COUNTY AND CHIEF EXECUTIVE OFFICER GOALS & OBJECTIVES

Improve County Government Operations.

Operate in a Fiscally-Responsible and Business-Like Manner.

FINANCIAL IMPACT

The 2021-22 Recommended Budget includes total Requirements for the San Bernardino County Flood Control District (District) special revenue funds of \$151.6 million and an internal service fund of \$3.2 million, and budgeted staffing of 178 positions. In addition, the District's special revenue funds budget includes \$88.4 million in available reserves for future use and the internal service fund budget includes \$2.3 million in Net Position for future use. Included in the special revenue funds budget is \$3.9 million of Discretionary General Funding (Net County Cost) for the County's share of cost to the District for the National Pollutant Discharge Elimination System (NPDES) and Mojave River Watershed Group (MRWG) programs and for the Rimforest Drainage project.

BACKGROUND INFORMATION

The District's budget consists of several special revenue funds, which are consolidated and presented as a single budget unit, and an internal service fund.

2021-22 Recommended Budget Summary – Special Revenue Funds

Budget Book Group	2020-21 Modified	2021-22 Recommended	Change
Operations and Community Services	\$159,948,372	\$151,631,076	(\$8,317,296)

2021-22 Recommended Budget Summary – Internal Service Fund

Budget Book Group	2020-21 Modified	2021-22 Recommended	Change
Operations and Community Services	\$4,937,050	\$3,238,000	(\$1,699,050)

Requirements are decreasing by \$10.0 million due to decreases in both the Flood Control District Consolidated Special Revenue funds (\$8.3 million) and in the Flood Control District Equipment fund (\$1.7 million). The Consolidated Special Revenue funds are decreasing Requirements primarily due to a reduction in debt service expense as the District has completed payments for the Series 2007 Refunding Bonds (\$3.1 million). Additionally, the decrease reflects reduced project costs for construction projects as many substantial projects were completed in 2020-21 (\$1.4 million). Operating Transfers Out are decreasing by \$5.5 million, primarily due to the aforementioned completion of debt service payments. These decreases are partially offset by an increase in Capital Expenditures of \$1.6 million mainly due to an anticipated increase in Land and Easement purchases for anticipated construction projects. The decrease in the Equipment fund is due to decreases in Operating Expenses resulting from a reduction in auto insurance costs (\$559,050) and a decrease in Capital Expenditures due to a reduction in planned purchases for heavy equipment and vehicles (\$1.1 million).

The Budget hearing is designed to discuss and implement any direction or changes to the Recommended Budget.
