Applicant Agency/Organization Name: San Bernardino County Regional Parks

Project Name: Glen Helen Regional Parks Destination Playground

PROJECT SELECTION CRITERION #1 – REGIONAL PARK SUMMARY

Glen Helen Regional Parks is 1340 acres. The Park currently has a playground, swim facility, two lakes, campground, walking trails, disc golf course, picnic shelters, and the following three concessions, Sheriff's Rodeo, Glen Helen Amphitheater, and Glen Helen Raceway. This project will improve the main playground at Glen Helen Regional Park, by adding new amenities to include themed playground amenities, picnic shelter, and accessible parking. These new amenities will transform this area of the park to a regional destination.

PROJECT SELECTION CRITERION #2 – SIGNIFICANT REGIONAL ATTRACTION

New amenities for this playground will be accessible and unique to this park. The design includes large amenities that include technology as part of play activities. This unique design will attract youth and families who are users of video games. This design will help these users enjoy amenities that combine being outdoors with the technology that they love.

PROJECT SELECTION CRITERION #3 – TYPE OF PROJECT

This is a renovation of a current recreation amenity and is estimated to cost \$3,000,000. The existing playground is not large enough to be considered a regional amenity. Adding new, updated amenities with a technology theme will provide a uniqueness that will attract new users and add the regional appeal to the amenity. In addition, adding the picnic shelter and accessible parking to this area of the facility will increase the availability of this part of the facility to more users as well as diversify the type of activities that can take place in this section of the park.

PROJECT SELECTION CRITERION #4 – DESIGN INPUT

Regional Parks conducted an online survey and a virtual community workshop on May 26, 2021. The Department received 72 responses to the survey and there were 10 participants in the virtual community workshop. These responses indicated that the community was in favor of moving forward with improving the main playground as planned. The responses also requested new restrooms, improved picnic shelters, new entry monument, improved campgrounds (landscaping/irrigation), and additional park amenities. The Department was allocated funding from the Prop 68 Per Capita grant. Funding from this grant will also address these responses. The Department will hold an additional community meeting to present design plans for community input once a funding decision has been made for this grant application.

PROJECT SELECTION CRITERION #5 – EMPLOYMENT OR VOLUNTEER OPPORTUNITIES

San Bernardino County Regional Parks will continue to offer community residents the opportunity to volunteer or apply for employment opportunities. Regional Parks provides information regarding employment and volunteer opportunities on our website. Interested applicants can download and submit applications via the County’s website.

San Bernardino County Regional Parks has partnered with the Conservation Corps in the past and will continue to partner with this group in the future. This partnership will ensure that the playground will remain clean and available for use by all users.

PROJECT SELECTION CRITERION #6 – PARTNERSHIPS OR COMMITTED FUNDING

There are no partnerships or committed funding sources for this project.

PROJECT SELECTION CRITERION #7 – ENVIRONMENTAL DESIGN

Describe how the project will provide efficient use of water and other natural resources by answering both (A) and (B) combined,

- A. How will the project include sustainable techniques involving all of the following?
1. Stormwater 2. Water Efficiency 3. Recycled Materials 4. Landscaping

Sustainable Technique	Description of Sustainable Technique
1.Stormwater	Little to no additional stormwater run-off will be created as a result of these projects. The addition to the playground will utilize a pervious floor. The ADA parking stalls will convert and replace existing parking areas. What little stormwater runs off of the picnic shelters will enter the existing storm drain system which is designed to retain the stormwater on site by diverting it into the existing lake.
2.Recycled Materials	The project will be required to meet the San Bernardino County Policy requirements regarding recycled material.
3.Water Efficiency and Landscaping	The project does not include landscaping or water infrastructure.
4.	

- B. How will the project include three additional sustainable techniques not listed in A, such as carbon sequestration tree planting, facilitation, or safe and reliable

drinking water, and/or other energy, water, and natural resource conservation techniques?

Use the chart format below to list and describe each sustainable technique for B.

Sustainable Technique	Description of Sustainable Technique
1. Facilitation	The combination of accessible playground equipment and accessible parking will attract a broader audience due to the ADA upgrades.
2. Natural Resource Conservation	This project will only upgrade and enhance existing park amenities and will not reduce the open space park areas, conserving existing park open space.
3.	
4.	

PROJECT SELECTION CRITERION #8 –HOURS OF OPERATION

Use the chart below to describe the hours of operation: What will be the Monday through Sunday hours of operation for the overall park to accommodate various needs of youth, seniors, and families?

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
7:30 am- 5:00 pm	7:30 am- 5:00 pm	7:30 am- 5:00 pm	7:30 am- 5:00 pm	7:30 am- 5:00 pm	7:30 am- 5:00 pm	7:30 am- 5:00 pm

PROJECT SELECTION CRITERION #9 – PROJECT BENEFITS AND READINESS

Use the chart below to describe how the project will benefit the health and quality of life for youth, seniors, and families, by improving physical activity, cultural enrichment, environmental education, and by advancing solutions to prevent displacement (if applicable).

Benefit	Description of the Benefit
Health and quality of life conditions	Improving playground amenities will provide additional opportunities for youth seniors and families the opportunity to interact in an outdoor environment.
Physical Activity	Improving playground amenities will combine the use of technology with physical activity. This combination will add physical activity to those who enjoy video games.

Cultural Enrichment	Adding the picnic shelter to this section of the park, increases opportunities for families to gather and enjoy cultural and family celebrations.
Environmental Education	Not Applicable
Advancing Solutions to Prevent Displacement	Not Applicable

PROJECT SELECTION CRITERION #10 – SEVERELY DISADVANTAGED COMMUNITIES/MEDIAN HOUSEHOLD INCOME

Use the chart below to list the Median Household Income on, or within, the boundary of the regional park according to the Community FactFinder Report

Median Household Income according to the FactFinder report	FactFinder Report ID Number
\$108,136	105349

**State of California – The Natural Resources Agency
DEPARTMENT OF PARKS AND RECREATION
COMMUNITY FACTFINDER HANDBOOK FORM**

APPLICANTS will sign this Form after following the FactFinder Handbook available at parks.ca.gov/rpp:

I certify that the Community Fact Finder Report that was submitted at the time of APPLICATION met the following requirement:

- ✓ The FactFinder Report was generated with the pin located on or within the boundary of the REGIONAL PARK.

I understand if this requirement is not met, OGALS will generate a new report with the pin located in the middle of the REGIONAL PARK and will use the data for purposes of Project Selection Criteria 10.

PROJECT AREA STATISTICS

County	San Bernardino
City	Unincorporated
Total Population	51
Youth Population	9
Senior Population	3
Households Without Access to a Car	0
Number of People in Poverty	1
Median Household Income	\$108,136
Per Capita Income	\$29,794
Park Acres	302.36
Park Acres per 1,000 Residents	5928.58

PROJECT AREA MAP

REPORT BACKGROUND

The project statistics have been calculated based on half mile radius around the point location selected. Only park acres within the project area's half mile radius are reported.

Population and people in poverty are calculated by determining the percent of any census block-groups that intersect with the project area. The project area is then assigned the sum of all the census block-group portions. An equal distribution in census block-groups is assumed. Rural areas are calculated at a census block level to improve results.

Median household and per capita income are calculated as a weighted average of the census block- group values that fall within the project area.

More information on the calculations is available on the methods page.

Demographics—American Community Survey (ACS) 5-year estimates 2014-2018; Decennial 2010 Census; the margin of error (MOE) was not analyzed.

Parks—California Protected Areas Database 2020a CFF adjusted (6/2020) - more information at <http://www.CALands.org>. Parks and park acres area based on best available source information but may not always contain exact boundaries or all parks in specific locations. Parks are defined further in the 2015 SCORP (pg. 4).

Users can send updated information on parks to SCORP@parks.ca.gov

GRANT SCOPE/COST ESTIMATE FORM (CHECKLIST #5)

GRANT SCOPE/COST ESTIMATE FORM

Follow the directions starting on page 34.

GRANT SCOPE ITEMS	ESTIMATED COST
ACQUISITIONS: List each parcel number, acreage, estimated date of purchase, and cost	
DEVELOPMENT: List each RECREATION FEATURE and MAJOR SUPPORT AMENITY	
Accessible Destination Playground	\$ 1,950,000.00
Picnic Shelter	\$ 225,000.00
ADA Accessible Parking Stalls	\$ 75,000.00
Total Estimated Cost for the RECREATION FEATURES and MAJOR SUPPORT AMENITIES (A)	\$ 2,250,000.00
Total Estimated PRE-CONSTRUCTION COST (B)	\$ 750,000.00
TOTAL PROJECT COST (A+B)	\$ 3,000,000.00
Requested GRANT Amount	
Estimated amount of the GRANT to be charged to PRE-CONSTRUCTION COSTS (cannot exceed 25% of the GRANT)	\$ 750,000.00

The APPLICANT understands that this form will be used to establish the expected GRANT deliverables, and that all of the RECREATION FEATURES and MAJOR SUPPORT AMENITIES listed on this form must be completed and open to the public before the final GRANT payment will be made. The APPLICANT also understands that no more than 25% of the GRANT amount may be spent on PRE-CONSTRUCTION costs. See the ELIGIBLE COSTS charts starting on page 49 before creating a cost estimate.

Applicant Capacity Checklist #8

Applicant Agency/Organization Name: San Bernardino County Regional Parks

Project Name: Glen Helen Playground Expansion

1. Previous Construction Projects

a. Yucaipa Regional Park Group Tent Shelter Replacement

33900 Oak Glen Road, Yucaipa, CA 92399

Project Scope: Replacement of 6 group tent shelters located in the grouping camping area. This project also included ensuring that two of the shelters were accessible.

Project Cost: \$851,161

Funding Source: Community Development Block Grant Funding

Project Timeline: Start Date: April 2020 End Date: June 2021

b. Santa Ana River Trail Section I

San Bernardino/Riverside County Line to La Cadena Drive, Colton, CA

Project Scope: Construction of a 3.2-mile multiuse trail.

Project Cost: \$3,992,824

Funding Source: Proposition 40 River Parkway Funds

Project Timeline: Start Date: 2006 End Date: 2007

c. Cucamonga-Guasti Regional Park Lagoon Waterproofing

800 North Archibald Avenue, Ontario, CA 91764

Project Scope: This project repaired the swimming pool/lagoon to prevent water from leaking through the pool shell.

Project Cost: \$494,449

Funding Source: San Bernardino County General Fund

Project Timeline: Start Date: April 2020 End Date: June 2021

2. Operation and Maintenance Budget Breakdown

Operation and Maintenance Budget

	Utilities	Routine Repairs/Maintenance	Staffing
January	\$ -	\$ -	\$ 335.76

Subject: Conservation Corps Consultation Request--San Bernardino County Regional Parks

Hello

San Bernardino County Regional Parks is applying for three Prop 68 Regional Park Program grants for the projects listed below. We are seeking consultation as described in the Prop68-Regional Parks Program Grant requirements, and partnership for these projects. We believe that all three of these projects provide opportunities for our agencies to partner, as well as increase the public's enjoyment of these parks.

Glen Helen Playground Expansion

This project will add new amenities to this playground which will be accessible and unique to this park. The design includes large amenities that include technology as part of play activities. This unique design will attract youth and families who are users of video games. This design will help these users enjoy amenities that combine being outdoors with the technology that they love.

Santa Ana River Trail Section IV-A—Final Design

The Santa Ana River Trail begins in Orange County and traverses through both Riverside and San Bernardino Counties, making it a current regional attraction. This project will lengthen the trail by 3.9 miles for bikers, hikers, and walkers to enjoy the biodiversity of the riparian flora and fauna along the Santa Ana River. Trail users will also enjoy a first-hand view of the San Bernardino Mountains.

Yucaipa Swim Facility Renovation

The current swim facility already enjoys users from across the three-county region. Improving this facility by upgrading the infrastructure, improving the pool, and replacing waterslides will increase the appeal and ensure safe use of the facility for upcoming swim seasons.

Please let us know the next steps in the consultation process. We look forward to working with your team.

Sincerely,

Beahta Davis

Director
Regional Parks Department
