BACKGROUND INFORMATION

The Printing Services Division (Printing) provides goods and services to departments countywide. Many of the services require Printing to utilize outside vendors. This year's use of outside vendors for promotional items, banners, and envelopes have been higher than anticipated. Additionally, the cost of general equipment

maintenance has been higher than anticipated due to unforeseen major repairs to the paper cutter and collator. Approval of the recommended budget adjustments will allow Printing to fund anticipated costs for outside services and equipment maintenance through the remainder of 2022-23.

Printing provides print services, reproduction of documents, bindery, cutting and graphic design services to all County departments. The County also offers these services to certain non-County agencies through Memoranda of Understanding. All expenses related to the provisions of these services are billed based on Board-approved Internal Services Rates.

PROCUREMENT

Not applicable.
