BACKGROUND INFORMATION

In order to prevent or mitigate the occurrences of fire and the corresponding loss and/or injury to life and/or property, on September 14, 2021 (Item No. 18), the Board of Supervisors adopted a resolution to address the risk of fires associated with all encampments in the Unincorporated County Region Very High Fire Hazard Severity Zones (VHFHSZ).

State Route 18 (SR-18) runs about 117 miles and is the primary route into the San Bernardino Mountains. Due to scenic views in the mountains, visitors have used the shoulder areas, paved or otherwise, which are six feet in width or greater, that are used for turnouts, pullouts, and staging (construction or maintenance) areas along the route to park overnight and camp. Unauthorized overnight parking increases the potential for roadside encampments to spark devastating fires in areas that are considered VHFHSZ.

In order to prohibit overnight parking on SR-18 shoulder areas, the California Department of Transportation (Caltrans) requires the local agency to adopt a resolution pursuant to Vehicle Code section 22506. Adoption of this resolution will allow the necessary enforcement at locations described in Recommendation No. 1 above, which will control overnight parking and help mitigate fire hazards.
