FINANCIAL IMPACT

Approval of this item will not result in the use of Discretionary General Funding (Net County Cost). The Wabash Avenue and Other Roads Project in the Redlands, Mentone, and Yucaipa areas (Project) will be funded by the County with Measure I Local Streets Program - San Bernardino Valley Subarea funds and by the City of Redlands (City) local funds for their respective share of costs. Sufficient appropriation and revenue have been included in the Department of Public Works (Department) 2022-23 Road Operations budget (6650002142 34TX1809 and 34TX1817) and will be included in future recommended budgets.

BACKGROUND INFORMATION

The Project consists of pavement rehabilitation and reconstruction on approximately 32 miles of roads within the Redlands, Mentone, and Yucaipa areas. Other improvements include repair of asphalt dikes on Wabash Avenue and minor drainage improvements on Overcrest Drive. This Project was prioritized by the Board of Supervisors (Board) as part of the 2021-22 Measure I Local Street Pass-Through Funds Five-Year Capital Improvement Plan Project List, which was approved on August 24, 2021 (Item No. 36). All work for the Project will be done within the existing right-of-way.

On April 26, 2022 (Item No. 52), the Board determined the Project was exempt under the California Environmental Quality Act, approved the Project as defined in the Notice of Exemption, and directed the Clerk of the Board to file and post said notice.

The Project aligns with the County and the Chief Executive Officer's goals and objectives of ensuring development of a well-planned, balanced and sustainable County by preserving and improving the structural integrity of existing road surfaces.

Following Board approval of this item, construction is anticipated to commence beginning of October 2022 and be completed by end of February 2023.
