COUNTY AND CHIEF EXECUTIVE OFFICER GOALS & OBJECTIVES

Provide for the Safety, Health and Social Service Needs of County Residents.

FINANCIAL IMPACT

This item does not impact Discretionary General Funding (Net County Cost). The total increase in the amount of \$3,818,045 (\$63,780 for 2017-18, \$186,287 for 2018-19, \$55,559 for 2020-21 for services rendered, and \$3,589,568 for the 2021-22 one-year extension) for Substance Use Disorder and Recovery Services (SUDRS) Outpatient Treatment and Intensive Outpatient Treatment Services (OT/IOT) provided to Department of Behavioral Health (DBH) clients is funded through Substance Abuse Prevention and Treatment Block Grant, Drug Medi-Cal, California Work Opportunity and Responsibility to Kids, and Public Safety Realignment. The aggregate amount not to exceed \$891,352 for SUDRS OT/IOT provided to Children and Family Services (CFS) clients remains the same and is funded through a Memorandum of Understanding (MOU) with CFS. Adequate appropriation and revenue has been included in DBH's 2020-21 budget and will be included in the 2021-22 recommended budget.

BACKGROUND INFORMATION

DBH is responsible for providing mental health and/or substance use disorder services to San Bernardino County residents who are experiencing mental illness and/or substance use disorders. SUDRS provides a full range of substance use disorder prevention, treatment services, and education through contracts with community based organizations and County-operated clinics with the goal of promoting prevention, intervention, recovery, and resiliency for individuals and families.

SUDRS OT/IOT provides individual and group therapy sessions, assessment and crisis intervention, individual recovery/treatment planning, social/recreational activities, substance use disorder education, and case management. Services are provided to San Bernardino County residents, adults and youth over the age of 12, who have been identified as having substance use disorders. CFS, through a MOU with DBH, refers clients to the providers for SUDRS OT/IOT services.

The recommended amendments to the contracts in the Recommendations will increase the contract amounts and exercise the final option to extend the contracts through June 30, 2022. In addition, the contract amendment for Inland Valley Drug and Alcohol Recovery Services, Inc. includes a funding change affecting prior fiscal years, which is being requested due to CFS clients being Medi-Cal eligible. DBH became aware that the clients were Medi-Cal eligible when reimbursement claims were denied by CFS because the clients were Medi-Cal eligible; the provider was paid using the total amount available in the contract, but because the providers were not fully reimbursed, DBH is requesting an increase to the contract to fully reimburse the providers. Per the MOU between DBH and CFS, the CFS aggregate funding cannot be used when the client is Medi-Cal eligible. Therefore, DBH must utilize Substance Abuse Prevention and Treatment Block Grant, Drug Medi-Cal, California Work Opportunity and Responsibility to Kids, and Public Safety Realignment funding for the services rendered to CFS clients in 2017-18 and 2018-19. In 2021-22, DBH anticipates providing an average of 3,734 substance use disorder treatment episodes at an estimated cost per client of \$961. For CFS clients, DBH anticipates providing an average of 574 substance use disorder treatment episodes at an estimated cost per client of \$1,552.

During the amendment process, MFI Recovery Center, Inc. informed DBH that they will not be extending their contract for SUDRS OT/IOT services and Mental Health Systems, Inc. informed DBH that they will not continue to serve the Big Bear region. The clients from these agencies were transitioned to the other contract providers based on client preference.

The recommended amendments will allow DBH to utilize Substance Abuse Prevention and Treatment Block Grant, Drug Medi-Cal, California Work Opportunity and Responsibility to Kids, and Public Safety Realignment funding for services provided to CFS clients in prior fiscal years and to continue SUDRS OT/IOT services to DBH and CFS clients through June 30, 2022. DBH will continue to monitor contract performance on a regular basis to ensure compliance standards are met.
