisting clients to access health care services in a seamless delivery system.
7. As necessary, drafts, analyzes, and/or reviews reports, documents, correspondence and legislation related to the MCAH/FIMR population.
8. Assists in other FIMR duties, as needed, to improve service delivery to the target population.

**DEPARTMENT OF PUBLIC HEALTH
COUNTY OF SAN BERNARDINO**

**FAMILY HEALTH SERVICES SECTION
PUBLIC HEALTH CLINIC SUPERVISOR (FIMR)**

DUTY STATEMENT

Budget Row 58

SCOPE OF RESPONSIBILITY: The Public Health Clinic Supervisor provides professional support to the Fetal/Infant Mortality Review (FIMR) Program. This position must be Skilled Professional Medical Personnel (SPMP) staff.

SUPERVISION: Reports directly to the MCAH Co-Director (Public Health Nurse Manager).

DUTY STATEMENT:

1. Acts as consultant and subject matter expert resource for project staff regarding the management of complex health issues of clients.
2. Represents the FIMR project in working with community organizations, providing information and resources, determining service delivery needs of clients, and promoting support for the projects.
3. Attends County FIMR meetings, and provides professional clarification and information.
4. Participates in discussions with FIMR meeting attendees to address the health-related and/or systematic aspects of cases reviewed by the FIMR teams.
5. Assists in health care system review and resource development with other agencies as part of the FIMR meeting process, which will improve the access, quality and cost-effectiveness of the health care delivery system and availability of Medi-Cal medical referral sources.
6. Assists in other FIMR duties, as needed, to improve service delivery to the target population.

**DEPARTMENT OF PUBLIC HEALTH
COUNTY OF SAN BERNARDINO**

**MATERNAL, CHILD AND ADOLESCENT HEALTH PROGRAM
FAMILY HEALTH SERVICES SECTION
OFFICE ASSISTANT II (FIMR)
DUTY STATEMENT**

Budget Row 59

SCOPE OF RESPONSIBILITY: The Office Assistant II provides support to the FIMR Coordinator (Epidemiologist) in the achievement of FIMR scope of work objectives.

SUPERVISION: Reports directly to the Supervising Office Assistant, but for FIMR activities, the FIMR Coordinator provides direction, as applicable.

DUTY STATEMENT:

1. Makes contact with hospitals and healthcare provider offices to coordinate abstraction of data from medical records. Collects records. Collates records and prepares them for presentation during CAT and/or CRT meetings.
2. Provides support prior to and during CAT and CRT meetings to ensure participants receive all data, materials, and information related to all subject cases.
3. Assists FIMR Coordinator in planning, set-up, and confirmation of participants' attendance at CAT and CRT meetings, including dissemination of meeting notices, locations, and reminders.
4. May perform data entry into NFIMR database or other databases, as applicable.

**DEPARTMENT OF PUBLIC HEALTH
COUNTY OF SAN BERNARDINO**

**FAMILY HEALTH SERVICES SECTION
SUPERVISING PUBLIC HEALTH NURSE (FIMR, SIDS)**

DUTY STATEMENT

Budget Row 62, 78

SCOPE OF RESPONSIBILITY: The Supervising Public Health Nurse provides professional support to the Fetal/Infant Mortality Review (FIMR) and SIDS programs. This position must be Skilled Professional Medical Personnel (SPMP) staff.

SUPERVISION: Reports directly to the MCAH Co-Director (Public Health Nurse Manager).

DUTY STATEMENT:

1. Acts as consultant and subject matter expert resource for project staff regarding the management of complex health issues of clients and cases.
2. Represents the FIMR and SIDS programs during meetings and collaborations with community organizations, providing information and resources, determining service delivery needs of clients, and promoting support for the projects.
3. Attends County FIMR and SIDS meetings, and provides professional clarification and information.

COUNTY OF SAN BERNARDINO**

**FAMILY HEALTH SERVICES SECTION
SIDS COORDINATOR (PUBLIC HEALTH NURSE II)**

DUTY STATEMENT

Budget Row 73

SCOPE OF RESPONSIBILITY: The SIDS Coordinator is responsible for daily administration and implementation of the Sudden Infant Death Syndrome (SIDS) Program. This position must be Skilled Professional Medical Personnel (SPMP) staff.

SUPERVISION: Reports directly to the MCAH Coordinator.

DUTY STATEMENT:

1. Reviews and assesses implementation of the SIDS-related objectives in the MCAH scope of work to improve service delivery to families experiencing a SIDS death.
2. Facilitates and plans SIDS meetings and other activities at the direction of the MCAH Co-Director/Public Health Nurse Manager and MCAH Coordinator.
3. Collaborates with the FIMR Coordinator, including requests for data analysis and epidemiologist support.
4. Assists in health care system review and resource development with other agencies, which will improve the access, quality and cost-effectiveness of the health care delivery system and availability of Medi-Cal medical referral sources to assist families access pertinent services.
5. Assesses the effectiveness of inter-agency coordination in assisting clients to access health care services in a seamless delivery system.
6. As necessary, drafts, analyzes, and/or reviews reports, documents, correspondence and legislation related to SIDS and safe sleep.
7. Coordinates the activities of staff that provide SIDS Program services, visit with families experiencing a SIDS death, chart review, and quality assurance activities.

**DEPARTMENT OF PUBLIC HEALTH
COUNTY OF SAN BERNARDINO**

**FAMILY HEALTH SERVICES SECTION
Public Health Nurse II**

**DUTY STATEMENT
Budget Row 89-92**

POSITION TITLE: Public Health Nurse II

CIVIL SERVICE JOB SPEC: Public Health Nurse II

FTE: 2.82

ASSIGNMENT: Children's Screening, Assessment, Referral, and Treatment (CSART)

FFP STATUS: This position must be a Skilled Professional Medical Personnel (SPMP)

Program Component

MCAH/CSART PHN Duties and Responsibilities

Outreach

- As applicable, ensure distribution of community resource guides, including Medi-Cal services and provider inventory, to increase access to care of the MCAH population, especially Medi-Cal and Medi-Cal eligible individuals.
- Provide information and assistance on transportation related to accessing Medi-Cal services.
- Help clients review Medi-Cal related documents for medical and mental health providers that accept Medi-Cal.
- Assist clients to schedule appointments that are related to Medi-Cal health services.
- Help clients review Medi-Cal related documents for enrolling in Medi-Cal.

SPMP Administrative Medical Case Management

Use skilled professional medical expertise and program knowledge to:

- Use professional skilled nursing expertise to coordinate recommended services for Medi-Cal eligible or enrolled children seen by the on-site pediatrician. The PHN will follow-up based on the recommendations for referrals and linkage to SART, community agencies, and/or Medi-Cal providers to facilitate each child's access to needed medical, dental, and behavioral health services.
- Use professional skilled nursing expertise to assist each Medi-Cal eligible or enrolled child to have complete access to all medical, dental, and behavioral health services and resources available through the SART Counseling Center, Inland Regional Center, and/or other appropriate Medi-Cal providers.
- Use professional skilled nursing expertise to review Medi-Cal eligible or enrolled children's Ages and Stages Questionnaire (ASQ) screening results to determine the need for referral to the Screening, Assessment, Referral, and Treatment (SART) Counseling Center and/or Medi-Cal services in order to address behavioral/mental health and medical issues, including referral to the Inland Regional Center for development issues.
- Act as a medical professional liaison to coordinate medical aspects of Medi-Cal eligible or enrolled children's care with Medi-Cal providers and other agencies providing medical care.
- Provide care coordination for families of Medi-Cal eligible or enrolled children to assist them to keep all medical, dental, and behavioral health assessment and treatment visits for Medi-Cal and other services.
- Provide medical professional consultation to assist parents and/or guardians of Medi-Cal eligible or enrolled children to determine if recommended medical treatment plans and referrals are initiated and determine if additional resources are necessary, for the purpose of facilitating coordination of Medi-Cal

health care services.

- Consult with Medi-Cal clients to assist them in understanding and identifying health problems and recognizing the need for and value of preventive health care.
- Assess Medi-Cal clients whose conditions indicate need for further screening and referral to a Medi-Cal provider.
- Consult with Medi-Cal provider(s) in regard to children's health needs.
- Consult with mental health provider(s) with regard to Medi-Cal children's mental health needs.

SPMP Intra/Interagency Coordination, Collaboration

Use skilled professional medical expertise and program knowledge to:

- Participate as skilled professional medical personnel in interdisciplinary meetings with professional staff and families of Medi-Cal eligible or enrolled children to discuss and interpret assessment results of all recommended medical, dental, and behavioral health treatment plans, for the purpose of linking children to appropriate levels of care and/or Medi-Cal services.
- Attend interagency meetings to discuss and develop ways to reduce barriers and increase participation in Medi-Cal funded services.
- Collaborate with physician groups, health department staff (e.g., public health nurses, nutritionists), MCAH Action; Women, Infants, and Children (WIC); school nurses, hospitals, and managed care professional staff to improve the availability, use and quality of obstetrical services offered to Medi-Cal clients.
- Travel related to any of the meetings above.

Non-SPMP Intra/Interagency Coordination, Collaboration, and Administration

- Meet with other Public Health programs to discuss collaborative activities to better serve the Medi-Cal or Medi-Cal eligible population.
- Participate in meetings and conference calls to encourage providers to increase the number of Medi-Cal clients they accept and educate them on Presumptive Eligibility (PE).
- Travel related to any of the above meetings.

Program Specific Administration

- Maintain and monitor program information – entering all clients' data into a program tracking database, including the Medi-Cal and Medi-Cal eligible population.
- Input time study data and secondary documentation to ensure compliance with FFP policies for Title XIX matching.
- Prepare reports or correspondence related to functions performed to describe and/or record activities related to serving the Medi-Cal and Medi-Cal eligible population.
- Participate in Medi-Cal trainings related to eligibility of MCAH/CSART population [Presumptive Eligibility, Comprehensive Perinatal Services Program (CPSP), Child Health and Disability Prevention Program (CHDP), CCS, and Family Pact (FPACT)].
- Keep up and disseminate up-to-date medical/nursing literature as related to MCAH/CSART population and Medi-Cal services.
- Review literature and research articles to apply up-to-date knowledge in delivery of health care services to Medi-Cal clients.

SPMP Training

Use skilled professional medical expertise and program knowledge to:

- Attend professional training on new treatment modalities that will improve quality of care received by the MCAH population, including those eligible or enrolled in Medi-Cal (e.g., hypertension, diabetes, mental health, risks factors for prematurity, low birthweight (LBW), infant mortality, and obesity).
- Attend expert training and professional education in-services relevant to the role of the MCAH PHN and to the administration of MCAH program with the purpose of facilitating access and quality of health, dental and mental health services offered to Medi-Cal clients.
- Attend professional education for SPMP Medical Case Management to increase skills of SPMP to better facilitate access to care for Medi-Cal and Denti-Cal services.

- Travel related to any of the above trainings.

Non-SPMP Training

- Attend educational programs relevant to the scope of MCAH/CSART services to facilitate client enrolment in Medi-Cal and linkage to quality health services.
- Receive training on infant/maternal mortality, LBW, and prematurity to facilitate client enrollment and linkage to appropriate Medi-Cal services.
- Attend staff training related to completion of FFP forms and secondary documentation to ensure accurate accounting of Title XIX FFP matching funds.
- Travel related to any of the above trainings.

SPMP Program Planning and Policy Development

Use skilled professional medical expertise and program knowledge to:

- Review medical literature and research articles to apply up-to-date knowledge in the delivery of health care services to Medi-Cal eligible patients.
- Develop medical strategies to incorporate access to prenatal care services for high risk pregnant women enrolled in Medi-Cal.
- Participate in the planning, implementation, and evaluation of MCAH services that relate to the Medi-Cal programs.

Non- Program Specific General Administration

- Review departmental or section procedures and rules.
- Attend non-program related staff meetings.
- Provide and/or attend non-program specific in-service and other staff development activities.

Other Activities

- Home or center-based visits or portions of visits that focus on non-Medi-Cal covered services.
- Travel related to the above activities.

**DEPARTMENT OF PUBLIC HEALTH
COUNTY OF SAN BERNARDINO**

**FAMILY HEALTH SERVICES SECTION
Supervising Public Health Nurse**

DUTY STATEMENT

Budget Row 93-101

SCOPE OF RESPONSIBILITY:

The Supervising Public Health Nurse is responsible for daily operation and oversight of the Children's Screening, Assessment, Referral, and Treatment Program (CSART). This position must be Skilled Professional Medical Personnel (SPMP) staff.

SUPERVISION:

Reports directly to the MCAH Program Co-Director (Public Health Nurse Manager).

DUTY STATEMENT:

Skilled Professional Medical Personnel (SPMP) Administrative Medical Case Management

1. Provide consultation to Public Health Nurse (PHN) staff as they provide, monitor and evaluate health care coordination services required to serve Medi-Cal beneficiaries.
2. Based on acuity of the health conditions of the children served, participate in case conferences or multi-disciplinary teams to review client health care needs and treatment plans and/or to provide medical information.

SPMP Intra/Interagency Coordination, Collaboration and Administration

1. Participate in multi-disciplinary and other appropriate meetings related to the review of health-related issues, program implementation, coordination, and evaluation of services for Medi-Cal beneficiaries and those eligible for Medi-Cal.

SPMP Training

1. Participate in training/education programs designed to improve the skill level of the individual staff member in meeting and serving the medical and mental health needs of the Medi-Cal beneficiary and eligible populations.
2. Attend professional education for SPMP medical case management to increase skills of the SPMP to better facilitate access to care for Medi-Cal clients and Medi-Cal eligible.
3. Attend expert trainings and professional education in-services relevant to the role of the medical professional and to administration of MCAH Programs to facilitate access to Medi-Cal services.

SPMP Program Planning and Policy Development

Use skilled professional medical expertise in program knowledge to:

1. Develop medical and health related procedures, protocols, and including Medi-Cal enrollment eligibility, referral processes and barriers to access to care
2. Participate in the development and review of medically related policies, procedures, and other health care service standards for the benefit of the Medi-Cal and Medi-Cal eligible population.
3. Function as a consultant on the policies and procedures from the state MCAH Division related to assisting Medi-Cal beneficiaries and Medi-Cal eligible children access medical, dental, and behavioral health care.
4. Participate in the planning, implementation, and evaluation of MCAH services that relate to the MCAH

and CSART programs.

SPMP Quality Management

Use skilled professional medical expertise in program knowledge to:

1. Develop, implement and monitor MCAH Program interventions, services, and outcome data for quality assurance.
2. Assess and review population needs and capacity of the agency to provide services and/or the need to refer to and expand access to appropriate Medi-Cal services for Medi-Cal beneficiaries and eligible individuals.
3. Develop and utilize criteria to evaluate the effectiveness of the quality care provided to the Medi-Cal and Medi-Cal eligible population.

Program Specific Administration

1. Input time study data and prepare secondary documentation to ensure compliance with FFP policies for Title XIX matching.
2. Prepare reports or correspondence related to functions performed to describe and/or record activities related to serving the Medi-Cal and Medi-Cal eligible population.
3. Collaborate with the MCAH Co-Director and peer SPHNs to develop and implement program administrative policies and procedures that will benefit Medi-Cal beneficiaries and the Medi-Cal eligible populations.
4. Participate in the distribution of program specific information including procedural manuals and brochures.
5. Review literature and research articles to apply up-to-date knowledge in delivery of health care services to Medi-Cal clients.
6. Draft, analyze, and/or review reports, documents, correspondence, and legislation.
7. Develop and review health-related professional materials.

Non- Program Specific General Administration

1. Review departmental or section procedures and policies.
2. Attend non-program related staff meetings.
3. Provide and/or attend non-program specific in-service and other staff development activities.

DEPARTMENT OF PUBLIC HEALTH
COUNTY OF SAN BERNARDINO
Social Service Practitioner—Black Infant Health Program
(Mental Health Professional/Family Health Advocate)

Duty Statement
Budget Row 1

SCOPE OF RESPONSIBILITY: The Social Service Practitioner (SSP) provides culturally relevant, client-centered, strength-based and cognitive skill-building services to eligible African-American participants. The SSP provides assessment, intervention and case management support to program participants with complex health, psychosocial or economic problems through case conferences, individual and group interventions and in coordination with mental and behavioral health services. Services are primarily office-based, with some home visiting.

SUPERVISION: The Social Service Practitioner (Mental Health Professional/Family Health Advocate) reports directly to the BIH Coordinator.

DUTY STATEMENT:

1. Provides social service case management to participants with high complex needs that include:
 - a. Conducting intake and orientation.
 - b. Interviewing participants and conducting health, social and psychological assessments; developing, individual care plans, life course plans and birth plans with participants and a trans-disciplinary team.
 - c. Referring and linking participants to health and behavioral health care and other identified resources, including monitoring compliance.
 - d. Makes appointments, facilitates transportation to services, and maintains a client incentive process.
 - e. Ensures ongoing participant client retention for individual case management and group interventions per established standards, including monitoring and tracking participant enrollment into prenatal and postnatal sessions and working with participants to address barriers to services.
2. Works collaboratively with participant to identify and prioritize concerns and to set goals and create a plan of action for addressing their concerns.
3. Develops and maintains a trusting, professional relationship with participants, provides in-depth counseling as needed to assist participants in improving social functioning, which may include advocacy, educating, counseling and mediation and crisis intervention and stabilization.
4. Conducts Black Infant Health risk and diagnostic assessment of bio-psychosocial conditions and determines conditions such as abuse, isolation, abandonment, physical abuse, sexual abuse, emotional abuse, neglect, domestic violence, suicidal ideation/intent, medical/mental impairment, and attachment issues. Formal assessments include but are not limited to appraisal of baseline, depression, interaction and risk, behavior, growth and development.
5. Provides mental health assessment and intervention support for individuals and groups with complex health, psychosocial and/or economic problems, and refers to community mental health services as appropriate.

6. Participates in interdisciplinary case conferences for new participants and established participants with high complex needs to develop, coordinate and implement a case management plan.
7. Collects participant specific data using a series of Black Infant Health forms and tools for client management and program evaluation, ensures accuracy of information, and prepares statistical and progress reports.
8. Serves as a consultant for other staff and community members on complex social work issues, including managing group dynamics, improving participant social empowerment, and stress reduction interventions.
9. Assists the Black Infant Health Coordinator in quality assurance and quality improvement plans for improving program services, especially for higher acuity participants.
10. Adheres to program performance standards including applying skills and knowledge to assure that participants attend at least 70 percent of the 10 prenatal sessions and at least 70 percent of the 10 postnatal sessions.
11. Establishes and maintains a functional referral process with community mental and behavioral health providers, and collaborates and coordinates the provision of mental and behavioral health services, including treatment, care, transition or service plans.
12. Conducts and facilitates as needed, prenatal and postnatal group sessions/interventions using a California Department of Public Health-approved curriculum.
13. Drafts and/or updates policies and procedures as part of an interdisciplinary team.

DEPARTMENT OF PUBLIC HEALTH

COUNTY OF SAN BERNARDINO

Social Worker II

(Family Health Advocate/Group Facilitator-Black Infant Health Program)

Duty Statement

Budget Rows 2, 3, 4

SCOPE OF RESPONSIBILITY: The Social Worker II provides culturally relevant, client- centered, strength-based and cognitive skill-building services to eligible African-American participants with complex needs. The SSP provides social service case management and mental health interventions that focus on identifying and triaging participant needs and facilitating access to prenatal and postnatal supportive services; working with the participant to identify and build upon strengths and resources to problem-solve and obtain the needed services, and assessing mental health issues, providing interventions and/or referring to higher level mental health services. Services are primarily office-based, with some home visiting.

SUPERVISION: The Social Worker II (FHA) reports directly to the BIH Coordinator.

DUTY STATEMENT:

1. Serves as the case manager who coordinates the interdisciplinary team in providing program services to participants.
2. Coordinates and conducts intake and orientation for program participants within established timelines.
3. Ensures ongoing participant client retention for individual case management and group interventions per established standards, including monitoring and tracking participant enrollment into prenatal and postnatal sessions and working with participants to address barriers to services.
4. Provides social service case management that includes:
 - a. Interviewing participants and conducting health, social and psychological assessments; developing, individual care plans, life course plans and birth plans with participants and a trans-disciplinary team.
 - b. Referring and linking participants to health and behavioral health care and other identified resources, including monitoring compliance to ensure that care is accessed.
 - c. Acting as a liaison between participants, their families and health care providers.
 - d. Making appointments, facilitating transportation to services, and maintaining a client incentive process.
5. Works collaboratively with participant to identify and prioritize concerns and to set goals and create an individual care plan of action for addressing their concerns.
6. Maintains a schedule for the group interventions and ensures it is updated and accurate.
7. Coordinates all aspects of preparing for the group interventions, including ensuring that all supplies, equipment, and logistics are in place, and all required forms are prepared and completed.
8. Develops and maintains an incentive and transportation plan for program participants to attend group interventions and individual case management.

9. Provides mental health assessment and intervention support for individuals and groups with health, psychosocial and/or economic problems, and refers to mental health services, as appropriate.
10. Conducts prenatal and postnatal sessions (group interventions) using a Black Infant Health-approved curriculum. Co-facilitates group intervention and manages group dynamics, leads exercises to reduce stress, and gives opportunities for participants to set personal goals and to gain self-empowerment to improve health.
11. Provides education on basic health information including child development, nutrition, the birthing process and reproductive health.
12. Plans and designs educational and promotional materials and training aids to support program scope of work activities.
13. Develops and implements BIH pre- and Post-tests to measure participant knowledge change.
14. Provides training on selected topics to Black Infant Health Program staff, as assigned.
15. Leads interdisciplinary case conferences for new participants and established high acuity participants to develop, coordinate and implement a case management plan.
16. Collects participant specific data using a series of Black Infant Health forms and tools for client management and program evaluation, ensures accuracy of information, and prepares statistical and progress reports.
17. Adheres to program performance standards including applying skills and knowledge to assure that participants attend at least 70 percent of the 10 prenatal sessions and at least 70 percent of the 10 postnatal sessions.
18. Assists the Black Infant Health Coordinator in quality assurance and quality improvement plans for improving program services.
19. Drafts and/or updates policies and procedures as part of an interdisciplinary team.
20. Attends California DPH required training.

DEPARTMENT OF PUBLIC HEALTH

RE: MCAH ALLOCATION #202036 – REQUEST FOR FTE TIME WAIVER AND APPROVAL FOR MCAH KEY PERSONNEL IN THE COUNTY OF SAN BERNARDINO FOR FY 2020-21

Dear Ms. Rodriguez:

The County of San Bernardino Department of Public Health is requesting a waiver of the FTE time requirements, as stipulated in the MCAH Policies and Procedures Manual, for a full-time physician as the MCAH Director and a waiver for 1.25 FTE as the Perinatal Services Coordinator. This request for a waiver is submitted as part of the FY 2020-21 Agreement Funding Application.

We are requesting approval for the following key MCAH personnel. The MCAH Director requirement will be fulfilled by the following qualified health professionals: 1) MCAH Co-Director/Public Health Physician II at 0.5 FTE; 2) MCAH Co-Director/Public Health Nurse Manager (currently vacant), at 0.3 FTE; and 3) MCAH Coordinator, Asuncion Williams, at 0.7 FTE.

Further, Amelyn Olson, Chief of the Department of Public Health's Community and Family Health Division, is functioning as the interim MCAH Co-Director at 0.1 FTE. Dr. Olson is providing administrative oversight of the MCAH Program, ensuring achievement of program goals and objectives, and guiding the performance of core public health functions. In total, the MCAH leadership team includes 1.6 FTE.

The Public Health Physician II will be responsible for providing medical consultation and will coordinate the Title V Needs Assessment. The Public Health Nurse Manager will provide direct oversight of the components within the MCAH program and complete the scope of work deliverable items to expand and improve access to care and delivery of health services to the MCAH population. Ms. Williams will assist in implementing core public health functions and oversee the implementation of the MCAH Action Plan and the Comprehensive Perinatal Services Program (CPSP).

BOARD OF SUPERVISORS

ROBERT A. LOVINGOOD
First District

JANICE RUTHERFORD
Second District

DAWN ROWE
Third District

CURT HAGMAN
Chairman, Fourth District

JOSIE GONZALES
Vice Chair, Fifth District

Gary McBride
Chief Executive Officer

Erica Rodriguez
Page 2
August 4, 2020

For the CPSP Program, the County is requesting approval for the following personnel: 1) MCAH Coordinator, Asuncion Williams, as the Perinatal Services Coordinator (PSC); 2) Public Health Nurse, Xenia Garcia, at 0.66 FTE; and 3) Health Education Specialist, Damaris Nastase, at 0.6 FTE. Ms. Williams will continue to oversee and promote the CPSP Program, as well as direct the activities of Ms. Garcia and Ms. Nastase. Ms. Garcia will serve as the assistant PSC, and Ms. Nastase will be responsible for health education and information to complete the CPSP scope of work requirements.

Enclosed is the organizational chart that includes the aforementioned positions within the Department of Public Health and Family Health Services Section structure.

Thank you for your consideration of this waiver request. If you have any question, please contact Amelyn Olson, Division Chief at 909-387-9145, or myself at 909-387-9146.

Sincerely,

Corwin Porter
Public Health Director

California Department of Public Health (CDPH)
Maternal, Child and Adolescent Health (MCAH) Program
Scope of Work (SOW)

☒ **IMPORTANT:** By clicking this box, I agree to allow the state MCAH Program to post my Scope of Work on the CDPH/MCAH website.

The Local Health Jurisdiction (LHJ), in collaboration with the State MCAH Program, shall strive to develop systems that protect and improve the health of California's women of reproductive age, infants, children, adolescents and their families. The goals and objectives in this MCAH SOW incorporate local problems identified by LHJs in the 5-Year Needs Assessments and reflect the Title V priorities of the MCAH Division. The local 5-Year Needs Assessment identified problems that LHJs may address in their 5-Year Action Plans. The LHJ 5-Year Action Plans inform the development of the annual MCAH SOW.

All LHJs must perform the activities in the shaded areas in Goals 1-3 and monitor and report on the corresponding evaluation/performance measures. In addition, each LHJ is required to develop at least two local objectives in Goal 1, one to address the health of reproductive age women and one to address the needs of pregnant women and two local objectives for Goal 3, a SIDS/SUID objective and an objective to improve infant health. LHJs that receive FIMR funding will perform the activities in the shaded area in Goal 3.5, including one local objective addressing fetal, neonatal, post-neonatal and infant deaths. In the second shaded column of 3.5a, Intervention Activities to Meet Objectives, insert the number and percent of cases that will be reviewed for the fiscal year. Lastly, if resources allow, LHJs should develop additional objectives, which can be placed under any of the Goals 1-5. All activities in this SOW must take place within the fiscal year. Please see the MCAH Policies and Procedures for further instructions on completing the SOW.

The development of this SOW was guided by several public health frameworks including the ones listed below. Please consider integrating these approaches when conceptualizing and organizing local program, policy, and evaluation efforts.

- The Ten Essential Services of Public Health
- The Spectrum of Prevention
- Life Course Perspective
- The Social-Ecological Model
- Social Determinants of Health
- Strengthening Families

All Title V programs must comply with the MCAH Fiscal Policies and Procedures Manual, which is found on the CDPH/MCAH website

CDPH/MCAH Division expects each LHJ to make progress towards Title V State Performance Measures and Healthy People 2020 goals. These goals involve complex issues and are difficult to achieve, particularly in the short term. As such, in addition to the required activities to address Title V State Priorities and requirements, the MCAH SOW provides LHJs the opportunity to develop locally determined objectives and activities that can be realistically achieved given the scope and resources of local MCAH programs.

LHJs are required to comply with requirements as stated in the MCAH Program Policies and Procedures Manual, such as attending statewide meetings, conducting a Needs Assessment every five years, submitting Agreement Funding Applications, and completing Annual Progress Reports.

³ State Requirements

California Department of Public Health (CDPH)
Maternal, Child and Adolescent Health (MCAH)
Black Infant Health (BIH) Scope of Work (SOW)

Black Infant Health Program

The BIH Program is a specialized CDPH MCAH program under the local MCAH system and helps to address MCAH SOW Goal 1 - Women/Maternal Domain: Improve access to and utilization of comprehensive, quality health and social services and Goal 3 - Perinatal/Infant Domain: Reduce infant morbidity and mortality. The goals in this SOW incorporate local problems identified by the Local Health Jurisdiction's (LHJs') 5-Year Needs Assessments and reflect the Title V priorities of the MCAH Division.

All BIH sites are required to comply with BIH Policy and Procedures (P&P) and the Fiscal Policies and Procedures <https://www.cdph.ca.gov/Programs/CFH/DMCAH/Pages/Fiscal-Documents.aspx> in their entirety. In addition, all BIH Sites shall work towards maximizing fidelity in the following four domains (*adherence, dose, participant engagement and quality of service delivery*) by implementing Program services, fulfilling all deliverables associated with benchmarks, attending required meetings and trainings and completing other MCAH-BIH reports as required. A list of the fidelity indicators for each domain is located in table 1: BIH Fidelity Indicator Listing (rev. 7/1/2017).

The CDPH Maternal, Child and Adolescent Health (MCAH) Division places a high priority on the poor outcomes that disproportionately impact the African-American community in California. The BIH site agrees to implement all activities in this Scope of Work (SOW). Central to the efforts in reducing these disparities, listed below are the four (4) goals that are the hallmark of the program:

1. Improve African-American (AA) infant and maternal health.
2. Increase the ability of African-American women to manage chronic stress.
3. Decrease Black-White health disparities and social inequities for women and infants.
4. Engage the community to support African-American families' health and well-being with education and outreach efforts.

To achieve these goals, the BIH Program is a client-centered, strength-based group intervention with complementary case management that embraces the lifecourse perspective and promotes skill building, stress reduction and life goal setting. Each BIH Site shall also assure program fidelity, collect and enter participant and program data into the electronic Efforts to Outcomes (ETO) data system and engage community partner agencies.

All BIH Sites are required to comply with the following tiered staffing matrix per the BIH 2015 Request For Supplemental Information (RSI) BIH RSI Instructions and Fiscal Year (FY) 2019-20 State General Fund expansion funding requirements to ensure fidelity and standardization across all sites:

Staffing Requirements	Tier 1	Tier 2	Tier 3	Tier 4	Tier 5
Local Health Jurisdiction	San Francisco, Santa Clara,	Contra Costa, Long Beach, Fresno, San Joaquin, Kern	San Diego, Alameda, Riverside	Sacramento, San Bernardino	Los Angeles
BIH Coordinator	1.0 FTE	1.0 FTE	1.0 FTE	1.0 FTE	1.0 FTE
FHA/Group Facilitator	2.0 FTE	3.0 FTE	4.0 FTE	6.0 FTE	8.0 FTE
Mental Health Professional	1.0 FTE	1.0 FTE	1.0 FTE	1.0 FTE	1.0 FTE
Outreach Liaison	1.0 FTE	1.0 FTE	1.0 FTE	1.0 FTE	1.0 FTE
Data Entry	0.5 FTE	0.5 FTE	0.5 FTE	0.5 FTE	0.5 FTE
PHN	0.5 FTE	0.5 FTE	0.5 FTE	0.5 FTE	0.5 FTE

All BIH Sites are required to and will be held accountable for complying with the following tiered enrollment target per the BIH 2015 Request For Supplemental Information (RSI) BIH RSI Instructions to ensure fidelity and standardization across all sites:

RSI Enrollment Target	Tier 1	Tier 2	Tier 3	Tier 4	Tier 5
Local Health Jurisdiction	San Francisco, Santa Clara	Contra Costa, Long Beach, Fresno, San Joaquin, Kern	San Diego, Alameda, Riverside	Sacramento, San Bernardino	Los Angeles
	64	96	128	192	240

All BIH Sites are required to and will be held accountable for complying with the following additional tiered BIH Model or Case Management (CM) enrollment targets per the FY 2019-20 BIH State General Fund expansion-funding requirements:

Additional Enrollment Target for Expansion Funding to be served through BIH Model or Case Management	Tier 1	Tier 2	Tier 3	Tier 4	Tier 5
Local Health Jurisdiction	San Francisco, Santa Clara,	Contra Costa, Long Beach, Fresno, San Joaquin, Kern	San Diego, Alameda, Riverside	Sacramento, San Bernardino	Los Angeles
Enrollment Target	40	50	66	90	208
Local Health Jurisdiction		Solano			
Enrollment Target		8			

Updated BIH Group Model objectives and intervention activities are documented in **bold** below as applicable.

Updated BIH CM objectives and intervention activities are documented in ***bold italics*** below in goal 1 as applicable. Per the BIH P&P, the following criteria applies to participants enrolled in the Case Management only intervention:

- ***African-American***
- ***16 years of age or older***
- ***Pregnant through 6 months postpartum***
- ***Women 18 years of age and older are offered BIH Group model services before consenting to the BIH CM Intervention***
- ***Has a signed consent, completed Assessment 1, received 1 referral for services***
- ***May receive Case Management services until infant is 1 year of age***
- ***Not required to attend BIH Group sessions***

Contained within the BIH SOW, under the Measures (Process and Outcome) cells, there are Source Keys that are designed to provide a reference for reporting purposes. The "E" Source Key refers to information that is based on participant-level program data included and maintained in ETO. The "N" "Source Key refers to narrative information provided in quarterly reports or site surveys.

It is the responsibility of the LHJ to meet the goals and objectives of this SOW. The LHJ shall strive to develop systems that protect and improve the health of California's women of reproductive age, infants, children, adolescents, and their families. It is the responsibility of an LHJ to solicit technical assistance and guidance from MCAH if performance issues arise. If a program does not meet the goals and objectives outlined in this SOW, the LHJ may be placed on a corrective action plan (CAP) status. **After implementation of the CAP, if the LHJ does not demonstrate substantial growth or fails to successfully meet the goals and objectives of this SOW, MCAH will either cancel or amend the agreement/contract to reflect reduced funding. Continued participation in the BIH program beyond the current fiscal year is also subject to successful performance in meeting caseload requirements and implementing the agreed upon activities.**

The development of this SOW is a collaborative process with BIH Program Coordinators and was guided by several public health frameworks including the Ten Essential Services of Public Health and the three (3) core functions of assessment, policy development, and assurance; the Spectrum of Prevention; the Life Course Perspective; the Social-Ecological Model, and the Social Determinants of Health. Please integrate these approaches when conceptualizing and organizing local program, policy, and evaluation efforts.

- o The Ten Essential Services of Public Health: <https://www.cdc.gov/stitpublichealth/publichealthservices/essentialhealthservices.html>
- o The Spectrum of Prevention: [The Spectrum of Prevention | Prevention Institute](#)
- o Life Course Perspective: [Life Course Approach in MCH](#)
- o The Social-Ecological Model: <http://www.cdc.gov/violenceprevention/overview/social-ecologicalmodel.html>
- o Social Determinants of Health: <http://www.cdc.gov/socialdeterminants/>
- o Strengthening Families: [Center for the Study of Social Policy / Young Children & Their Families / Strengthening Families](#)

All activities in this SOW shall take place within the fiscal year.

For each fiscal year of the contract period, the LHJ shall submit the deliverables identified below. All deliverables shall be submitted to the MCAH Division to your designated Program Consultant in accordance with the BIH P&P Manual and postmarked or emailed no later than the due date.

Deliverables for each FY

Due Date for each FY

Annual Progress Report

August 15

Coordinator Quarterly Report:

Reporting Period	From	To	Due Date
First Report	July 1, 2019	September 30, 2019	October 15, 2019

Third Report	January 1, 2020	March 31, 2020	April 15, 2020
Fourth Report (WAIVED) Information during this reporting period will be included in the Annual Progress Report	April 1, 2020	June 30, 2020	July 31, 2020

See the following pages for a detailed description of the services to be performed.

Part II: Black Infant Health (BIH) Program

Goal 1: BIH local staff will assure program implementation, staff competency, data management, and maintain program fidelity and fiscal management to administer the program as required by the Program's Policy and Procedures (P&P's) and Scope of Work (SOW) guidelines.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	
		Process Description and Measures	Short and/or Intermediate Outcome Measure(s)
1.1 IMPLEMENTATION BIH Coordinator, under the guidance and leadership of the MCAH Director will provide oversight, maintain program fidelity, fiscal management and demonstrate that BIH activities are conducted as required in the BIH P&Ps, SOW, Data Collection Manual, ETO Data Book, Group Curriculum, and MCAH Fiscal P&Ps.	1.1 - Implement the program activities as defined in the SOW. - Annually review and revise internal local policies and procedures for delivering services to eligible BIH participants. - BIH Coordinator will coordinate and collaborate with MCAH Director to complete, review, and approve the BIH budget prior to submission. - Submit Agreement Funding Application (AFA) timely. - Submit BIH Annual report by August 15. - Submit BIH Quarterly Reports as directed by MCAH.	1.1 - Define and describe MCAH Director and BIH Coordinator responsibilities as they relate to BIH. (N) - Provide organization chart that designates the delineation of responsibilities of MCAH Director and BIH Coordinator from MCAH to the BIH Program in AFA packet. - Describe collaborative process between MCAH Director and BIH Coordinator related to BIH budget prior to AFA submission. (N)	1.1 - Submit BIH Annual report by August 15. - Submit BIH Quarterly Reports as directed by MCAH. (See page 3)
		1.2 - Maintain culturally competent staff to perform program services that honors the unique history/traditions of people of African-American descent as outlined in the P& P. - At a minimum, the following key staffing roles are required: 1.0 FTE BIH Coordinator - Family Health Advocates (FHA)/Group Facilitators (GF) based on MCAH-BIH designated tier level.	1.2 Percent of key staffing roles at site filled by personnel who meet qualifications in the P&P. (N)

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Process Description and Measures	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	Short and/or Intermediate Outcome Measure(s)
	1 FTE Community Outreach Liaison (COL) 0.5 FTE Data Entry 1.0 FTE Mental Health Professional (MHP) 0.5 FTE Public Health Nurse (PHN) - Utilization of a staff-hiring plan.			
1.3 TRAINING All BIH staff will maintain and increase staff competency.	1.3 - Develop a plan to assess the ability of staff to effectively perform their assigned tasks, including regular observations of group facilitators. - Identify staff training needs and ensure those needs are met, notifying MCAH of any training needs. - Ensure that all key BIH staff participates in on-going training or educational opportunities designed to enhance cultural sensitivity. - Ensure that all new and key BIH staff attend the Annual MCAH Sudden Infant Death Syndrome (SIDS) Conference to receive the latest AAP guidelines on infant safe sleep practices and SIDS risk reduction strategies. - Establish local SIDS collaborative workgroups with community partners in order to enhance awareness of AA SIDS rates and to develop SIDS risk reduction strategies. - Require that all key BIH staff (i.e. BIH Coordinator, and ALL direct	1.3 - List staff training activities in quarterly report. (N) - Describe improved staff performance and confidence in implementing the program model due to participating in staff development activities and/or trainings. (N) - List gaps in staff development and training in quarterly report. (N) - Describe plan to ensure that staff development needs are met in quarterly report. (N) - Describe how cultural sensitivity training has enhanced LHJ staff knowledge and how that knowledge is applied. (N) - Describe how staff utilized information from the MCAH SIDS conference with participants. - Document strategies and action plans related to SIDS risk reduction strategies developed from SIDS collaborative workgroup meetings. - Recommend training topic suggestions for statewide meetings. (N)	1.3 - Maintain records of staff attendance at trainings. (N) - Number of trainings and conferences (both state and local) attended by staff during FY 2018-19. - Completion of at least 2 group observation feedback forms by the BIH Coordinator for every group facilitator during FY 2018-19. (E)

1.9.4 PARTICIPANT RETENTION BIH Coordinator, under the guidance and leadership of the MCAH Director will ensure that participant retention strategies are in place.	1.9.4 - Discuss and develop participant retention strategies during team meetings. - Plan participant retention strategies as they relate to program implementation components (outreach/recruitment, enrollment, Life Planning, group sessions, program completion). Ensure participants have access to transportation assistance via Uber/Lyft or other door-to-door services in order to attend group sessions and Life Planning meetings. Ensure location of group services have dedicated child watch staff and space when group sessions are conducted. - Designated staff will conduct participant satisfaction surveys after group sessions and at program completion to obtain feedback related to improvement of retention strategies.	1.9.4 - Discuss participant retention strategies during technical assistance calls. (N) - Review participant retention strategies quarterly and update as needed. (N) - Document participant retention strategies in ETO and in Quarterly Reports. (E/N) - Submit participant retention strategy successes and challenges with Annual Report. (N)	1.9.4 Submit Participant Retention Strategies with Quarterly and Annual Report. (N)

Goal 2: Engage the African American community to support African-American families' health and well-being with education and outreach efforts

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	Short and/or Intermediate Outcome Measure(s)
2.1 BIH Coordinator under the guidance and leadership of the MCAH Director will increase and expand community awareness of African-American birth outcomes and the role of the Black Infant Health Program.	2.1 • Implementation of a Community Advisory Board (CAB) in order to: • Inform the community about disparate birth outcomes among African-American women by delivering standardized messages describing how the BIH Program addresses these issues. • Create partnerships with community and referral agencies that support the broad goals of the BIH Program, through formal and informal agreements. • Develop and implement a community awareness plan that outlines how community engagement activities will be conducted. • Develop and implement activities related to multi-level community engagement and awareness with referral partners to identify service gaps in the LHJ target area. • Develop performance strategies with local organizations that provide services to AA women and infants to improve referrals and linkage to BIH services. • Collaborate with local MCAH programs and other partners such as Medi-Cal to identify strategies, activities and provide technical assistance to:	2.1 • Document efforts of Community Advisory Board, collaborations or other similar formal or informal partnerships to address maternal and infant health disparities, social determinants of health, well-woman visits and postpartum visits at least once per quarter. (N) • Submit quarterly reports that describe outreach activities electronically using ETO in a timely manner. (N) • Document the local plan for community linkages, including an effective referral process that will be reviewed on an annual basis and updated as needed. (N) • Document successes and barriers to community education activities or events at least once per quarter in the ETO through quarterly reporting. (E/N) • List and maintain current documentation on the nature of formal and informal partnerships with community and referral agencies at least once a quarter; record MOUs and referral relationships in the ETO service provider details form. (E/N) • Enter all outreach activities in the Community Contacts Log in ETO. • Document collaborative efforts with local MCAH programs and Regional Perinatal Programs	2.1 • Submit CAB meeting materials (roster, agenda, minutes) with BIH quarterly report. (N) • Number, format, and outcomes associated with community outreach activities conducted by BIH Coordinator and/or MCAH Director during FY 2018-19. (E/N)

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	Short and/or Intermediate Outcome Measure(s)
	- o Improve access to health care services - o Increase utilization of well-woman and postpartum visits - o Identify Preterm Birth (PTB) reduction strategies - o Increase the utilization of preconception health services. • Collaborate with local MCAH programs and Regional Perinatal Programs to improve maternal and perinatal systems of care. • Participate in collaboratives with community partners to review data and develop strategies and policies to address social determinants of health and disparities. • Collaborate with agencies providing services to AA moms to develop and disseminate tangible Reproductive Life Planning training materials (e.g. power point presentation, webinars, toolkits, etc.) to focus on Before, During, and Beyond Pregnancy for dissemination and integration in their service delivery protocols.	describing strategies to improve maternal and perinatal systems of care at least quarterly. (N) • Maintain current lists of community providers and Service Provider details in ETO.	
2.2 BIH COL will increase information sharing with other local agencies providing services to African-American women and children in the community and establish a clear point of contact.	2.2 • Develop collaborative relationships with local Medi-Cal Managed Care, Commercial Health Plans, WIC and local agencies in the community that provide services to African-	2.2 • Enter all outreach activities in the Community Contacts Log in ETO. • Maintain current lists of community providers and Service Provider details in ETO.	2.2 • Number of agencies where the COL has a documented point(s) of contact and with whom information is regularly exchanged. (N)

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	
		Process Description and Measures	Short and/or Intermediate Outcome Measure(s)
	American women and children, to establish strong resource linkages for recruitment of potential participants and for referrals of active participants. - Develop a clear point(s) of contact with collaborating community agencies on a regular basis as it relates to outreach, enrollment, referrals, care coordination, etc. - Assess referrals from partner agencies to determine enrollment points of entry quarterly.	- Describe materials used to inform community partners about BIH. (N) - List and describe barriers, challenges and/or successes related to establishing community partnerships and point(s) of contact at least quarterly. (N)	Total number of agencies with outreach records during FY 2018-19. (E)

Goal 3: Increase the ability of African-American women to manage chronic stress

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	Short and/or Intermediate Outcome Measure(s)
3.1 BIH Coordinator under the guidance and leadership of the MCAH Director will ensure that all BIH participants will have their social support measured at baseline and after attending the prenatal and/or postpartum group intervention and completing Life Planning activities using the Social Provisions Scale – Short (SPS-S).	3.1 - Implement the prenatal and postpartum group intervention with fidelity to the P&P. - Encourage participants to attend and participate in group sessions. - Support clients in fostering healthy interpersonal and familial relationships. - Report results from group session information form, including description of participant engagement in group activities for each group session.	3.1 - Provide FY 2018-19 group intervention schedules upon request. (N) - Percent of participants who meet expected prenatal life planning session attendance (prenatal dose). (E) – Fidelity Indicator D2a - Percent of participants who meet expected prenatal group session attendance (prenatal dose). (E) – Fidelity Indicator D1a and D1b.	3.1 Number and percent of enrolled participants who have both a baseline and follow-up measurement. (E) – Fidelity Indicator P3aii
3.2 BIH Coordinator under the guidance and leadership of the MCAH Director will ensure that all BIH participants will have their self-esteem, mastery, coping and resiliency measured at baseline and after attending prenatal and/or postpartum group intervention and completing Life Planning activities using the Rosenberg Self-Esteem, Pearlin Mastery and the Brief Resilience Scales.	3.2 - LHJ staff will facilitate the administration of the self-esteem, mastery, coping, and resiliency tools and their frequency as outlined in the P&P focused on the participant's ability to be resilient and manage chronic stressors presenting during pregnancy. - All activities are delivered with an understanding of African-American culture and history. - Assist participants in identifying and utilizing their personal strengths. - Develop and implement a Life Plan with each participant. - Teach and provide support to participants as they develop goal-setting skills and create their Life Plans.	3.2 Describe challenges/barriers why participants did not have their self-esteem, mastery, coping and resiliency measured after attending prenatal and/or postpartum group intervention and completing Life Planning activities. (N)	3.2 Number and percent of enrolled participants who have both a baseline and follow-up measurement. (E) – Fidelity Indicator P3aii

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	
		Process Description and Measures	Short and/or Intermediate Outcome Measure(s)
	• Teach participants about the importance of stress reduction and guide them in applying stress reduction techniques. • Support participants as they become empowered to take actions toward meeting their needs. • Teach participants how to express their feelings in constructive ways. • Help participants to understand societal influences and their impact on African-American health and wellness.		

Goal 4: Improve the health of pregnant and parenting African American women and their infants

		Process Description and Measures	Short and/or Intermediate Outcome Measure(s)
4.2 BIH LHJ staff will coordinate with State MCAH and BIH staff to assist BIH Participants with increased knowledge and understanding of a Reproductive Life Plan and Family Planning services by providing culturally and linguistically appropriate tools for integration into existing program materials.	- outlines specific labor/delivery and birthing requests to be conveyed to their prenatal care provider. Provide information on the benefits and importance of delivering a full term baby. Provide information related to the risks associated with delivering via cesarean section in order to make an informed decision related to their delivery.		
	4.2 - Promote and support family planning by providing information and education on birth spacing and interconception health during group sessions and Life Planning Meetings. - Help participants understand and value the concept of reproductive life planning as Life Plans are completed and discussed with Family Health Advocates during Life Planning Meetings and Group Facilitators during group sessions. - Provide referrals and promote linkages to family planning providers including Family Planning, Access, Care, and Treatment (Family PACT). - Help participants understand the characteristics of healthy relationships and provide resources that can help participants deal with abuse.	4.2 - Summarize challenges/barriers of birth control usage among enrolled women who have delivered. (N) - Document collaborative activities with local MCAH programs and other partners such as Medi-Cal Managed Care and CPSP - Provider networks to identify strategies, activities and provide technical assistance to improve access to health care services and increase utilization of the postpartum visit. (N) - Describe collaborative efforts with Violence Prevention Organizations such as Futures without Violence to determine service capacity to adequately meet needs identified by participants and LHJ staff providing case management services. (N)	4.2 - Number and percent of participants who use any method of birth control to prevent pregnancy after their babies are born. (E) - Number and percent of participants who attend a 4-6 week postpartum checkup with a medical provider. (E)

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	Short and/or Intermediate Outcome Measure(s)
4.3 BIH Coordinator under the guidance and leadership of the MCAH Director will ensure that all BIH participants will be screened for Perinatal Mood and Anxiety Disorders (PMAD) and those with positive screens will be given a referral to mental health services.	reproductive coercion or birth control sabotage. 4.3 - Local staff will work with or support participants to: - Understand how mental health contributes to overall health and wellness, - Recognize the connection between stress and mental health and practice stress reduction techniques, - Help participants understand the connection between physical activity and mental health, - Understand the symptoms of postpartum depression. - Local staff will administer the Edinburgh Postpartum Depression Screen (EPDS) to every participant 6-8 weeks after she gives birth; and - Provide referrals and follow-up to mental health services when appropriate.	4.3 - Summarize successes and challenges in addressing mental health issues, including mental health referrals at least once per quarter. (N) 4.3 - Number and percent of enrolled participants who completed the EPDS 6-8 weeks postpartum. (E) – Fidelity Indicators A5a - Number and percent of participants with “positive” EPDS screens with a recorded referral to a community mental health provider within two (2) weeks after the EPDS collection date. (E)	
4.4 All BIH participants will report an increase in parenting skills and bonding with their infants and other family members.	4.4 - Assist participants in understanding and applying effective parenting techniques. - Assist participants with completing home safety checklist. - Assist participants with increasing knowledge of infant safe sleep practices, SIDS, Sudden Unexplained Infant Death (SUID) risk reduction.	4.4 - List and describe additional activities that enhance parenting and bonding. (N) - Provide anecdotes/participant success stories about improved parenting/bonding with submission of BIH Quarterly Reports. - Provide participants with health education materials related to safe sleep practices and SIDS reduction. 4.4 - Number and percent of participants who complete the safety checklist. (E) – Fidelity Indicators A4aii - Number and percent of postpartum participants who initiate breastfeeding. (E) - Number and percent of prenatal participants who complete a birth plan prior to delivery. (E) – Fidelity Indicator A4ai	

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	Short and/or Intermediate Outcome Measure(s)
	- Assist participants with completion of the birth plan that outlines specific labor/delivery and birthing requests to be conveyed to their prenatal care provider. - Provide participants with health education materials addressing the benefits of breastfeeding. - Assist participants with identifying and using bonding strategies, including breastfeeding, with their newborns.	- List and describe additional activities on infant safe sleep practices/SIDS/SUID risk reduction. (N) - Provide anecdotes/participant success stories about infant safe sleep practices and SIDS/SUID risk reduction with submission of BIH Quarterly Reports. (N) - Document collaborative activities with State MCAH Programs used to identify strategies, provide technical assistance and disseminate resource materials that address the benefits of breastfeeding. (N) - Provide anecdotes/participant success stories about breastfeeding practices with submission of BIH Quarterly Reports.	

Goal 5: Improve interconception health by decreasing risk factors for adverse life course events among African American women of reproductive age.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	
		Process Description and Measures	Short and/or Intermediate Outcome Measure(s)
5.1 BIH Coordinator under the guidance and leadership of the MCAH Director will ensure that all BIH participants are linked to services that support timely prenatal care, postpartum visits and well-woman check-ups while enrolled in the BIH Program.	5.1 - Ensure that participants are enrolled in prenatal care and are receiving risk-appropriate perinatal care. - Provide participants with health education materials and messages including but not limited to: the importance of attending prenatal care visits; recognizing the signs and symptoms of preterm labor; safe sleeping practices. - Provide participants with health information that supports a healthy pregnancy. - Ensure that participants are attending postpartum visits and well-woman check-ups as scheduled. - Increase knowledge of and facilitate collaboration with local MCAH programs to improve perinatal and post-partum referral systems for high-risk participants.	5.1 - Describe collaborative activities with Text 4 Baby to deliver health education messages to pregnant women about the importance of postpartum visits. (N/E) - Document collaborative activities with March of Dimes (MOD), MotherToBaby and other agencies that provide preterm birth reduction and health education resources and messaging. (N) - Describe collaborative efforts with local MCAH programs and other partners such as Medi-Cal Managed Care and CPSP to identify strategies, activities and provide technical assistance to improve access to health care services and increase utilization of the postpartum visit. (N)	5.1 Number and percent of participants who attend a 4-6 week postpartum checkup with a medical provider. (E)

Goal 6: Assist in reducing Infant Morbidity and Mortality by decreasing the percentage of preterm births.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Process Description and Measures Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report) Short and/or Intermediate Outcome Measure(s)
6.1 BIH Participants will have an increased knowledge of strategies and interventions they can utilize to reduce the occurrence of preterm births.	6.1 • Provide participants with health education materials that address preterm birth reduction strategies from MCAH-BIH and MOD. • LHJ staff will distribute any customized preterm birth resources to local medical providers and monitor/track how providers utilize and/or incorporate resources to engage clients in service delivery. • LHJ staff will support, promote, and attend preterm birth educational webinars for medical providers. • Assist participants with increasing knowledge of infant safe sleep practices, SIDS, SUID risk reduction by participating in local SIDS collaborative meetings and trainings. • Provide participants with health education materials addressing the benefits of breastfeeding.	6.1 • Participate in MOD webinars and trainings that provide LHJ staff with opportunities to increase their knowledge of preterm birth reduction strategies and other approaches for having a healthy pregnancy. (N) • Distribute and encourage MCAH programs to integrate the following preterm birth resources to educate women and providers on preventing preterm births: (N) - o Reducing Preterm Birth: What Black Women Need to Know Tip Sheet - o Reducing Premature Birth: What Providers Need to Know Tip Sheet - o Reducing Premature Birth Discussion Points – guidance to encourage conversation with women about preterm birth reduction strategies • Facilitate one – two educational webinars for medical providers on topics such as: (N) - o Roles and Responsibilities: Steps to Prevent Preterm Birth - o The use of 17P to prevent preterm birth - o Reducing Preterm Birth: Evidence-Based Strategies to Improve Outcomes • Provide participants with health education materials related to 6.1 • Maintain records of staff attendance at trainings. (N) • Maintain attendee records of trainings/Webinars hosted by LHJ. (N) • Number and percent of participants who complete the safety checklist prior to delivery. (E) – Fidelity Indicator A4aii • Number and percent of postpartum participants who initiate breastfeeding. (E)

INVENTORY/DISPOSITION OF CDPH-FUNDED EQUIPMENT

Current Contract Number: 202036

Date Current Contract Expires: June 30, 2021

Previous Contract Number (if applicable):

CDPH Program Name: Maternal, Child and Adolescent Health (MCAH)

Contractor's Name: County of San Bernardino

CDPH Program Contract Manager: Jing Yuan

CDPH Program Address: 1615 Capitol Avenue, Fifth Floor, Suite 73.560

Contractor's Complete Address: 606 East Mill Street, Second Floor

P. O. Box 997420, MS Code 8305, Sacramento, CA 95899-7420

San Bernardino, CA 92415-0011

CDPH Program Contract Manager's Telephone Number: 916-650-0340

Contractor's Contact Person: Stewart Hunter

Date of this Report: August 7, 2020

Contact's Telephone Number: 909-383-3044

CDPH Program Contract Manager's Telephone Number: 916-650-0340

(THIS IS NOT A BUDGET FORM)

[illegible]

INSTRUCTIONS FOR CDPH 1204 (Please read carefully.)

The information on this form will be used by the California Department of Public Health (CDPH) Asset Management (AM) to: (a) conduct an inventory of CDPH equipment and/or property (see definitions A, and B) in the possession of the Contractor and/or Subcontractors, and (b) dispose of these same items. Report all items, regardless of the items' ages, per number 1 below, purchased with CDPH funds and used to conduct state business under this contract. (See *Public Health Administrative Manual (PHAM)*, Section 1-1000 and Section 3-1320.)

The CDPH Program Contract Manager is responsible for obtaining information from the Contractor for this form. The CDPH Program Contract Manager is responsible for the accuracy and completeness of the information and for submitting it to AM.

Inventory: List all CDPH tagged equipment and/or property on this form and submit it within 30 days prior to the three-year anniversary of the contract's effective date, if applicable. **The inventory should be based on previously submitted CDPH 1203s**, "Contractor Equipment Purchased with CDPH Funds." AM will contact the CDPH Program Contract Manager if there are any discrepancies. (See PHAM, Section 1-1020.)

Disposal: (*Definition: Trade in, sell, junk, salvage, donate, or transfer; also, items lost, stolen, or destroyed (as by fire).*) The CDPH 1204 should be completed, along with a "Property Survey Report" (STD. 152) or a "Property Transfer Report" (STD. 158), whenever items need to be disposed of; (a) during the term of this contract and (b) 30 calendar days before the termination of this contract. After receipt of this form, the AM will contact the CDPH Program Contract Manager to arrange for the appropriate disposal/transfer of the items. (See PHAM, Section 1-1050.)

1. List the state/ CDPH property tag, quantity, description, purchase date, base unit cost, and serial number (if applicable) for each item of;

A. Major Equipment: **(These items were issued green numbered state/ CDPH property tags.)**

- Tangible item having a base unit cost of \$5,000 or more and a life expectancy of one (1) year or more.
- Intangible item having a base unit cost of \$5,000 or more and a life expectancy of one (1) year or more (e.g., software, video.)

B. Minor Equipment/Property: **(These items were issued green state/ CDPH property tags.)**

Specific tangible items with a life expectancy of one (1) year or more that have a base unit cost less than \$5,000. The minor equipment and/or property items were issued green unnumbered "BLANK" state/ CDPH property tags with the exception of the following, which are issued numbered tags: Personal Digital Assistant (PDA), PDA/cell phone combination (Blackberries), laptops, desktop personal computers, LAN servers, routers and switches.

2. If a vehicle is being reported, provide the Vehicle Identification Number (VIN) and the vehicle license number to CDPH Vehicle Services. (See PHAM, Section 17-4000.)

3. If all items being reported do not fit on one page, make copies and write the number of pages being sent in the upper right-hand corner (e.g. "Page 1 of 3.")

4. The CDPH Program Contract Manager should retain one copy and send the original to: California Department of Public Health, Asset Management, MS1801, P.O. Box 997377, Sacramento, CA 95899-7377.

5. Use the version on the CDPH Intranet forms site. The CDPH 1204 consists of one page for completion and one page with information and instructions. For more information on completing this form, call AM at (916) 341-6168.

Family Health Services Section**

Corwin Porter
Interim Director

Erin Gustafson, M.D., MPH
Acting Health Officer

DATE: July 10, 2020

TO: Whom It May Concern

FROM: Erin Gustafson, M.D., MPH
Acting Health Officer
351 North Mountain View Avenue
San Bernardino, CA 92415-0010

SUBJECT: AUTHORITY TO CONDUCT FETAL AND INFANT MORTALITY REVIEW (FIMR) RECORDS ABSTRACTION

The Department of Public Health has been charged by the State of California with funding the Fetal and Infant Mortality Review (FIMR) Project for San Bernardino County. The purpose is to study fetal, neonatal and post-neonatal deaths in order to identify system factors associated with them. A primary objective is to pinpoint possible gaps in services, which may be amenable to community and governmental action.

Under the provisions of California Health and Safety Code §131051 (General Powers of the Department of Public Health), the local health officer may obtain access to medical records for the purpose of public health investigation of fetal and infant deaths. I have assigned this authority to implement the FIMR Project to staff in the Family Health Services Section. This letter provides authorization for David Pratt, Public Health Epidemiologist, to review relevant health and medical records pertaining to the mother and infant from your institution for this purpose. I certify that the records being requested pertain to a fetal or infant death.

Please extend Mr. Pratt the same privileges you would extend to me as Acting Health Officer of San Bernardino County.

Respectfully,

Erin Gustafson, M.D., MPH
Acting Health Officer

SUBCONTRACT AGREEMENT TRANSMITTAL FORM

Complete and submit this Subcontract Agreement Transmittal Form to obtain California Department of Public Health (CDPH), Maternal, Child and Adolescent Health (MCAH) Division Subcontract approval.

REQUIREMENT: If the total subcontract amount over the term of the subcontract is \$5,000 or more, a Subcontract Agreement Package must be submitted for approval to CDPH MCAH Division prior to the Subcontract/Agency Agreement being signed by either party, unless this prior approval requirement is waived in writing by CDPH MCAH Division.

The following items are needed as additional components to complete the Subcontract Agreement Package:

1. A brief (one page or less) explanation of the award process including all information necessary to evaluate the reasonableness of the price or cost and the necessity or desirability of incurring such cost, if applicable. (See contract Exhibit D(F) Provision (5a) Special Terms and Conditions).
2. Subcontract Agreement Package consisting of:
 - Subcontract Agreement Transmittal Form
 - Subcontractor/Agency Agreement or copy of waiver letter
 - Proposed Scope of Work (CDPH MCAH Division format is required except for service contracts)
 - Budget (CDPH MCAH Division format is mandatory unless optional format is approved by CM)
 - Detailed Budget Justification

Explanation of Award Process – BIH Program Services (High Desert)

Procurement Type

The County of San Bernardino will conduct a formal procurement process to identify and select a subcontractor to provide Black Infant Health Program (BIH) services in the high desert region.

Desirability of Incurring the Cost

Contracting with an agency to provide BIH services in the High Desert is desirable to extend the program's reach to a geographically distant and underserved region. A second base of operations in the desert will improve focus on the population that is currently served by staff that travel from their primary work location in San Bernardino (35 to 40 miles, one way) to conduct group and life planning sessions. Additionally, the potential for a greater volume of referrals to the program will result due to the subcontractors proximity to the region's eligible population.

Notification

The County will post a notice of release of the procurement on County webpages (including the Purchasing Department), and the Department of Public Health will send the notice directly to organizations/agencies with the potential capacity to provide the services. Further, the department will share the information with community partners and key stakeholders, who will be able to communicate within their spheres of influence.

Evaluation Process

The department utilizes the services of an internal unit to conduct the procurement process, including development of the document and coordination of evaluation for proposals received from all bidders. The evaluation team generally will consist of individuals with knowledge of public health services, high-risk and underserved populations, and/or fiscal and operational functions for public health programs.

The members of the evaluation team will attend an initial meeting to receive copies of all proposals, a copy of the procurement document, score sheets, evaluation criteria, and instructions for the process. They will review and score the proposals, and subsequently participate in a post-review meeting to discuss strengths and weaknesses of each proposal. The evaluation team will provide a recommendation to the BIH Program for selection of the vendor(s) that will best serve the program.

Evaluation Criteria

Initial Review – The County initially determines if the proposal is complete, in the required format, and complies with the requirements of the procurement document. Failure to meet the requirements may result in a rejected proposal.

Evaluation – The County will evaluate proposals based on specific criteria, including but not limited to:

- Capacity to successfully serve African-American families (cultural competency).
- Capacity to administer programs that improve health outcomes.
- Capacity to engage and collaborate with the community.
- Ability to articulate a successful plan to outreach to women that are not enrolled in the BIH Program.
- Ability to continuously assess and improve the quality of services provided.
- Ability to ensure participant eligibility and meet eligibility tracking requirements.
- Generally, selection will be based on the determination of which proposal will best meet the needs of the County and the requirements described in the procurement document.

Preferences – During the evaluation process, the department will give preference points to bidders that are based in the County of San Bernardino.

Contract Negotiations

As necessary, the department will negotiate certain terms of the contract with the selected vendor. The department anticipates relatively minor modifications, if any.

Approval by Board of Supervisors

After negotiations, the department will prepare the contract for presentation to and approval by the County Board of Supervisors, as applicable.

Goal 1: BIH local staff will assure program implementation, staff competency, data management, and maintain program fidelity and fiscal management to administer the program as required by the Program's Policy and Procedures (P&P's) and Scope of Work (SOW) guidelines.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	
		Process Description and Measures	Short and/or Intermediate Outcome Measure(s)
1.1 BIH Coordinator, under the guidance and leadership of the San Bernardino County (SBC) BIH Program Coordinator will provide oversight, maintain program fidelity, fiscal management and demonstrate that BIH activities are conducted as required in the BIH P&Ps, SOW, Data Collection Manual, ETO Data Book, Group Curriculum, and MCAH Fiscal P&Ps.	1.1 Implement the program activities as defined in the SOW. Annually review and revise internal local policies and procedures for delivering services to eligible BIH participants. BIH Coordinator will coordinate and collaborate with SBC BIH Program Coordinator to complete, review, and approve the BIH budget prior to submission. Collaborate with SBC BIH Program Coordinator to submit BIH Annual report to SBC BIH Program Coordinator by July 15. Collaborate with SBC BIH Program Coordinator to submit BIH Quarterly Reports as directed by MCAH. Submit Monthly deliverable report to SBC BIH Program Coordinator by the 15 th of the following month.	1.1 Provide organization chart that designates the delineation of responsibilities of BIH Coordinator and additional staff.	1.1 Submit BIH Annual report to SBC BIH Program Coordinator by July 15. Submit BIH Quarterly Reports as directed by MCAH. Submit Monthly deliverable report to SBC BIH Program Coordinator by the 15 th of the following month.
		1.2 Maintain culturally competent staff to perform program services that honors the unique history/traditions of people of African-American descent as outlined in the P & P. At a minimum, the following key staffing roles are required: .5 FTE BIH Coordinator 3.0 FTE Family Health Advocates (FHA)/Group Facilitators (GF) 0.5 FTE Community Outreach Liaison (COL) 0.5 FTE Data Entry	1.2 Describe process of recruiting and hiring staff at each site that are filled by personnel meeting qualifications in the P&P. Submission of all staff changes per guidelines outlined in BIH P&P.
1.2 Hire and maintain culturally competent/relevant personnel and required Full Time Equivalent (FTE) to implement a BIH Program that is relevant to the cultural heritage of African-American women, and the community.			1.2 Percent of key staffing roles at site filled by personnel who meet qualifications in the P&P.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Process Description and Measures	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report) Short and/or Intermediate Outcome Measure(s)
	.5 FTE Mental Health Professional (MHP) Utilization of a staff-hiring plan.		
1.3 TRAINING All BIH staff will maintain and increase staff competency.	1.3 Develop a plan to assess the ability of staff to effectively perform their assigned tasks, including regular observations of group facilitators. Identify staff training needs and ensure those needs are met, notifying SBC BIH Program Coordinator of any training needs. Ensure that all key BIH staff participates in on-going training or educational opportunities designed to enhance cultural sensitivity. Ensure that all new and key BIH staff attend the Annual MCAH Sudden Infant Death Syndrome (SIDS) Conference to receive the latest AAP guidelines on infant safe sleep practices and SIDS risk reduction strategies. Establish local SIDS collaborative workgroups with community partners in order to enhance awareness of AA SIDS rates and to develop SIDS risk reduction strategies. Require that all key BIH staff (i.e. BIH Coordinator, and ALL direct service staff) attend mandatory MCAH Division-sponsored trainings, conference calls, meetings and/or conferences as scheduled by MCAH Division. Quarter 1: Annual 2-day Basic Training Annual COL Meeting Quarter 2:	1.3 List staff training activities in quarterly report. Describe improved staff performance and confidence in implementing the program model due to participating in staff development activities and/or trainings. List gaps in staff development and training in quarterly report. Describe plan to ensure that staff development needs are met in quarterly report. Describe how cultural sensitivity training has enhanced BIH staff knowledge and how that knowledge is applied. Describe how staff utilized information from the MCAH SIDS conference with participants. Document strategies and action plans related to SIDS risk reduction strategies developed from SIDS collaborative workgroup meetings. Recommend training topic suggestions for statewide meetings.	1.3 Maintain records of staff attendance at trainings. Number of trainings and conferences (both state and local) attended by staff during fiscal Year. Completion of at least 2 group observation feedback forms by the BIH Coordinator for every group facilitator during fiscal year.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report) Process Description and Measures Short and/or Intermediate Outcome Measure(s)
	Annual 2-day Advanced FHA/GF Meeting Quarter 3: Annual MHP/Public Health Nurse (PHN) Meeting Quarter 4: Annual Coordinator Meeting Annual 2-day Statewide Meeting Ensure that the BIH Coordinator and all direct service staff attend mandatory MCAH Division-sponsored training(s) prior to implementing the BIH Program. 2-day Abbreviated Training – scheduled by MCAH based on Local Health Jurisdiction (LHJ) needs. 2-day Basic Training Quarter 1 Ensure that the BIH Coordinator performs regular observations of GFs and assessments of FHAs, MHPs and case management activities.	
1.4 DATA COLLECTION AND ENTRY All BIH participant program information and outcome data will be collected and entered timely and accurately using BIH required forms at required intervals.	1.4 Ensure that all direct service staff participate in data collection, data entry, data quality improvement, and use of data collection software determined by MCAH. Ensure accuracy and completeness of data input into Efforts to Outcome (ETO) system. Ensure that all staff receives updates about changes in ETO and data book forms. Participate in all Data and Evaluation calls. Accurately and completely collect required participant information, with	1.4 Review ETO and fidelity reports, discuss during calls with BIH State Team. Review ETO Utilization Reports for all staff at BIH Sites. Enter all data into ETO within seven (7) working days of collection. Review of the BIH Data Collection Manual by all staff. Completion of ETO training by all staff. Participation in periodic MCAH-Data calls. Participation in role-specific trainings by the Data Entry Lead.
		1.4 Number and percent of forms that were entered within seven (7) days of collection.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	
		Process Description and Measures	Short and/or Intermediate Outcome Measure(s)
	timely data input into the appropriate data system(s). Work with SBC BIH Program Coordinator to ensure proper and continuous operation of the MCAH-BIH- ETO. Store Participant level Data forms on paper per guidelines in P&P. Define a data entry schedule for staff and monitor for adherence.	Review of ETO data quality reports by the BIH Coordinator and Data Entry staff on at least a monthly basis. Conduct and report on audits of recruitment, enrollment, and service delivery paper forms against ETO reports; audit sample must include at least 10% of recruitment records and 10% of enrollment records.	
1.5 OUTREACH Increase and expand community awareness of BIH by collaborating with other BIH counties and individually as a county on communication outreach activities, including the use of social media.	1.5 Conduct outreach activities and build collaborative relationships with local Women, Infants, and Children (WIC) providers, Comprehensive Perinatal Services Program (CPSP) Perinatal Service Coordinators, social service providers, health care providers, the Faith-based community, and other community-based partners and individuals to increase and maximize awareness opportunities to ensure that eligible women are referred to BIH. Establish referral mechanisms that will facilitate reciprocity with partner agencies as appropriate. Collaborate with SBC BIH Program Coordinator to utilize social media campaigns developed by MCAH to increase community awareness while conducting outreach activities.	1.5 Describe the types of community partner agencies contacted by BIH staff. Describe outreach activities performed in order to reach target population. Describe deviations in outreach activities, noting changes from local recruitment plan. Document type, frequency and number of social media activities conducted on the BIH Primary Contact Table and submit with Quarterly and Annual Report.	1.5 Total number (overall and by type) of outreach activities completed by all staff during the fiscal year.
1.6a PARTICIPANT RECRUITMENT Recruit African- American women 18 years of age and older, and less than 30 weeks pregnant for group sessions.	1.6a Develop and implement a Participant Recruitment Plan (standardized intake process) according to the target population and eligibility	1.6a Track and document progress in meeting goals of the Participant Recruitment Plan, review annually and update as needed.	1.6a Number and percent of recruited and referred women that were eligible (at least 18 years old and less than 30

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	
		Process Description and Measures	Short and/or Intermediate Outcome Measure(s)
1.6b Recruit African- American women 16 years of age and older, and pregnant or up to 6 months postpartum for case management only.	guidelines in MCAH-BIH P&P and submit upon request. Review Recruitment plan annually and update as needed. 1.6b Develop and implement a Participant Recruitment Plan (standardized intake process) according to the target population and eligibility guidelines in MCAH-BIH P&P and submit upon request.	1.6b Track and document progress in meeting goals of the Participant Recruitment Plan, review annually and update as needed.	1.6b Total number of women served via Case management services only.
PARTICIPANT REFERRAL 1.7 Establish a network of referral partners.	1.7 Collaborate with network of established partners (community-based organizations, traditional and non-traditional partners, etc.) to develop a network of referral partners who will refer eligible women to BIH. Provide referrals to other MCAH programs for women who cannot participate in group intervention sessions.	1.7 Describe process for ensuring that referral partner agencies are referring eligible women to BIH in quarterly reports and during technical assistance calls.	1.7 Total number of service providers that made referrals to the BIH Program in the fiscal year.
PARTICIPANT ENROLLMENT 1.8a BIH Coordinator will ensure the following: - All participants enrolled in BIH will be African-American - All participants will be 18 years or older when enrolled in BIH group intervention. - All participants will be enrolled during pregnancy. - All participants will be enrolled at or before 30 weeks of pregnancy.	1.8a Enroll women that are African-American. Enroll women at or before 30 weeks of pregnancy. Enroll women that will participate in the group intervention.	1.8a Visual inspection of all recruitment eligibility fields on incoming referral forms for completeness. Inclusion of eligibility criteria with materials used for referral and recruitment.	1.8a Number and percent of enrolled women who meet eligibility criteria defined by age and timing of pregnancy.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	
		Process Description and Measures	Short and/or Intermediate Outcome Measure(s)
All women will participate in group intervention.			
1.8b BIH Coordinator will ensure the following: - All participants enrolled in Case Management only intervention will be African-American. - All participants, who are 16 to 17-years-old, will be enrolled in Case Management only intervention, and are not eligible for group intervention. - All participants 18 years of age and older will be given the opportunity to enroll in the BIH Group Model first and if not able to enroll will then be offered the Case Management only intervention. - Participants will be enrolled in Case Management during pregnancy up to 6 months postpartum. - Postpartum participants enrolled in Case Management only intervention are not required, but are eligible, to attend BIH Postpartum Group sessions.	1.8b Enroll women that are African-American. Enroll women during pregnancy up to 6 months postpartum. Enroll women to participate in the Case Management only intervention.	1.8b Visual inspection of all recruitment eligibility fields on incoming referral forms for completeness. Inclusion of eligibility criteria with materials used for referral and recruitment.	1.8b Number and percent of enrolled women who meet eligibility criteria for Case Management.
PROGRAM PARTICIPATION 1.9.1 BIH Coordinator will ensure the following: All women will participate in a prenatal group.	1.9.1 Assign participants to a prenatal group as part of enrollment process.	1.9.1 Describe barriers, challenges and successes of enrolling women in a prenatal group within 30-45 days of enrollment.	1.9.1 Number and percent of enrolled women who attended a prenatal group session within 45 days of enrollment.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	Short and/or Intermediate Outcome Measure(s)
- All women will participate in a group within 45 days of enrollment. - All groups will be implemented according to the 20-group intervention model as specified in the P&P.	Schedule prenatal groups to allow participants to attend within 30 days of enrollment. Enroll participants in a prenatal group within 45 days of first successful contact. Begin groups with the minimum required number of participants per the BIH P&P.	first successful contact during technical assistance calls. Describe barriers, challenges and successes of beginning groups with the minimum required number of participants during technical assistance calls.	Percent of group sessions that were conducted in the prescribed sequence and at the prescribed time intervals. Percent of group sessions in a series that were attended by at least 5 participants.
1.9.2a BIH Coordinator will ensure the following: - All BIH participants (enrolled in BIH Group) will complete all prenatal and postpartum assessments within the recommended time intervals. - All BIH participants (enrolled in BIH Group) will receive referrals to services outside of BIH based on Life Planning meetings. - All BIH participants (enrolled in BIH Group) will receive transportation assistance as needed to attend group sessions and Life Planning meetings. - All BIH locations will include a space dedicated for Child Watch during group sessions.	1.9.2a Assign participants to a FHA as part of enrollment process. Conduct case management services that align with Life Plan activities (goal setting). Collect completed self-assessment administered scaled questions as described in P&P. Collect the required number of assessments per timeframe outlined in P&P. Develop and implement a Life Plan based on goal setting during Life Planning meetings for each BIH participant; complete all prenatal and postpartum assessments; provide ongoing identification of her specific concerns/needs and referral to services outside of BIH as needed based on Life Planning meetings. Ensure participant referrals are generated and completed for all services identified. Ensure participants have access to transportation assistance via Uber/Lyft or other door-to-door services in order to attend group sessions and Life Planning meetings. Ensure location of group services have dedicated child watch staff and	1.9.2a Collect and record service delivery activities for enrolled women into ETO. Describe successes and/or challenges in assisting participants with setting short and long-term goals during Life Planning meetings. Describe program improvements resulting from participant satisfaction survey findings at least quarterly.	1.9.2a Number and percent of enrolled women who complete prenatal and postpartum assessments at the P&P-designated time intervals. Number and percent of enrolled women who received at least one (1) case conference attended by a FHA or GF, and either the MHP or PHN. Percent of enrolled women who have (a) a long-term goal and (b) one (1) or more short-term goals documented in one (1) of the three (3) focus areas (health, relationship, and finances) (among women enrolled 30 days or longer) during Life Planning meetings. Number and percent of enrolled women with a Birth Plan collected before the expected date of delivery (among women past due). Number and percent of enrolled women who have a known referral status for every documented referral at time of exit from the program (among women dismissed from BIH). Number and percent of enrolled women who have been dismissed from BIH with a completed participant satisfaction survey.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	
		Process Description and Measures	Short and/or Intermediate Outcome Measure(s)
1.9.2b BIH Coordinator will ensure that Case Management participants will receive BIH Case Management support as defined in the P&P.	space when group sessions are conducted. Conduct participant dismissal activities. Conduct participant satisfaction surveys. Submit complete and accurate reports in the timeframe specified by MCAH and/or SBC BIH Program Coordinator.		
	1.9.2b Assign participants to a FHA and/or MHP as part of enrollment process. Conduct case management services that align with identified needs of each participant. Collect required assessments per timeframe outlined in P&P. Develop and implement a Care Plan based on participant needs during case management meetings for each BIH participant; complete all prenatal and postpartum assessments; provide ongoing identification of her specific concerns/needs and referral to services outside of BIH as needed based on case management meetings. Ensure participant referrals are generated and completed for all services identified. Conduct participant dismissal activities. Conduct participant satisfaction surveys. Submit complete and accurate reports in the timeframe specified by MCAH. Note: BIH Case Management support will be provided until the child turns one year of age.	1.9.2b Collect and record service delivery activities for enrolled women into ETO. Describe program improvements resulting from participant satisfaction survey findings at least quarterly.	1.9.2b Number and percent of enrolled women who complete assessments at the P&P-designated time intervals. Number and percent of enrolled women who received at least one (1) case conference attended by a FHA or GF, and the MHP.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report) Process Description and Measures Short and/or Intermediate Outcome Measure(s)
1.9.3a BIH Coordinator will ensure that all BIH participants will participate in Group Intervention Sessions.	1.9.3a Schedule Group Intervention Sessions with guidance from SBC BIH Program Coordinator. All participants will have the opportunity to enroll in Group Intervention Sessions within 30-45 days of the first successful contact. Conduct and adhere to the 20-group intervention model as specified in the P&P.	1.9.3a Number of Group Intervention Sessions entered into ETO that began during fiscal year. Number and percent of enrolled women who attend at least one (1) prenatal Group Intervention Session. Number and percent of enrolled women who attended the expected number of Group Intervention Sessions based upon the number of days in program.
1.9.3b BIH Participants enrolled in the Case Management only intervention are not required to attend BIH group sessions.	1.9.3b Schedule case management meetings per guidance in the BIH P&P. Participants enrolled in the BIH Case Management only intervention may enroll in the BIH Group model on a case-by-case basis.	1.9.3b Number and percent of enrolled women who complete case management meetings at the P&P-designated time intervals.

1.9.4 PARTICIPANT RETENTION BIH Coordinator will ensure that participant retention strategies are in place.	1.9.4 Discuss and develop participant retention strategies during team meetings. Plan participant retention strategies as they relate to program implementation components (outreach/recruitment, enrollment, Life Planning, group sessions, program completion). Ensure participants have access to transportation assistance via Uber/Lyft or other door-to-door services in order to attend group sessions and Life Planning meetings. Ensure location of group services have dedicated child watch staff and space when group sessions are conducted. Designated staff will conduct participant satisfaction surveys after group sessions and at program completion to obtain feedback related to improvement of retention strategies.	1.9.4 Discuss participant retention strategies during technical assistance calls. Review participant retention strategies quarterly and update as needed. Document participant retention strategies in ETO and in Quarterly Reports. Submit participant retention strategy successes and challenges with Annual Report.	1.9.4 Submit Participant Retention Strategies with Quarterly and Annual Report.

Goal 2: Engage the African American community to support African-American families' health and well-being with education and outreach efforts

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Process Description and Measures	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report) Short and/or Intermediate Outcome Measure(s)
2.1 BIH Coordinator will increase and expand community awareness of African-American birth outcomes and the role of the Black Infant Health Program.	2.1 Participation on Community Advisory Board (CAB) in order to: Inform the community about disparate birth outcomes among African-American women by delivering standardized messages describing how the BIH Program addresses these issues. Create partnerships with community and referral agencies that support the broad goals of the BIH Program, through formal and informal agreements. Develop and implement a community awareness plan that outlines how community engagement activities will be conducted. Develop and implement activities related to multi-level community engagement and awareness with referral partners to identify service gaps. Develop performance strategies with local organizations that provide services to AA women and infants to improve referrals and linkage to BIH services. Collaborate with local MCAH programs and other partners such as Medi-Cal to identify strategies, activities and provide technical assistance to: • Improve access to health care services • Increase utilization of well-woman and postpartum visits	2.1 Document efforts of Community Advisory Board, collaborations or other similar formal or informal partnerships to address maternal and infant health disparities, social determinants of health, well-woman visits and postpartum visits at least once per quarter. • Submit quarterly reports that describe outreach activities electronically using ETO in a timely manner. • Document the local plan for community linkages, including an effective referral process that will be reviewed on an annual basis and updated as needed. • Document successes and barriers to community education activities or events at least once per quarter in the ETO through quarterly reporting. List and maintain current documentation on the nature of formal and informal partnerships with community and referral agencies at least once a quarter; record Memorandum of Understanding (MOU) and referral relationships in the ETO service provider details form. • Enter all outreach activities in the Community Contacts Log in ETO. • Document collaborative efforts with local MCAH programs and Regional Perinatal Programs describing strategies to improve	2.1 Submit CAB meeting materials (roster, agenda, and minutes) with BIH quarterly report. Number, format, and outcomes associated with community outreach activities conducted by BIH Coordinator during fiscal year.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)
Short and/or Intermediate Outcome Measure(s)		
	- Identify Preterm Birth (PTB) reduction strategies - Increase the utilization of preconception health services. Collaborate with local MCAH programs and Regional Perinatal Programs to improve maternal and perinatal systems of care. Participate in collaboratives with community partners to review data and develop strategies and policies to address social determinants of health and disparities. Collaborate with agencies providing services to AA moms to develop and disseminate tangible Reproductive Life Planning training materials (e.g. power point presentation, webinars, toolkits, etc.) to focus on Before, During, and Beyond Pregnancy for dissemination and integration in their service delivery protocols.	maternal and perinatal systems of care at least quarterly. Maintain current lists of community providers and Service Provider details in ETO.
2.2 BIH COL will increase information sharing with other local agencies providing services to African-American women and children in the community and establish a clear point of contact.	2.2 Develop collaborative relationships with local Medi-Cal Managed Care, Commercial Health Plans, WIC and local agencies in the community that provide services to African-American women and children, to establish strong resource linkages for recruitment of potential participants and for referrals of active participants. Develop a clear point(s) of contact with collaborating community agencies on a regular basis as it relates to outreach, enrollment, referrals, care coordination, etc.	2.2 Enter all outreach activities in the Community Contacts Log in ETO. Maintain current lists of community providers and Service Provider details in ETO. Describe materials used to inform community partners about BIH. List and describe barriers, challenges and/or successes related to establishing community partnerships and point(s) of contact at least quarterly. 2.2 Number of agencies where the COL has a documented point(s) of contact and with whom information is regularly exchanged. Total number of agencies with outreach records during fiscal year.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	
		Process Description and Measures	Short and/or Intermediate Outcome Measure(s)
	Assess referrals from partner agencies to determine enrollment points of entry quarterly.		

Goal 3: Increase the ability of African-American women to manage chronic stress

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	
		Process Description and Measures	Short and/or Intermediate Outcome Measure(s)
3.1 BIH Coordinator will ensure that all BIH participants will have their social support measured at baseline and after attending the prenatal and/or postpartum group intervention and completing Life Planning activities using the Social Provisions Scale – Short.	3.1 Implement the prenatal and postpartum group intervention with fidelity to the P&P. Encourage participants to attend and participate in group sessions. Support clients in fostering healthy interpersonal and familial relationships. Report results from group session information form, including description of participant engagement in group activities for each group session.	3.1 Provide fiscal year group intervention schedules upon request. Percent of participants who meet expected prenatal life planning session attendance (prenatal dose). Percent of participants who meet expected prenatal group session attendance (prenatal dose).	3.1 Number and percent of enrolled participants who have both a baseline and follow-up measurement.
		3.2 BIH staff will facilitate the administration of the self-esteem, mastery, coping, and resiliency tools and their frequency as outlined in the P&P focused on the participant's ability to be resilient and manage chronic stressors presenting during pregnancy. All activities are delivered with an understanding of African-American culture and history. Assist participants in identifying and utilizing their personal strengths. Develop and implement a Life Plan with each participant. Teach and provide support to participants as they develop goal-setting skills and create their Life Plans.	3.2 Number and percent of enrolled participants who have both a baseline and follow-up measurement.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	
		Process Description and Measures	Short and/or Intermediate Outcome Measure(s)
	Teach participants about the importance of stress reduction and guide them in applying stress reduction techniques. Support participants as they become empowered to take actions toward meeting their needs. Teach participants how to express their feelings in constructive ways. Help participants to understand societal influences and their impact on African-American health and wellness.		

Scope of Work

Goal 4: Improve the health of pregnant and parenting African American women and their infants.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)
4.1 BIH Coordinator will ensure that all BIH participants will be linked to services that support health and wellness while enrolled in the BIH Program.	4.1 Assist participants in understanding behaviors that contribute to overall good health, including: • Stress management • Sexual health • Healthy relationships • Nutrition • Physical activity Ensure that participants are enrolled in health insurance and are receiving risk-appropriate perinatal care. Ensure that healthy nutritious food is available during group sessions. Provide participants with health information that supports a healthy pregnancy. Provide participants with health education materials that address preterm birth reduction strategies, such as the MCAH-BIH prematurity awareness and Provider sheet tip sheet. Identify participants' health, dental and psychosocial needs and provide referrals and follow-up as needed to health and community services. Provide information and health education to participants who report drug, alcohol and/or tobacco use. Assist participants with completion of the birth plan that outlines specific labor/delivery and birthing requests to	4.1 List and document additional activities (e.g., Champions for Change cooking demonstrations) conducted that promote health and wellness of BIH participants and their infants at least once per quarter. Describe collaborative efforts with March of Dimes, MotherToBaby and other agencies that provide health education, preterm birth reduction materials and resources. 4.1 Number and percent of participants uninsured at enrollment who received referral and follow-up for health insurance before delivery. Number and percent of participants who complete a birth plan.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	
		Process Description and Measures	Short and/or Intermediate Outcome Measure(s)
	be conveyed to their prenatal care provider. Provide information on the benefits and importance of delivering a full term baby. Provide information related to the risks associated with delivering via cesarean section in order to make an informed decision related to their delivery.		
4.2 BIH staff will coordinate with SBC BIH staff to assist BIH Participants with increased knowledge and understanding of a Reproductive Life Plan and Family Planning services by providing culturally and linguistically appropriate tools for integration into existing program materials.	4.2 Promote and support family planning by providing information and education on birth spacing and interconception health during group sessions and Life Planning Meetings. Help participants understand and value the concept of reproductive life planning as Life Plans are completed and discussed with Family Health Advocates during Life Planning Meetings and Group Facilitators during group sessions. Provide referrals and promote linkages to family planning providers including Family Planning, Access, Care, and Treatment (Family PACT). • Help participants understand the characteristics of healthy relationships and provide resources that can help participants deal with abuse, reproductive coercion or birth control sabotage.	4.2 Summarize challenges/barriers of birth control usage among enrolled women who have delivered. Document collaborative activities with local MCAH programs and other partners such as Medi-Cal Managed Care and CPSP Provider networks to identify strategies, activities and provide technical assistance to improve access to health care services and increase utilization of the postpartum visit. Describe collaborative efforts with Violence Prevention Organizations such as Futures without Violence to determine service capacity to adequately meet needs identified by participants and LHJ staff providing case management services.	4.2 Number and percent of participants who use any method of birth control to prevent pregnancy after their babies are born. Number and percent of participants who attend a 4-6 week postpartum checkup with a medical provider.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)
4.3 BIH Coordinator will ensure that all BIH participants will be screened for Perinatal Mood and Anxiety Disorders (PMAD) and those with positive screens will be given a referral to mental health services.	4.3 Local staff will work with or support participants to: • Understand how mental health contributes to overall health and wellness, • Recognize the connection between stress and mental health and practice stress reduction techniques, • Help participants understand the connection between physical activity and mental health, • Understand the symptoms of postpartum depression. Local staff will administer the Edinburgh Postpartum Depression Screen (EPDS) to every participant 6-8 weeks after she gives birth; and Provide referrals and follow-up to mental health services when appropriate.	4.3 Summarize successes and challenges in addressing mental health issues, including mental health referrals at least once per quarter. 4.3 Number and percent of enrolled participants who completed the EPDS 6-8 weeks postpartum. Number and percent of participants with "positive" EPDS screens with a recorded referral to a community mental health provider within two (2) weeks after the EPDS collection date.
4.4 All BIH participants will report an increase in parenting skills and bonding with their infants and other family members.	4.4 Assist participants in understanding and applying effective parenting techniques. Assist participants with completing home safety checklist. Assist participants with increasing knowledge of infant safe sleep practices, SIDS, Sudden Unexplained Infant Death (SUID) risk reduction. Assist participants with completion of the birth plan that outlines specific labor/delivery and birthing requests to	4.4 List and describe additional activities that enhance parenting and bonding. Provide anecdotes/participant success stories about improved parenting/bonding with submission of BIH Quarterly Reports. Provide participants with health education materials related to safe sleep practices and SIDS reduction. List and describe additional activities on infant safe sleep practices/SIDS/SUID risk reduction. 4.4 Number and percent of participants who complete the safety checklist. Number and percent of postpartum participants who initiate breastfeeding. Number and percent of prenatal participants who complete a birth plan prior to delivery.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report) Process Description and Measures Short and/or Intermediate Outcome Measure(s)
	be conveyed to their prenatal care provider. Provide participants with health education materials addressing the benefits of breastfeeding. Assist participants with identifying and using bonding strategies, including breastfeeding, with their newborns.	Provide anecdotes/participant success stories about infant safe sleep practices and SIDS/SUID risk reduction with submission of BIH Quarterly Reports. Document collaborative activities with State MCAH Programs used to identify strategies, provide technical assistance and disseminate resource materials that address the benefits of breastfeeding. Provide anecdotes/participant success stories about breastfeeding practices with submission of BIH Quarterly Reports.

Scope of Work

Goal 5: Improve interconception health by decreasing risk factors for adverse life course events among African American women of reproductive age.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	Short and/or Intermediate Outcome Measure(s)
5.1 BIH Coordinator will ensure that all BIH participants are linked to services that support timely prenatal care, postpartum visits and well-woman check-ups while enrolled in the BIH Program.	5.1 Ensure that participants are enrolled in prenatal care and are receiving risk-appropriate perinatal care. Provide participants with health education materials and messages including but not limited to: • The importance of attending prenatal care visits; • Recognizing the signs and symptoms of preterm labor; • Safe sleeping practices. Provide participants with health information that supports a healthy pregnancy. Ensure that participants are attending postpartum visits and well-woman check-ups as scheduled. Increase knowledge of and facilitate collaboration with local MCAH programs to improve perinatal and post-partum referral systems for high-risk participants.	5.1 Describe collaborative activities with Text 4 Baby to deliver health education messages to pregnant women about the importance of postpartum visits. Document collaborative activities with March of Dimes (MOD), MotherToBaby and other agencies that provide preterm birth reduction and health education resources and messaging. Describe collaborative efforts with local MCAH programs and other partners such as Medi-Cal Managed Care and CPSP to identify strategies, activities and provide technical assistance to improve access to health care services and increase utilization of the postpartum visit.	5.1 Number and percent of participants who attend a 4-6 week postpartum checkup with a medical provider.

Goal 6: Assist in reducing Infant Morbidity and Mortality by decreasing the percentage of preterm births.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	Short and/or Intermediate Outcome Measure(s)
6.1 BIH Participants will have an increased knowledge of strategies and interventions they can utilize to reduce the occurrence of preterm births.	6.1 Provide participants with health education materials that address preterm birth reduction strategies from MCAH-BIH and MOD. BIH staff will distribute any customized preterm birth resources to local medical providers and monitor/track how providers utilize and/or incorporate resources to engage clients in service delivery. BIH staff will support, promote, and attend preterm birth educational webinars for medical providers. Assist participants with increasing knowledge of infant safe sleep practices, SIDS, SUID risk reduction by participating in local SIDS collaborative meetings and trainings. Provide participants with health education materials addressing the benefits of breastfeeding.	6.1 Participate in MOD webinars and trainings that provide BIH staff with opportunities to increase their knowledge of preterm birth reduction strategies and other approaches for having a healthy pregnancy. Distribute and encourage MCAH programs to integrate the following preterm birth resources to educate women and providers on preventing preterm births: • Reducing Preterm Birth: What Black Women Need to Know Tip Sheet • Reducing Premature Birth: What Providers Need to Know Tip Sheet • Reducing Premature Birth Discussion Points – guidance to encourage conversation with women about preterm birth reduction strategies Facilitate one to two educational webinars for medical providers on topics such as: • Roles and Responsibilities: Steps to Prevent Preterm Birth • The use of 17P to prevent preterm birth • Reducing Preterm Birth: Evidence-Based Strategies to Improve Outcomes	6.1 Maintain records of staff attendance at trainings. Maintain attendee records of trainings/Webinars hosted by BIH. Number and percent of participants who complete the safety checklist prior to delivery. Number and percent of postpartum participants who initiate breastfeeding.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures Process, Short and/or Intermediate Measures (Report on these measures in the Annual Report)	
		Process Description and Measures	Short and/or Intermediate Outcome Measure(s)
		Provide participants with health education materials related to safe sleep practices and SIDS reduction. Document collaborative activities with State MCAH Programs used to identify strategies, provide technical assistance and disseminate resource materials that address the benefits of breastfeeding.

(II) OPERATING EXPENSES JUSTIFICATION

TOTAL OPERATING EXPENSES		TITLE V & TITLE XIX TOTAL	
	TRAVEL	12,804.00	This amount is budgeted for travel related to BIH Program conferences, trainings, and/or required state meetings, including airfare, lodging, meals, parking, shuttle, and other costs. It is intended for multiple job classifications, including but not limited to, BIH Program Coordinator, Family Health Advocates, Mental Health Professional, Community Outreach Liaison, and Data Entry Clerk.
	TRAINING	1,400.00	This amount is budgeted for BIH Program conferences, trainings, and/or required state meetings (e.g., ETO). It is intended for multiple job classifications, including but not limited to, BIH Program Coordinator, Family Health Advocates, Mental Health Professional, Community Outreach Liaison, and Data Entry Clerk..
1	Office / Outside Supplies	1,250.00	Various office supplies for the BIH Program, including but not limited to, paper, toner, binders, pens, file folders, small office equipment, and other required items.
2	Furniture / Chairs	3,000.00	Purchase of office furniture and chairs for BIH Program staff and/or furnishings or décor for the BIH Program service delivery location/office (e.g., office furniture, child watch, and/or group session areas).
3	Rent (including childwatch area)	19,980.00	Allocated share of space rental costs for location(s) of leased office space for BIH Program staff, group sessions, life planning sessions, and child watch activities, and storage. Lease cost is estimated at approximately \$1.80 per square foot for approximately 925 square feet over 12 months. Of the 925 square feet, 400 square feet is estimated for child watch. This budget category may include security guard services, facilities management, and custodial services.
4	Transportation / Mileage	6,624.00	Includes mileage reimbursement for BIH subcontractor staff driving their vehicles on BIH Program business. Also includes use of motorpool vehicles (if available) to health fairs or other events to promote awareness of and enrollment in the BIH Program and/or Medi-Cal.
5	Communications	5,170.00	Monthly expenditures for office-based telephones and voice-mail accounts for BIH, including circuit charges, long distance fees/tolls, teleconferencing services, fees for cellular instruments, and synchronization with e-mail accounts are included in this item.
6	Postage	500.00	Postage and interoffice mail costs or allocations for the BIH Program.
7	Printing	1,300.00	Photocopying, reproduction, and bindery costs (as applicable) for BIH Program materials, resources, and office/administrative documents. May also include graphic design and technician services, as applicable.
8	e-mail / Internet	4,800.00	Monthly expenditures for network, Internet, and e-mail accounts for the BIH Program.
9	Legal and Audit	200.00	As needed, this is funding for review of contracts and other items that require executive team or board of directors approval related to the BIH Program. Also, includes costs associated with fiscal audits. As needed, this budget category is for legal counsel to review documents and operations associated with administration of the BIH Program.

SUBCONTRACTS

1	Childwatch Subcontract	27,746.00	Provision of child watch services for children while their mothers attend BIH group session, life planning sessions, retention events, and/or case management interactions. Child watch space is included in the Rent line item.
2	0	0.00	
3	0	0.00	
4	0	0.00	
5	0	0.00	

OTHER CHARGES

1	Client Support Materials	15,000.00	This line item is generally for low-cost materials for client group sessions, outreach, and/or retention activities, including incentives for clients. Based on achievement of key participation milestones in BIH activities (e.g., perfect attendance at the prenatal and/or postpartum group modules), this category may include a limited number of higher cost incentive items (greater than \$25), following prior coordination with the County of San Bernardino BIH Program Coordinator. This budget category also includes low-cost nutritional meals and refreshments for clients and their children that attend group sessions and retention activities. Further, the line item may fund, with County of San Bernardino BIH Program Coordinator approval, purchase of incentives associated with outreach functions, including low-cost items for distribution to churches and community-based organizations to facilitate collaboration and referral of eligible women to the BIH Program.
2	Educational Materials	500.00	Resources for dissemination within the community to increase awareness about BIH-related issues, educational curricula, and/or other resources for BIH clients. May also include bindery charges and media design time to prepare documents for printing, as applicable.
3	Door-to-door Transport	15,036.00	Door-to-door transportation, including gas vouchers, Uber, Lyft, and/or taxi fare for clients that do not have a means to travel to/from group sessions and/or individual life planning/case management visits.

SUBCONTRACT AGREEMENT TRANSMITTAL FORM

Complete and submit this Subcontract Agreement Transmittal Form to obtain California Department of Public Health (CDPH), Maternal, Child and Adolescent Health (MCAH) Division Subcontract approval.

REQUIREMENT: If the total subcontract amount over the term of the subcontract is \$5,000 or more, a Subcontract Agreement Package must be submitted for approval to CDPH MCAH Division prior to the Subcontract/Agency Agreement being signed by either party, unless this prior approval requirement is waived in writing by CDPH MCAH Division.

The following items are needed as additional components to complete the Subcontract Agreement Package:

1. A brief (one page or less) explanation of the award process including all information necessary to evaluate the reasonableness of the price or cost and the necessity or desirability of incurring such cost, if applicable. (See contract Exhibit D(F) Provision (5a) Special Terms and Conditions).
2. Subcontract Agreement Package consisting of:
 - Subcontract Agreement Transmittal Form
 - Subcontractor/Agency Agreement or copy of waiver letter
 - Proposed Scope of Work (CDPH MCAH Division format is required except for service contracts)
 - Budget (CDPH MCAH Division format is mandatory unless optional format is approved by CM)
 - Detailed Budget Justification

Explanation of Award Process – Child Watch Services

Procurement Type

The County of San Bernardino will conduct a formal procurement process to identify and select a subcontractor to provide child watch services, which is requirement of the MCAH Division for the Black Infant Health Program (BIH).

Notification

The County will post a notice of release of the procurement on County webpages (including the Purchasing Department), and the Department of Public Health will send the notice directly to organizations/agencies with the potential capacity to provide the services. Further, the department will share the information with community partners and key stakeholders, who will be able to communicate within their spheres of influence.

Based on the anticipated amount of the agreement for FY 20-21, the County may have an option to use an informal procurement process (as opposed to a formal RFP). This will entail contacting potential providers of child watch services and seeking bids. Potential providers would be notified of the service need at the time of contact by County staff.

Evaluation Process

The department utilizes the services of an internal unit to conduct the procurement process, including development of the document and coordination of evaluation for proposals received from all bidders. The evaluation team generally will consist of individuals with knowledge of public health services, high-risk and underserved populations, and/or fiscal and operational functions for public health programs.

The members of the evaluation team will attend an initial meeting to receive copies of all proposals, a copy of the procurement document, score sheets, evaluation criteria, and instructions for the process. They will review and score the proposals, and subsequently participate in a post-review meeting to discuss strengths and weaknesses of each proposal. The evaluation team will provide a recommendation to the BIH Program for selection of the vendor(s) that will best serve the program.

If an informal process is approved by the County, the evaluation primarily would be based on the lowest cost or cost per unit to provide the services. Yet, as applicable, consideration would include selection based on determination of the bid(s) that best meet the needs of the County/BIH Program.

Evaluation Criteria

Initial Review – The County initially determines if the proposal is complete, in the required format, and complies with the requirements of the procurement document. Failure to meet the requirements may result in a rejected proposal.

Evaluation – The County will evaluate proposals based on specific criteria, including but not limited to:

- Capacity to successfully serve African-American families (cultural competency).
- Capacity to administer programs that improve health outcomes.
- Capacity to engage and collaborate with the community.
- Ability to articulate a successful plan to outreach to women that are not enrolled in the BIH Program.
- Ability to continuously assess and improve the quality of services provided.
- Ability to ensure participant eligibility and meet eligibility tracking requirements.
- Generally, selection will be based on the determination of which proposal will best meet the needs of the County and the requirements described in the procurement document.

Preferences – During the evaluation process, the department will give preference points to bidders that are based in the County of San Bernardino.

Contract Negotiations

As necessary, the department will negotiate certain terms of the contract with the selected vendor. The department anticipates relatively few modifications, if any.

Approval

The agreement with the selected vendor will be approved by the County Board of Supervisors or Purchasing Department, as applicable.

Proposed Scope of Work – Childwatch

To promote and strengthen participant retention in the BIH Program, the County of San Bernardino will offer childwatch at the point of program services to enrolled women as a motivator for continued active engagement in program services (and incentive to enroll), leading to successful completion of all program requirements.

- Vendor will provide childwatch for children of BIH participants, who are identified by the BIH Program, while attending group sessions, life planning interactions, and retention, as applicable. As determined by the BIH Program, services may occur at multiple locations identified by County.
- The BIH Program will identify children to be served and notify vendor.
- Vendor is responsible for maintaining proper adult/child ratios while providing child watch services.
- Vendor will maintain all applicable licenses and certifications during the term of the agreement with the County of San Bernardino.
- Vendor shall prepare and submit to County an invoice for services on a monthly basis.
- Vendor agrees to and shall comply with all County of San Bernardino indemnification and insurance requirements.
- Vendor shall ensure that all known or suspected instances of child abuse or neglect are reported to the appropriate law enforcement agency or to the appropriate Child Protective Services agency.
- Vendor shall obtain from the Department of Justice (DOJ) records of all convictions involving any sex crimes, drug crimes, or crimes of violence of a person who is offered employment or volunteers for any position in which he or she would have contact with a minor, the aged, the blind, the disabled or a domestic violence client, as provided for in Penal Code section 11105.3.
- Vendor shall follow all County policies and procedures related to accessing and providing services in County facilities.

Proposed Budget Amount – Childwatch

The amount included in the FY 20-21 budget is \$65,151 for an agreement with a provider of childwatch services. The unit for budgeting and invoicing will be the hourly rate of payment.

13 202036 San Bernardino Child Watch Budget 091120

Budget:	ORIGINAL
Program:	Black Infant Health (BIH)
Agency:	202036 San Bernardino
SubK:	Child Watch

Version 5.0 - 150 Quarterly 06.19.19

(II) OPERATING EXPENSES JUSTIFICATION

TOTAL OPERATING EXPENSES		TITLE V & TITLE XIX TOTAL	
	TRAVEL	0.00	
	TRAINING	400.00	The amount budgeted is for training related to continuing education for child watch staff.
1	Office / Outside Supplies	312.50	Various office supplies for child watch staff, including but not limited to, paper, toner, binders, pens, file folders, small office equipment, and other required items.
2	Furniture / Chairs	500.00	Pro rata share of office furniture and chairs for child watch staff and/or furnishings or décor at office location.
3	Rent (including childwatch area)	2,025.00	Allocated share of space rental for child watch staff. This budget category also includes security guard services, facilities management, and custodial services. The calculation is 93.75 square feet at \$1.80 per square foot for 12 months.
4	Transportation / Mileage	3,490.25	Includes private mileage reimbursement for child watch staff driving their vehicles to service delivery locations at the prevailing federal reimbursement rate.
5	Communications	525.00	Monthly expenditures for office-based telephones and voice-mail accounts for child watch staff, including circuit charges, long distance fees/tolls, teleconferencing services, fees for cellular instruments, and synchronization with e-mail accounts are included in this item.
6	Postage	50.00	Pro rata share of postage costs or allocations for the child watch staff.
7	Printing	100.00	Photocopying, reproduction, and bindery costs (as applicable) for forms and materials, resources, and office/administrative documents used by child watch staff. May also include graphic design and technician services, as applicable.
8	e-mail / Internet	1,350.00	Monthly expenditures for network, Internet, and e-mail accounts for child watch staff.
9	Legal and Audit	200.00	As needed, this is funding for review of contracts and other items that require review by legal counsel. Also, includes costs associated with internal audits or federal Single Audit, as applicable.
10	Background Checks / Wellness	800.00	Costs associated with the employee wellness examinations for child watch staff as part of the pre-employment process or for staff that may be injured during work hours. This category also includes background checks for staff during the pre-employment or promotion processes.
11	Insurance	4,706.16	Pro-rata share of general and liability insurance for child watch operations and vehicle/collision coverage.
12	0	0.00

Attestation of Compliance with the Requirements for Enhanced Title XIX Federal Financial Participation (FFP) Rate Reimbursement for Skilled Professional Medical Personnel (SPMP) and their Direct Clerical Support Staff

In compliance with the Social Security Act (SSA) section 1903(a)(2), Title 42 Code of Federal Regulations (CFR) part 432.2 and 432.50, and the Federal and State guidelines provided, the County of San Bernardino Department of Public Health has determined that the list of individuals in the attached Exhibit A are eligible for the enhanced SPMP reimbursement rate, for the State Fiscal Year 2020-2021, based on our review of all the criteria below:

- ☒ Professional Education and Training
- ☒ Job Classification
- ☒ Job Duties /Duty Statement
- ☒ Specific Tasks (if only a portion will be claimed as SPMP enhanced functions)
- ☒ Organizational Chart
- ☒ Accurate, complete, and signed SPMP Questionnaire
- ☒ Active California License/Certification

The undersigned hereby attests that he/she:

- Has personally reviewed the criteria above and its supporting documentation, and determined that the individuals meet the federal requirements for the enhanced SPMP reimbursement rate.
- Will maintain all the aforementioned records and supporting documentation for audit purposes for a minimum of 3 years.
- Certifies that SPMP expenditures are from eligible non-federal sources and are in accordance with 42 CFR Section 433.51
- Understands that if SPMP requirements are not met, the agency will be financially responsible for repaying the costs to the California Department of Public Health (CDPH).
- Understands that CDPH may request additional information to substantiate the SPMP claims and such information must be provided in a timely manner.
