**Briefly describe the general nature of the contract:** The purpose of the contract is to facilitate the San Bernardino County Flood Control District's membership in the California Statewide Communities Development Authority (CSCDA) and participation in CSCDA's programs. The District's membership in CSCDA is at no cost. CSCDA was created 1988, under California's Joint Exercise of Powers Act, to provide California's local governments with an effective tool for the timely financing of community-based public benefit projects. CSCDA was created by and for local governments in California, and is sponsored by the California State Association of Counties and the League of California Cities. Currently, more than 500 cities, counties and special districts have become Program Participants to CSCDA – which serves as their conduit issuer and provides access to an efficient mechanism to finance locally-approved projects. CSCDA has issued more than \$50 billion in tax-exempt bonds and helps local governments build community infrastructure, provide affordable housing, create jobs, make access available to quality healthcare and education, among others.
