BACKGROUND INFORMATION

In November 2016, California Voters approved Proposition 64, known as "The Adult Use of Marijuana Act," specific sections of which reduced the penalties for cannabis-related offenses. Since the adoption of Proposition 64, illegal cannabis cultivation has increased exponentially across the county and in particular, areas in the Third Supervisorial District. Pursuant to County Ordinance, commercial cannabis cultivation is prohibited in all unincorporated areas of the county, however it is estimated that there are over ~~450~~ 861 illegal commercial cannabis farms in San Bernardino County.

Furthermore, since the adoption of Proposition 64, the San Bernardino County Sheriff's Department has experienced a 224% increase in the seizure of illegal marijuana plants, a 620% increase in confiscated firearms that were discovered while executing search warrants at illegal cannabis farms, and a 463% increase in recovered illicit cannabis concentrate products.

Section 10 of Proposition 64 specifies that amendments to provisions contained in Proposition 64 may be amended by a two-thirds vote of the California State Legislature. The proposed Resolution would strongly encourage the California State Legislature to increase the severity of criminal penalties for illegal cannabis cultivation.
