COUNTY AND CHIEF EXECUTIVE OFFICER GOALS & OBJECTIVES

Operate in a Fiscally-Responsible and Business-Like Manner.

FINANCIAL IMPACT

Approval of this item will not result in the use of Discretionary General Funding (Net County Cost). The special taxes listed in Recommendation No. 1 are projected to generate \$1.3 million in 2021-22 for the cost of providing the requisite road, park, and television broadcast services. This amount includes additional revenue of approximately \$20,000 from the electorate-approved 2.5% inflationary increase that is applicable to certain districts. The special assessment listed in Recommendation No. 3 is projected to generate \$117,476 and standby and availability charges in Recommendation No. 4 are projected to generate \$136,160. Revenue related to all three recommendations is included in the 2021-22 Recommended Budget for the above named County Services Areas (CSAs) and Zones.

BACKGROUND INFORMATION

On an annual basis, existing voter-approved special taxes for various CSAs and Zones are presented to the Board of Supervisors (Board), in accordance with Government Code section 50077, to set the amount for placement on the tax roll. The voter-approved special taxes are necessary to provide various services, including recreation and park, television ultra-high frequency translator, road maintenance, snow plowing, and improvements.

The special taxes for those seven districts identified in Recommendation No. 1 as having an electorate-approved provision of an annual inflationary adjustment are all recommended at the increased amount. The special taxes for the remaining ten districts in Recommendation No. 1 are recommended for renewal at the same rates established in the previous fiscal year. The level of service provided by the CSAs and Zones is dictated by the amount of available revenue.

The Department of Public Works - Special Districts (Special Districts) continues to evaluate the need to make necessary recommendations for tax adjustments to maintain services in all CSAs and Zones. In the event a determination is made for tax adjustments, Special Districts will adhere to the proper voter approval process to implement such recommendations.

This item also allows for continuation of the following for 2021-22:

- Continue collection of annual installment of assessments to repay the 40-year loan and offset administrative expenses incurred in the collection of the special assessments within Assessment District No. 2001-01 of CSA 70, Zone S-7 (Lenwood).
- Continue collection of standby and availability fees for eleven CSAs and Zones. These fees are assessed on parcels within the applicable district and collected on the tax roll. There are no proposed fee changes for 2021-22.
