#### **BACKGROUND INFORMATION**

Since its creation in 1975, the FBI's National Executive Institute (NEI), has developed and provided a law enforcement executive training program for domestic and international law enforcement leaders that include areas of study such as, but not limited to: National and international political, economic, and social trends affecting the policing function; leadership, ethics and integrity; and the impact of criminal activity on policing.

Nominations for new participants are solicited by the local FBI offices in the United States, or embassy legal attaches in other countries. Domestically, these usually include the executive officers of full-service law enforcement agencies which are the primary providers of law enforcement services to a population of 250,000 or greater and have at least 500 sworn officers. The NEI's sessions have been expanded to include

international police agencies, Head of State police organizations, Chiefs of other law enforcement agencies, federal and military agencies. Each annual session has three one-week cycles, normally held in March, June, and September.

As an eligible law enforcement officer, Sheriff Dicus was invited to attend the 2021 NEI Session 44 which has its third and final cycle scheduled to be held in September at the Scottish Police College in Kincardine, Scotland. County Policy No. 08-04 requires Board of Supervisors approval for travel on County Business outside the United States.
