BACKGROUND INFORMATION

The Board of Supervisors (Board) must adopt by December 15, 2021, boundaries for all of the supervisorial districts based on 2020 U.S. Census data so that the districts are substantially equal in population and comply with state and federal law setting the criteria used to redraw district boundaries.

The new County Charter, approved by the voters in the November 2020 election as Measure "J", required the Board to adopt an ordinance establishing a supervisorial district redistricting commission. On March 2, 2021 (Item No. 53), the Board adopted an ordinance establishing an Advisory Redistricting Commission (Commission). The ordinance requires the Commission to recommend to the Board a minimum of two possible maps containing the boundaries for all of the supervisorial districts within sufficient time for the Board to meet all State deadlines. On April 20, 2021, the Board appointed five primary and five alternate members to the Commission, nominated by each of the five members of the Board, and acknowledged the appointment of two retired Superior Court Judges by the Presiding Judge.

The Commission conducted 16 public meetings, four of them in the evening, in 14 locations throughout the county. All meetings were livestreamed for public viewing. The Commission publicly examined and discussed five proposed Board of Supervisors district maps submitted by the public, one map created by a Commission member, three created at the direction of the Commission, and the existing districts created in 2011 with the current 2020 Census information. The Commission referred three maps for recommendation to the Board.

On November 9, 2021, the Board directed staff to make minor adjustments to Commission Maps 2 and 3 for consideration at today's meeting. Specifically, the Board directed staff to adjust Commission Map 2 so that the Rosena Ranch area would be included within the Fifth District, as a result moving the proposed Third District boundary in the northeast San Bernardino area to the west; and adjust Commission Map 3 to ensure that the Second Supervisorial District contain no portion of the Mojave Desert Air Quality Management District.

The resulting maps, named Commission Map 2 Version 2 and Commission Map 3 Version 2, have been reviewed for compliance with Federal and State law including the Voting Rights Act and the Fair And Inclusive Redistricting for Municipalities And Political Subdivisions (FAIR MAPS) Act.
