COUNTY AND CHIEF EXECUTIVE OFFICER GOALS & OBJECTIVES

Provide for the Safety, Health and Social Service Needs of County Residents.

Pursue County Goals and Objectives by Working with Other Agencies.

FINANCIAL IMPACT

This item does not impact Discretionary General Funding (Net County Cost). The Department of Public Health (DPH) will receive revenue in the amount of \$233,162 to provide nursing case management services. Adequate appropriation and revenue will be included in DPH's 2020-21 recommended budget.

BACKGROUND INFORMATION

DPH is responsible for providing a variety of services throughout San Bernardino County aimed at promoting and encouraging healthy lifestyles. Since 2006, one of the services DPH provides is nursing case management services. Under the terms of the recommended contracts, Public Health nurses will provide nursing case management services for the agencies listed in the Recommendation, such as care coordination and consultation to ensure clients and their families are partnered with appropriate agencies.

The Screening, Assessment, Referral, and Treatment (SART) program strives to ensure children (0 to 5 years of age) who are experiencing social, physical, cognitive, behavioral, developmental, and/or psychological issues are raised in a safe and nurturing home, and that children and families achieve optimal health and development. The SART program serves this at-risk population by utilizing a transdisciplinary approach, which includes screening, assessment, referral and treatment by clinicians, public health nurses, therapists, and pediatricians.

DPH participates with Children's Network, Child and Families Commission for San Bernardino County (First 5), Behavioral Health, Children and Family Services, and community partners to support the SART program. DPH's role is to provide comprehensive public health nursing case management services to ensure children have complete access to all medical, dental, and behavioral health services, including the provision of information to assist families in accessing resources available at the SART Clinical Center and/or Inland Regional Center.

San Bernardino County Superintendent of Schools (SBCSS) California Association of Health & Education Linked Professions Desert/Mountain Children's Center requires two additional forms be completed as part of the contract. The contract contains provisions relating to the use of the SBCSS Desert/Mountain Children's Center Data Network by County of San Bernardino Employees (i.e., DPH nurses). The Public Health Nurse Case Management Services Contract form and the Termination of Network Access forms must be completed for every employee requiring access to the Data Network and must be signed by the employee and the Director of Public Health, on behalf of the County.

PROCUREMENT
