COUNTY AND CHIEF EXECUTIVE OFFICER GOALS & OBJECTIVES

Provide for the Safety, Health and Social Service Needs of County Residents.

FINANCIAL IMPACT

This item does not impact Discretionary General Funding (Net County Cost). The total increase of \$800,000 is funded through Memorandum of Understandings with Children and Family Services (CFS) and the Transitional Assistance Department (TAD), 2011 Realignment, Public Safety Realignment, Substance Abuse Prevention and Treatment Block Grant, and Drug Medi-Cal (DMC). Adequate appropriation and revenue will be included in the Department of Behavioral Health's (DBH) 2021-22 recommended budget.

BACKGROUND INFORMATION

Substance Use Disorder (SUD) Perinatal Services provide countywide substance use disorder intensive outpatient perinatal treatment services to eligible County residents who are pregnant and/or with dependent children. The recommended amendment to the contracts with High Desert Child, Adolescent and Family Services Center, Inc. (High Desert Child), Inland Behavioral and Health Services, Inc. (IBHS), and Inland Valley Drug and Alcohol Recovery Services, Inc. (IVDRS) will allow DBH to continue to provide SUD Perinatal Services to eligible clients in their service areas through December 31, 2021. DBH anticipates the agencies will provide services for approximately 183 perinatal treatment episodes for the contract amendment period at

an average cost of \$4,371 per episode.

DBH is responsible for providing mental health and/or substance use disorder services to San Bernardino County residents who are experiencing major mental illness and/or substance use disorders. An integral part of the service delivery system consists of SUD services provided by DBH to eligible clients that include prevention, treatment, wellness and recovery. Services provided by DBH include SUD Perinatal Services with countywide services provided by DBH contracted providers. Substance use disorder treatment and other therapeutic interventions are provided to pregnant and/or parenting women who are experiencing substance use disorders and have children 0-10 years of age. An important aspect of the program is the child care provided on and off-site while clients attend group sessions and/or individual treatment services.

DBH is requesting to extend the existing contracts by six months from July 1, 2021 to December 31, 2021 in order to avoid a gap in SUD Perinatal Services during the formal procurement process, which had been delayed due to the COVID-19 pandemic. A Request for Proposal for SUD Perinatal Services is scheduled for 2021, with new contracts to be effective January 1, 2022.
