The five stages are diagnosis, linked to care, engaged/retained in care, prescribed Antiretroviral Therapy, and achieved Viral Suppression.

<sup>1</sup> Federal Poverty Guidelines:

- Refer to the most current poverty guidelines at <http://aspe.hhs.gov/poverty>.
- In the Riverside/San Bernardino local jurisdiction, the Federal Poverty Guidelines should be applied to a “family”.
- “Family” is defined by the Department of Health and Human Services as “a group of two or more persons related by birth, marriage, or adoption who live together; all such related persons are considered as members of one family. For instance, if an older married couple, their daughter and her husband and two children, and the older couple’s nephew all lived in the same house or apartment; they would all be considered members of a single family.”
- If an individual does not fit this definition, and is not in a legal, domestic partnership, their income may be considered a separate “family” income.
