All work for the Project will be done within the existing right-of-way.

The Project was selected as priority work upon completion of developer required improvements associated with Tract No. 16368 and acceptance of the tract's interior roads into the County Maintained Road System by Board of Supervisors (Board) action on September 21, 2021 (Item No. 31).

On October 26, 2021 (Item No. 49) the Board determined the Project was exempt under the California Environmental Quality Act, approved the Project as defined in the Notice of Exemption, and directed the Clerk

of the Board to file and post said notice.

The Project aligns with the County and Chief Executive Officer's goals and objectives to ensure the development of a well-planned, balanced, and sustainable County and to provide for the safety of County residents by improving the structural integrity of existing road surfaces and roadway drainage, and providing for the safety of County residents by improving access for all pedestrians.

The Project's specifications include an allowance in the amount of \$50,000 for unforeseen differing site conditions associated with pavement conditions and/or utility conflicts.

PROCUREMENT

The Project will be advertised to invite formal bids in accordance with Section 22037 of the California Public Contract code. The Department anticipates returning to the Board for an award of the construction contract in February of 2022.
