in the Land Use Services Planning Division 2021-22 budget. All costs of processing these applications are paid by the applicants.

BACKGROUND INFORMATION

The applicants, Dave and Trish DuFour, are proposing a project consisting of four actions: (1) Adoption of a Mitigated Negative Declaration, (2) Approval of a Policy Plan Amendment from Low Density Residential (LDR) to Commercial (C) on three of nine parcels of the 5-acre project site, (3) Adoption of a Zoning Amendment from Single Residential, Minimum Lot Size 14,000 square feet (RS-14M) and Multiple Residential (RM) to Neighborhood Commercial (CN) on five acres, and (4) Approval of a Conditional Use Permit for an existing five-acre cabin/lodging resort consisting of 19 cabin units, two areas for wedding events/receptions, and similar functions for up to 292 persons located at 25994 Highway 189 in Twin Peaks.

The proposed Policy Plan Amendment to Commercial (C) and Zoning Amendment to Neighborhood Commercial (CN) would allow for the land use approval of the Pine Rose Cabins facility. The Pine Rose Cabins facility is considered a lodging/meeting facility type use, which would be permitted in the Neighborhood Commercial (CN) zoning district. A detailed project analysis containing site planning features, code compliance summary and an environmental evaluation is included in the Planning Commission staff report attached to this report/recommendation.

In accordance with the California Environmental Quality Act (CEQA) Guidelines (California Code of Regulations, Title 14, Division 6, Chapter 3, Sections 15000-15387) an Initial Study (IS) was prepared to identify the potential impacts the proposed project may have on the environment, as well as the design features and mitigation measures that will reduce said impacts to less-than-significant levels. The IS concludes that all potentially significant environmental impacts resulting from the construction and operation of the proposed project can be mitigated to a less-than-significant level. Therefore, the recommendation includes the adoption of a Mitigated Negative Declaration and the filing of a Notice of Determination.

The San Bernardino County Code requires a recommendation from the Planning Commission for final action by the Board of Supervisors on Policy Plan and Zoning Amendments. At the Planning Commission hearing on June 3, 2021, there were 16 public comments in favor of the project and three comments in opposition. The hearing lasted approximately three hours with lengthy discussions between the Planning Commissioners and the applicants relative to the operations of the site and how public concerns are addressed through the permitting process. The Planning Commission recommended approval of the Project with a vote of 5-0.

PROCUREMENT
