COUNTY AND CHIEF EXECUTIVE OFFICER GOALS & OBJECTIVES

Provide for the Safety, Health and Social Service Needs of County Residents.

Pursue County Goals and Objectives by Working with Other Agencies.

FINANCIAL IMPACT

This item does not impact Discretionary General Funding (Net County Cost). The total amount of these contracts is \$1,813,000 and is 100% federally funded through the Older Americans Act (OAA). Adequate appropriation and revenue have been included in the Department of Aging and Adult Services' (DAAS) 2021-22 budget and will be included in future recommended budgets.

BACKGROUND INFORMATION

The recommended contracts will provide Senior Supportive Services to approximately 2,671 unduplicated clients per year at an average approximate cost per client of \$679. Seniors will be served in cities within the geographical area as specified in each contract. As the designated Area Agency on Aging, DAAS has received funding for the last 45 years from the OAA Title III-B to provide programs and opportunities, which are referred to as "Senior Supportive Services." The Senior Supportive Services program provides a variety of services to

seniors 60 years of age and older to address functional limitations, promote socialization, maintain health and independence, and promote access to and participation in the local community. Services include, but are not limited to, in home services (e.g., personal care, homemaker, chore, day care), access to the community (assisted transportation), and activities in local senior centers.

Contractor performance will be measured by reviewing the required monthly reports and biennial site visits by DAAS staff to monitor compliance with the fiscal and program elements of the contract. The administrative compliance monitoring will be conducted by Human Services (HS) staff annually by desk audit. The contracts may be terminated immediately in the event that funds are not available to the County, and without cause by the County by serving a written notice to the Contractor 30 days in advance of termination.

PROCUREMENT

On March 15, 2021, the County Administrative Office approved and authorized Human Services (HS) to release of a Request for Proposal (RFP) to solicit proposals from qualified agencies to provide Senior Supportive Services countywide. The RFP was advertised through the County's Electronic Procurement Network (e-Pro). The bids closed May 10, 2021. HS received 11 qualified applications from the following agencies in response to the RFP.

An evaluation of the applications was completed by a team that included representatives from Program Development Division and the Transitional Assistance Department. The applications were evaluated based on program description, cost, financial stability, administrative capability, experience serving seniors, geographical areas to be served, and the ability to secure additional sources of funding. Based on these criteria, negotiations, and available funding, the following 10 agencies are recommended for contract award:

1. Bonnie Baker Senior Citizens Club
2. City of Montclair
3. Highland District Council on Aging, Inc.
4. Inland Caregivers Resource Center, Inc.
5. Lucerne Valley Senior Citizens
6. Needles Senior Citizens Club, Inc.
7. Reach Out Morongo Basin
8. Senior Citizens of Phelan
9. Trona Community Senior Center Operations, Inc.
10. Victor Valley Community Services Council

The agency not recommended for contract award was unsuccessful in the procurement process because of one or more of the following reasons: letter of intent not received, cost, ability to provide services, experience providing services, available staffing and resources, or geographical region/service area served. The unsuccessful agency was notified during the RFP process that they may protest the qualification review by submitting a formal protest letter to the HS Contracts Unit by June 14, 2021. No protests were received.

This item is being presented to the Board of Supervisors (Board) at this time, as it was discovered during the evaluation process on May 27, 2021, that no bids received included the required Title III-B Adult Day Care services. DAAS reached out to all proposed vendors on June 9, 2021, and on June 25, 2021, Inland Caregivers Resource Center, Inc. agreed to provide the Adult Day Care services due to the reopening of the State following the COVID-19 pandemic on June 15, 2021. This is the first date available for presentation following the required administrative, operational, and legal reviews. Board approval at this time will not impact DAAS' services or activities, as all existing vendors have continued to provide services.
