FINANCIAL IMPACT

This item does not impact Discretionary General Funding (Net County Cost). The total amount of the recommended Memorandum of Understanding (MOU) of \$167,061 is 100% federally funded through the Administration for Children and Families. Adequate appropriation and revenue have been included in the Preschool Services Department (PSD) 2020-21 budget and 2021-22 recommended budget and will be included in future recommended budgets.

BACKGROUND INFORMATION

Under the terms of the recommended MOU, PSD and the San Bernardino County Superintendent of Schools (Superintendent) will continue to utilize the Footsteps2Brilliance program with the inclusion of two additional applications, Clever Kids University Pre-Reader and I-Can-Read. PSD and the Superintendent implemented Footsteps2Brilliance in 2016 at eight Head Start sites with approximately 802 Head Start children to assist children in becoming college and career ready.

The recommended MOU will allow PSD to reach children in the remainder of the PSD Head Start classes including the contract agencies providing equity and access for all to support the Countywide Vision of assisting children ages 0-5 in becoming college and career ready through the San Bernardino County Community Cradle to Career Roadmap. Data collection tools within the platform will be utilized to track performance measures such as words and books read, phonological awareness, phonics, language,

vocabulary and comprehension.

Through the recommended MOU, the Footsteps2Brilliance program will be given to approximately 3,872 children at 39 PSD sites throughout San Bernardino County. The program uses an innovative approach to early learning that will ensure children enter kindergarten ready to succeed academically. Ongoing professional development will also be provided to PSD staff to build capacity and learn best first instructional strategies that are developmentally appropriate. Additionally, the programs will provide PSD families access to hundreds of digital books ranging from traditional Spanish songbooks to expository text to academic language collections. All content in the Footsteps2Brilliance program is available and easily accessible in both English and Spanish, allowing the children to develop early literacy skills in both languages concurrently and promoting bi-literacy as a strength in our community.
